## PREFATORY REMARKS.

This volume containing the Appropriation Accounts of the Government of Bengal for 1938-39 and the Audit Report is prepared in accordance with paragraph 13(1) (i) and (iii) of the Government of India (Audit and Accounts) Order, 1936, and Section 169 of the Government of India Act, 1935. Its object is to present the audited accounts of all the expenditure of the year, whether voted or charged, in the form of a separate appropriation account for each grant, with any important observations which it is considered necessary to make as a result of audit investigation. The volume includes also the comments it is deemed necessary to make upon the results of audit of all trading, manufacturing and profit and loss accounts and balance sheets kept in respect of Government Commercial or quasi-commercial concerns, and upon the examination of accounts of receipts and of stores and stock made under paragraph 13(2) of Order in Council already mentioned. It also embodies the report of the Auditor of Indian Home Accounts relating to transactions in the United Kingdom affecting the revenues of the Government of Bengal submitted under sub-section (4) of Section 170 of the Government of India Act, 1935. It is submitted by the Auditor General of India to His Excellency the Governor to be laid before the Provincial Legislature.

2. A convention has been established between the Auditor General and the Government of Bengal whereby only completed cases, even though relating to previous years, shall be included in the Appropriation Accounts for any year, subject to the understanding that if the item relates to the pre-autonomy period, comment, if any, shall be confined to the action of the post-autonomy Executive.

3. The cases of financial irregularity, apparently defective administration, etc., which are brought to notice in the Report represent only a smallpercentage of the total financial transactions of the year. The comments on such cases must not be understood as conveying any general reflection on the administration of public expenditure.

# PART I.

# AUDIT REPORT, 1939.

(Throughout this Report the amounts shown represent thousands of rupees unless the contrary is specifically indicated.)

# GENERAL REVIEW OF THE RESULTS OF AUDIT.

**REVIEW OF TOTAL DEMAND PLACED BEFORE THE LEGISLATURE.** 

Thirty-three demands for grants aggregating Rs. 11,66,10,800 were placed before the Provincial Legislature in March 1938 which voted them without any reduction. This amount and another sum of Rs. 1,98,77,100 required to meet expenditure charged on the revenues of the Province were included in the schedule of authorised expenditure which was authenticated by His Excellency the Governor of Bengal, under Section 80 of the Government of India Act, 1935.

Four new demands for grants were added during the year under report for the following reasons :---

- (a) The demand entitled 1—Salt was presented in connection with the expenditure incurred on the development of salt industry in Bengal (See page 15).
- (b) To make the presentation of demands conform more closely with distribution of Ministerial portfolios, expenditure on Debt Conciliation Boards, hitherto included in the Demand entitled "25—General Administration", and that on Cinchona hitherto included in the Demand "43—Industries" were made the subject of separate demands under the titles "25—General Administration—Debt Conciliation" and "43—Industries— Cinchona" respectively (See Grant Nos. 13 and 27 on pages 74 and 150 respectively).
- (c) The charges debitable to 40 Agriculture and 41 Veterinary which were hitherto included in a single demand were made the subject of two separate demands of the same name, thereby ensuring closer correlation between the demands for grants and the Appropriation Accounts on the one hand and the Finance Accounts on the other (See Grant Nos. 23 and 24 on pages 136 and 141 respectively).

### SUPPLEMENTARY GRANTS AND APPROPRIATIONS DURING THE YEAR.

2. During the year under report two supplementary schedules of authorised expenditure for an aggregate amount of Rs. 81,55,000 were authenticated by His Excellency the Governor of Bengal. The above amount consisted of (a) Rs. 68,54,000 on account of twelve supplementary grants voted by the Legislature and (b) Rs. 13,01,000 on account of ten supplementary. charged appropriations.

A supplementary grant for Rs. 1,00,000 was obtained under sub-head C-1—Civil Secretariat in grant No. 12—General Administration (vide note under sub-head C-1(10) on page 66) for constituting a separate Publicity Department and providing it with funds to function effectively. The grant proved excessive as more than half the amount was not spent on the object for which the grant was taken and was reappropriated for expenditure on other heads.

### GENERAL RESULTS OF APPROPRIATION AUDIT.

3. The following statement compares the total grants for the year under report with the total disbursements :---

Particulars.	Charged.	Voted.	Total.
1	2	3	●4
1. Original schedule of authorised expenditure-	Rs.	Rs.	Rs.
(a) Voted by the Legislature	••	11,66,10,800	11,66,10,800
(b) Included by His Excellency the Governor .	••	••	••
(c) Appropriations to meet expenditure charged on the revenues of the Province	1,98,77,100		1,98,77,100
2. Supplementary schedules of authorised expendi- ture			
(a) Voted by the Legislature	••	68,54,000	68,54,000
(b) Included by His Excellency the Governor .	••	••	••

8.	23-Charges o	n acc	ount d	of Ag	ricul-	15,36	50	15,86	3 12,97	2,89	18-2
9.	ture. 25-Charges of		ount of	Co-o	pora-	14,63		14,63	3 13,28	1,35	9-3
10.	tive Cred 26—Industries		ustries	•••	•	15,61	••	15,61	13,26	2,35	15-1
11.	29—Civil Worl	ks.	•	• .		1,34,59	50	1,35,09	9 1,16,56	18,53	13.7
12.	33Miscellanc	ous	•		•	18,22	••	18,22	2 16,10	2,12	11-6

4. Savings on voted grants.—Savings occurred in 31 out of 33 voted grants. A list of the more important cases is given below :---

The smaller expenditure under Stamps was mainly on account of decreased sales of Non-Judicial and Judicial stamps owing to the unsettled state of world conditions and contraction in money and rent suits following the progressive establishment of Debt Settlement Boards respectively.

The savings under Irrigation were chiefly due to postponement and slow progress of works and delay in the formation of the Waterways Board.

The smaller expenditure under General Administration was mainly on account of the absence of a session of the Legislature in November 1938 and savings under Landlords' Fee establishment owing to the amendment of the Tenancy Act.

Slow progress in establishing the full complement of Debt Conciliation Boards under the Bengal Agricultural Debtors' Act, 1935, mainly accounted for the saving under General Administration—Debt Conciliation.

A fall in the jail population was responsible for the savings under Jails and Convict Settlements.

The savings under Ports and Pilotage were mainly due to non-completion of the land acquisition proceedings in the Government Dockyard, Narayanganj.

Non-utilisation in full of the provision for water supply and sewerage schemes and for combating epidemic diseases mainly accounted for the saving under Public Health.

Under Agriculture and Industries the savings were due to full effect not being given to certain schemes owing to the time required for working out the details thereof. Delay in giving effect to the scheme for further reorganisation of the Cooperative Department caused the saving under Co-operative Credit.

The savings under Civil Works were primarily due to postponement and slow progress of certain original works and the inability of local bodies to work up to the programme of road construction financed from the Central Road Fund subventions.

Delay in the appointment of the Land Revenue Commission, earlier release of detenus and non-utilisation in full of the reserve provision of Rs. 40,000 for unforeseen charges mainly contributed to the saving under Miscellaneous.

5. Savings on charged appropriations.—Savings also occurred under 29 out of 30 heads in charged appropriations. The savings were relatively small in all the cases and call for no comments.

6. Savings on the voted grants and charged appropriations (separately and combined) as compared with the previous year.—The statement furnished below shows how savings in grants or appropriations in the year under report compared with those in the previous year :—

		-					Final appro- priations and grants.	Savings.	Percentage of savings.
			1				2	3	4
,	Charged— 1937- <b>38</b>	•	•	• ·	•	•	1,77,78	5,81	3.3
	1938- <b>39</b>	•	•			•	2,11,78	3,50	1.7
	Voted	•	•	•	•	•	11,14,34	67,89	0·1
	1988-39	•	•	•	•	•	12,34,65	83,10	6.7 🖝
	Charged and 1937-38	Vote	d	•	•	•	12,92,12	73,70	5.7
	1938-3 <b>9</b>	•	•	•	•		14,46,43	86,60	6

The increase in the percentage of savings is inappreciable. The savings were, as in the preceding year, mainly due to postponement and retarded' progress of works and delay in giving, effect to departmental reorganisation and administrative expansion already decided upon by Government.

7. Excesses over voted grants.—Expenditure was incurred in excess of the voted grants in the undermentioned cases. These excesses require regularisation by the Legislature.

Numbor and name of grant.	Original grant.	Supple- mentary grant.	Final grant.	Expendi- ture.	Excess.	Percent - age of excess,
1	2	3	41	5	6	7
	Rs.	Rs.	Rs.	Rs.	Rs.	
(i) 8-Other Taxes and Duties.	30,000	•• •	30,000	32,293	2,293	7.6
(2) 31-Superannua t i o n Allowances and Pen-	76,49,000	3,65,000	80,14,000	81,48,198	1,34,198	17
sions.			1	Potal .	1,36,491	

The excess under item (1) was chiefly due to the failure to obtain a supplementary grant for meeting the extra consumption of entertainment tax stamps consequent on the passage of the Bengal Expiring Laws Act, 1938.

The excess under item (2) was due partly to the actuals overstepping the allowance made for the growth of expenditure and partly to a larger number of cases of obligatory payments of commuted value of pensions.

8. Excesses over voted grants and charged appropriations as compared with the previous year.—The table below shows the number of cases in which excesses over voted grants and charged appropriations have occurred in the last two years and the total amount of excess in each year.

17				Nu	mber.	An	ount.
Year.				Voted.	Charged.	Voted.	Charged.
1				2	3	4	5
						Re.	Rs.
1937-38	•	•	•	3	4	87,017	14,95 <b>9</b>
1938-39				2	Nil	1,36,491	Nil

It will be seen from the above that although there has been an increase in the amount of the excess, there has been an appreciable reduction in the number of cases of excesses over grants or appropriations.

### GENERAL COMMENTS ON THE ACCURACY OF BUDGETING.

9. The budget estimates for 1938-39 provided a total sum of Rs. 11,66-11 lakhs for voted expenditure against which the actual expenditure was Rs. 11,51-55 lakhs showing a saving of Rs. 14:56 lakhs, *i.e.*, 1:2 per cent. of the total grant. Supplementary grants for Rs. 68:54 lakhs increased this saving to Rs. 83:10 lakhs, which was 6:7 per cent. of the final grant. The saving of Rs. 14:56 lakhs in the original grant was composed of a saving of Rs. 69:07 lakhs under some heads and an excess of Rs. 54:51 lakhs under others. The excess was covered in all cases but two by the supplementary grants. The final saving of Rs. 83:10 lakhs consisted of a saving of Rs. 84:46 lakhs under all heads excepting two and an excess of Rs. 1:36 lakhs under these two heads.

More than 60 per cent. of the savings in the final grant was contributed by Grant Nos. 10—Irrigation (Rs. 7.71 lakhs), 12—General Administration (Rs. 6.50 lakhs), 13—General Administration—Debt Conciliation (Rs. 11.38 lakhs), 29—Civil Works (Rs. 18.53 lakhs), and 22—Public Health, 23—Agriculture and 26—Industries (Rs. 11.36 lakhs collectively).

The largest amount of savings appeared under Grant No. 29—Civil Works and was due mainly to slow progress and postponement of original works as well as to the inability of local bodies to work up to the programme of works met from the Central Road Fund subventions. Similar reasons caused big savings in the grant for 1937-38 also. To minimise these the system of a lump cut in the grants for Road Fund works and original works was adopted by Government. The Public Accounts Committee which examined the Appropriation Accounts for 1937-38 and the Audit Report 1938 were, however, not in favour of this system specially in nation-building departments but stressed the necessity for expeditious execution of Road Fund works so that the amounts voted by the Legislature might be properly utilised. As delays in the execution and postponement of works were due mainly to delay in the preparation of detailed estimates and in the receipt of sanctions, the Public Accounts Committee recommended greater expedition in the preparation of detailed estimates and the grant of sanctions in time. The orders of Government are awaited on this recommendation.

Slow progress of works is a recurring cause of savings in the Irrigation grant also. The remarks of the Public Accounts Committee quoted above apply equally to this case.

The savings under Public Health, Agriculture and Industries were mainly due to delay in giving effect to and postponement of new schemes initiated by Government for which lump provisions were made, owing to the time taken up in working out the details thereof. The Public Accounts Committee have made a recommendation, which Government have accepted, that lump provisions should not, except in rare cases, be included in the budget for schemes, the details of which have not been worked out.

The saving under General Administration—Debt Conciliation was due, as in the previous year, to slower progress in the establishment of Debt Conciliation Boards, which, it was explained, could not be accurately forecasted owing to the operation under the Bengal Agricultural Debtors' Act being novel in nature.

The total original charged appropriation for 1938-39 was Rs. 1,98.77 lakhs. The charged expenditure (Rs. 2,08.28 lakhs) exceeded the original appropriation by Rs. 9.51 lakhs. Supplementary appropriation of Rs. 13.01 lakhs converted this excess into a saving of Rs. 3.50 lakhs which is 1.7 per cent. of the total appropriation. The savings were relatively small and call for no comments.

Out of 35 heads for which Appropriation Accounts have been prepared, four showed variations of less than 1 per cent., thirteen between 1 and 5 per cent. and eight between 5 and 10 per cent. In the remaining cases the variations were above 10 per cent. but in one of these the amount involved is small. The explanations for the variations in the other nine cases have all been given in paragraph 4 *ante*.

### CONTROL OVER EXPENDITURE.

10. Some important instances of defective control over expenditure noticed during the year are mentioned below :---

- (a) Unnecessary supplementary grant—
  - Grant No. 12-Sub-head C-1(10), page 66.
- (b) Reappropriation obtained unnecessarily or in excess of requirements— Grant No. 14—Sub-head A-1, page 76.
- (c) Injudicious reappropriations and surrenders causing excess over allotments---
  - (i) Grant No. 2-Sub-head A-1, page 16.
  - (ii) Grant No. 12-Sub-head E-1(1), page 67.
  - (iii) Grant No. 19-Sub-head O-8, page 111.

- 7
- (d) Cases of non-surrender of savings-
  - (i) Grant No. 13-Sub-head D, page 74.
  - (ii) Grant No. 19-Sub-head O-6, page 110.
  - (iii) Grant No. 22-Sub-head B-1 and B-5(c), pages 130 and 131 respectively.
  - (iv) Grant No. 23-Sub-head E, page 137.
- (e) Defective budgeting-
  - (1) Instances of omission to provide funds in the budget-
    - (i) Grant No. 2-Sub-head D-6, page 19.
    - (ii) Grant No. 11-Sub-head D-1(a), page 61.
  - (2) Instances of wrong provision-
    - (i) Appropriation No. 9-Sub-head B, page 35. See also paragraph 2 of the review.
    - (ii) Grant No. 25-Sub-heads A-2 and A-3, page 143. See paragraph 2 of the review on page 145.
    - (iii) Grant No. 29—Sub-heads B and F. See paragraphs 2 and 3 of the review on page 166.
- (f) Cases of unremedied or uncovered excesses-

Grant No. 8-Sub-head A-1, page 34.

### GENERAL CONCLUSIONS RELATING TO CONTROL OVER EX-PENDITURE.

1. There was a saving of Rs. 83.10 lakhs in the total voted grant for 1938-39 (vide paragraph 9 ante). Savings to the extent of Rs. 68.26 lakhs were surrendered to the Finance Department by the various controlling officers leaving an unadjusted balance of Rs. 14.84 lakhs. This is only 1.2 per cent. of the total grant.

Savings in the charged appropriations for 1938-39 amounted to Rs. 3.50 lakhs (vide paragraph 9 ante), out of which an aggregate sum of Rs. 2.74 lakhs was surrendered to the Finance Department by the controlling officers. The unadjusted saving of Rs. .76 lakh is .3 per cent. of the total appropriation.

Cases of defective control over expenditure have been noticed in the notes and the reviews on the appropriation accounts concerned and in the Audit Report. They show that there is room for improvement in control under some grants and sub-heads. But these cases represent a small percentage of the total financial transactions of the year under report. The results of the year, as a whole, do not indicate any deterioration in the general standard of control.

### FINANCIAL IRREGULARITIES.

12. Eleven cases of loss of Government money and of remission or write-off of revenue appear in the reviews of Grant Nos. 2, 3, 5, 6, 12, 14, 15, 22, 25 and 33 in Part II of this volume.

### OTHER TOPICS OF INTEREST.

### Local Audit and Inspection.

13. During the year under review the Outside Audit Department of the office of the Accountant General, Bengal, conducted the local test audit of the accounts of five treasuries, seven Public Works and six Irrigation Divisions as well as those of fifty-four other offices. The local inspection of some offices and institutions which were proposed to be inspected during the year was abandoned owing to the suspension of local audit as a measure of economy under the orders of the Government of India. The accounts of five offices of the Civil Department were also subjected to a special audit at the instance of the local Government.

The local test-audit comprised also the audit of the accounts of receipts of all the Public Works and Irrigation Divisions which were taken up for inspection and of fifty offices of the Civil Department, the store accounts of six Public Works and two Irrigation Divisions and nine other offices and the stock accounts of forty offices.

### POINTS OUTSTANDING FROM PREVIOUS REPORTS.

14. The excesses over the voted grants and charged appropriations mentioned in paragraphs 6 and 7 of the Appropriation Accounts 1937-38 and the Audit Report 1938 have been recommended by the Public Accounts Committee for regularisation by the Provincial Legislature and II. E. the Governor of Bengal respectively. Orders on this recommendation are awaited.

CALCUTTA, The 15th December 1939.

E. R. SESHU AYYAN, Accountant General, Bengal.

Countersigned.

NEW DELHI, The 23rd December 1939.

E. BURDON, Auditor General of India.

# PART II.

# Appropriation Accounts of sums expended in the year ended 31st March 1939, compared with the several sums specified in the schedules of authorised expenditure authenticated under Section 80 of the Government of India Act, 1935.

Note 1.—(a) Charged items in the Accounts are shown in italics. (b) In the Accounts—

O' stands for the original grant or appropriation.
S' stands for the supplementary grant or appropriation.
R' stands for such residual modifications in the grant or appropriation as may be sancetioned by a competent authority (i.e., reappropriations, withdrawal or surrender).

(c) The figures shown in the second column of the accounts against all sub-heads are the figures as they stand after all modifications including withdrawals or surronders. But the figures shown in the same column against "Totals" represent merely the totals of the original and supplementary grants or appropriations, unaffected by withdrawals or surronders. In order to neutralise the effect of reductions made in the charged or voted provision under different sub-heads on account of withdrawals or surrenders a sub-head "Surrenders or with-drawals within grant or appropriation " is opened where necessary as the last sub-head in the accounts. To distinguish this sub-head from ordinary sub-heads, no lettor is prefixed to it.
 NOTE 2.—(a) Expenditure in England is provided for in the respective subject domands.
 (b) The detailed Appropriation Accounts of expenditure incurred by the Sector of State hear hear forming the formation of the Accounts of the detailed appropriation accounts.

rotary of State have been furnished by the Accountant General, India Office; those of expenditure incurred by the High Commissioner by his Chief Accounting Officer. They have been included in the individual Appropriation Accounts of the Grants concerned.

(c) Expenditure incurred in England was converted into Indian Currency at (c) Expenditure incurrence in Engined was converted into indian Currency at the flat rate of exchange, viz., Rs. 13-5-4 to the pound at which rate also the estimates were framed. The figures shown against "Loss or gain by exchange" represent the difference between the average market rate of exchange and the flat rate. (d) The original grants for "Leave and Doputation Salaries, etc.", were based on leave programmes furnished to the High Commissioner in the preceding year by the several departments and administrations; those for "Sterling Overseas Pay" mainly on figures program the the High Commissioner on the base of the average avenditure in neat wars. During the the High Commissioner on the base of the average avenditure in neat wars.

posed by the High Commissioner on the basis of the average expenditure in past years. During the year revised programmes of leave intentions for the second half of the year were furnished on the basis of which, together with the available information regarding the progress of ex-penditure, the revised estimates submitted by the High Commissioner were framed. In certain instances independent forecasts cabled by Government were substituted in the estimates for the budget and revised forecasts proposed by the High Commissioner and in these cases details of the expenditure covered by the forecasts were not known in England. Variations between expenditure and grant are, therefore, mainly due to deviations from leave programmes or to alterations in classification.

NOTE 3.-The main object of the note under a sub-head is to explain divergencies :---

- (1) between the grant or appropriation for the sub-head as originally voted or sanc-tioned and its faul figure as modified by supplementary provisions, surrenders and re-appropriations, i.e., to explain additions or modifications shown in column
- (2) between the final figure in column 2 and the actual expenditure in column 3, the difference between which appears in column 4.

In the case of (1) no explanation is generally given (a) if the modification is less than Rs. 1,000 and (b) if it is for Rs. 1,000 or more, but is less than 15 per cent. of the original provision.

In the case of (2) explanations are not ordinarily given when the saving or excess is less than Rs. 2,000 or 10 per cent. of the final grant or appropriation whichever is greater.

Irrespective of the abave kinits, explanations have, however, been given on any marked failures to adjust excesses or surrender savings.

### GRAND SUMMARY OF APPROPRIATION ACCOUNTS BY GRANTS AND APPROPRIATIONS—concld.

Amounts of excesses to be covered by excess grants-

Voted (see paragraph 7 of the Audit Report) . . . Rs. 1,36,491

The account above has been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936. Likewise, as prescribed by section 170 of the Government of India Act, 1935, the accounts of transactions of the Government in the United Kingdom have been audited by the Auditor of Indian Home Accounts under my general superintendence. I am assured that my officers have obtained all the information and explanations that they have required and according to the best of my information and on the basis of the certificate I have obtained from the Auditor of Indian Home Accounts I certify that the account above is correct subject to the observations in the report.

NEW DELHI; The 23rd December 1939.

E. BURDON, Auditor General of India.

### See also the Audit Report.

Col. 4.—Provision was made under this head for the grant of a subsidy by the Central Government to a salt manufacturing concern and for the cost of connected supervising staff, an equal amount being also provided for on the receipt side. The saving was mainly due to the inability of the firm to produce salt on a commercial scale and become eligible for the subsidy.

#### REVIEW.

1. Charged savings were 10.1 per cent. of the original appropriation as compared with 20.6 per cent. in 1937-38. There was an excess of 2 per cent. in the final appropriation against the savings of 9.4 per cent. in the previous year. In the voted section there were savings of 5.8 and 2.7 per cent. in the original grant and the final appropriation as against 11.6 and  $\cdot$ 3 per cent. respectively in the preceding year.

2. The unadjusted saving under sub-head D-6 indicates that proper control was not exercised by the controlling officer.

3. A sum of Rs. 1,737, representing occupiers' share of municipal taxes in respect of certain Khasmahal holdings in a district, was paid by Government pending recovery from the tenants concerned. The amount, however, proved to be irrecoverable in spite of recourse to certificate procedure and was written off under the orders of the competent authority.

### REVIEW.

In the charged section savings were 7.4 and  $\cdot 3$  per cent. of the original and the final appropriations as against  $2 \cdot 3$  and  $\cdot 6$  per cent. respectively in the previous year. Voted savings were  $1 \cdot 1$  and  $\cdot 5$  per cent. of the original and the final grants respectively as against  $1 \cdot 3$  per cent. of the final grant in the previous year.

2. Remission of Excise revenue amounting to Rs. 5,495 was sanctioned during the year by the competent authority as it was found to be irrecoverable in spite of steps taken for its realisation.

### REVIEW.

Charged savings were 1.6 and .6 per cent. of the original and the final appropriations as against 5.4 and .8 per cent. respectively in the previous year. Voted savings were 1.2 per cent, of the grant as against .3 per cent. in the previous year.

2. A sum of Rs. 40,718 on account of forest revenue was written off under the order of the competent authority as it was found to be irrecoverable for the reasons given below :---

- (i) Rs. 27,768—None of the purchasers of the forest lots could be traced.
- (ii) Rs. 2,375—This amount which was defalcated by an *ex*-Tour Forester could not be recovered from him.
- (iii) Rs. 10,575—The efforts of the Collector of the district to recover this amount proved fruitless.

3. The accounts of the Siliguri Band Saw Mill and the Manager's financial r, view will be found in the appendix on page 206.

### REVIEW.

Charged and voted savings were 35 and  $\cdot$ 2 per cent. of the appropriation and the grant as against 20.3 and 1.4 per cent. respectively in the previous year.

2. Remission of revenue amounting to Rs. 531 representing short realisation of searching fees was sanctioned during the year by the competent authority.

### 34 Appropriation Not 7.---Charges on account of Motor Vehicles Taxation Acts.

### REVIEW.

The excess was 7.6 per cent. of the grant as against a saving of 7.6 per cent. in the previous year.

2. The excess under the sub-head "A.-1" accounts for the total excess over the grant. As the excess was anticipated as early as December, 1938, a supplementary grant should have been taken to cover it. The omission was explained as due to the impression in February 1939 that the full quantity of stamps indented for would not be supplied during the year or the cost thereof adjusted in the accounts of the year.

**Review.** 

Savings were 3.4 per cent. of the appropriation as against 3.7 per cent. in the previous year.

2. The expenditure on the Grand Trunk Canal was written off the capital accounts in June 1937. The provision of Rs. 75,000 in the budget for 1938-39 for interest charges thereon shows defective budgeting.

### **REVIEW.**

Savings in the original charged appropriation were 3 per cent. against 1.3 per cent. in the preceding year. Final charged savings were triffing. Voted savings were 22.6 per cent. of the gross grant and 8.5 per cent. of the final appropriation as compared with 25 and 4.1 per cent. respectively in the preceding year. Abandonment and slow progress of works and delay in the formation of the Waterways Board contributed to the bulk of the savings in the grant. See sub-heads A-2, A-5, B-1, C-12, D-13 and Reserve for Maintenance and Repairs under D-17.

2. Cost of establishment including that incurred in England as well as charges for tools and plant are distributed *pro rata* after the close of the year in the manner explained in paragraph 3 *infra*. The variations between appropriation and expenditure under sub-heads A-3, A-4, A-6, A-10, A-11, A-13, B-3, B-4, B-6, C-4, C-5, C<sup>2</sup>7, C-10, D-4, D-5, D-7, D-10, D-11, D-16, **F**-2(2), F-2(3), G-2, G-3, and G-7 were chiefly due to the above method of allocation. To secure closer approximation between appropriation and actuals

### Review- contd.

under "Establishment" (including English charges) and "Tools and Plant" the Public Accounts Committee, which considered the Appropriation Accounts of the Government of Bengal for 1937-38 and the Audit Report, 1938, have recommended that the suggestion of the Accountant General that the grants for "Establishment" and "Tools and Plant" should not be distributed throughout the budget as at present, but exhibited separately as sub-heads should be adopted. Government have since accepted the suggestion and directed that effect should be given to the change in procedure from the *Accounts* for 1940-41. Paragraph 3(d) of the review shows the position in regard to the total charges in respect of "Establishment", "Tools and Plant" and "Charges in England". The variations between the total appropriation and the total expenditure under the heads are not so wide as those between the appropriation Accounts.

3. The procedure followed in the accounting of establishment and tools and plant charges of the Irrigation Department is described below :---

(a) Charges for "Establishment" and "Tools and Plant" (except purely revenue establishment and special establishments entertained or plant purchased for certain large projects) as also "Charges in England" and the incidental loss or gain by exchange, are in the first instance charged under the head "18-Other Revenue Expenditure financed from Ordinary Revenues". Expenditure or special establishments entertained for the collection of revenue is debited direct to the heads concerned, viz., "XVII-Irrigation, etc.,-Deduct-Working Expenses" and "18 -- Other Revenue Expenditure, etc.", while the cost of other special establishments entertained, e.g., for the Damodar Canal is debited direct to the major head "XVII-Irrigation, etc.-Deduct-Working Expenses". The percentage recoveries from other departments on account of establishment charges are adjusted in reduction of expenditure under the head "18-Other Revenue Expenditure, etc.", while the recoveries on account of tools and plant charges for works of other departments of the local Government are adjusted in reduction of expenditure and those on account of other works credited to revenue.

(b) (i) One-tenth of the cost of, the Chief Engineer's establishment is charged to each of the Damodar Canal Project and the Damodar Canal Revenue Division and the balance distributed equally between the two circles, viz., the Southern and the South-Western.

(ii) One-tenth of the leave salaries, etc., paid in England, as also one-tenth of the incidental loss or gain by exchange, are also charged to the Damodar Canal Project and distributed between the major heads "XVII" and "68" in proportion to works expenditure, and the balance divided equally between the two circles for distribution among the different projects under each circle in proportion to the works outlay.

(c) The net establishment charges booked under the major head "18— Other Revenue Expenditure, etc.", for each circle of superintendence after the addition of the item mentioned at (b) (i) above and 11.89 per cent. of the salaries and leave allowances of the pensionable establishment to cover pensionary liabilities, are distributed among the three heads "XVII—Irrigation, 'ctc.—Deduct—Working expenses", "18—Other Revenue Expenditure, etc." and "19—Construction of Irrigation, etc.—Works" in proportion to the expenditure on works under each of those heads. The total establishment

### REVIEW-contd.

charges of the Damodar Canal *plus* one-tenth of the cost of the Chief Engineer's establishment and 11.89 per cent. of the salaries and leave allowances of the pensionable establishment are distributed among the heads "XVII—Irrigation, etc., *Deduct*—Working Expenses" and "68—Construction of Irrigation, etc." in proportion to works outlay. The net tools and plant charges under major head "18" are also distributed among the different major heads— "XVII", "18" and "19" and those under "XVII" between "XVII" and "68" in the same proportion. The allocation mentioned above is tephnically called distribution *pro rata*.

(d) The variations between the appropriations and the expenditure under "Establishment", "Tools and Plant", "Charges in England" and "Loss or gain by exchange" for the Irrigation Department as a whole are exhibited in the following statements which show the direct charges separately from those due to pro rate distribution.

(I) Establishment charges excluding charges in England (in units of rupees).

The saving of Rs. 81,730 in the voted provision was mainly due to larger recoveries on account of dredging works on behalf of the Calcutta Corporation (Rs. 52,000) and reduction of percentage rate of pensionary charges from 12.5 per cent. to 11.89 per cent. (Rs. 10,000).

4. The gross establishment charges of the Irrigation Department during 1938-39 excluding those incurred on the special establishments entertained for the Damodar Canal and Damodar Hooghly flush irrigation schemes, collection of revenue, etc., amounted to Rs. 8.85 lakhs, *i.e.*, 69.2 per cent. of the total works outlay of Rs. 12.79 lakhs against 93.9 per cent. of the previous year. An aggregate amount of Rs. .60 lakhs was recovered on account of eatablishment charges for works done on behalf of private bodies, etc. The net establishment charges amounted to Rs. 8.25 lakhs and were 64.5 per cent. of the total works outlay against 90.25 per cent. of the previous year. The decrease was due to the reduction of establishment charges and increase in works outlay.

5. Grants from the Central Government for economic development and improvement of rural areas.—As stated in paragraph 15 of the Audit Report, 1938, grants received from the Government of India for the economic development and improvement of rural areas as well as the amounts contributed for the same purpose by the public during 1937-38 and in previous years were credited to a deposit head and the expenditure therefrom was also debited to the same deposit head. With effect from the accounts for 1938-39 the

### REVIEW -concld.

procedure was changed and that followed in the case of expenditure from Road Development Fund grants-molopted in this case also. Moneys received whether as grants from the Central Government or as contributions from the public are credited to the deposit head, the expenditure to be incurred therefrom is included in the demand for grant under the relevant service head of account and an amount equivalent to the expenditure incurred debited at the end of the year to the deposit head by corresponding credit to the appropriate revenue head. Under this procedure the expenditure incurred on the schemes appears in the appropriation accounts.

An account showing the unexpended balance to the end of the previous year, receipts and expenditure during the year and the unexpended balance at the end of the year in respect of two schemes included in Grant No. 10 is given below. The accounts in respect of the other schemes will be found in the reviews under the appropriation accounts of the grants concerned.

Name of the scheme. 1	Unexpended balance to the end of the previous year (1937-38). 2	Receipts during the year (1938-39). 3	Expenditure during tho year (1938-39). 4	Unexpended balance at the end of the year (1938-39). 5

The expenditure for the year was regular and conformed to the conditions attached to the grants, with the exception of that amounting to Rs. 27,421 on scheme No. (1) and Rs. 11,820 on scheme No. (2) for which certificates of utilisation have not yet been received from the district officers.

In respect of expenditure incurred in the previous years, certificates of utilisation are also awaited for the aggregate sums of Rs. 2,05,325 and Rs. 130 respectively for the two schemes.

### IMPORTANT COMMENTS.

Expenditure on works, maintenance and repairs appears under the following sub-heads in the Grant, viz., A-1, A-2, A-9, B-1, B-2, C-1, C-3, C-12, D-1, D-2, D-3, D-12, F-2(1), G-1, and G-1(a). The figures of appropriation and expenditure for the year under these heads were as follows :--

											In thousands of rupees.
Original appropriation	n,	,	•	•	•	•		•			17,30
Modified appropriatio	n.		•	•	•	•	•	•			14,85
Expenditure .			•	•	٠	•	•	•	•	•	14,20

Expenditure was less than the original and the final appropriations by 3,10 and 65 respectively. The savings in the original appropriation were about 18 per cents and chiefly due to the following factors :--

(1) Inability of the Calcutta Improvement Trust to work up to the programme in connection with the reconstruction of certain	
bridges in and near Calcutta (vide items 1 to 6 in the Annexure)	1,19
(ii) Abandonment and postponement of works (vide sub-head A-2	
of the Appropriation Accounts and items 10, 12, 13, and 19 of	
the Annexure)	1,07
(iii) Slow progress of works due to delay in getting possession of land,	-
difficulties in obtaining labour and other causes (vide sub-heads	
A-2, and C-12 of the Appropriation Accounts and items 10, 12,	
18, and 19 of the Annexure)	43
(iv) Treatment of certain work charged establishments as regular ostab-	10
	10
lishments (vide sub-head C 12 of the Appropriation Accounts) .	18

.....

### ANNEXURE A—concld.

2. Of the works under construction, the Damodar Canal Project is the most important. The Project was started in 1926-27 with an original estimate of Rs. 70.22 lakhs sanctioned by the Secretary of State, which was subsequently revised to Rs. 78.15 lakhs by the local Government. The expenditure incurred to end of 1938-39 was Rs. 1,22.45 lakhs, showing an excess of Rs. 52.23 lakhs, *i.e.*, 74.37 per cent. over the original estimate and of Rs. 44.3 lakhs, *i.e.*, 56.69 per cent. over the revised estimate.

The construction estimate of the Project was formally closed on the 30th September 1935.<sup>4</sup> The completion report has since been submitted to Government by the departmental authorities and is awaiting sanction.

No important major work costing more than Rs. 1 lakh was reported to have been completed during the year.

### ANNEXURE B.

The minor head "Suspense" accommodates *interim* transactions, in respect of which further operations (generally of payment or adjustment of value) are necessary before the transactions can be considered complete and finally accounted for. The operations in 1938-39 under this minor head were made under three detailed heads, *viz.*, (i) Purchases, (ii) Stock, and (iii) Miscellaneous P. W. Advances. The transactions under each of these detailed heads are explained below :---

(i) *Purchases.*—When materials are received from a supplier, from another division or department for a specific work or for stock, their value is credited to "Purchases" so that, *per contra*, the cost may be included at once in the accounts of the work or stock. When payment is made, the "Purchase" head is debited. The head "Purchases" therefore shows a negative (credit) balance which represents the value of stores received but not paid for.

(ii) Stock.—This head is charged with all expenditure connected with the acquisition of stock materials and with all manufacture operations. It is credited with the value of materials issued to works, or sold or otherwise disposed of and the balance of the accounts represents the book value of the materials in stock *plus* the unadjusted charges, etc., connected with manufacture.

(iii) Miscellaneous P. W. Advances.—These are of four kinds :--

- (a) Sales on credit.
- (b) Expenditure incurred on Deposit Works in excess of deposits received.
- (c) Losses, retrenchments, errors, etc.
- (d) Other items.

Broadly speaking debits are made to this head for any sums which have eventually to be recovered. The balance under this head represents recoverable amounts.

ANNEXURE	B-concld.

		To	tal	•	1,96,604	14,878	16,064	579	1,94,899

The stock transactions were normal during the year. The stock has been reported to have been verified by the Divisional Officers. The registers of stock of only two divisions were audited at local inspection, while those of the remaining ones were not audited owing to local inspections having been held in abeyance as a measure of economy. The revaluation of stock was reported to have been conducted under the orders and supervision of the Divisional Officers concerned. Steps were reported to have been taken for the adjustment of the resultant profits and losses according to the Public Works Accounts Rules.

### REVIEW.

Charged and voted savings were  $\cdot 9$  and  $11\cdot 3$  per cent. of the final appropriation and grant respectively.

2. As a result of the Niemeyer settlement all debt contracted with the Centre prior to 1st April, 1936 was cancelled. It was therefore decided that with effect from the year under report, credit on account of interest payable on Irrigation capital outlay incurred up to the 31st March, 1937 should be taken as direct revenue receipt under the revenue major head 'XX.—Interest' instead of as reduction of expenditure under sub-head D.-1 (a) of this Grant, as was done up to the accounts of the previous year.

3. No provision was made under D-1 (a) on account of interest on Irrigation capital outlay incurred after 31st March, 1937 on the assumption that such adjustment is to be made only in respect of expenditure incurred out of borrowed funds, but this assumption was not in order.

### "72 Grant No. 12.-General Administration-General Administration-contd.

### REVIEW.

Charged savings were 1.6 and  $\cdot 5$  per cent. of the original and the final appropriations as against 1.7 and 1 per cent. respectively in 1937-38. Voted savings were 5.6 per cent. of the original grant as against 10.4 per cent. in the previous year and occurred mainly under the sub-heads "B-1(3)", "E-1 (1)", "E-1 (5)" and "I". Voted savings in the final grant were 1.2 per cent. against .9 per cent. in the precoding year.

2. A surrender of Rs. 20,000 was made under the sub-head "E-1 (1)-Charged ". In view of the final excess of Rs. 19,809, the surrender was unnecessary.

3. In the course of the monthly verification of the currency balance of a Sub-treasury a shortage of Rs. 10,000 in the currency chest was detected by the Sub-divisional Officer. A sum of Rs. 1,000 was subsequently found in one of the iron safes of the Sub-treasury. Another amount of Rs. 747 was realised by forfeiture of the security deposits of the Sub-Treasurer and a Poddar who were removed from service. An amount of Rs. 3,900 was also ordered to be recovered from the gazetted officers concerned whose negligence in the matter of observance of rules facilitated the loss. The balance of the loss amounting to Rs. 4,353 was written off by Government.

### REVIEW—concld.

4. As a result of certain enquiries instituted in May 1933 it transpired that sums of money aggregating Rs. 2,570 realised from time to time by the Nazir and two peons of a certain Collectorate in the course of execution of distress warrants in cess certificate cases had not been credited towards the demands of the certificate cases, but had been misappropriated by them. A sum of Rs. 500 was ordered to be recovered from the Certificate Officer concerned whose carelessness and negligence rendered the defalcation possible and another sum of Rs. 368 recovered from the Nazir and his sureties. The net loss of Rs. 1,702 was written off by Government.

The Nazir was dismissed from service, convicted and sentenced by the High Court to rigorous imprisonment for one year. Suitable punishments were also meted out to the two peons involved in the defalcation.

5. Grants from the Central Government for economic development and improvement of rural areas.—The procedure for the accounting of expenditure from the above grants has been explained in paragraph 5 of the review under Grant No. 10—Irrigation.

An account showing the unexpended balance of the grant to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the schemes included in Grant No. 12 is given below :---

Name of the Scheme.	Unexpended balance to the end of the previous year (1937-88).	Receipts during tho year (1938-39).	Expenditure during the year (1938-39).	Unexpended balance to the end of the year (1988-39).
1	2	3	4	5
(1) Propaganda in the districts		Rs.	Rs.	Rs.
-Loud speakers and gramophones [Included under sub-head C-1 (5)].	352	••	27	325
(2) Wireless transmission in Midnapur district [Included under sub-head C-1 (5)].	3,079	—1,000(a)	2,078	1
(3) Discretionary grants by Commissioners and Dis- trict Officers [Sub-head G-1(ii)].		••	<b>3</b> ,031 (b)	289

(a) Transferred by the Provincial Government to the scheme "Attachment of agricultural farms, etc., to secondary schools and provision of play-grounds and village halls." See paragraph 5 of the review under Grant No. 19-- Charges on account of Education.

(b) Includes credit of Rs. 250 on account of refund of unexpended grant of the previous year.

The expenditure incurred on all the schemes was regular and conformed to the conditions attached to the grants with the exception of an aggregate sum of Rs. 1,000 incurred on the third scheme in respect of which certificates of utilisation are awaited from the District Officers.

### REVIEW.

The charges in connection with the Debt Conciliation Boards were, in 1937-38, provided for under Grant No. 11.—General Administration. With effect from the year under review such charges are being exhibited separately and made the subject of a separate demand.

2. Charged savings were 53.6 and 4.6 per cent. of the authenticated and the final appropriations respectively. Voted savings were 46.5 per cent. of the original grant and were chiefly due to slow progress in establishing Debt Conciliation Boards. Voted savings in the final grant were 3.6 per cent.

3. It was explained by the controlling authority that past actuals being unreliable and the operations under the Bengal Agricultural Debtors' Act being novel in nature, accurate estimating was not possible.

### REVIEW.

Charged savings were inappreciable. Voted savings rose to 5.5 per centrof the grant from 2.4 per cent. in the preceding year. More than 50 per cent. of the savings occurred under sub-head "F.-1—Voted" and was mainly due to the change in classification entailed by the promulgation of the Reserved Posts Rules. The other notable savings occurred under sub-heads B.-4, F.-2, and F.-3.

2. A sum of Rs. 2,334 representing leave salary overdrawn by some processservers and office peons of the Civil Courts in a certain district, owing to misinterpretation of the leave rules, was written off under the orders of the competent authority.

#### **REVIEW.**

Charged savings, original and final, were 3.3 per cent. of the sanctioned appropriation, as compared with 1 per cent. in the previous year. The savings were mainly due to the reason stated in the note under "A-1-Charged".

Voted savings were 9.6 per cent. of the original grant as against 8.6 per cent. in the previous year. The bulk of the savings occurred under sub-heads. "A-2", "A-4" and "C-4" and was due to a fall in prison population and consequent reduction in staff and shrinkage of jail industry. Final voted savings were trifling.

2. In 1934 a loss of Rs. 680 occurred to Government as a result of a fraudulent use of 33 Railway Warrant Forms out of 53 stolen from a district jail. The fate of the remaining 20 missing warrants is not known; but apparently they were not misused as otherwise the total loss would have been much greater. The loss was mainly due to the non-observance by some jail officers of the rules regarding the receipt, custody and issue of these forms. Government accordingly passed orders directing the recovery of half the amount of loss from the officers responsible for the safe custody of the warrants, the balance being written off.

Store Accounts of the Manufactory Department of the Presidency and the Central Jails for 1938.

Certified that the above figures represent a substantially true account of affairs and that they agree with the figures recorded in the Departmental Registers.

Certified also that the closing balance shown in the above account was not in excess of requirements, except spring mattresses, flat iron, and round iron in the Presidency Jail valued at Rs. 2,815, Rs. 1,329 and Rs. 844 respectively.

Out of the stock of spring mattresses in the Presidency Jail some were disposed of during the year under report and the others are ready for sale. Flat iron and round iron were purchased for the manufacture of iron-grated doors and windows for supply to other departments. As, however, the expected orders were not received, the raw materials were left in stock. Attempts are being made to dispose of the excess stock as early as possible.

The stores were verified by the Superintendents of the Jails concerned and the Travelling Auditor of the office of the Inspector-General of Prisons, Bengal.

> M. A. SINGH, Lt.-Col., I.M.S., Inspector-General of Prisons, Bengal.

CALCUTTA, The 23rd June, 1939.

AUDIT CERTIFICATE.

The Store Accounts of the Presidency Jail for 1937 and 1938 were testaudited with reference to the local records under my supervision and I certify that the accounts are correct according to the best of my information and on consideration of the explanations given to me.

V. B. ARTE,

Examiner, Outside Audit, Bengal.

The 12th August, 1939.

CALCUTTA,

AUDIT COMMENTS.

The sum of Rs. 516 shown as depreciation of finished articles written-off represents partly the loss due to revaluation and partly the difference in price of mustard oil sold to the jail staff at the staff concession rate.

The question of exhibition of a profit and loss account of the Manufactory Department of the Jails, as desired by the Public Accounts Committee is under the consideration of Government.

#### **Review.**

Savings in the charged appropriation were  $\cdot 2$  per cent. only.

Voted savings were 2 per cent. of the original grant and were mainly due to improvement in the political situation and to measures of economy (vide sub-heads C-2, C-3, C-5 and G-2).

2. For the sake of administrative convenience the Inspector-General of Police was authorised as a special case to sanction without previous reference to the Finance Department, reappropriations between the heads 'Petty constructions' and 'Works' subordinate to two different minor heads subject to the condition that no reappropriation from 'Petty constructions' to any other head under the minor head "District Executive Force" should be sanctioned without previous reference to that Department. In order to enable audit to watch compliance with the above condition the sub-head "C-5—Other Contingencies" was split up during the year with the sanction of the Auditor-General of India into the sub-heads C-5 (1) Petty constructions and C-5 (2) Other Contingencies.

### REVIEW.

Charged savings were 1.5 per cent. as in the preceding year. Voted savings were 18 per cent. against an excess of 1.9 per cent. in 1937-38. The savings were mainly due to the causes indicated in the notes under "A.-1.—Voted" and "A.-2.—Voted".

The figures show the value of stores at the Issue Rate which includes an addition of 4 per cent. over the actual cost price to cover freight charges, etc.

### Certificate and Review on Stores by the Head of the Office.

Certified that the figures represent substantially a true account of affairs and that they agree with the figures appearing in the departmental registers.

All the stores of the Government Dockyard, Narayanganj, were verified by me. As in the last year, the closing balance of the stores appeared to be far below the level of my normal requirements. It must be owned however that the lost ground has been recovered, though in a very small measure, inasmuch as, the closing balance of stores has increased by about Rs. 3,500, as compared with the last year. The necessity of having a sufficient quantity of important stores on hand to execute repair works, etc., has been explained in the previous review. Government have been approached on the matter and requested to allow a lump sum of money this year whereby important stores may be purchased, thus relieving the Dockyard of constant worries arising out of poor stock and thereby making way for speedy, smooth and effective repair works.

R. W. GARREAU,

NARAYANGANJ, The 23rd June, 1939. Engineer Superintendent, Government Dockyard, Narayanganj.

### Audit Comment.

As the accounts of the Dockyard were not test-audited this year, the accuracy of the above accounts cannot be certified to by Audit.

Col. 1.—Due to delay in introducing the Youth Wolfare Scheme. Col. 4.—Due partiy to the same reason as in Col. 1 and partly to certain charges of the Physical Training Centre, which were novel in nature, having been classified by the disbursing officers under sub-head "O-8.—Other Items." The savings were not surrendered in time by the local officers. See paragraph 3 of the review.

# REVIEW.

Voted and charged savings as compared with the grant or appropriation were 2.5 and 2.1 per cent. respectively. Corresponding savings in 1937-38 were triffing. Final savings were however triffing as in the preceding year.

2. Up to 1937-38, the expenditure under the minor head 'Miscellaneous' was exhibited under the single sub-head 'O' in the Appropriation Accounts,

### REVIEW-contd.

as the amount of expenditure under that head was less than Rs. 5 lakhs. The expenditure for 1938-39 having exceeded this limit, the sub-head was subdivided with the approval of Government into several sub-heads as shown in the Appropriation Accounts.

3. The variations under the sub-heads O.-6 and O.-8 indicated defective control.

4. Grants from the Central Government for economic development and improvement of rural areas.—The procedure for the accounting of the transactions under this head has been explained in paragraph 5 of the review under Grant No. 10-Irrigation.

The statement below shows the unexpended balance to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the two schemes the charges for which were debited to this grant.

Name of the Scheme.	Unexpended balance at the end of the previous year (1937-38).	Receipts during the	Expendi ture durin the year (1938-39	ig the end of

1. Attachment of agricultural farms, etc., to secondary schools and provi- sion of play grounds and village halls [Sub-head O4 (1) (b)]		(a) 1,000	(c) 600	803
2. Provision of playing fields and recrea- tion grounds for villages and village schools [Sub-head • 04 (1) (a)]	1	b) 25,285	(đ) 98 <b>,20</b> 0	(b) —52,317

(a) Transferred by the Provincial Government from the scheme "Wireless transmission in Midnapur District." See paragraph 5 of the review under Grant No. 12-General Administration.

(b) The additional grant of Rs. 60,000 sanctioned by the Government of India was adjusted in the accounts for May 1939.

- (c) Includes Rs. 600 on account of rofund of unexpended grant of the previous year.
- (d) Includes Rs. 2,442 on account of refund of unexpended grant of the previous year.

The expenditure as shown above was regular and conformed to the conditions attached to the grants, except in the case of an aggregate sum of Rs. 57,902 spent for the second scheme for which certificates of utilisation are awaited from the District Officers.

In respect of expenditure on scheme No. 1 incurred in the previous years certificates of utilisation for an aggregate sum of Rs. 2,975 are also awaited.

## STORE ACCOUNTS.

.... - ---

Agency employed for verification .- Mr. C. V. Newman and Mr. A. K. Das (both Gazetted Officers) took the annual stocktaking of the Mechanical Engineering Department and Mr. A. M. Ahmed, (Gazetted Officer) took the annual stocktaking of the Electrical Engineering Department for the year 1938-39.

# Certificate and remarks by the Head of the Department.

Certified that the figures represent a substantially true account of affairs and they agree with the figures recorded in the departmental registers and that the closing balance of the stock was not in excess of requirements.

SIBPORE, The 25th July, 1939. C. V. MILLER,

Principal, **Bengal Engineering College.** 

# AUDIT COMMENTS.

As the accounts of the College were not test-audited this year, the accuracy of the above accounts cannot be certified to by audit.

#### REVIEW.

Saving in the original charged appropriation was 6.4 per cent. against an excess of .3 per cent. in the previous year. Saving in the final appropriation was trifling.

In the voted section, there was a saving of 4.8 per cent. in the original grant and an excess of .9 per cent. over the final appropriation against savings of 4 and .6 per cent. respectively in the preceding year. The excess over the final appropriation was mainly contributed by sub-head D-7.

#### STORE ACCOUNTS.

Consolidated Store Accounts of the Principal State Hospitals in Bengul for the year 1938-39.

Depreciation, loss, short- age, etc., written off	5,634	40	1,004	104	654
Closing Balance	1,88,128	43,946	27,189	1,59 <del>9</del>	4,085

The figures in this account are inclusive of the stores purchased from (1) School grants, (2) Endowment Fund and (3) Indian Research Fund Association grants besides those purchased from the Hospital Fund.

Certified that the figures represent on the whole a true account of affairs and they agree wherever possible with the figures recorded in the departmental registers. The closing balances of stock were not in excess of requirements and the stock was verified by departmental officers.

CALCUTTA, The 26th July, 1939.

K. S. THAKUR, Lt.-Col., I.M.S., Surgeon-General with the Government of Bengal.

12

## AUDIT CERTIFICATE.

The Store Accounts of the Campbell Hospital for 1937-38 and 1938-39 were test-audited with reference to local records under my supervision and subject to audit comments I certify that the accounts are correct according to the best of my information and on consideration of the explanations given to me.

Calcutta,

The 31st August, 1939.

V. B. ARTE, Examiner, Outside Audit, Bengal.

## AUDIT COMMENTS.

Value accounts of stores were not maintained by the hospitals during this year also. The officers-in-charge of the State Hospitals have been requested by the Surgeon-General with the Government of Bengal to maintain the Store Accounts of the hospitals in the form prescribed in the model rules governing maintenance, etc., of inventories of Government stores which provide for keeping account of values as well as quantities.

2. The increase in the closing balance of 'Instruments and Appliances' from Rs. 1,73,430 to Rs. 1,88,128 is stated to be due to the purchase of X-Ray apparatus in the Presidency General Hospital, Calcutta.

## REVIEW.

Savings in the authenticated and the final charged appropriations were 1.3 and 0.5 per cent. respectively against an excess of 0.9 per cent. in the preceding year.

Voted savings were 13.5 per cent. of the original grant and 3.1 per cent. of the final appropriation against 11.3 and 7.6 per cent. respectively in the previous year. The high percentage of saving in the original grant was mainly due to some new schemes costing nearly Rs. 7 lakhs either not having been put into operation or only partially so during the year (vide sub-heads A. (a) (1) to A. (a) (5), B-1, B-2, B-4 and C).

Savings in the final voted grant were due mainly to non-surrender of unwanted funds on the part of the local officers. This indicates the need for better control.

# REVIEW-contd.

2. During the local inspection of the accounts of an office in 1937 it was noticed that tenders were not invited for the local purchase of medicines, chemicals, etc. Though Government had directed in May 1929 that competitive tenders for such purchases, should be called for, tenders were invited only in 1936-37. Judging from the reduction of prices which followed the introduction of the tender system, it was estimated that there would have been a saving of about Rs. 12,500 in 1935-36 alone had competitive tenders been called for.

Other irregularities in the accounts and general administration of the office, such as non-maintenance of proper inventories for dead stock articles, irregularities in the maintenance of cash accounts and destruction of important records without selection were also disclosed during the local inspection of the accounts for the years 1935-36 and 1936-37. These irregularities have since been enquired into by Government and the officers responsible for them have been adequately dealt with.

3. The scheme of shifting the headquarters from Noakhali to Maijdi was abandoned as the result of Government's decision that Maijdi is not suitable for permanent headquarters owing to the danger of erosion from the khal. A sum of Rs. 8,615 was, however, expended in 1938-39 on account of a watersupply and a drainage scheme at Maijdi and adjusted under sub-head F-Works. Also a part of the expenditure (Rs. 1,753) relating to the latter scheme was incurred without formal allotment of funds.

4. Grants from the Central Government for economic development and improvement of rural areas.-The procedure for the accounting of the transactions under this head has been explained in paragraph 5 of the review under Grant No. 10-Irrigation.

The statement below shows the unexpended balance of the grant to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the schemes, the expenditure for which was debited to this Grant.

Name of the scheme.	Unexpénded balance to the end of the previous year (1937-38).	Receipts during the year (1938-39).	Expenditure during the year (1938-39).	Unexpended balance at the end of the year (1938-39).
1	2	3	4	5
The Deed dimension and much	Rs. 17.538	Rs. 326	Rs. 11.787	Rs. 6,077
1. Union Board dispensaries and rural water supply (Sub-head B5_(a) ).	17,000		11,707	•
2. Improvement of rural water supply (Sub-head B5 (c)).	1,01,625	(a) 1,19,879	3,12,702	(a) 91,198
3. Improvement of rural sanitation (Sub-head B5 (b)).	7,984	(b) 6,563	33,187	(b) —18,640

(a) The additional grant of Rs. 1,41,000 sanctioned by the Government of India has been

adjusted in the accounts for May, 1939. (b) The additional grant of Rs. 24,000 sanctioned by the Government of India has been adjusted in the accounts for May, 1939.

## REVIEW—concld.

The expenditure incurred during the year on all the schemes was regular and conformed to the conditions of the grants with the exception of the aggregate sums of Rs. 1,140, Rs. 44,547 and Rs. 7,360 incurred respectively on the three schemes in respect of which certificates of utilisation are awaited from the District Officers.

# ANNEXURE.\*

Details of the transactions for the year 1938-39 under the head "39-Public Health-Works-Suspense" are given below :---

		Opening balance.	Debits.	Credits.	Net actuals.	Closing balance.
1		2	3	4	5	6
		Rs.	Rs.	Rs.	Rs.	Rs.
Purchases	•		2,00,839	2,03,066	2,227	5,509
Miscellaneous Advances	•	215	2,495	322	2,173	2,388
Total	•		2,03,334	2,03,388	54	3,121

The credit balance of Rs. 5,509 in column 6 against "Purchases" represents the value of materials purchased but not paid for during the year. The debit balance against "Miscellaneous Advances" represents (1) the value of certain materials at site to be transferred to the site account of the maintenance estimate for the following year (Rs. 179) and (2) the expenditure on a rural water-supply scheme incurred in excess of the contribution made by a local fund (Rs. 2,209) and awaiting adjustment in 1939-40.

## Review.

Charged savings were triffing. The savings in the voted section were 18.2 and 4.4 per cent. of the grant and the final appropriation respectively. The bulk of the voted savings occurred under sub-heads E and F.

42. Grants from the Central Government for economic development and improvement of rural areas.—The procedure for the accounting of the transactions under this head has been explained in paragraph 5 of the review under Grant No. 10—Irrigation.

The statement below shows the unexpended balance of the grant to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the schemes included in this Grant.

	Name of the Scheme.	Unexpended balance to the end of the previous year (1937-38)	Receipts during the year (1938-39).	Expenditure during the year (1938-39).	Unexpended balance at the end of the year (1938-39).

## **Review.**

In the charged section, saving in the original and final appropriation was-1.7 per cent. Voted savings were 9.3 and 1.1 per cent. of the original and the final grants, as compared with 15.9 and 1.2 per cent. respectively in the preceding year.

2. Provision was wrongly made for the subsistence and travelling allowance of candidate Inspectors and Auditors under training under A.-2—Pay of Establishment and A.-3—Allowances, honoraria, etc., respectively instead of under A.-4—Other Contingencies. This shows defective budgeting.

3. Grants from the Central Government for the economic development and improvement of rural areas.—The procedure for the accounting of the transactions under this head has been explained in paragraph 5 of the review under Grant No. 10—Irrigation.

The statement below shows the unexpended balance to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the scheme, the charges in respect of which were debited to this grant.

Name of the scheme-Co-operative Training and Education-

	168.
•	26,197
•	(a)
	41,791
•	-15,594 (a)
,	) ) 

(a) An additional grant of Rs. 31,605 sanctioned by the Government of India has been adjusted in the accounts for May 1939.

The expenditure incurred during the year was regular and conformed to the conditions of the grant.

4. Land Mortgage Banks.—Five land mortgage banks were established as an experimental measure, one at Mymensingh in 1933-34 and four at Pabna, Comilla, Jessore and Birbhum in 1934-35. Government undertook the following financial liability on their account :—

- (i) Interest was guaranteed, at rates to be approved by Government, on debentures of a total value of Rs. 12½ lakhs to be raised by the 'financing bank', *i.e.*, the Bengal Provincial Co-operative Bank, for the period for which the debentures are made current. (The guarantee is being legalised by necessary provision in the new Co-operative Societies Bill shortly to be presented to the Legislature).
- (ii) In the first year of the Banks' existence the entire cost of management would be met by Government.
- (iii) In the second and third years a grant would be made to each bank equal to the difference between the gross profits and the management charges, when the latter exceeded the former. Rs. 200 per month would also be paid to Government by the bank on account of the services of a Sub-Deputy Collector acting as Manager of the bank.

## REVIEW—concld.

The debentures have not yet been floated. The matter is pending revision of the Trust deed which is under the consideration of the Registrar of Co-operative Societies, Bengal. The progress of the banks has rather been slow owing to the continuance of the economic depression, the high lending rate of interest and the passing of the Bengal Agricultural Debtors' Act Government have since decided to continue giving the following financial assistance to the banks beyond the three years of their existence.

- (i) An annual subsidy will be made to each bank equal in amount to the difference between the gross profits and the management charges in the event of the latter being greater than the former till the banks become self-supporting.
- (ii) An annual expenditure, not exceeding Rs. 4,868 on account of management charges of each bank will continue to be met from this Grant pending apportionment of the charges between Government and the Banks.

The certified *pro formâ* accounts of the banks for the period ending 30th June 1939 disclosed that the gross profits exceeded the management expenses in the case of the Comilla and Mymensingh banks while in the case of the remaining banks they fell short of the latter. The following statement gives a *pro formâ* apportionment, as certified by the auditors of the Co-operative Department, of the cost initially borne by Government between Government and the banks. The orders of Government regarding the recovery of the amounts due from the Banks are awaited.

#### **REVIEW.**

Voted savings were 15.1 and  $\cdot 02$  per cent. of the original and the final grants respectively. The high percentage of saving in the original voted grant was due mainly to the partial utilisation of the total lump provision of Rs. 3,78,874 for 15 schemes as the result of some of them not coming into operation and delay in giving effect to others. See also notes below "A.-1" and "A.-2".

2. Grants from the Central Government for economic development and improvement of rural areas.—The procedure for the accounting of the transactions under this head has been explained in paragraph 5 of the review under Grant No. 10.—Irrigation.

The statement below shows the unexpended balance of the grant to the end of the previous year, the receipts and expenditure during the year and the unexpended balance at the end of the year in respect of the two schemes included in this grant.

Name of the scheme.	Unexpended balance to the end of the provious year (1937-38).	Receipts during the year (1938-39).	Expenditure during the year (1938-39).	Unexpended balance at the end of tho year (1938-39).
1	2	8	4	б
1. Coir spinning and weaving (included in sub-heads		Rs.	Rs.	Rs.
A2, A3 and A4)	8,302	••	8,302	••
2. Scheme for alternative em- ployment for women workers excluded from underground work in coal mines in Bengal		4,750	••	4,750

The expenditure incurred during the year was regular and conformed to the conditions of the grant.

## **REVIEW.**

Charged savings were 17.5 and 1.9 per cent. of the original and the final modified appropriations respectively. Voted savings were insignificant. In 1937-38, the charges under this grant were included in the "Industries" grant.

1938-39.

## **REVIEW.**

Savings in the authenticated and the final charged appropriations were  $5\cdot 3$  and  $4\cdot 7$  per cent. against  $19\cdot 6$  and 3 per cent. respectively in the preceding year. Voted savings were  $9\cdot 6$  and  $2\cdot 1$  per cent. of the original and the final grants as compared with  $4\cdot 3$  and  $\cdot 9$  per cent. respectively in 1937-38.

#### REVIEW.

Charged savings were inappreciable.

Voted savings were 13.7 per cent. of the grant against 9.2 per cent. in the preceding year and were mainly contributed by sub-heads A.-3 to A.-7, A.-10, A.-14, B and F party set off by sub-heads A.-9(b) and D—Deduct—Recoveries of establishment. Final voted savings were 3 per cent. against 2.4 per cent. in 1937-38.

2. A sum of Rs. 30,000 was erroneously provided for under F.-1—Voted for expenditure on the construction of an agricultural institute at Daulatpur which is correctly classifiable as Original Works—Buildings (works financed from the Government of India grant for economic development and improvement of rural areas). During the course of the year the mistake was discovered and the amount surrendered. See item 17 of annexure A.

3. Another sum of Rs. 33,000 was provided in as if chargeable to the subventions from the Central Road Fund for expenditure on a road work properly classifiable under sub-head 'B—Original Works—Communications— Voted '(works met from revenue). This was explained as due to a misapprehension—see item 48 of annexure A. The mistake was discovered during the course of the year and the amount reappropriated for expenditure on other works.

4. The gross establishment charges of the Public Works Department during 1938-39 amounted to Rs. 17.21 lakhs against the total works outlay of Rs. 81.36 løkhs, *i.e.*, 21.15 per cent. against 23.5 per cent. of the previous year. A sum of Rs. 3.81 lakhs was recovered during the year on account of establishment charges for works done on behalf of private bodies and of other Departments and Governments. The net establishment charges (Rs. 13.40 lakhs), were 16.47 per cent. of the total works outlay against 20.4 per cent. of the previous year.

5. The bulk of the expenditure from the proceeds of the tax imposed by the Bengal Motor Vehicles Tax Act, 1932, appears under sub-head "F".

An abstract of the verified *pro formá* accounts of the proceeds of the tax for the year 1938-39 is given below :---

,	Rs.	Rs.
1. Opening balance		16,74,633
2. Not receipts excluding refunds		16,98,535

(c) Expenditure on	spec	ial es	tablis	hmon	ts for	r Ro	ad		
Fund Works	•	•	•	•	•	•	•	36,864	
									20,94,440
4. Closing balance .	•	•	•	•	•	•	•		14,71,470

<sup>•</sup> Made up of Rs. 2,93,421 on account of allotments from the Central Road Fund and Rs. 34,277 on account of the write-back of establishment charges debited in excess to the special grant from the reserve in previous years.

The allotments during the year were all made from the reserve portion of the Central Road Fund, the payment of the ordinary share due to the Province for the year having been suspended, pending full utilisation of the balance already with the Provincial Government.

The total commitments after the close of the year in respect of uncompleted original works financed from the Central Road Fund amounted to about Rs. 36 lakhs.

7. Grants from the Central Government for economic development and improvement of rural areas.—The procedure for the accounting of transactions under this head has been explained in paragraph 5 of the review under Grant No. 10—Irrigation.

The statement below shows the unexpended balance of the grant to the end of the previous year, the receipts and expenditure of the year and the unexpended balance at the end of the year in respect of the scheme "Establishment of an Agricultural Institute at Daulatpur". For transactions in respect of the scheme for "Improvement of existing village communications including existing waterways" shown under sub-head F-1, see the account of scheme No. 2 in paragraph 5 of the review under Grant No. 10—Irrigation.

Name of the scheme-Establishment of an Agricultural Institute at Daulatpur.

Unexpended balance to the end of the	prev	ious y	car (l	937-3	8)	20,000
Receipts during the year (1938-39)	•	•	•	•	•	••
Expenditure during the year (1938-39)	•	•	•		•	20,000
Unexpended balance at the end of the	уеаг	: (1938	-39)	•	•	••

The expenditure shown above was regular and conformed to the conditions of the grant.

8. Due to the acceptance by an Executive Engineer of group tenders for repair works of a Division at rates higher than those quoted by the contractors, Government sustained a loss of Rs. 4,758 during the year 1935-36. Government issued orders condoning the irregularity of the Executive Engineer, who has been advised to take action to prevent the recurrence of similar irregularities in future.

#### Important comments.

Expenditure on works, maintenance and repairs appears under sub-heads A.-1 to A.-16, B and C of the grant. The figures of appropriation and expenditure under these sub-heads for the year under review were as follows :---

									Rs. lakhs.
Original appropriation	•		• :		•	•			96-20
Modified appropriation	•	•	•	•	¥1.	•	•	•	83.05
Expenditure	•	•	•	•	•	•	•	•	81.36

The saving of Rs. 14.84 lakhs in the original appropriation was the net effect of an aggregate drop of Rs. 22.83 lakhs in the expenditure on certain works set off by a total increase of Rs. 7.99 lakhs in the outlay on others. The more important savings and excesses are analysed below :---

#### Savings in the original appropriation.

<ul> <li>(i) Postponement of some works (vide items 1, 15 and 16 of annexure A)</li> <li>(ii) Abandonment of a scheme (vide item 2 of annexure A)</li> <li>(iii) Partial utilisation of the lump provision for remunerative residential projects (vide item 36 of annexure A and the note</li> </ul>	4.86 1.49
under sub-head A14)	•84
(iv) Slaw progress and delayed commencement of some works (vide items 5, 10, 11, 14, 18 and 19 of annexure A)	9.18
(v) Slow progress of some works financed from the subventions from the Central Road Fund (vide items 53 and 57 of	
annexure A)	3.27
Excesses over the original appropriation.	<i>.</i> 7
(i) Acceleration of work (vide items 3 and 54 of annexure A) . (ii) Acquisition of land for a College and a road work (vide items 13	1.50
and 55 of annexure A)	<ul> <li>3.38</li> </ul>
(iii) On account of Motor Vehicles Tax Fund works (vide items 44 to 47 of annexure A)	•58

2. It will be seen from the Annexure that in many cases works were either postponed or commenced late in the year owing to delay in the preparation of detailed estimates and grant of sanctions to them. This was also the case in 1937-38. The Public Accounts Committee which considered the Appropriation Accounts for 1937-38 and the Audit Report 1938 recommended that greater expedition in the preparation of estimates and the grant of sanctions to them in time should be secured. They also stressed the necessity for expeditious execution of Road Fund works so that the amounts voted by the Legislature might be properly utilised.

3. Expenditure was less than the modified appropriation by Rs. 1-69 lakhs. The most important single item in the final savings was a sum of Rs. -72 lakh (vide item 18 of annexure A).

4. The number of major works in progress during the year was 88 against 555 in 1937-38. Major works completed during the year were 15 against 6 in the preceding year. There were no marked variations between the estimates and the expenditure except in one case where the expenditure was less than the estimate by 14 per cent. which was explained as due to lower rates tendered (*vide* item 21 of annexure A).

#### ANNERURE B.

Suspense.

(See sub-head G.)

'The nature of the transactions recorded under the minor head "Suspense " is explained in paragraph 1 of annexure B to Grant No. 10-Irrigation.

The transactions under each unit of suspense during 1938-39 are exhibited below :---

Dotailed units.	Opening balance.	Debits.	Credits.	Net actuals.	Člosing balance. 6

Store Accounts of the Department of Communications and Works (Communications and Buildings) for the year 1938-39.

The book balance of stock for each Public Works Division was reported to have been verified by the Sub-Divisional Officers concerned. The registers of stock of only four divisions were audited locally; while those of the remaining ones were not audited owing to the suspension of local audit as a measure of economy under the orders of the Government of India. Revaluation of stock was reported to have been conducted under the orders and supervision of the Divisional Officers concerned and steps taken for the adjustment of the resultant profits and losses "according to the Public Works Accounts Rules. The transactions under stock were normal during the year.

## 192 Grant No. 31.—Superannuation Allowances and Pensions, etc.—concld.

#### **Review.**

Charged savings were  $\cdot 7$  per cent. of the original and the final appropriations against the savings of 1.8 and 1.2 per cent. respectively, in the preceding year. In the voted section, there was an excess of 1.7 per cent. over the grant as also the modified appropriation, compared with the excesses of  $\cdot 9$  and 1 per cent. respectively, in the previous year. Sub-heads A, F, L and M chiefly accounted for the excess.

2. Provision was originally made under sub-head J for certain payments to the Central Government on account of pensions payable to officers serving under the Provincial Government and recoverable from the latter. Subsequently Government decided that these charges should be shown under sub-head A.

## Grant No. 32.-Charges on account of Stationery and Printing-contd. 197

#### **Review.**

Charged savings were 18.6 and 8.7 per cent. of the original and the final appropriations respectively, against an excess of .6 per cent. in the preceding year. In the voted section, the saving in the original grant and the excess over the modified grant were both trifling, against the savings of 3.6 and 1.4 per cent. respectively, in the preceding year. The bulk of the charged savings occurred under sub-heads D.-1 and G.-1.

2. The transactions relating to the "Depreciation Reserve Fund-Government Presses" appear under sub-head "I" in the Appropriation Accounts. The Depreciation Reserve Fund for the presses was constituted by the Government of Bengal with effect from the year 1927-28 to provide a reserve to meet the cost of renewal and replacement of plant, machinery

#### Review—contd.

and furniture of the Government Presses. The annual receipts of the Fund consist of (a) the amount of depreciation calculated on the value of plant, machinery and furniture in use in the press during the year and (b) the book value of the plant, machinery and furniture disposed of during the year. The Fund is available for renewal or replacement of articles of plant, machinery and furniture (except the cost of petty repairs) to the extent of the amount at the credit of the Fund from time to time.

The position of the Depreciation Reserve Fund for the year 1938-39 is shown below :---

,		Opening balance.	Receipts.	Expendi- ture.	Closing balance.
- 1		cı	3	4	5
		Rs.	Rs.	Rs.	Rs.
Bengal Government Press		2,29,112	57,750	38,522	2,48,340
Press and Forms Department .	•	1,54,508	34,788	5,431	1,83,865
TOTAL	-	3,83,620	92,538*	43,953	4,32,205

\* The corresponding debits are shown under sub-heads D.-8 (Rs. 89,302) and D.-10 (Rs. 3,236).

The credits and debits to the Depreciation Reserve Fund of the Bengal Government Press and the Press and Forms Department during the year under report were for amounts authorised by the existing rules of the Fund and there was no diversion therefrom, except that an amount properly debitable to the Fund was not so debited in the case of the Government Press, while there were certain excess debits to the Fund in the case of the Press and Forms Department. Steps are being taken for the adjustment of these discrepancies in the current year.

#### **REVIEW.**

Charged savings were 7.1 and 6.5 per cent. of the original and the final appropriations respectively.

Voted savings were 11.6 and 1.2 per cent. of the original and the final grants as compared with 8.9 and 3.7 per cent. respectively in the preceding year.

2. Fees realised in stamps or cash for the licences granted under the Petroleum and Explosives Acts, which are administered by the Provincial Governments on behalf of the Central Government used to be credited direct to the local bodies within whose areas they were collected, but as they constituted part of the central revenues, it was decided from 1st April 1938 that the receipts and payments should pass through the accounts and that an amount equivalent to the fees realised should be paid to the Provincial Government as charges for administering the Acts, the latter in its turn making over the amount to the local bodies. The consequential change in the Provincial accounts has been that the contributions made by the Central Government are now adjusted under "L—Miscellaneous Adjustments between Central and Provincial Governments" and the payments to the local bodies under sub-head J of this Grant.

3. A total sum of Rs. 24,851, representing overdrawal of allowances by detenus in a certain jail, was written off under orders of the competent authority as it proved to be irrecoverable due to the release of the detenus, concerned.

#### Financial Review of the work done by the Band Saw Mill, Siliguri, for the year 1938-39.

The working of the Siliguri Band Saw Mill resulted in a net profit of Rs. 13,727 in the year under review against the net profit of Rs. 12,628 in 1937-38 and Rs. 3,418 in 1936-37, whereas the Mill ran at an average loss of Rs. 8,070 during the years 1933-34, 1934-35 and 1935-36, though from the year 1935-36, the royalty of Sal, Teak, Champ, Gamari and Toon logs and posts was paid at 0-4-0 per c. ft. and 0-1-0 per c. ft. for logs of other inferior species against 0-2-0 per c. ft. for Sal logs and no royalty for Teak, Champ, Gamari, Toon and logs of other inferior species in 1933-34 and 1934-35.

In view of the above the position of the Mill is very sound now and it may reasonably be expected that the Mill will henceforth run at a profit, if the same economy in the cost of production as well as the quality of sawing continues.

B. M. ROY.

Manager,

Band Saw Mill, Siliguri.

SILIGURI, The 30th August, 1939.

#### Audit Comments.

Comparative figures under outturn, sales and closing stock for the last three years are given below :---

	1		Outturn. 2	Sold or otherwise disposed of 3	Closing stock. 4	Value of closing stock. 5
		•.	 C. ft.	C. ft.	C. ft. Sawn timber.	Rs.
<b>1</b> 936-37		•	46,437	88,135	4,960	4,125
1937-38			44,682	38,578	10,077	12,422
1938-39			54,041	42,698	22,132	26,757

It will be seen that there is a tendency for the outturn to exceed the demand and consequent increase in the closing stock.
