टिप्पण-पत्र

Enclosed please find the letter dated 24.12.18 received from Regional Remote Sensing Centre-East in reply to our request for GIS data. In this connection, it is stated that web portal on:

- (i) Bhuvan – containing GIS maps/data may be used for various themes/services.
- (ii) <http://www.ibin.gov.in> may be considered if data relating to flora of West Bengal is required.
- (iii) <https://indianwater.gov.in/IMISReports/> may be used in case of information regarding ground water quality.

This is for your information and further necessary action (if any), at your end.

No.RCK/2.2.6/Audit/2018

December 24, 2018

Dear Sir,

This has reference to your letter No. G&SS-I (DAS)/CDMA /B7/2017-18/17 dated November 14, 2018 regarding sharing of data pertaining to West Bengal State

We would like to inform you that as per the existing policy we can share the WMS services for thematic map data through Bhuvan web portal. We do not have the approvals to provide thematic data in .shp format. For assets created under various ongoing ministry projects, NRSC will provide you, the geo-tagged data for West Bengal State wherever appropriate approvals from respective ministry are available.

- (i) Further, you may kindly approach State Department of West Bengal for administrative boundary locations of educational & health centres. Information on landscape level biodiversity database on flora of West Bengal is available in Department of Bio Technology web-portal <http://www.bim.gov.in>; Ground water quality point generated under National Rural Drinking Water Programme (NRDWP) and the ground water quality information is being hosted at Integrated Management Information System web-portal on drinking water (<https://indiawater.gov.in/IMSReports>).
- (ii) Regarding pollution of river Ganga, Central Pollution Control Board may be contacted for the detailed information.
- (iii) Training: Every year NRSC conducts regular, thematic and customized courses to impart training to people working in the domain of geospatial applications and the information is hosted at <https://nrsc.gov.in/training>.
- (iv) Infrastructure: A joint committee may be set-up to address the detailed requirements of software and hardware towards developing Remote Sensing & GIS infrastructure at your office.

This has concurrence of Director, NRSC, Hyderabad.

Thanking you.

Yours sincerely,

(S. Bandyopadhyay)

To,
