#### PREFATORY REMARKS.

This volume containing the Appropriation Accounts of the Government of West Bengal for the period from the 15th August, 1947 to the 31st March, 1948 and the Audit Report is prepared in accordance with paragraph 13 (1) (i) and (iii) of the Government of India (Audit and Accounts) Order. 1936, as adapted under the India (Provisional Constitution) Order, 1947, read with Article 149 of the Constitution of India and Article 151(2) of the Constitution of India. Its object is to present the audited accounts of all the expenditure of the period whether voted or charged, in the form of a separate appropriation account for each grant, with any important observations which it is considered necessary to make as a result of audit investigation. The volume includes also the comments it is deemed necessary to make upon the results of audit of all trading, manufacturing and profit and loss accounts and balance sheets kept in respect of Government commercial or *quasi*-commercial concerns, and upon the examination of accounts of receipts and of stores and stock made under paragraph 13 (2) of the Order in council already mentioned. It also embodies the report of the Auditor of Indian Accounts in the United Kingdom relating to transactions in the United Kingdom affecting the revenues of the Government of West Bengal. It is submitted by the Comptroller and Auditor General of India to His Excellency the Governor to be laid before the State Legislature.

2. In exercise of the powers conferred by the proviso to sub-section (3) of section 80 of the Government of India Act, 1935 (now defunct) as adapted under the India (Provisional Constitution) Order, 1947, His Excellency, the Governor of West Bengal, authorised by a special order the schedule of expenditure for the period. This did not affect the usual procedure for the control of expenditure and appropriation audit save to the extent that His Excellency took the place of the Legislature as the proper authority competent to sanction expenditure which was votable. Such expenditure has accordingly been designated as "authorised" in these accounts.

3. Comments have been confined, as far as possible, to audit points of outstanding interest or importance. In order that only agreed statements of fact and completed cases may be included in the report, a convention has been established between the Comptroller and Auditor General and the Government of West Bengal whereby cases relating to any previous year which have become ripe for inclusion since the writing of the last report are included in the report of the first convenient year.

4. The cases of financial irregularity, apparently defective administration, etc., which are brought to notice in the report represent only a small percentage of the total financial transactions. The comments on such cases must not be understood as conveying any general reflection on the administration of public expenditure.

## PART I. AUDIT REPORT, 1949.

(Throughout this Report the amounts shown represent thousands of rupees unless the contrary is specifically indicated.)

## GENERAL REVIEW OF THE RESULTS OF AUDIT.

### INTRODUCTORY.

The budget for 1947-48 (Post-partition) provided for a total revenue expenditure of Rs. 16.47 crores. There were no supplementary grants to augment the It is impracticable to make any direct and fruitful comparison of provision. the grants of the period with those relating to any previous year inasmuch as (i) the budget covered a period of  $7\frac{1}{2}$  months only; and (ii) as regards area and population West Bengal is only slightly more than one third of the old province In 1946-47 the total provision for revenue expenditure for undivided of Bengal. Bengal was Rs. 57.91 crores. If we take a proportionate share of the sum for 71 months, and again reduce it to one-third to correspond to the altered size of the province.—the figure will stand at Rs. 12.06 crores. It may be said to afford some kind of a basis of comparison, even though very rough. As against this sum of Rs. 12:06 crores as a rough approximation for 1946-47, the budget provision for 1947-48 (Post-partition) was Rs. 16.47 crores, i.e., an increase of Rs. 4.11 It is not possible to say how much of it was directly connected with crores. the process of Partition and temporary in character,-and how much represents a permanent or semi-permanent increase in the level of expenditure. As regards the provision for Capital expenditure, there is no basis even for making a rough comparison.

#### SCHEDULE OF AUTHORISED EXPENDITURE.

2. The grants for the period from the 15th August, 1947 to the 31st March, 1948 were authorised by His Excellency the Governor of West Bengal on the 17th February, 1948 in exercise of the power conferred on him by the proviso to sub-section (3) of Section 80 of the Government of India Act, 1935 (now defunct), as adapted under the India (Provisional Constitution) Order, 1947. The authorised schedule included thirtyfive grants aggregating Rs. 18,43,88,200 and a further sum of Rs. 62,47,000 to meet expenditure charged on the revenues of the Province.

The number and arrangement of the Demands were practically the same as before the Partition, except that no demand for Salt was presented as stated on page 5; and that a separate demand was necessitated corresponding to the new Major Head "63-B-Expenditure on Post-War Development Schemes" opened in the Provincial section of the accounts to accommodate the charges which used to be booked formerly under the respective Departmental Major Heads of Account.

### GENERAL RESULTS OF APPROPRIATION AUDIT.

3. The following statement compares the total grants and appropriations for the period under report with the total disbursements.

Particulars. 1		Charged. 2 Rs.	Authorised. 3 Rs.	Total. 4 Rs.
Authorised Expenditure—				
(a) Original Schedule		62,47,000	18,43,88,200	19,06,35,20 <b>0</b>
(b) Supplementary Schedule.		••		••
Net aggregate grant or appropriation		62,47,000	18,43,88,200	19,06,35,200
Aggrogate disbursements		56,95,322	13,72,53,442	14,29,48,764
Less (-) or more (+) than granted		5,51,678	-4,71,34,758	-4,76,86,436
Percentage of 4 to 2	•	8.8	25.6	25

+. Savings on Authorised Grants.- Savings occurred in 30 out of 35 authorised grants. A list of the more important instances is given below :--

	Number and name of Grant.	Original and final grant.	Expenditure.	] Savings.	Percentage of Savings
		2	3	4	5
2.	Land Revenue	17,20	14,78	2,42	14.1
<b>4</b> .	Stamps	3,47	2,54	93	26.8
8.	Other Taxes and Duties	6,73	5,83	90	13.3
10.	Irrigation	84,45	44,46	39,99	47.3
13.	General Administration-Debt Concilia-				
	tion	2,00	1,43	57	28.7
14.	Administration of Justice	39,89	32,87	7,02	17.6
15.	Jails and Convict Settlements	37,42	31,92	5,50	14.7
17	Ports and Pilotage	1,67	97	70	41.7
18.	Scientific Departments	39	20	19	48.2
19.	Charges on account of Education	1,09,58	91,04	18,54	16-9
20.	Mcdical	69,47	60,69	8,78	12.6
21.	Public Health	28,14	16,19	11,95	42.5
22.	Charges on account of Agriculture	1,10,08	59,45	50,63	46
24.	Charges on account of Co-operative				
	Credit	9,31	6,03	3,28	35.3
25.	Industries-Industries	59,40	48,46	10,94	18.4
26.	Industries-Fisheries	3,63	1,70	1,93	53.1
29.	Civil Works	1,00,95	73,05	27,90	27.6
30.	Famine	56,95	22,22	34,73	61
31.	Superannuation Allowances and Pen-				
	sions, etc	49,96	34,49	15,47	31
32.	Charges on account of Stationery and	01.14	18.05	B (0	10 -
	Printing	21,14	17,65	3,49	16.2
33.	Miscellaneous	86,31	72,51	13,80	16
34.	Extraordinary Charges	2,14,25	1,77,75	36,50	17
35.	Post-War Development Schemes	1,99,42	1,51.56	47,86	. 24
36.	Capital Outlay on Provincial Schemes of	1 45 41	9 66	1 41 59	07.0
•••	State Trading	1,45,41	3,88	1,41,53	97·3
38.	Loans and Advances bearing Interest .	34,58	15,89	18,69	54.1

The chief causes which contributed to the savings are mentioned below :-2. Land Revenue.--(i) Slow progress of works in the Khasmahals owing to unsettled condition and scarcity of labour, (ii) vacancies remaining unfilled in the Survey and Settlement Department and (iii) transfer of cost of land and structures for the Survey School to Grant No. 29.--Civil Works.

4. Stamps.-Decrease in the sale of stamps owing to general trade depression.

8. Other Taxes and Dutics.—Vacancies in the Sales Tax Establishment and smaller payment of collection charges for Entertainment Tax.

10. Irrigation.—Works not carried out according to programme, delay in land acquisition, non-availability of materials and delay in the payment of bills for supplies.

13. General Administration—Debt Conciliation—Unutilised provision for pay and allowances of surplus officers.

14.--Administration of Justice.-Over-estimation of expenditure for Civil and Sessions Courts.

15.--Jails and Convict Settlements.- Failure of contractors to supply full quantities of cloth, dietary articles, and raw materials for jail industries.

17.—Ports and Pilotage.--Non payment of certain bills for supplies within the year.

18.—Scientific Departmenis.—Provision for grant to the Royal Asiatic Society of Bengal for the Pre-partition period and non-adjustment of grant to the Indian Museum.

19.—Charges on account of Education.— Delay in giving full effect to the Free Primary Education Scheme. unnecessary provision for recurring grant to the Calcutta University, smaller requirements for grants to non-Government Primary Schools and fewer awards of scholarships.

20.—Medical.—Absorption of supernumerary staff in the permanent and temporary posts in hospitals, less grants to medical institutions and less contribution to the Bihar Government on account of the maintenance of the Indian Mental Hospital.

21.—Public Health.—Postponement of certain schemes in connection with water-supply, anti-malaria and other preventive measures and debits for certain supplies not being adjusted during the year.

22.—Charges on account of  $\Delta griculture$ .-Grow More Food Schemes not operated to the extent anticipated and certain posts remaining unfilled pending reorganisation of the Department.

24.—Charges on account of Co operative Credit.—Non-payment of subsidy to a bank and suspension of normal tours of certain officers employed on special work in connection with the Partition.

25.—Industries—industries.—Saving under Rehabilitation l'rogramme due to a large number of artisans not requiring aid ; as also non-implementation in full of certain schemes of industrial development. 26.—Industries—Fisheries.—Non-execution of certain schemes for procurement of fish.

29.—Civil Works.—Smaller outlay on development of Provincial roads and postponement of certain works.

30.-Famine.-Gradual closing down of relief institutions.

31.--Superannuation Allowances and Pensions, etc.--No close estimating was possible in the absence of adequate data due to the Partition.

32.— Charges on account of Stationery and Printing.—Non-receipt of full indented quota of stationery as also of certain printing machines and a van.

33.—Miscellaneous.—Expenditure below anticipations in connection with riots, Bihar refugees and Calcutta Housing Scheme.

34.—Extraordinary Charges.—Vacancies in the Calcutta Rationing Offices and in the Directorate of Transportation, saving in the provision for pay and allowances of optees from East Bengal, liabilities carried forward and less adjustment of losses on sale of subsidised food.

35.—Post-war Development Schemes.—Certain schemes were not finalised or sanctioned during the year and tenders for works were not accepted in some cases.

36.—Capital Outlay on Provincial Schemes of State Trading.—The procurement of rice was much below expectations.

38.—Loans and Advances bearing Interest.—Smaller damands of loans by cultivators for agricultural purposes and for purchase of cattle; delay in sance tioning loans for financing the purchase of yarn by the Industrial unions.

5. Savings on Charged Appropriations.—Savings also occurred in 5 out of 9 charged appropriations. The more important of these are detailed below:--

No. and name of Appropriation.	Original and final Appropria- tion.	Expenditure.	Saving.	Porcentage of Saving.
12.—General Administration—General Administration.	5,76	5,14	62	10.8
33.—Miscellaneous ·	16,48	12,23	4,25	25.8
9.—Interest on works for which capital accounts are kept	11,67	8,03	3,64	31-2

The following are the principal reasons for the savings under the respective appropriations :---

12.—General Administration—General Administration.—Less tours and less expenditure in connection with the Public Service Commission.

33.—Miscellaneous.—Payment of contributions to local bodies on account of "Adaptation" receipts in the districts affected by the Partition could not be estimated with accuracy.

9.—Interest on works for which Capital Accounts are kept.—Inclusion of interest for Pre-partition period in the budget.

6.—Excesses over Authorised Grants.—Expenditure was incurred either without or in excess of authorised grant in the following seven cases.

Number and name of Grant.	Original and final Expenditure. grant.		Excess.	Percentage of excess.	
1		2	3	4	5
		Rs.	Rs.	Rs.	
IExcess over the total of the whole auth grant-	horised				
1Taxes on Income other than Corpor Tax.	ration	1,27,000	1,30,665	3,665	2.9
5.—Forest		17,74,000	21,62,079	3,88,079	21.9
16Police		1,91,07,000	2,03,11,305	12,04,305	6.3
27Industries—Cinchona	•	14,92,000	15,24,980	32,980	2.3
Salt		Nil	3,037	3,037	
37.—Interest-free Advances		2,32,000	23 <b>,33</b> ,547	21,01,547	905-8
IIExpenditure on New Service-					
<ol> <li>33.—Miscellaneous—Sub-head K—Expo displaced persons.</li> </ol>	onditur	e on Nil	4,08,929	4,08,929	

The chief causes which contributed to the excesses are mentioned below :---

1.-Taxes on Income.--Pay and leave salary of surplus personnel.

5.-Forest.-Larger demand for timber and charcoal and purchase of launches.

16.—Police.—Increased clothing charges for staff, higher cost of commodities larger expenditure incurred in England and smaller recoveries from other Governments, Departments, etc.

27.—Industries—Cinchona.—Expenditure towards the close of the year.

Salt.--No demand was placed for authorisation as the amount involved was small.

37.—Interest-free Advances.—Advances of pay to officers transferred from East Bengal owing to the partition of the Province.

33.—Miscellaneous -K.—Expenditure on displaced persons.—See paragraph 2 of the review below Grant No. 33 on page 166.

7.—Excesses over Charged Appropriations.—Charged appropriations were exceeded in the following four cases.

No and name of appropriation.	Original and final appropriation.	Expenditure.	Excess.	Percentage of excess.
l	2	3	4	5
	Rs.	Rs.	Rs.	
20.—Medical	. 50,000	79,836	29,836	59.7
31.—Superannuation Allowances and Pensions etc.	, 29,000	) 51,966	22,966	79.2
7Charges on account of Motor Vehicles Acts	2,25,000	2,83,965	58.065	25.8
11Interest on Ordinary Debt	. ×,02,000	10,38,993	2,36,093	29.5

The main causes which led to the above excesses are mentioned below :---

20.-Medical.-Additional grant to a hospital late in the year.

31.—Superannuation Allowances and Pensions, etc.—No close estimate was possible in the absence of sufficient data due to the Partition.

7.--Charges on account of Motor Vehicles Acts.-Late decision regarding the appropriate share of the contribution to be adjusted in respect of the Post-partition period.

11.—Interest on Ordinary Debt.—Due to Partition, no accurate estimating was possible in respect of interest on General Provident Fund as well as on overdraft on the Bank.

#### GENERAL COMMENTS ON THE ACCURACY OF BUDGETING.

8.—Authorised Grants.—The budget estimates for the period under report provided for a total sum of Rs. 18,43.88 lakhs for authorised expenditure against which the actual expenditure was Rs. 13,72.53 lakhs resulting in a saving of Rs. 4,71.35 lakhs, *i.e.*, 25.6 per cent. of the grant. The high percentage of saving is mainly due to the fact that the dislocation and uncertainties caused by the Partition made close budgeting almost impossible.

The saving of Rs. 4,71.35 lakhs was composed of a saving of Rs. 5,08.68 lakhs under thirty heads and an excess of Rs. 37.33 lakhs under six heads. The savings and excesses have been explained in paragraphs 4 and 6 *ante*.

Charged Appropriations.—The budget estimate for charged expenditure was 62.47 lakhs against which the actual expenditure amounted to Rs. 56.95 lakhs resulting in a saving of Rs. 5.52 lakhs, which was 8.8 per cent. of the appro-

priation. It was composed of a saving of Rs. 9.00 lakhs under five heads and an excess of Rs. 3.48 lakhs under four heads. The savings and excesses have been explained in paragraphs 5 and 7 *ante*.

Out of 39 heads for which appropriation accounts have been prepared, thirtyone showed a variation of above 10 per cent., three between 5 and 10 per cent. four between 1 and 5 per cent. and one less than 1 per cent. The reasons for the more important variations have been explained in paragraphs 4 to 7 *ante*.

#### CONTROL OVER EXPENDITURE.

9. Important instances of defective control over expenditure noticed during the year are mentioned below :---

(1) Reappropriations obtained unnecessarily or in excess of requirements :---

Vacancies were not taken into account in calculating the final requirements.

(2) Injudicious reappropriations and surrenders causing excess over allotments :--

(i) Grant No. 5-Forest-

Sub-head						parag	raph	<b>2</b>	Rs.
of the Re	eview	ao v	page	27.	•		•		2,49,513

The reduction of Rs. 1,12,051 in the original provision was unjustified.

(b) Sub-head A VIII, page 25 and paragraph 3 of

The additional minus provision of Rs. 2,14,760 under this sub head for Prepartition recoveries was unjustified.

<ul> <li>(ii) Grant No. 8 Other Taxes and Duties—Subhead A-4 (1), page 29 and paragraph 2 of the Review on page 30</li> </ul>	16,299
The surrender of Rs. 30,000, was excessive.	
(iii) Grant No. 19-Charges on account of Educa- tion-Sub-head I, page 71 and paragraph 3 of the Review on page 77	4,75,428
The surrender of Rs. 10,54,810 was excessive.	
(iv) Grant No. 25-Industries-IndustriesSub-head A-5, page 107 and paragraph 2 of the Review on page 109	29,31,738
Surrender of the provision of Rs. 30 lakhs for the purchase of yarn was unjustified.	Japanese silk
(v) Grant No. 38-Loans and Advances bearing Intere	st—
(a) Sub head C, page 200 and paragraph 2 of t Review on page 202	he 2,000
(b) Sub head E, page 200 and paragraph 2 of the review on page 202	93,391

The surrenders of Rs. 1 lakh and Rs. 14 lakhs respectively under the two sub-heads were excessive.

(3) Cases of non-surrender of savings :--

(i) Grant No. 14-Administration of Justice.

The total saving of Rs. 6,32,622 mainly due to over-estimation under subheads H-1 to H-5, was not surrendered. See page 53 and paragraph 1 of the Review on page 54.

- (ii) Grant No. 18-Scientific Departments--Rs. 10,000 on account of Prepartition charges erroneously included in the budget was not surrendered. See sub-head A and the Review on page 67.
- (iii) Grant No. 19-Charges on account of Education-

The unnecessary provision of Rs. 5,25,000 for payment of grant to the Calcutta University was not surrendered through oversight. See sub-head A, page 68 and paragraph 2 of the Review on page 77.

(iv) Grant No. 21-Public Health-Sub-head C, page 89 and the Review on page 90.

The saving of Rs.2,87,147 which was due to postponement of certain antimalaria schemes and other causes was not surrendered.

(v) Grant No. 22-Charges on account of Agriculture-Sub-head D(2)-5, page 92 and paragraph 1 of the Review on page 94.

The saving of Rs. 24,88,103 was not surrendered.

(vi) Grant No. 25-Industries—Industries—Sub-head D, page 108 and paragraph 4 of the Review on page 109.

The saving of Rs. 4,96,234 was not surrendered.

(vii) Grant No. 28-Miscellaneous Departments-Sub-heads C and E, page 121 and paragraph 2 of the Review on page 122.

The savings of Rs. 8,880 and Rs. 2,563 respectively under the two sub-heads mainly due to erroneous inclusion of the provision for Pre-partition charges were not surrendered.

(4) Cases of unremedied or uncovered excesses-

(i) Grant	No14—Administration	of Justice-Sub-head	A-4,	Rs.
pag	e 52 and paragraph 2 of th	e Review on page 54		11,662

Provision was not made by Government although intimated by the controlling authority.

(ii) Grant No. 22-Charges on account	of Ag	gricult	ture—			
Sub-head H, page 93	•	•	•	•	•	1,14,640
Sub-head L-1 (i), page 93	•		•	•	•	4,94,513
Sub-head L-1 (ii), page 93			•	•	•	2,27,613
Sub-head L-1 (iii), page 93	•	•	•	•		13,078
(iii) Grant No29—Civil Works—S	ub-he	ad I	(iii)	page	128	
and paragraph 3 of the Review				•		6,60,482

The excess was not regularised by reappropriation from the saving of an equivalent amount under Sub-head I (ii).

(iv)	Grant No. 34-Extraordinary charges—	Rs.
------	-------------------------------------	-----

(a) Sub-head A-1 (a) (	i)— <i>Ded</i>	uct—	-Reco	overies,	page	
168 and paragra	iph 2	of	$\mathbf{the}$	Review	7 on	
page 173						25,100
(1) $G_{mh}$ has $d = 1 (a)$ (1)	i Dad		Deer	moning	<b>m</b>	

(b) Sub-head A-1 (a) (iii)—*Deduct*—Recoveries, page 168 and paragraph 2 of the Review on page 173 75,000

The excesses were not regularised by reappropriation from the savings under other sub-heads.

(c) Sub-head	A-1	(b) (ii),	page	168	and	para-	
graph 3 (	of the	Review c	on page	e 173			3,911

(v) Grant No. Nil-Salt—Sub-head B and the Review on page 180. See also paragraph 6 ante . . 3,037

(5) Defective Budgeting-

(i) Grant No. 3-Provincial Excise-Sub-head D and paragraph 2 of the Review on page 23.

Provision for charges relating to the Pre-partition period was included in the Post-partition budget.

(ii) Grant No. 25-Industries—Industries—Sub-head A--10, page 108 and paragraph 3 of the Review

Share of the charges in connection with the "Technical Training of Demobilised Personnel" payable to the Centre was neither included in the original budget, nor provided by reappropriation.

> (iii) Appropriation No. 9-Interest on works for which Capital Accounts are kept—*Charged*-Sub-head A, page 182.

Provision was made for 12 months of the year instead of for the Post-partition period of  $7\frac{1}{2}$  months only.

GENERAL CONCLUSIONS RELATING TO CONTROL OVER EXPENDITURE.

10. Out of the saving of Rs. 4,71.35 lakhs in the total authorised grant for the year (vide paragraph 8 ante), a sum of Rs. 2,62.97 lakhs was surrendered to the Finance Department by the various controlling officers, leaving an unadjusted balance of Rs. 2,08.38 lakhs which was 13.2 per cent. of the final modified appropriation.

In the charged section there was a saving of Rs. 5.52 lakhs over the final appropriation. A sum of Rs. 1.12 lakhs was surrendered to the Finance Department by the various controlling officers, leaving a saving of Rs. 4.40 lakhs which works up to 7.2 per cent. of the final modified appropriation.

Cases of defective control over expenditure have been noticed in the notes and in the reviews of the appropriation accounts concerned and in paragraph 9 ante. They show that there was room for improvement in control under some grants and sub-heads. But these cases represent a small percentage of the total financial transactions of the period under report. The results of the period as a whole do not seem to indicate any appreciable deterioration in the general standard of control, bearing in mind the abnormal situation created by Partition.

## FINANCIAL IRREGULARITIES, LOSSES, ETC.

11. Cases of losses and other irregularities which deserve to be brought to notice have been mentioned in the reviews of the grants concerned. The following table gives the references :---

#### OTHER TOPICS OF INTEREST.

12. Local audit and Inspection.—During the period under review the Outside Audit Department conducted inspection of the accounts of 3 treasuries, 12 Public Works Divisions, 13 Irrigation Divisions, as well as of small irrigation schemes in six districts carried out by the District Officers as Public Works Disbursers. It also conducted a local test-audit of the accounts of 195 offices of the Civil Department. As a result of the Partition of Bengal, the jurisdiction of the Outside Audit Department became reduced from 27 to 14 districts (including Calcutta) with effect from the 15th August, 1947. On the other hand, there was some increase of work due to—

- (1) the partial resumption of certain local audits which had remained suspended during war time;
- (2) more frequent inspection of Public Works and Irrigation Divisions necessitated by the undertaking of various schemes under the Post-War Reconstruction and Development Programme.

The inspections and local audits also comprised a test check of-

- (1) the receipts of Public Works and Irrigation Divisions, as well as of 170 Civil Offices visited;
- (2) the stock accounts of about 157 Civil Offices. At the instance of Government, a special audit was undertaken of the store and stock accounts of a certain hospital. The audit disclosed serious irregularities in the issue of stores and in the maintenance of Store Ledgers.

The general state of the initial accounts maintained by the Public Works and Irrigation Divisions was found to be on the whole satisfactory. Heavy arrears in certain portions of the accounts were, however, noticed in some of the Divisions.

The initial accounts maintained in the civil offices, other than those relating to the Grow More Food Schemes were found to be generally satisfactory. It was, however, noticed that in many cases the stock accounts had not been maintained properly, nor the stocks physically verified at regular intervals.

The initial accounts connected with Grow More Food Schemes were found to be in an unsatisfactory state.

Individual cases of important irregularities noticed in the course of local audit have been mentioned in the review under the relative grant.

13. State Trading.--Expenditure in respect of the following schemes was incurred in this province during the year 1947-48 (Post-partition) under the head "85-A.-Capital Outlay, use on Provincial Schemes of State Trading".

- (i) Grain Purchase Schemes-
  - (a) Purchase of foodgrains other than wheat.
  - (b) Purchase of wheat and wheat products.
  - (c) Supply of foodstuffs at concession rates to Government servants.
- (ii) Other Miscellaneous Schemes-Purchase of sugar.

(iii) Construction of boats.

227 AGWB (PD)

Grain Purchase Schemes.—The object of these schemes is to improve the food situation in the Province. Rice, paddy, wheat and wheat products, etc., are purchased in large quantities and kept in stock for sale to the public at controlled rates and to certain classes of Government servants at concessional rates.

Other Miscellaneous Schemes.—The scheme for the purchase of sugar continued during the year with the same object as originally designed, viz., to build up a reserve stock for the Province as a precaution against future shortage and to ensure proper distribution.

Construction of boats.—The object of the scheme was to replace the country boats lost during the previous years and to supplement the existing means of transport for movement of supplies of all kinds. The scheme was not in operation during the period under review. The expenditure incurred was on the establishment retained for the purpose of winding up the scheme.

Accounting procedure.---No change has taken place in the accounting procedure. As in the past, each scheme has been accounted for under the following sub-heads (with suitable modification where necessary), opened within the Capital Account : --

- (1) Cost of purchase or construction.
- (2) Advances.
- (3) Suspense (Personal Deposits).
- (4) Deduct-Receipts and recoveries on Capital Account.
  - (a) Repayment of advances.
  - (b) Recoveries from other Governments, Departments, etc.
  - (c) Other receipts.
- (5) Deduct Capital expenditure financed from ordinary revenues.

Where a scheme is worked without the aid of advances the expenditure is debited to head (1). Where advances are granted and personal ledger accounts opened for working the scheme, the advances are debited to head (2) by corresponding credit to head (3). The subsequent incomings and outgoings relating to the personal ledger account also appear under head (3). All recoveries including repayment of advances and ultimate profits, if any, are accounted for under head (4) and all losses under head (1). At the end of the year the losses are charged off to revenue against head (5).

The charges for establishment employed in connection with these schemes, except these connected with the schemes for construction of country boats, and the supply of foodstuffs at concessional rates to Goverment servants, are booked under the head "63—Extraordinary Charges—Miscellaneous—C ivil Supplies". The expenditure on the rest of the schemes is debited to the Capital head.

(2) The net expenditure on schemes (i), (ii) and (iii) as booked in the Capital account amounted to Rs. 58,60,609,-Rs. 51,78,161 and Rs. 5,902 respectively.

The minus figure under scheme (ii) was due to the total credit under head (4) mentioned above being in excess of the gross expenditure in connection with the scheme adjusted under head (1) during the period under report.

(3) During the period under review, a sum of Rs. 7,43,147 representing the approximate loss on sale of foodstuff to other Government servants at concession rates has at the instance of Government been adjusted provisionally under the head "63.—Extraordinary Charges—Miscellaneous—Loss on sale of subsidised food". As the profit and loss accounts could not be prepared by Government, the actual loss or gain remains undetermined.

Three provisional Profit and Loss Accounts in respect of the schemes (i)(a), (i) (b), and (ii) were received from Government; but on examination it was found that these accounts contained many mistakes requiring rectification. They were, therefore, returned to Government for having the defects removed. The accounts have not been received back duly completed for incorporation in the Appropriation Account of the relative Grant.

14. Secret Service Expenditure.—The accounts of expenditure treated under the orders of Government as on secret service are not subjected to scrutiny by audit authorities. Administrative officers furnish periodical certificates of disbursement to the audit office in a prescribed form. The expenditure incurred on this account during the period under report amounted to Rs. 78,992, which was met from Grants Nos. 3.—Provincial Excise and 16.—Police.

15. Pre-partition Objections.---Objections amounting to nearly Rs. 175 crores raised in audit against irregular expenditure incurred by different drawing officers, as well as 450 Inspection Reports were outstanding when the Province of Bengal was partitioned on the 14th August, 1947. By far the larger number of objections and the reports related to transactions of the Civil Supplies Department and to expenditure incurred on famine relief, rehabilitation and relief of victims of communal riots. The bulk of the objections was for—

- (i) non-submission of detailed accounts and vouchers ;
- (ii) non-submission of stock certificates ;
- (iii) want of sanction to rates of purchase price paid ;
- (iv) recovery or write off of losses ;
- (v) non-maintenance or defective maintenance of accounts of cash and stores.

The desirability of prescribing an adequate procedure for the settlement of these Pre-partition objections was brought to the notice of Government in the Finance Department with the suggestion that at least the more important cases of serious irregularities noticed in audit might be investigated and disciplinary action taken against those delinquents who might still be in service under the West Bengal Government. The decision communicated by Government was to the effect that except in those cases where there was prospect of effecting penal recoveries or of recoupment of losses in other ways, no further action need be taken on Pre-partition irregularities. Government also agreed to investigate selected cases of serious irregularities and to take necessary action on the result of such investigation. Details of some 20 such cases were accordingly furnished to the Government. Besides these, there are other cases which are being pursued individually by audit and which have been separately under the consideration of administrative authorities. The investigation into a number of cases reported to Government has been completed and the result communicated to audit. In some of the cases the points in the objections have been met either by supplying the omissions or by waiving the irregularities. In certain other cases Government have stated that no useful purpose would be served by pursuing the matters as it would be impossible for them at such a distance of time to fix the responsibility on any particular officer or officers for the losses or irregularities that had occurred. The objections that remained outstanding for want of sanctions to rates of purchase price paid have since been settled while those raised on the score of non-submission of stock certificates have been dropped on the recommendation of Government as it has been stated that the stocks had been purchased by the Government of undivided Bengal and no correct estimate of the stock lying in East Bengal could be obtained on the date of the Partition. The total amount of objections of important nature which still remains outstanding and is being pursued by audit comes to Rs. 77.5 crores approximately. The total number of Inspection Reports which have not yet been completely disposed of comes to nearly 375.

Division of the Assets and Liabilitics of Undivided Bengal between East 16. and West Bengal.-Section 9 (b) of the Indian Independence Act, 1947, empowered the Governor General to make such provision as appeared to him to be necessary or expedient for dividing between the new Provinces the property and liabilities of those Provinces which were to cease to exist on the setting up in India of two independent Dominions. Bengal being one such province, the Bengal Separation Council was accordingly constituted for the purpose under the India Independence (Partition Council) Order, 1947, dated the 12th August, 1947. It was laid down as the duty of the Partition Council to consider all questions relating to the division of the assets and liabilities of Undivided Bengal between the two new Provinces, and to attempt to reach an agreed decision on all such questions. In the event of their failure to reach an agreed decision on any such question, a reference was to be made to an Arbitral Tribunal set up in accordance with the Arpitral Tribunal Order, 1947, dated the 12th August, 1917. Altogether 17 references were made by the Bengal Separation Council to the Arbitral Tribunal. Agreements were reached between the two parties on certain points after the references had been made. The texts of the references, as well as the substance of any agreements reached, and the Awards made by the Arbitral Tribunal are given in the Appendix on page 203.

A committee set up by the Bengal Separation Council and known as the Application Committee, has been entrusted, along with other duties, with the task of implementing the Awards of the Arbitral Tribunal. Though substantial progress has been made towards the completion of the task, a good deal yet remains to be done before the implementation can fully and finally take place.

CALCUTTA : The 1st September, 1950.

K. C. CHAUDHURI,

Accountant General, West Bengal.

Countersigned.

Simla ;

V. NARAHARI RAO,

The 11th September, 1950.

## Comptroller and Auditor General of India.

## PART II.

Appropriation Accounts of sums expended during the period from the 15th August, 1947 to the 31st March, 1948, compared with the several sums specified in the schedules of authorised expenditure authenticated under Section 80 of the Government of India Act, 1935 (now defunct) as adapted under the India (Provisional Constitution) Order, 1947.

NOTE 1.—(a) Charged items in the Accounts are shown in italies.

(b) In the Accounts-

• O' stands for the original grant or appropriation.

"R' stands for such residual modifications in the grant or appropriation as may be sanctioned by a competent authority (*i.e.*, re-appropriations, withdrawals or surrenders).

(c) The tigures shown in the second column of the accounts against all sub-heads are the figures as they stand after all modifications including withdrawals or surrenders. But the tigures shown in the same column against "Totals" represent merely the totals of the original and supplementary grants or appropriations, unaffected by withdrawals or surrenders. In order to neutralise the effect of reductions made in the charged or authorised provision under different sub-heads on account of withdrawals or surrenders, a sub-head "Surrenders or withdrawals within grant or appropriation" is opened, where necessary, as the last sub-head in the accounts. To distinguish this sub-head from ordinary sub-heads, no letter is prefixed to it.

NOTE 2.—(a) Expenditure in England is provided for in the respective subject demands.

(b) The detailed Appropriation Accounts of expenditure incurred in England have been furnished by the Chief Accounting Officer to the High Commissioner for India. They have been included in the individual Appropriation Accounts of the Grants concerned.

(c) Expenditure incurred in England was converted into Indian Currency at the flat rate of exchange, viz., Rs. 13-5-4 to the pound at which rate also the estimates were framed. The figures shown against "Loss or gain by exchange" represent the difference between the average market rate of exchange and the flat rate.

(d) Details of the Budget grants for the period 15th August, 1947 to 31st March, 1948, were not advised to the H. C. until very late in the year, and also effect was not given to modifications then proposed by the H. C. in the light of the trend of actuals. Consequently large divergencies have arisen under certain heads between the actual expenditure as compared with the Budget grant.

(e) As regards the sub-heads "Loave salaries and Deputation Pay" and "Sterling Overseas Pay" details of the leave programmes were not generally furnished to the H. C. and the distribution of officers in payment as between West Bengal and East Bengal was not received here until 31st March, 1948. In the absence of leave programmes no further explanations have been given below of the variation between the grant and actual expenditure in respect of these heads.

NOTE 3.—The main object of the note under a sub-head is to explain divergencies—

- (1) between the grant or appropriation for the sub-head as originally authorised or sanctioned and its final figure as modified by supplementary provisions, surrenders and re-appropriations *i.e.*, to explain additions or modifications shown in column 1;
- (2) between the final figure in column 2 and the actual expenditure in column 3. the difference between which appears in column 4.

In the case of (1) no explanation is generally given (a) if the modification is less than Rs. 1,000 and (b) if it is for Rs. 1,000 or more, but is less than 15 per cent. of the original provision.

In the case of (2) explanations are not ordinarily given when the saving or excess is less than Rs. 2,000 or 10 per cent. of the final grant or appropriation, whichever is greater.

Irrespective of the above limits, explanations have, however, been given on any marked failures to adjust excesses or surrender savings.

The account above has been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947, read with Article 149 of the Constitution of India. Likewise, the accounts of transactions of the Government in the United Kingdom have been audited by the Auditor of Indian Accounts in the United Kingdom under my direction. I am assured that my officers have obtained all the information and explanations that they have required and according to the best of my information and on the basis of the certificate I have obtained from the Auditor of Indian Accounts in the United Kingdom I certify that the account above is correct, subject to the observations in the report.

#### REVIEW.

The saving of 14.1 per cent. in the grant was reduced to 5.2 per cent. of the modified appropriation.

2. A type-writer worth Rs. 740 was stolen from the office of a Land Acquisition Collector on 11th March, 1948. The case was reported to police, but the culprit could not be traced. Disciplinary action against the darwan at fault was taken and suitable measure adopted to prevent recurrence of similar events. The value of the machine has been written off under orders of the competent authority.

						R	EVIEW.				

The surrender of Rs. 90,799 reduced the saving of 6 per cent. of the grant to 1 per cent. of the modified appropriation.

2. Sub-head D.—Compensations.—The original budget included provision for the entire sums of Rs. 97,340 and Rs. 18,000 payable under the relative contracts as compensations to (i) the Bhutan Durbar and (ii) the French Administration at Chandernagore for the year ending on the 31st October, 1947 and the 31st December, 1947 respectively. There could be no doubt at any stage that the bulk of the sums so payable related to the Pre-partition period. In the circumstances the inclusion of the provision therefor in the original budget indicates defective budgeting.

REVIEW.

The savings were 26.8 per cent. of the grant and were contributed by subheads A. 2, B. 2 and B. 3.

2.--Sub-heads A. I. A. 2. A. 3 and B. 2. -Col. 4.—The Controlling officer stated that in the circumstances created by the Partition, the final position under these sub-heads could not be visualised in time.

REVIEW.

The expenditure exceeded the grant by 21.9 per cent. and the modified appropriation by 22.3 per cent.—the excess over the grant occurring mainly under the sub-heads A. I, A. II and A.V.

2. The reduction of Rs.1,12,051 in the provision under sub-head A.V was sanctioned as late as on the 15th March, 1948. The controlling officer stated that there was no time available at that stage to ascertain the actual commitments made in a forest circle for the emergent purchase of sleepers that led to the final excess under the same sub-head. The latter excess would thus have been set off in part, if no reduction were made in the original grant.

3. Sub-head A.VIII.--The controlling officer stated that the final excess under this sub-head was due mainly to an erroneous provision of Rs. 2,14,760 for Pre-partition recoveries which continued undetected till the close of the financial year. It has further been stated that this was a case of misunderstanding due to the complications caused by the Partition.

4. The proforma Accounts of the Siliguri Band Saw Mill for 1947-48 (Post-partition) could not be included in the Appendix as the same is still under revision in the local office owing to detection of certain inaccuracies in the stock records.

REVIEW.

The surrender of Rs. 84,590 converted the saving of 9.8 per cent. in the grant into an excess of 1.5 per cent. over the modified appropriation.

#### REVIEW.

There was a saving of 13.3 per cent. in the grant which was, however, brought down to 5.3 per cent. of the modified appropriation.

2. A saving of Rs. 30,000 under sub-head A. 4 (1)—col. 1—caused by vacant posts was surrendered; while there occurred a final excess of Rs. 16,299 under the same sub-head—col. 4—for the reasons stated thereunder. The excess could have been regularised by re-appropriation of the available saving from sub-head A. 4(2), as also by partial revocation of the surrender in col. 1 of the sub-head A. 4(1). This indicates that there was room for better control.

3. Sub-head A.3--A re-appropriation of Rs. 19,690 was sanctioned under the sub-head on the ground that the original grant was based on insufficient *data* requiring to be augmented, so as to cover the full cost of the sanctioned posts in certain cases. The final siving of Rs. 18,263 under the same sub-head, was however, caused by some posts remaining vacant throughout the year, and some for a considerable part thereof. The controlling officer stated that the vacancies in these cases were not known to him before the close of the year. The result was that the saving due to these vacant posts was not taken into account while augmenting the original grant under the sub-head; nor was the amount of the probable saving in the grant surrendered at any time before the close of the year. This indicates defective control. It has been explained that due to the general dislocation caused by the Partition, relevant papers were not available and that accordingly, it was not possible to exercise proper control over the provisions under the head.

## REVIEW.

As compared with the budget there was a saving of 59.1 per cent. of the gross grant which was reduced to 47.3 per cent. owing to non recovery from the Central Government on account of cost of certain schemes for which a total recovery of Rs. 24.18 lakhs was estimated. The surrender of funds to the extent of Rs. 26.30 lakhs, however, reduced the saving to 23.5 per cent.

2. The orginal deduct provision of Rs. 24,18,100 under the sub-heads B. 8, B.8-A., C.2-A, C.6-A, D.2-A, D.4-A, and D.9-(3) was partially reduced by Rs. 73,700 vide sub-heads C.2-A, C.6-A, D.2-A, and D.9-(3). Against a net deduct provision of Rs. 23,44,400, however, the actual recovery came to Rs. 10 only (vide sub-head D.2-A). The reasons for the non-recovery of the balance were not communicated by the Controlling Officer.

3. Establishment and tools and plant charges of the Irrigation Department-The charges for general establishment, ordinary tools and plant and expenditure in England, other than those incurred for the Mor Reservoir Project, were initially booked in the accounts under the Major Head "18.-Other Revenue Expenditure financed from Ordinary Revenues" and distributed after the close of the year to the different irrigation projects under the Major Heads "XVII-Irrigation, etc.deduct-Working Expenses", "18.-Other Revenue Expenditure, etc.," and "68.-Construction of Irrigation, etc., works" in proportion to the outlay on works under those heads. This allocation is technically called pro rata distribution. No provision is, however, made in the budget separately under the different major heads as the expenditure varies in proportion to the works outlay under the system of pro rata distribution and consequently no effective control is possible. On the recommendation of the Public Accounts Committee it was, therefore, decided by Government that the provision for these charges should not be distributed throughout the budget but exhibited separately as sub-heads. The provision for the charges in the budget was accordingly made as follows :---

Charges.	Major Head and Sub-head.				
Goneral Establishment	18.—Other Revenue Expenditure, etc., Sub-head D. 5 (2).				
Tools and Plant	Ditto D. 6.				
Charges in England	Ditto D. 8.				

Major Heads.				General Establish- ment.	Tools and Plant.	Charges in England.
1				2	3	4
				Rs.	Rs.	Rs.
XVIIIrrigation, etc

18Other Revenue Expenditure, etc.		•		9,43,357	1,74,534	12,402
68Construction of Irrigation etc., Works	•	•	•			
	То	otal		10,26,591	1 <b>,9</b> 8,630	13,842

The expenditure shown in the appropriation accounts under the above sub-heads was, however, actually distributed in the accounts under the different major heads as shown in the statement below :---

4. The gross establishment charges of the Department of Irrigation and Waterways during the period from the 15th August, 1947 to the 31st March, 1948 excluding those incurred on special establishment for River Research Institute, Mor Reservoir Froject, etc., amounted to Rs. 9.23 lakhs *i.e.*, 41.3 per cent. of the total works outlay of Rs. 22.34 lakhs. An aggregate sum of Rs. 10,239 was recovered during the year on account of establishment charges for works done on behalf of private bodies, etc. The net establishment charges amounted to Rs. 9.13 Jakhs and were 40.9 per cent. of the total works outlay.

### ANNEXURE A-contd.

### IMPORTANT COMMENTS.

Expenditure on works, maintenance and repairs appears under sub-heads A.8, A.9, B.1, B.2, C.2, C.4, C.6, C.12, D.1, D.2, D.3, D.4, D-9(1), D.12, G. 9 and I-1 of this grant. The figures of appropriation and expenditure for the period from the 15th August, 1947 to the 31st March, 1948 were as follows :---

In thousands of rupers

Original Appropriation	•	•	•	•	•		•	•	61,85
Modified Appropriation	•	•		•	•	•	•	•	44,40
Expenditure			•		•			•	29,67

The expenditure was less than the original and the modified appropriations by 32,18 and 14,73 respectively. The important factors which led to the savings in the original appropriation are analysed below :---

<ol> <li>Works in connection with the Mor Reservoir Scheme not being carried out according to the programme owing to delay in the selection of a site for construction of a barrage and non-availability of special machinery (vide sub- head I.1)</li> </ol>	10,65
(2) Postponement and slow progress of works due to non-availability of materials and other causes (vide sub-heads A.9, B.2, C.4, D.4 and items 3, 5, 12, 13 and 14 of the Annexure.)	8,58
(3) Unutilised provision for remodelling of and repairs to certain embankments subsidised by the Central Government (vide sub-head D. 4).	5,92
(4) Delay in land acquisition and in the adjustment of the cost of land (vide sub-head D.4 and items 4, 7 and 12 of the Annexuro).	4,38
(5) Survey works not being carried to the extent anticipated owing to death of technical staff and instruments (vide sub-head C.12 and D.12).	1,22

The saving in the modified appropriation was mainly due to the reasons stated in items (2) and (3) above.

No works estimated to cost Rs. 1 lakh or over were reported to have been completed during the period under review.

2. Moyurakshi Reservoir Project.—The project comprises (1) the upper part consisting of the dam at Messenjore and the reservoir area in Santhal Parganas in Bihar and (2) the lower part consisting of the barrage across the river "Mayurakshi" at Tilparaghat and main canals on the north and south banks of the river in the district of Birbhum.

The object of the scheme is to irrigate the district of Birbhum and western part of the district of Murshidabad and also to generate hydro-electric power at the dam site in the Province of Bihar.

The execution of the lower part falling within the Province of Bengal was taken up by the Provincial Government in the year 1945-46 at an estimated cost of Rs. 4,38 lakhs. This part of the scheme has been classified as productive and is treated as an item of Special Development Programme to be financed from loans sanctioned by the Central Government. The estimate for the entire scheme is reported to be now under preparation.

## ANNEXURE A—concld.

## IMPORTANT COMMENTS-concld.

After the partition of the Province the work is being executed by the West Bengal Government. The expenditure incurred on the project from the 15th August, 1947 to the 31st March, 1948 amounts to Rs. 7,75,643 and the total outlay to end of the year 1947-48 comes up to Rs. 30,23,856.

#### ANNEXURE B.

### Suspense.

The minor head "Suspense" accommodates *interim* transactions in respect of which further operations (generally of payment or adjustment of value) are necessary before the transactions can be considered complete and finally accounted for. The operations during the period from the 15th August, 1947 to the 31st March, 1948 under this minor head were under three detailed heads, *viz.*, (i) Purchases, (ii) Stock and (iii) Miscellaneous P. W. Advances. The transactions under each of these detailed heads are explained below :—

(i) Purchases--When materials are received from suppliers, from another division or department or for stock, their value is credited to "Purchases" so that, per contra the cost may be included at once in the accounts of the works or stock. When payment is made, the head "Purchases" is debited. The head "Purchases", therefore, shows a negative (credit) balance which represents the value of orders received but not paid for.

(ii) Stock—This head is charged with all expenditure connected with the acquisition of stock materials and with all manufacture operations. It is credited with the value of materials issued to works or sold or otherwise disposed of and the balance of the accounts represents the book values of the materials in stock *plus* the unadjusted charges, etc., connected with manufacture.

(iii) Miscellaneous P. W. Advances-These are of four kinds-

- (a) Sales on credit.
- (b) Expenditure incurred on deposit works in excess of deposits received.
- (c) Losses, retrenchments, errors, etc.
- (d) Other items.

Broadly speaking debits are made to this head for any sums which have eventually to be recovered. The balance under this head represents recoverable amounts.

The transactions under each unit of suspense during the period from the 15th August, 1947 to the 31st March, 1948 are exhibited below :---

Detailed units.	Opening Balance.	Debits.	Credits.	Net Actuals.	Closing balance.

ANNEXURE B--concld.

See sub-heads D.7 and I-4.

ANNEXURE C.

Store Accounts of the Department of Irrigation and Waterways for the period from the 15th August, 1947 to the 31st March, 1948.

Name of Division.		Opening balance,	Receipt during the year.	Disposal by utilisation or sale during the year.	Depreciation shortage, etc., written off during the year.	Closing ba'ance.
1		2	3	4	5	6
		Кя.	Rs.	Rs,	Rs.	Ks.
Canals Division		13,226	1,850	4,138		10,938
Special Repairs Division :	•	323			••	323
Cossye Division		••	20,187		••	20,187
Mor Construction I Division		1,21,466	25,303	2,429		1,44,345
Mor Construction III Division		24,087	931	2,520	••	22,548
Damodar Canals Division .	•	63,379	67,985	••		1,31,364
Total .	•	2,22,481	1,16,311	9,087	•••	3,29,705

The increase in the closing balance is mainly due to the transfer of materials from works to stock in the Damodar Canals Division and also less issues by two "Mor" Divisions than anticipated.

The transfer of materials from works to stock in the Damodar Canal Division has resulted in an excess of Rs. 6,364 over the sanctioned stock limit of Rs. 1,25,000. Sanction to the increase of the limit has been applied for.

The book balance of stock is reported to have been verified by the Divisional Officers concerned and found correct. The registers of stock are audited at local inspections and the results are noticed in the Inspection Reports.

The revaluation of stock is reported to have been made under the orders and supervision of the Divisional Officers concerned.

## REVIEW.

.

Savings under "charged" were 10.8 and 4.9 per cent. respectively of the authenticated and the modified appropriations. In the "authorised" section the saving of 2.9 per cent. of the grant was transformed into an excess of .6 per cent. of the modified appropriation.

### REVIEW.

Savings under "charged" were 6 per cent. of the original appropriation. The savings under "authorised" amounted to 17.6 per cent. of the grant and were mainly due to over-estimation under the group sub-head H.

2. Type-writers were purchased under Government sanction well within the year at a total cost of Rs. 11,662. Necessary provision, under sub-head A.-4 was not, however, made by Government despite intimations sent by the controlling authority.

Certified that the above figures represent a substantially true account of affairs and that they agree with the figures recorded in the departmental registers.

Certified also that the closing balance shown in the above accounts was not in excess of the requirements. The stores were verified by the Superintendents of the Jails concerned and the Travelling Auditor of the Prisons Directorate, West Bengal.

> CALCUTTA ; The 8th December, 1949.

P. K. Biswas, Inspector General of Prisons, West Bengal.

> Bhabesh Chandra Guha, Assistant.

## AUDIT CERTIFICATE.

The Store Accounts of the Manufactory Department of the Central Jail, Alipore, for the period from 15th August 1947 to 31st December 1947 were locally test-audited under my supervision with reference to the local records and I certify that subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA ; The 10th December 1949. M. K. Sanyal, Examiner, Outside Audit, West Bengal.

## AUDIT COMMENTS.

In the Central Jail, Alipore, the cost of convict labour in manufacture during the period from 15th August, 1947 to 31st December 1947 increased as compared with the cost for the corresponding period in the year 1946 but the value of raw materials issued to manufacture during the period stated above decreased as compared with the value of raw materials issued during the corresponding period of 1946. The reason for the increase of the cost is due to larger labour units being employed as well as to the labour rate being raised by the Inspector General of Prisons to -/12/- per day for unskilled labour and Re. 1 per day for skilled labour against a uniform rate of -/8/- per day previously in force. The labour employed was nearly double as compared with the labour employed in 1946 but the raw materials used as well as the outturn was more or less the same. It would, therefore, appear that the yield of manufactured goods was not adequate to the labour employed. The closing balance of finished goods, however, increased as compared with the closing balance of the previous year, which shows a fall in the sale of manufactured goods.

### AUDIT CERTIFICATE.

The Profit and Loss Accounts of the Manufactory Department of the Central Jail, Alipore, for the period from 15th August 1917 to 31st December 1947 were locally test-audited under my supervision with reference to the local records and I certify that subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA; The 10th December 1949. M. K. SANYAL, Examiner, Outside Audit, West Bengal.

### AUDIT COMMENTS.

In the *Pro forma* Profit and Loss Accounts of the Manufactory Department of the Central Jail Alipore, for the period from 15th August 1917 to 31st December 1947 a loss to the extent of Rs. 2,810 was shown to have been sustained whereas during the same period of 1946 the working of the Manufactory Department was leading to a profit as shown by the final profit of Rs. 532 earned at the end of 1946. The loss was attributed by the Department to the following defect in accounting.

In accordance with the directions of the Inspector General of Prisons issued during 1947 the wages of prison labour were to be taken at As. 12 per day for unskilled labour and Re.1 per day for skilled labour. There are, however, three kinds of convict labour viz., Hard, Medium and Light, and the outturn of work is also different for these types of labour for which three different rates ought to be preseribed instead of two as was done. Besides most of the labour consists of new hands detailed for a particular industry and the training period ought to count as a negative charge in view of the materials wasted by the convicts under training. Moreover in costing the manufactured articles, the labour charge is calculated on the labour actually employed according to Task Schedule which may be greatly in excess of the minimum quantity necessary for the particular operations, thereby inflating the calculated cost of the manufactured goods.

There seems to be justification for the above view, as 18,250 labour units at As .8 amounting to Rs. 9,125 only were employed during 1946, whereas 2.248 units of skilled labour at Re. 1 and 22.185 units of unskilled labour at As. 12 and prior to the issue of these revised rates 9.561 units labour at the flat rate of As. 8, in all 33.994 units of labour costing Rs. 23,667-4 were employed during the year 1947.

#### REVIEW.

Savings were 16.9 per cent. of the grant and 7.4 per cent. of the final modified appropriation. The bulk of the savings in the grant was contributed by Sub-heads A.G.-3, I. K-1 and N, while Sub-heads A., G-3, and N, mainly contributed to the saving in the final modified appropriation.

2. The provision under Sub-head A includes Rs. 5,25,000 on account of recurring grant to the Calcutta University which had already been drawn before the Partition of the province. The saving was not surrendered through over sight on the part of the Controlling authority. The final saving under Sub-head N also indicates failure to surrender unwanted funds.

3. The excess under Sub-head I was due to excessive surrenders and indicates that there was room for better control.

4. Fund for Promotion of Education amongst Educationally Backward Classes.—The fund was created by the Government of West Bengal in 1947-48 for the purpose of providing special educational facilities to members of the Scheduled Castes as well as to other Educationally Backward Classes including Muslims. The opening balance represents the West Bengal Government's share of the balance at credit of the Scheduled Caste's Education Fund which operated till the 14th August, 1947 and was merged in this newly created fund. The receipt side represents the amount of contribution paid by Government and debited to Sub-head P. The expenditure incurred for the purpose is booked under Sub-head Q and at the end of the year an equivalent amount is debited to the fund by reduction of expenditure under Sub-head R. The transactions of the fund during the period from the 15th August, 1947 to the 31st March, 1948 are shown below :—

STORE ACCOUNTS. Store Accounts of the Bengal Engineering College for the period from the 15th August, 1947 to the 31st March, 1948.

# Certificate and remarks by the Head of the Department.

Certified that the figures represent a substantially true account of affairs and they agree with the figures recorded in the departmental registers and that the closing balance of the stock was not in excess of requirements.

The stock was not verified during the year 1917-48.

SHIBPORE ;	- )		A. K. DAS,
	Ş	P. N. DUTTA,	Principal,
The 6th October, 1948.	J	Accountant.	Bengal Engineering College.

# \_\_\_\_\_Audit Certificate.

to the 31st March, 1948, were function from test-audited under my supervision with reference to local records. Subject to audit comments I certify that the accounts are correct according to the best of my information and in considerations of the explanations given to me.

> CALCUTTA ; The 3rd December, 1948

M. K. SANYAL,

1,....)

Examiner, Outside Audit, West Bengal.

### AUDIT COMMENT.

The stock was not physically verified. The balances, therefore, represent unverified stock.

The balances under the heads "Timber" and "Miscellaneous" are heavy. purchases should have been confined to requirements.

# Grant No. 20.—Medical. See also the Audit Report.

### REVIEW.

The charged expenditure exceeded the appropriation by 59.7 per cent. (vide sub-head B.-6).

Savings in the Authorised Section were 12.6 per cent. of the grant and were mainly contributed by sub-heads A.-2, A.-3, B.-5, C. and E.-6, partly off-set by excess expenditure under sub-heads B.-6, D.-7 and H.-2.

#### REVIEW-contd.

2. In a number of Auxiliary Government Hospitals, cash books were not properly maintained nor were the cash balances verified as required under the rules. In a particular district out of 9 hospitals the accounts of which were checked locally cash book was found not to have been maintained at all by one hospital. In another district out of 20 hospitals as many as seventeen had maintained no cash books from the date of their inception. Cash books were, however, opened by them subsequently months after they had begun to operate, the delay in one case amounting to as much as two years.

The above state of affairs was also detected at the Directorate. It is stated that in order to effect improvement, a set of rules have been framed and will be issued soon.

3. A medical store had been formed mainly out of the medicine and equipment worth over Rs. 37,00,000 received by the Government of India out of the surplus stores of 3 U. S. Army Hospitals. It was subsequently handed over to the Government of Bengal, and ultimately passed on to the Government of West Bengal after the Partition. The price of medicine and equipment of two hospitals out of the three has already been paid. The stores in respect of the third Hospital were placed in charge of the Government of West Bengal who have since taken over a portion of it.

Local audit of the accounts of this medical store revealed the following irregularities :--

- (a) Authorised inventory in respect of the stores received from one of the U.S. Army Hospitals was not forthcoming.
- (b) Receipt of stores was not checked with the articles shown in the inventories.
- (c) The entries in the ledgers in many cases did not agree with those shown in the inventories.
- (d) In many cases issues of stores recorded in stock ledgers were found to exceed the stock in hand arrived at in the ledger on the date on which the issues had been made, which goes to show that the book balances as recorded were incorrect.
- (e) In certain cases issues were made without obtaining formal requisitions and also without obtaining orders of the Officer-in-Charge authorising the issues; issues in many cases were also not supported by acknowledgments of the recipients.
- (f) Physical verification of stock was not made with a view to determine whether the actual stock in hand agreed with the book balances; neither was any action taken to survey, segregate and consider the disposal of unserviceable, surplus and obsolete stores.

It has been stated that the process of reconciliation of the discrepancies mentioned in (b), (c) and (d) above will take time. As regards the irregularities mentioned in (e) and (f) above it has been stated that the procedure of issuing articles without proper requisition has since been stopped and steps have also been taken for categorising the articles in hand as serviceable, unserviceable or obsolete as the case may be.

Consolidated Store Account of the Principal State Hospitals in West Bengal for the period from 15th August 1947 to 31st March 1948.

Certified that the figures represent a substantially true account of affairs and that they agree with the figures recorded in the Departmental register. The closing balance of the stock was not in excess of requirements and the stock was verified by Departmental Officers.

CALCUTTA ; *Sth November*, 1949.

S. R. DAS, Assistant Accountant. K. S. MITRA, Deputy Director of Health Services, (Accounts & Audit), West Bengal.

### AUDIT CERTIFICATE.

The store accounts of the Sambhu Nath Pandit Hospital and Presidency General Hospital for the year 1947-48 were test-audited under my supervision, with reference to the local records.

Subject to the audit comments I certify that the accounts are correct according to the best of my information, and on consideration of the explanations given to me.

CALCUITTA ; The 25th November, 1949. M. K. SANYAL, Examiner, Outside Audit, West Bengal.

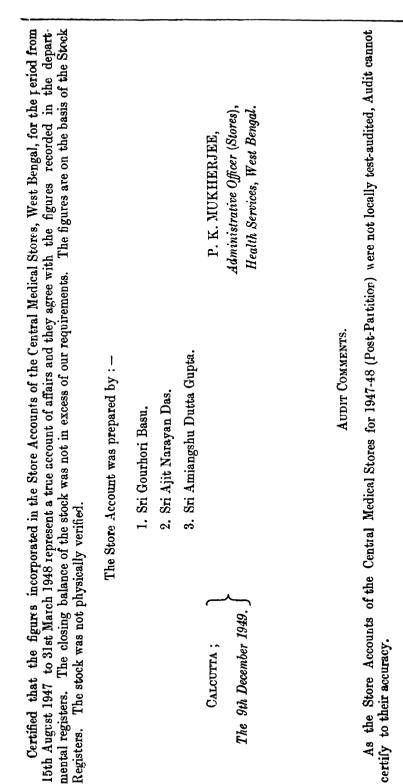

### AUDIT COMMENTS.

In Sambhu Nath Pandit Hospital a numerical account of stores without value was maintained. The value of new purchases was taken from the contingent Register and those received from the Central Medical Stores, Lower Circular Road, from the relevant vouchers. The value of the closing balance was worked out from the rates at which the stores were received from the suppliers during the year while that of the issue was determined by deducting the value of the closing balance from that of the total receipts including opening balance. The closing balance, however, does not include the stores lying in stock in the various departments as the same was not worked out in the Departmental stock registers.

In Presidency General Hospital the amount shown as "Depreciation, loss, shortage, etc., written off" under the head "Instruments and appliances" in the store accounts for the period from 15th August 1947 to 31st March 1948 is higher than the corresponding figures shown in the store accounts for 1946-47 and also in the store accounts for the period from 1st April 1947 to 14th August 1947. The increase was due to the write off by the Government of West Bengal of the values of two Victor's X-ray tubes worth Rs. 2,050 and Rs. 1,330 purchased on 5th January 1942 and 26th February 1946 respectively, the former having got punctured through fair wear and tear and the latter having been accidentally broken.

# REVIEW.

Savings in the original grant and the modified appropriation were 46 and 38.1 per cent. respectively, mainly contributed by sub-head D.(2)-5.

2. Sub-head M includes capital expenditure on the following development schemes: -

Names of schemes.	Expenditure	Purpose.
	Rs.	
<ol> <li>Multiplication of quality potato seeds at Rungbu Farm in Darjeeling and in the plains.</li> </ol>	ili 80 <b>,510</b>	To solve the present un- satisfactory position regard- ing the short supply of potato seeds.
2. Establishment of six seed multiplication farms	. 1,486	To raise improved types of seeds for supply to growers.
Establishment of a jute seed multiplication farm	. 19,041	To provide the cultiva- tors with the improved type of jute seed suitable for West Bengal.
- Total	. 1,00,037	

#### REVIEW-contd.

3. The seeds, manures, implements, etc., purchased in connection with the schemes under the Grow More Food Campaign are stored in the departmental stores pending their distribution to the different seed stores lying scattered throughout the province.

A local audit of the accounts of the seed stores lying in two districts disclosed that physical verification of stock had not been done at any time.

4. In one district certain vegetable seeds purchased in 1946-47 in connection with Grow More Food Schemes could not be utilised during that year as the supplies were reported to have been received after the sowing season had been over. The seeds were not also utilised in the following year (1947-48) on the ground that the use of the old seeds would have defeated the very purpose for which the seeds were intended as they had lost their viability. The transaction accordingly resulted in a loss of over Rs. 600 which remains to be written off by Government.

5. In September 1947, Government issued orders that the sale of ammonium sulphate at concessional rate should be restricted to small cultivators holding not more than 2½ acres of land. In a subsequent order issued in October, 1917 the concession was extended to persons holding land not more than 5 acres each. The local audit of the accounts of a district, however, disclosed that in contravention of these orders ammonium sulphate had been sold at the concessional rate to big cultivators possessing land in excess of the maximum limits prescribed by Government. This resulted in a loss of Rs. 8,933. The matter having been brought to the notice of Government they stated that the irregularity crept in due to wrong interpretation by the Field staff of the orders issued by Government and by the Director of Agriculture in connection with the distribution of ammonium sulphate.

6. The expenditure shown under sub-head D includes a sum of Rs. 25,72,498 spent on the schemes in connection with the Grow More Food campaign involving mainly the purchase and distribution of seeds of various kinds of food crops and manures, etc., for increasing the food production of the province. The following table gives the detailed account of each scheme :---

Detailed account of schemes under Grow More Food Campaign during 1947-1948 (15th August 1947 to 31st March 1948).	More Foc	d Campaig	n during 194	t <i>ĭ-19</i> 48 (1	Jth August 1947 to 31st March 1948).

#### REVIEW --- contd.

7. About 16,359 mds. of groundnut cake were purchased at the approximate cost of Rs. 9-8-0 per md. between August and November 1947 to be sold to *bona-fide* cultivators under the Grow More Food Schemes. Out of this quantity 6,785 mds. were sold to a merchant at a reduced rate of Rs. 7-8-0 per md. which resulted in a loss of Rs. 13,570. It was stated that the demand for groundnut cake being very poor, there was a huge accumulation of stock, which began to deteriorate. The stock was therefore disposed of at a reduced rate as this was considered to be in the best interests of Government under the circumstances.

8. Deposit Account of the Grant made by the Indian Council of Agricultural *Research.*—The grants received from the Council towards the cost of research schemes undertaken at their instance are credited to this deposit account. Part of the expenditure incurred on the schemes is booked under sub-head E of this Grant and part under sub-heads D. (Gross) and A.-6 of Grants Nos. 23 and 26 respectively. At the end of the year an amount equivalent to the share of expenditure to be met from the grants made by the Council is debited to this deposit account by corresponding credit to the revenue heads, viz., XXIX.—Agriculture, XXX.—Veterinary and XXXII.—Industries.

An account of the transactions during the year 1947-48 (Post-partition) is given below :---

9. Deposit Account of the Grant made by the Indian Central Jute Committee.— This deposit account is intended for recording transactions relating to the grant made by the Committee for the conduct of experimental work on the census of jute crop in West Bengal. The procedure for accounting of these grants is similar to that adopted for the grants received from the Indian Council of Agricultural Research, vide paragraph 8 above. The expenditure on the scheme is booked partly under sub-head E of this Grant and partly under sub-head O.—1 of Grant No. 19—Charges on account of Education. An amount equivalent to the expenditure is credited at the end of the year partly to the head XXIX.—Agriculture and partly to XXVI.—Education.

## AUDIT CERTIFICATE

The store accounts under Grow More Food Schemes of the Director of Agriculture, West Bengal, for the period from 15th August 1947 to 31st March 1948 comprise accounts of three Ranges of which the accounts of one Range, viz., Eastern Range, were test-audited under my supervision. Subject to the audit comments I certify that the accounts are correct according to the best of my information and in consideration of the explanations given to me subject to the remarks contained in the audit comments.

CALCUTTA The 17th January, 1950

T. V. SUBRAHMANYAN Assistant Accounts Officer, West Bengal.

# AUDIT COMMENJS

Test-audit of the store accounts of the Eastern Range disclosed the following irregularities :---

- (1) No effective control over the receipts in the seed stores was exercised for want of receipts of invoices or challans in the Sub-divisional Agricultural offices.
- (2) Receipts were accounted for in the stock ledgers of seed stores on the basis of 10 per cent. weighment of bags and did not represent the actual quantities received.
- (3) The value of stores lost in transit amounting to Rs. 10,469 approximately in respect of consignments despatched by railway under conditional railway receipts could not be recovered from the railway authorities. The amount still remains to be written off by Government.
- (4) The closing balances of stock were heavy and the value thereof aggregated Rs. 3,05,726 approximately. This was attributed to --
  - (a) the receipt of seeds and manures in the seed stores after the expiry of the sowing season and in some cases of inferior quality.
  - (b) the receipt of iron and steel implements much in excess of requirements and in some cases of unpopular sizes.
  - (c) purchases of stock (groundnut cake) and supply of chemical manures (such as ammonium sulphate) much in excess of requirements.
- (5) No physical verification of stock was undertaken in any of the stores rendering it difficult to ascertain whether the balances shown in the accounts on 31st March 1948 were actually there.

## Grant No. 24.—Charges on account of Co-operative Credit. See also the Audit Report.

## REVIEW.

Savings in the grant and the modified appropriation were 35.3 and 8.3 per scent. respectively. The savings in the grant were chiefly contributed by subheads A.-3 and B.

### REVIE w-conc'd.

2. Deposit Account of Grants from the Central Government for the Development of Handloom Industries.—These grants are received from the Central Government for the development of handloom industries in West Bengal and are credited to this deposit account. The expenditure incurred on the scheme is booked under sub-head C.-2 of this grant. At the end of the year an amount equivalent to the expenditure on the scheme booked under the above sub-head is debited to this deposit account by corresponding credit to the revenue head, viz., XXXI.—Cooperation.

An account of the transactions during the year 1947-48 (Post-partition) is given below :---

												408,
Opening balance	•	•		•	•		•		•	•	•	1,35,150
Receipts .	•	•	•	•	÷	•	•	•	•	•	•	••
Expenditure .		•		•	•	•	•	•	•	•	•	26,323
Closing balance	•	•	•	•	•	•	•	•	•	•	•	1,08,827

3. Accounts and Review of Land Mortgage Banks.—For providing long term credits to agriculturists, nine Land Mortgage Banks were established between 1933-34 and 1941-42, Government paying to each of them the entire cost of management for the first account year (July to June) and a subsidy equal to the excess of their management cost over the gross profit, for each subsequent account year, till they become self-supporting. Out of the 9 Banks mentioned above only two, viz,, the Land Mortgage Banks, Birbhum and Burdwan are situated in West Bengal.

The total amount paid by Government to each of the Banks in West Bengal up to the 30th June 1948 is as shown below :---

Name of Bank	L8.			Year when established.	Tota	l amount paid.
	•					Rs.
1. Birbhum	•	•	•	1934-35		15,107
2. Burdwan	•	•	•	39	•	15,944
				Tota		31,051

The subjoined statement, compiled from the audited accounts of these Banks, furnished by the Registrar of Co-operative Societies, West Bengal, shows their general revenue position for the year ending the 30th June 1948 and their financial relation with the Provincial Government. It will be observed from item 5 of the statement that during the period under report they have worked at a small profit, in view of which the question of Government subsidy did not arise. The amounts recoverable from them on account of the drawal of advances from Government are shown against item 8 of the statement. These amounts have since been recovered.

It has been stated in the review of the working of the Banks made by the Registrar of Co-operative Societies, West Bengal that small profits are due to insufficient investments, as the West Bengal Provincial Co-operative Bank, Ltd. could not advance sufficient financial aid as a result of the Partition.

### REVIEW.

The saving was 18.4 per cent. of the original grant and occurred mainly under the Sub-heads D and F. But the surrender of Rs. 29,72,500 erroneously made from the grant under the Sub-head A-5 led to an excess of 132.1 per cent. over the modified appropriation.

2. The original grant under Sub-head A-5 included a provision of about Rs. 30 lakhs for the purchase of Japanese silk yarn through a clearing agent in Bombay. The yarn was actually delivered to the agent in Bombay within the year. Due to difficulty in securing priority of transport, it was thought that the goods would not be received in Calcutta within the year. Acting under a wrong surmise that debit could not be raised in the year's accounts unless the goods reached Calcutta before the end of the year, the entire provision was surrendered. This shows defective financial administration.

3. Under a standing arrangement between the Central and the Provincial Government, the latter is to bear 40% of the charges incurred by the Centre in connection with the "Technical Training of Demobilised Services Personnel". A sum of Rs. 2,06,538 was accordingly adjusted under the Sub-head "A-10" as the Provincial Government's share of the total, expenditure. No provision for the same had, however, been made in the State Budget nor any funds obtained by reappropriation. This shows defective budgeting and control.

4. Regarding the final saving under Sub-head "D" the controlling officer stated that the same could not be surrendered before the close of the year, in the absence of timely report from the local officers. This indicates defective control.

5. Sub-head "F" includes capital expenditure on the following development schemes :---

(1)	(2)	(3)
Name of the Scheme.	Exponditure.	Purpose of the Scheme.
	Rs.	
(1) Exploitation of Coastal and Estuarine Fisheries and provision of Fishing Fleet.		Development of fore-shore, off-shore and estuarine fisheries by providing a fishing fleet and arranging for transport of fish.
(2) North Calcutta Rural Elec trification Scheme.	. 1,64,202	Extension of the supply of electrical energy to rural areas and thereby helping in the building up of industrial concerns.
(3) Diesel Electric Pool .	. 169	Provision of the reserve diesel alternators for the supply of energy where required in areas not yet served by electricity.
(4) Organisation of Silk Reelers Co-operatives.	s' 1,97,158	Development of the silk reeling industry by organis- ing the reelers on a co-operative basis.
(5) Industrial Centres .	. 28,834	Co-ordinating individual artisans and developing village industries on progressive lines.

## REVIEW.

There was a saving of 53.1 per cent. in the original grant, mainly under the Sub-heads A-2 and A-4. After surrender of Rs. 1,92,244 the saving became triffing.

## REVIEW.

There was a final excess of 2.2 per cent. over the grant chiefly contributed by sub-head E.

2. Order: reappropriating the final savings from the sub-heads C-2 and C-3 to other heads being issued after the close of the year, were inadmissible under the rules. The lack of timely action in the matter indicates defective control.

Stock of quinine sulphate (crude and bark) not verified ; other stocks were verified by me.

MUNGPOO; The 14th September, 1948. R. B. LAMA, M. SEN, Accountant. Quinologist to the Government of West Bengal.

### Certificate and remarks of the Head of the Department.

It is certified that the figures in the store accounts represent a substantially true account of affairs and they agree with the figures recorded in the departmental register. The closing balance was not in excess of requirements.

### AUDIT CERTIFICATE.

The store accounts of the Government Quinine Factory, Mungpoo, for the period from the 15th August 1947 to the 31st March 1948 were test-audited under my supervision. Subject to the audit comments I certify that the accounts are correct according to the best of my information and in consideration of the explanations given to me. The bark and quinine products have been valued at rates fixed by the Department as usual.

Calcutta;	M. K. SANYAL,
<b>**</b>	Examiner, Outside Audit,
The 8th November, 1948. 🕽	West Bengal.

AUDIT COMMENTS.

During the period from the 1st April 1947 to the 14th August 1947, 628,332 lbs. of cinchona bark were issued and the outturns of "Quinine sulphate, purified" and "Cinchona febrifuge and other mixed alkaloids" were 29,238 lbs. and 30,670 lbs., respectively. During the period from the 15th August 1947 to the 31st March 1948, 1,153,338 lbs. of bark were issued and the outturn of "Quinine sulphate, purified" was 39,567 lbs. and that of "Cinchona febrifuge and other mixed alkaloids" 27,529 lbs. In comparison with the outturn from the 1st April 1947 to the 14th August 1947, the outturn of "Quinine sulphate, purified" from the 15th August 1947 to the 31st March 1948 should have been about 53,668 lbs. and that of "Cinchona febrifuge and other mixed alkaloids" about 56,296 lbs. The outturn in the former case was, therefore, about 14,101 lbs. (value about Rs. 2,96,000) less and that in the latter case about 28,767 lbs. (value about Rs. 3,74,000) less.

Certificate and remarks of the Head of the Department.

Certified that the figures in the store accounts represent a substantially true account of affairs and they agree with the figures recorded in the departmental register. The closing balance was not in excess of requirements.

CALCUTTA; The 6th January 1949. S. C. SEN, Director, Cinchona, West Bengal.

## AUDIT CERTIFICATE.

The store accounts of the Government Quinine Sale Depot, Calcutta, for the period from the 15th August 1947 to the 31st March 1948 were test-audited under my supervision and I certify that the accounts are correct according to the best of my information and in consideration of the cxplanations given to me.

CALCUTTA ; The 7th March, 1949. M. K. SANYAL, Examiner, Outside Audit, West Bengal.

### REVIEW.

Saving in the grant was '7 per cent.

2. The final saving of Rs. 8,880 under Sub-head C includes an erroneous provision of Rs. 4,276 for Pre-partition charges which was not surrendered. The final saving of Rs. 2,563 under Sub-head E was due to the non-surrender of the provision of an equivalent amount for grants drawn prior to the Partition.

### REVIEW.

Charged savings were about 6.6 and 1.6 per cent. of the original and the modified appropriations respectively.

Savings in the Authorised Section were 27.6 and 10.9 per cent. of the original grant and the final appropriation.

2. The gross establishment charges of the Works and Buildings Department during the year 1947-43 (from 15-8-47 to 31-3-48) amounted to Rs. 12.90 lakks against the total works outlay of Rs. 42.68 lakks, *i.e.*, 30.22 per cent. A sum of Rs. 0.69 lakh was recovered during the period on account of establishment charges for works done on behalf of private bodies and other Departments and Governments. The net establishment charges stood at Rs. 12.21 lakks which were 28.6 per cent. of the total works outlay.

3. The final saving of Rs. 6,60,482 under the Sub-head "I(ii).—Construction and Improvement of National Highways", corresponding to the final excess under the Sub-head "I(iii).—*Deduct*—Recovery from the Central Government for National Highways", was mainly due to non-utilisation of the provision for certain works (items 84, 85 and 87 of Annexure A) which could not be taken up during the year according to the original programme (Rs. 6,99,992), partly set off by the excess expenditure of Rs. 47,780 on the work in item 86 *ibid*. The savings and excesses were reported to the Central Government by the controlling authority before the close of the year. In the Provincial budget, however, the grants were not duly modified leaving unadjusted savings and excesses under the aforesaid sub-heads. This indicates defective control.

4. The bulk of the expenditure from the proceeds of the tax imposed by the Bengal Motor Vehicles Tax Act, 1932 appears under sub-head F.

A duly verified *pro forma* account of the Bengal Motor Vehicles Tax Fund for the period from 15-8-47 to 31-3-48 is given below :---

	R«,
l. Opening balance on the 13th August 1947	27,91,572

5. Subventions from the Central Road Fund.—The proceeds of extra duty levied on motor spirit for purposes of road development, exclusive of the part attributable to motor spirit used for the purpose of civil aviation, are credited as

### REVIEw-contd.

block grant to the Central Road Fund, 15 per cent. of the block grant being retained as a Central Reserve. Out of the balance allocations are made for expenditure —

- (a) in each Governor's province ;
- (b) elsewhere in the Indian Dominion; and
- (c) in Indian States and Administered Areas,

in the proportion of the consumption of motor spirit in each area to the total consumption. Under a resolution of the Central Legislature in 1937 the portions allocated for expenditure in Governor's provinces are retained by the Central' Government. Allotments are made therefrom at 90 per cent. of the estimated expenditure to be incurred in each quarter. The amounts allotted may, subject to the previous approval of the Central Government to each proposal made, be expended on the construction, the reconstruction or the maintenance of roads and bridges belonging to Provincial Governments and local bodies. In addition, special grants from the Reserve are also made by the Central Government for expenditure on such schemes as may be approved by them.

The amounts allotted to the Provinces are credited in the Provincial books to the Deposit head "Subvention from the Central Road Fund". The actual expenditure incurred each month on projects falling within the programme is debited to "50.—Civil Works—Provincial" under the Minor Head "Communications", "Grants-in-aid" or "Establishment" as the case may be. At the same time, an equivalent amount is transferred month by month to the deposit head by credit to the head "XXXIX.—Civil Works—Provincial—Transfer from Central Road Fund". The accounting pro edure in respect of the schemes financed from the special grant from the Reserve is the same as that for the ordinary allotments except that the actual expenditure incurred by the Provincial Government is debited month by month to the Central Government by credit to the deposit head and the adjustment by debit to the deposit head and the credit to the revenue head is made on receipt of the intimation of acceptance of the debit.

An account of the subvention to end of the year 1947-48 (from 15-8-47) is given below.

REVIEW—contd.

The total commitments after the close of the year in respect of incomplete works of the province financed from the Central Road Fund amounted to about Rs. 13 lakhs.

The credits and debits to the fund as indicated in the above account were for amounts authorised by the existing rules of the fund and no diversion from the fund has been noticed in respect of the year 1947-48 (from 15-8-47.to 31-3-48).

Important Comments.

Expenditure on works, maintenance and repairs appears under Sub-heads A-1 to A-15, B, C, I (i) and I (ii) of this grant. The figures of appropriation and expenditure under these sub-heads for the year under review were as follows :--

											In	Rs. Lakhs.
Original appropriation		•			•		•	•	•			84.75
Modified appropriation	•	•		•	•	•	•	•	•	•	•	65•44
Expenditure			•				•				•	50.63

The saving of Rs. 34.10 lakhs in the original appropriation was the net effect of a decrease of Rs. 35.69 lakhs in the expenditure on certain works and an increase of Rs. 1.59 lakhs in the expenditure on others. The more important savings and excesses are analysed below :---

Savings in the original appropriation.		
	In I	Rs. Lakhs.
(i) Erroneous provision (vide item 4 of the Annexure and Sub-head C)	•	2.54
(ii) Saving offered too late for surrender (vide item 11 of the Annexure)		•43
(iii) Non-acquisition of land and non-adjustment of land charges, etc. (vide items 5, 57, 58, 60, 61, 64, 65, 66 and 68 of the Annexure)	•	10·94
(iv) Non-availability of materials ( <i>vide</i> items 10, 51 and 62 of the Annexure and Sub-head C )	•	4.83
(v) Works either not taken up or held in abeyance (vide items 7, 9, 13, 16, 46, 84, 85 and 87 of the Annexure) .		10.21
(vi) Late acceptance of tender (vide item 63 of the Annexure) .	•	·9×
Excesses over the original appropriation.		
(i) Original provision included in the allotment for a different work (vide item 28 of the Annexure)		-29
(ii) Expenditure on a work adjusted after the close of the year ( wde item 39 of the Annexure)		·3 <del>4</del>
(iii) Larger expenditure on a work (vide item 86 of the Annexuro) .	•	•4\$
2. The saving of Rs. 14.79 lakhs in the modified appropriation mainly due to :—	was	
(i) Non-adjustment of land charges (vide items 57, 58, 66 and 68 of the Annexure )		5.18
(ii) Expenditure erroneously debited elsewhere (vide item 66 of the Annexure)	•	•99

(iii) Works not taken up (vide items 84, 85 and 87 of the Annexure) .

Savings in the original appropriation.

Important Comments-contd.

3. The number of major works in progress during the year was 73. The total expenditure on 33 of these works amounted to Rs 72.66 lakhs against the total estimate of Rs. 1,47.90 lakhs. Expenditure of Rs. 46.65 lakhs was incurred on 40 works for which there were no sanctioned estimates.

### ANNEXURE B.

(See Sub-head G.)

The nature of the transactions under the minor head "Suspense", is explained in paragraph 1 of Annexure B to Grant No. 10 Irrigation.

The transactions under each unit of suspense during 1947-48 (Post-partition) are exhibited below :---

	Deta	aled	Unit	8.			Opening Balance.	Dobits.	Credits.	Net Actuals	Closing Balance.

т	otal	•	9,41,219	12,13,522	8,10,698	63	13,43,980

The increase in the closing balance is mainly due to heavy receipts in the City Division which is reported to have since been entrustel with the work of maintaining the general stock of steel materials required for works in the province. The fixation of stock limit is under reference with the Provincial Government.

The stock of the City Division includes unserviceable stock worth Rs. 10,500 and surplus stock of Rs. 1,702. The stock of the Suburban Division also includes surplus stock worth Rs. 286.

The book balance of stock is reported to have been verified by the Divisional Officers and found correct except in the Post-war Road Construction Division, Bankura, where loss of bricks to the extent of Rs. 7,452 and coal amounting to Rs. 25,914 was detected. The loss of bricks and coal is still under investigation. The Stock Registers of all the Divisions were audited during the local inspection.

The revaluation of stock is reported to have been conducted under the orders and supervision of the Divisional Officers concerned and steps taken for the adjustment of the resultant profits and losses in accordance with the Public Works Account Rules.

#### Review.

There were savings of 61 and 40 2 per cent. over the original grant and the modified appropriation respectively. The savings in the grant were chiefly contributed by sub-heads A. (1)-4, A. (2), A. (3) and A. (4)-2.

Famine Insurance Fund.—This fund was created by the Government of Bengal under the Bengal Famine Insurance Fund Act, 1937, with effect from the year 1938-39 with an initial contribution of Rs. 10 lakhs from the provincial

#### REVIEW—concld.

revenues. Further contributions to the Fund from the provincial revenues amounted to Rs. 2,03,000 in 1939 40 and Rs. 2,00,000 in 1940-41. The Fund is intended to bear the expenditure on the relief of famine and of distress caused by serious drought, flood, earthquake and other natural calamities. The corpus of the fund consists of the contributions paid by Government and the interest accrued on the securities in which the sums at credit of the Fund are invested. The transactions of the Fund during 1947-48 (Post-partition period) are shown below :—

	Rø.	
Opening balance on 15th August, 1947 .	· · · · · · · 14,96,629 (a)	ı

	742	
Expenditare during 1947-48	••••••••••••••••••••••••••••••••••••••	
Closing balance on 31st March, 1948	••••••••••••••••••••••••••••••••••••••	

(a) Securities held by the Fund before the Partition have been entirely taken over in the accounts of West Bengal pending a final decision by the Government of the State.

(b) Half-yearly interests drawn on 3 per cent. Ioan 1963-65 after Partition have not been credited to the Fund by the Reserve Bank of India, Calcutta, but kept by the Bank in a Suspense Account pending allocation of the securities between the Governments of East and West Bengal.

(c) This is composed of Rs. 1,04,262 in cash and Rs. 13,93,109 in Government securities. The market value of the Government securities on the 31st March, 1948 was Rs. 14,11,863.

### REVIEW.

There was an excess of 79.2 per cent. over the charged appropriation.

In the authorised section savings in the grant and the modified appropriation came to 31 and 9.1 per cent. respectively. Sub-head A chiefly contributed to the saving.

Savings in the grant and the modified appropriation were 16.5 and 7.5 per cent. respectively. The savings in the grant were chiefly contributed by sub-heads A and I.

2. The transactions relating to "Depreciation Reserve Fund—Government Presses" appear under sub-head I in the Appropriation Accounts. The Depreciation Reserve Fund for the presses was constituted by the Government of Bengal with effect from the year 1927-28 to provide a reserve for meeting the cost of renewal and replacement of plant, machinery and furniture of the Government presses. The annual receipts of the Fund consist of (a) the amount of deperciation calculated on the value of plant, machinery and furniture in use in the presses during the year and (b) the book value of the plant, machinery and furniture disposed of during the year. The Fund is available for renewal or replacement of articles of plant, machinery and furniture (except the cost of petty repairs) to the extent of the amount at the credit of the Fund from time to time.

The position of the Depreciation Reserve Fund for the period from the 15th August, 1947 to the 31st March, 1948 is shown below :---

·	_					Opening balance.	Receipts. E	kpendi- ture.	Closing balance.
1						2	3	4	5
West Bengal Government Press	•	•	•	•	•	Rs. 2,34,769(a)	Rs. 35,000(b)	Rs. 15,318	Rs. 2,5 <b>4,451</b>
Press and Forms Department	•	•	•	•	•	2,10,951	11,644	848	2,21,7 <b>47</b>
			Т	otal	•	4,45,720	46,644	16,166	4,76,198

(a) Pending final orders of Government the opening balance has been reduced by Rs. 23,822 on account of two branch presses having been taken over by the Government of East Bengal.

(b) The credit during the year under report on account of depreciation amounted to Rs. 36,414 under the rules of the Fund against a sum of Rs. 35,000 only adjusted in the accounts under the order of Government. Further orders of Government regarding the unadjusted amount are awaited. REVIEW-contd

The debits to the Depreciation Reserve Fund of the West Bengal Government Pross and the Press and Forms Department during the year under report were for the amounts correctly debitable to the Fund under the existing rules and there was onodiversion therefrom except as follows :---

The sum of Rs. 25 short debited to the Fund during 1945-46 still remains to be adjusted in the accounts.

Store Accounts of the West Bengal Government Press and its branches for the year 1947-48 (15th August 1947 to 31st March 1948).

#### REVIEW.

There was a saving of 25.8 per cent. in the charged appropriation mainly contributed by sub-head F. Savings in the authorised section amounted to 16 per cent. of the grant and 1.3 per cent. of the modified appropriation. Sub-head H-4 chiefly accounts for the saving in the grant.

2. An expenditure of Rs. 4,08,929 was incurred under sub-head K on the relief and rebabilitation of displaced persons. No grant was, however, obtained for the expenditure on the 'new service' in this case. It has been stated by Government that the decision to incur this expenditure was taken late in the year when there was no time to move the Legislature for the requisite supplementary grant.

REVIEW-concld.

3. Sub-head L includes capital expenditure on the following development schemes :—

Names of schemes.	Expenditure.	Purpose of the schemos.
	Rs.	
1. Kanchrapara Area Development Scheme.	<b>7,04</b> 2	Acquisition of the U.S. Army site at Kanchrapara with a view to develop it on planned basis for industrial, residential and other purposes.
2. Re-housing of bustee dwellers.	1,290	Provision of better types of houses for persons at present living in the slums and bustees.
· Total .	8,332	-

4. The local audit of the accounts of certain Bihar Refugee camps revealed the following irregularities :---

The number of ration card for dry doles issued or the serial number issued to each of the refugees was not indicated in the muster rolls kept in a camp in support of the distribution of "Out of pocket" allowance to these refugees at the time of their repatriation. It could not, therefore, be verified by audit whether the recipients were inmates of the camp and whether double payment had not been made to them.

In the absence of the above information in the Railway Warrant Register it could not also be verified that Railway warrants had been issued only to repatriated Bihar refugees.

The amount paid to each individual refugee was not recorded in the muster rolls for distribution of "Out of pocket" allowances but only a certificate of disbursement was recorded at the bottom of each muster roll. In the absence of these details it could not be ascertained whether payments had been made in accordance with the sanctioned scale and whether the totals of the different items agreed with the amounts certified by the officer-in-charge as having been disbursed.

#### **Review.**

There were savings of 17 and 5.4 per cent. respectively in the original grant and the modified appropriation. The savings occurred mainly under the Sub-heads A-1(c) (E), A-1(c) (H), A-1(c) (J) and A-1(e).

2. Under the Sub-head "A-1(a) (i).—Police appointed at the instance of Military authorities", a paltry sum of Rs. 34 was adjusted against the original grant of Rs. 25,100 and no recovery was made from the Central Government against the provision under the head "Deduct—Recoveries from the Centre". Again, an expenditure of Rs. 15,77,761 was incurred under the Sub-head "A-1(a) (iii).—Additional Police employed for the performance of non-agency functions" against a grant of Rs. 12,03,000 under the aforesaid head. Against a provision of Rs. 75,000 under the head "Deduct—Recoveries from the Centre" the actuals were nil, indicating that no part of the expenditure on this account was recovered during the year. It has been stated by the controlling authority that no accurate estimates could be framed because of the wholesale change in circumstances. The fact remains, however, that there occurred large variations between the grant and the expenditure in these cases and that no modifications in the grants were made during the year in consultation with the Central Government, where necessary. This indicates defective control.

3. Sub-head A 1(b) (ii).—The organisation of the Home Guard was retained a few months after the partition of the Province but no funds were provided to meet the expenditure on the staff either in the original budget or during the course of the period under review. This indicates defective budgeting and control.

4. A local test audit of the accounts of the Director of Rationing and Distribution, Calcutta and Industrial Area for the year 1947 48 revealed the following irregularities :---

Stock Account of furniture.—The stock account was maintained in a very unsatisfactory manner. The details of purchases were not recorded with all relevant particulars. The entries in the register were never attested nor was any periodical verification made by any responsible officer. The opening balance of stock was not worked out on the 15th August, 1947 after the partition of the Province and the closing balance shown was incorrect. On the irregularities being brought to its notice the Department stated that necessary action was being taken by it to reconstruct the accounts. The accounts are still under preparation.

5. The Stock Accounts of Government Stores (General and Special) under the Director of Rationing and Distribution, Calcutta, for the period from the 15th August, 1947 to 31st March, 1948 were found to contain certain defects and discrepancies. Though these were brought to the notice of Government in July, 1949 no revised Stock Accounts have yet been received and the matter is stated to be still under the consideration of Government. It has not, therefore, been possible to include these accounts in the Appropriation Accounts.

### AUDIT COMMENTS.

No physical verification having been conducted on the 14th August, 1947, the book balances of the commodities held on stock on that date have been taken to be the opening balances on the 15th August, 1947 and shown as such in the store account.

The receipt figures as shown in the store account have been compiled from the Register of Daily Position of Stock. These figures do not agree with those recorded in the Receipt Register maintained in the office on the basis of the 'godown receipts'. No reconciliation could be effected between the two.

The closing book balances as exhibited in the store accounts differ from those of the Register of the Daily Position of Stock. The differences between the two have been attributed to the individual rounding up of figures which was not done in the books previously.

### REVIEW.

There were savings of 24 and 17.7 per cent. respectively in the original grant and the modified appropriation. The savings occurred mainly under the Sub-heads "C, E, H, J and K" owing to certain schemes not being finalised or sanctioned during the year or tenders for certain works not being settled in time.

2. The Scheme for Improvement of Live-Stock Industry included an item for the purchase of 500 bulls for which Government sanctioned a sum of Rs. 1,82,500 on the 6th March, 1948. The entire amount was withdrawn on the

### REVIEW—concld.

31st March, 1948. Meanwhile an officer had been deputed to East Punjab on the 16th March, 1948 with Rs. 50,000 for purchasing the bulls. As sufficient number of good bulls were not available only Rs. 2,870 out of Rs. 50,000 was spent by the officer in purchasing 10 bulls in April, 1948 and the balance of Rs. 1,79,630 refunded to Government in May, 1948 on two different dates. The transaction suggests that the scheme for the purchase of bulls had not been drawn up after a full consideration of the needs and circumstances of the case and that the full amount sanctioned for the scheme was withdrawn merely in order to prevent the lapse of the budget grant.

### **Review.**

The Salt-Warehouses of the Provincial Government in connection with an experimental scheme for the development of salt production were closed prior to 15th August, 1947; but certain staff was retained to assist the Special Officer (Salt) in the general work of salt development. The local officer accordingly proposed on 12th January, 1948 a provision of Rs. 3,000 to cover the anticipated expenditure during the Post-partition period of 1947-48. No provision was actually made and included in the authenticated schedule of expenditure for the above period on the ground that the total transactions involved were very small. The result was that no demand for grant was either presented or authorised in respect of the expenditure of Rs. 3,037 incurred during the year under the Major Head "5.-Salt".

### REVIEW.

The saving was 31.2 per cent. of the appropriation.

NOTE.—The expenditure under this head is a *pro forma* adjustment to show interest liabilities on irrigation capital expenditure. The corresponding credit is taken under the receipt head "XX.—Interest" in respect of interest on capital outlay incurred before the 1st April, 1937, and under "22.—Interest on Dobt and other Obligations" by means of a deduct entry in respect of interest on subsequent outlay. (See Sub-head D-1(1) of Grant No. 11 on page 184.)

The interest for the period from the 15th August, 1947, to the 31st March, 1948, was calculated at the rate of 4 per cent. per annum.

### **Review.**

The saving was 97.3 per cent. of the original grant and occurred mainly under the sub-head A (1) owing to procurement of rice being smaller than contemplated. The saving in the modified appropriation was 96.7 per cent.

2. The local audit of the expenditure incurred from this Grant on purchase and distribution of food-stuffs during the period under review disclosed the following irregularities :---

(a) Shortages in transit.—Pretty heavy shortages were noticed in the following cases :—

(i) A consignment of 196,326 mds. 26 srs. of rice which arrived by steamer from Burma in September, 1947 was received at the port by the Receipt and Despatch Officer of the Civil "Supplies Department and delivered to the Controller of Rationing and a local Civil Supplies Depot. A total quantity of 192,843 mds. 4 srs. was, however, acknowledged by the consignees which showed a shortage of 3,483 mds. 22 srs., valued at Rs. 40,278-9-0. The shortage worked out to nearly 1.7 per cent. of the consignment and was thus much in excess of the limit of .5 per cent. allowed to carrying contractors.

- (ii) In another case out of an overseas consignment of 1,82,760 mds. 24 srs. of rice which arrived by steamer from Siam to the Kidderpore Docks in October, 1947, 1,67,811 mds. 36 srs. only were reported to have been received by the Controller of Rationing and by four Civil Supplies Depots. The shortage amounted to 14,948 mds. 28 srs. being about 8.1 per cent. of the consignment and the value of the shortage was Rs. 1,72,844-5-0.
- It was stated that owing to want of facility for weighment at the dock the responsibility for shortages could not be fixed on the contractors carrying the goods and that the question of providing necessary facilities of weighment at the dock was still under the consideration of the Foodgrains Clearance Committee set up by the Central Government, and that until a decision on the subject was taken by the said committee, nothing effective could be done by the State Government.

(b) Price of paddy outstanding from rice mills.-The rice mills in Calcutta obtain their supply of paddy from the Department of Civil Supplies by depositing in advance the value of paddy. It was noticed, however, that very large quantities of paddy had been supplied to the mills without any advance deposit covering their value. The ledger accounts of the rice mills were compiled from proformas furnished by the Deputy Director of Rice Mills showing particulars and values of the paddy issued to the mills. But as these details were not furnished regularly, the ledger accounts compiled therefrom were not dependable. A separate report received from the Deputy Director of Rice Mills gave the outstanding amount against the Calcutta rice mills as Rs. 31,19,144 and the total quantity of paddy (the disposal of which could not be traced at all), as 170,557 mds. 36 srs. According to these figures, the total liability of the mills amounted nearly to 46 lakhs of rupees. Government have appointed a private firm of auditors to audit the accounts of the rice mills. The result of audit is awaited.

(c) Absence of account of sales of Government paddy.—In checking the procurement account of paddy moved to a regional area for supply to the rice mills of that area, it was noticed that no account of the supplies made to the rice mills was maintained by the Assistant Regional Controller of Procurement or the Special Officer, Rice Mills, of that area or by the Controller of Finance. In consequence, it was not possible to check whether the value of paddy supplied to the mills was duly realised from the mills, nor was it possible to verify whether the quantity of rice delivered by the rice mills to Government conformed to the prescribed outturn ratios. The accounts were stated to have been reconstructed and to be still under examination by the Department.

(d) Irregular maintenance of the register of railway receipts.—It was noticed from the railway receipt register that during the period from the 15th August, 1947 to the 31st December, 1947 the manner of disposal was not indicated against consignments for a total quantity of 2,913 mds. of rice valued at Rs. 43,695 booked more than 8 months ago as per relevant railway receipts. It was also noticed that during the same period 4,144 mds. of rice and 8,728 mds. of paddy valued at Rs. 62,160 and Rs. 66,551 respectively, could not be linked with the actual receipts in the Civil Supplies Depots. - And-it /accordingly suggested that the whereabouts of these quantities should be traced, or the responsibility for their loss fixed. Government stated that the matter was being pursued.

(e) Absence of accepted invoices and despatch reports.—Invoices in respect of supplies despatched from the district procurement offices to the Directorate or other district supply offices were not generally returned with acknowledgment of receipt to the despatching office. This was very irregular, as the receipted invoices were important documents providing evidence of the despatch of the supplies. Similarly, duplicate copies of invoices from consignors showing the quantities despatched as well as movement programmes of the Director of Movement indicating the quantities which are moved to the district supply office concerned are also important documents as showing the receipt of stock. These not being available in several supply offices, the correctness of the receipt entries in their stock registers was not verifiable. On this being pointed out to Government they have stated that steps have been taken to ensure that the despatch invoices are returned to the issuing office after due acknowledgment.

3. A local test audit of the Accounts of the Director of Rationing and Distribution, Calcutta and Industrial Area, for the period under review revealed the following irregularities :--

- (a) Losses from deterioration of commodities—
- (i) The deteriorated rice, flour and atta in stock on the 1st April, 1947 came to 932 mds., 23 mds. and 562 mds. respectively. During the year further quantities of 458 mds., 425 1947-48 mds. and 26 mds. of deteriorated rice, flour and atta were received from different sources and added to the above stock. Of the aggregate stocks of 1.390 mds. of rice, 448 mds. of flour and 588 mds. of atta, 5 mds. of flour and 49 mds. of atta were destroyed as unfit for consumption and 901 mds, of rice were issued to mills for reconditioning or for sale. The balances of the deteriorated commodities, when put up for auction sale, were found short of the book balances by 153 mds. of rice, 11 mds. of flour and 73 mds. of atta. The residual stocks of 336 mds. of rice and 466 mds. of atta were auctioned at the nominal rates of Rs. 3-4-6 per md. of rice and Rs. 2 per md. of atta while 432 mds. of flour were sold at two rates, viz., Rs. 7 and Rs. 10-10 per md. It was calculated that the resultant losses due to the above shortages and the sale at reduced rates amounted to Rs. 6,753 for rice, Rs. 1,908 for flour and Rs. 6.786 for atta. besides the cost of reconditioning the rice. The losses still remain to be written off.
- (ii) Again 1,027½ lbs. of butter remained in stock as non-rationed commodity on the 1st March, 1947 when the Police Department discontinued taking its supply of such commodities from the Directorate. The butter was then issued to Government stores in March, 1947 for sale to private persons at the cost price of Rs. 2-8 per. lb. but only 392 lbs. being sold, the balance of 635½ lbs. was returned to the godown. A sample of 1 lb. was afterwards sent for analysis to the Director of Inspection and Control who on the 13th August, 1947 reported that the stuff, which was unfit for consumption as table butter, might be converted into "ghee". Since then the stock continued to be shown as "bad commodity" till the whole lot was sold by auction on the

14th January, 1948 at a loss of Rs. 1-8-0 per lb. as compared with the cost price. The inordinate delay in the disposal of the butter was a direct cause of the deterioration in its quality. The transaction resulted in a loss of more than Rs. 950 which has since been written off.

(b) Sale of commodities on credit.—During the emergency following the 16th August, 1946 commodities were issued on credit to retailers to whom no credit was normally admissible. The liability of the retailers on this account was finally assessed as late as April, 1949 to be more than Rs. 15.69 lakhs out of which a sum of Rs. 1 lakh remains yet to be realised. This includes, a sum of Rs. 33,880 outstanding against certain retail shops which are no longer licensed.

(c) Personal ledger account of distributors.—The personal ledger account which is an important document was maintained in a very perfunctory manner, e.g., (i) the columns were not always filled in, (ii) the places from and at which the commodities were lifted or delivered were not indicated due to which the shortages could not be checked with the stock registers of the corresponding places, (iii) the accounts were mostly not reviewed and (iv) no action was taken to write off the shortage or to ascertain the liability of the distributors except in a few cases, which included those of discharged distributors from whom losses amounting to about Rs. 1,100 are still awaiting recovery or write-off.

(d) Monthly abstract of losses.—The monthly abstract of losses including handling losses, godown losses, losses in transit through distributors as prepared by the Directorate showed a loss of commodities worth more than Rs. 50,000 which has not yet been written off by Government.

(e) Collection by a private agency of sale proceeds from Government stores and employers' shops.—A private firm employed as collecting agent of sale proceeds from Government stores and employers' shops failed, as in previous years, to pay into the bank the daily collections in full and during 1947-48 a total sum of more than Rs. 5 lakhs was withheld in this way. The position was reported by audit to the Finance Department of Government on the 23rd April, 1948. The amount still remains to be recovered.

4. The *pro forma* trading accounts and the balance sheets relating to the State Trading Schemes for the period under report could not be completed by the Department in respect of any of the schemes. They could not, therefore, be included in the Appropriation Accounts.

5. It was not possible in central audit to admit finally all the charges incurred or the debits received in connection with the State Trading Schemes and the amounts noted below had to be kept under objection for want of particulars and other relevant information.

In thousands of Rupees.

Amounts placed under objection from the 15th August, 1947 to the 31st March, 1948.	Amount finally admitted during the period.	Balance outstanding at the end of the year.
	CASH PAYMENTS.	
3,89,05	3,30,36	58,69
	BOOK DEBITS.	
5,30,46	4,12,75 ( <i>including</i> Rs. 1,29,632 re-debited to the Originating Accounts Circle).	1,17,71 ( <i>includes</i> Rs. 65,19,188 relating to the Pro-pratition period).

- (a) The amount shown under "Cash Payments" of which Rs. 54,11,105 relates to districts and the balance to Calcutta has been outstanding for :----
- (i) Non-return of audit query statements with reply by the District Departmental Officers, want of sanction to rates of expenditure incurred without sanction or in excess of the sanctioned rate, want of certificate of quality of stock by local officers in the districts, etc.
- (ii) Out of the amount shown as admitted under "Cash Payments" Rs. 2,25,34,021 represented the value of foodgrains for which no certificate of quality could be furnished to audit.
- (iii) Unconscionable delay in issuing orders by Government:—Purchase price of rice during certain period as communicated to audit was less than that intimated to the Drawing Officers. For determination of the correct rate Government were addressed in January, 1949 and after issue of repeated reminders it was replied as late as December, 1949 that the rate intimated to audit was incorrect and that the rate communicated to the Drawing Officers was the correct one.
- (b) The amount shown as outstanding under "Book Debits" is still under objection pending receipt of acceptance and/or stock certificate. Even in cases where stock certificates have been received, certificates regarding quality have not been furnished in respect of stock worth Rs. 83,76,189. It has been stated by Government that the furnishing of quality certificate for Rs. 61,71,869 will not be possible as the stocks received from ships and Central Government godowns were not inspected before taking delivery. It was also argued that since Government could not refuse to accept imported stuff of even very inferior quality, the check of quality would be of little use. As audit considered it essential that both quality and quantity of the stock received should be verified and recorded in order that the facts might be known to all parties concerned, it was agreed to by Government that this should be done in future.

### REVIEW—concld.

(c) The stock certificate furnished to audit further revealed that out of 23,84,513 mds. of imported foodgrams supplied by the Central Government to West Bengal, 23,69,588 mds. were received in stock, and the difference of 14,925 mds. was ascribed to net shortages in transit. Government pleaded inability to fix responsibility for the shortages as there was no weighment facility at the dock. The question of setting up weigh bridges at the dock was said to be under consideration of the Foodgrains Clearance Committee appointed by the Central Government. Accordingly, audit called for orders being issued by Government writing off the loss involved.

Summarised Personal Ledger Account of Grain Purchase Schemes from the 15th August, 1947 to the 31st March, 1948—concld.

(a) Opening Balance :—As the Personal Ledger Accounts were closed on the 14th August, 1947 and the balances on the date were either refunded or treated as new advances on the 15th August, 1947 there were no opening balances as on the 15th August, 1947.

(b) and (c) Total Receipts and Withdrawals during the year respectively :— The corresponding booked figures are Rs. 76,60,413 and Rs. 59,17,145. The discrepancies are under settlement.

### AUDIT CERTIFICATE.

All the personal ledger accounts, except those at items 1-2, 4-24, 26-31, 35-47, 52, 55, 59-60 and 64 of the statement were locally test-audited under my supervision with reference to the local records.

Subject to the audit comments, I certify that the accounts are correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA ; The 27th April, 1949.

### M. K. SANYAL,

Examiner, Outside Audit, West Bengal.

### AUDIT COMMENTS.

The following types of irregularities.were noticed in course of inspection of the Personal Ledger Accounts opened for running certain grainshops :---

- (1) Account records of cash were not maintained in a satisfactory manner.
- (2) Sale proceeds of food-stuff were not promptly remitted and sometimes were short remitted to the treasury.
- (3) Security deposits were not taken in several cases.
- (4) In a particular grainshop, sealed and competitive tenders were not called for but the merchants were asked to appear before the Committee with samples of rationed commodities and to quote the rates verbally.
- (5) In two grainshops cash memoranda books for the grainshop were printed locally but no stock account of the same was maintained, while in a third grainshop the stock of cash memoranda books was never verified and these were found lying uncared for on the floor of the grainshop.
- (6) In a certain grainshop many instances of over writings of the quantities sold and value of the different kinds of rations sold were found in the cash memoranda issued.
- (7) In a particular grainshop 29 mds. of mug dal worth Rs. 1,029-8-0 and 20 seers of ghee worth Rs. 102-8-0 were sold by auction for Rs. 215 and Rs. 24 respectively. Bid sheets for the auction could not be made available to audit.
- (8) In a particular police grainshop, officers not entitled to shop in the Government grainshop were sometimes allowed to purchase commodities required by them without production of any ration card and those entitled to shop sometimes purchased quantities in excess of what were admissible to them though concessional rates were not allowed in both the cases.
- (9) In two grainshops discrepancies were noticed between the quantity sold as per daily sales register and that entered in the stock ledger.
- (10) In a particular grainshop a sum of Rs. 1,325 was paid to a contractor on the 11th February, 1948 by a cheque while the pay order on the bill was signed several days later.
- (11) In a particular grainshop, rations were issued to a certain section of the staff although no ration cards had been issued against the names of the personnel.

### REVIEW.

The unadjusted excess is 905.8 per cent. of the grant. It has been stated by the controlling authority that the final requirements could not be gauged with any certainty for lack of proper material. The lack was primarily due to circumstances created by the Partition.

### **Review**.

The saving was 54.1 per cent. of the grant and was mainly contributed by sub-heads E and G. The saving in the final modified appropriation was, however, 18.8 per cent. and was mainly contributed by sub-head G.

2. The final excesses under sub-heads C and E were caused by excessive surrenders of provisions under these sub-heads. This indicates that there was room for better control.

### APPENDIX.

Awards of the Arbitral Tribunal on the References of the Bengal Separation Council.

Serial No. 1	Reference. 2	Substance of Award or Agreement.
1	" In what proportion should the assets of the Governor of Bengal on tho 14th August, 1947, be divided between the Province of East Bengal and the Province of West Bengal ?"	<ul> <li>"In spite of the generality of the wording of the Reference, counsol for each Government addressed their submissions particularly on specified assets referred to in the printed cases respectively submitted by them to the Tribunal."</li> <li>During the course of the proceedings an agreement was reached between the ropresentatives of both Governments which the Tribunal was asked to record, namely, that the same general ratio should be applied both to assets and to liabilities and that such ratio should be based upon the population of the two new Provinces, namely, 64:8 East Bengal and 35:2 West Bengal.</li> <li>The agreement was limited in respect of assets and liabilities admittedly falling to be divided between the parties as being assets and liabilities of the undivided Province of Bengal on the 14th of August, 1947, specified in the cases of the parties in Reforences Nos. 1 and 2.</li> <li>In making its award to the question raised by this Reference it is necessary for the Tribunal considers that the proportion agreed between the parties in respect of the specified assets should be adopted by the Tribunal as the general ratio for the apportionment of assets generally, and so awards. 1	2	3
1	(contd.)	to which they added two other items, namely, Famine Insurance Fund (19 lakhs) and Securities (47 lakhs) taken from the tables appended to the case submitted by the Government of West Bengal. In the course of the proceedings counsel for the Govern- ment of East Bengal withdrew item No. 3, in the schedule to their case and counsel for West Bengal challenged items 1, 2 and 11 on the ground that they were not assets. As regards item 11 the Tribunal refused to consider this item as an asset as this view had not been urged before the Assets and Liabilities Committee or before the Separation Council itself. As regards items 1 and 2 the Tribunal felt that Reference No. 4 appeared to assume that the Separation Council re- garded both these items as in the nature of assets. The Tribunal agrees and awards that items 1 and 2 are
2	"In what proportion should the liabilities of the Governor of Bengal on the 14th August, 1947, be divided between the	reached between the representatives of both Govern- ments which the Tribunal was asked to record, namely, that the same general ratio should be applied both to
	Province of East Bengal and the Province of West Bengal ?"	assets and to liabilities and that such ratio should be based upon the population of the two new Provinces, namely, 64.8 East Bengal and 35.2 West Bengal. The agreement was limited in respect of assets and liabilities admittedly falling to be divided between the parties as being assets and liabilities of the undivided Province of Bengal on the 14th August, 1947, specified in the cases of the parties.
		In making its award to the question raised by this Re- ference it is necessary for the tribunal to make an award in general terms. The Tribunal considers that the proportion agreed between the parties in respect of the specified liabilities should be adopted by the Tribunal as the general ratio for the apportionment of liabilities generally, and so awards. The application of the general ratio to liabilities generally is subject and without prejudice—
		(i) to any agreement reached by the Separation Council prior to the submission of the Reference as to parti- cular liabilities being treated in any other way, and

2	0	5

Serial No.	Reference.	Substance of Award or Agreement.
1	2	3
2	(contd.)	(ii) to any awards made by the Tribunal on other references directing that particular liabilities shall be specially treated in any other way.
		The particular liabilities in paragraph 2 of the case submitted by East Bengal included 10 different categories of liabilities. From these 10 during the course of the proceedings 5 and 6, 8 and 9 were with- drawn from the discussion as having been dealt with on another basis by agreement on the Separation Council. In respect of No. 1, Treasury Bills (4 corres), 2 crores had already been paid off on behalf of East Bengal, and the Tribunal awards that they are entitled to a credit for this amount in the financial adjustment dealing with these liabilities.
		As regards the item of Cash Credit Advance (337 lakhs) mentioned in the statement of case of East Bengal it was contended on behalf of West Bengal that the liability was only for 294 lakhs. The amount is admittedly due to an outside creditor and the Appli- cation Committee should determine what amount was due. This may have to be discussed with the creditor, both sides being interested in reducing the liability. Whatever amount is ultimately assortained to be or to have been due to the creditor will be the joint liability of the united Bengal and the liability will be divided between the parties in the general ratio.
		The third item in the statement of case of East Bengal was Ways and Means Advance (300 lakhs). West Bengal contended that the amount was only 200 lakhs. The observations in the above paragraph will apply to this item also and the adjustment in the account between East and West Bengal will have to be made by ascertaining the figure by a similar pro- cess and the liability will be divided in the same general ratio.
		In paragraph 3 of the statement of its case, East Bengal has contended that the sum of Rs. 5,14,82,665-14-8 was claimed to be due by the Reserve Bank of India as at the end of August, 1947. The account of the Reserve Bank was kept open with the consent of both parties up to the end of August and the payments made by the Reserve Bank were admittedly on account of the liability of united Bengal. It is in the interest of both the partice—and they have agreed to work jointly on this point—to get the amount reduced if any improper debits were made against the united Bengal. It will be the work i of the Application Committee to ascertain the amount due to the Reserve Bank. We are informed that the amount has already been paid off. The work of the Application Committee will be, therefore, to check the figures and if any amount is found to be overpaid (that is, paid under a claim which is not justified) the same will be received back from the Reserve Bank on account of the united Bengal and set off against the liability of united Bengal as such before the division of liability is made between East and West Bengal.

# APPENDIX-contd.

Serial No.	Reference.	Substance of Award or Agreement.
1	3	3
2	(conéd.)	To its case, East Bengal has appended Appendix I.• It is claimed that the items mentioned therein are not supported by proper vouchers. The Tribunal is not-concerned with the question of proper vouchers being forthcoming or not. A closer examina- tion > of, the appendix shows that the amounts are stated to be paid to the Accountants General of different Provinces or to public bodies, and it is not difficult to find out any wrongful or over- payment. The Application Committee will go into this question and deal with it in the same manner as suggested above.
		Similar observations apply to the items mentioned in Appendix III* which should be similarly checked and worked out.
		In paragraph 3 (b) of the case of East Bengal, it is contended that the sum of Rs. 5,25,000 paid to the Calcutta University on the 21st of September, 1947, was not wholly the liability of united Bengal as it was a grant for the whole year 1947-48, and East Bengal was not liable to pay any grant after the 16th of August, 1947. The Tribunal considers that this liability had accrued on the 1st of April, 1947, as a liability of united Bengal and the fact that it was paid in September does not alter the liability of the two Provinces. The contention of East Bengal on this point is, therefore, rejected.
		As regards the items for rice mentioned in paragraph 3 (b) (2) and also Appendix II* (2). East Bengal has claimed that the amounts were not the liability of united Bengal. It was contended that these payments were made in respect of rice from Orissa which was received in West Bengal after Partition. It is admitted by East Bengal that the figure should be Rs. 11,95,139-9-6 and the corresponding figure mentioned in Appendix II (2) is a misprint. On behalf of West Bengal it was not admitted that all the rice was received after Partition. It was further contended on their behalf that even if it was received after Partition it was not consumed wholly in West Bengal. Mr. Das, who appeared on behalf of West Bengal, agred that for any rice which was receiv- ed in West Bengal and consumed in West Bengal after the 15th of August and for which any amount was included in the items mentioned in the case of East Bengal, the West Bengal Government will be liable. This will have to be determined by the officers concerned. The Tribunal agrees that this is the correct way of determing the separate liability of West Bengal after the date of Partition it will be assumed that it was consumed in West Bengal, except <sup>n</sup> for <sup>1</sup> any quantity which is shown to be despatched to East Bengal, and subject to usual trade wastage in such transactions and transport. If any rice was sent to another Province the account will have to be adjusted in respect of the amount to be received from that Province. Except in sp far as exclusive liability js imposed on West Bengal by the above provisions, the general ratio will, of course, apply in respect of this item.

• Not printed.

## APPENDIX ......

Serial No.	To in Reference.	, and 7% 2 4 Substance of Award or Agreement,
1	9	8
2 (60)		In the case of paragraph 4 of the case of East Bengal, the sum of Rs. 49,40,517-1-6 is claimed, to be the share of East Bengal in the Services Post-War Recon- struction Trust Fund. It is stated that this amount was payable to the Accountant General of East Ben- gal, out of the common chest of undivided Bengal, but when payment was requested, it was not made. It is the case of East Bengal that this sum will, therefore, constitute the liability of the Government of undivided Bengal. The Tribunal awards that the total amount due to this Fund was a hability of undivided Bengal and should be treated as such.
		As regards items 4, 7 and 10, mentioned in paragraph 2 of the case of East Bongal, the Tribunal considers that the amounts should be divided as liabilities between East and West Bengal in the general ratio.
		In paragraph 11 of the case of East Bengal the ques- tion of contractual liabilities is raised. Clause 8 (2) of the Indian Independence (Rights, Property and Liabili- ties) Order, 1947, determines the initial liability of the two Provinces. In clause 8 (2) (a) it is provided that if the contract was for purposes, which as from that date (15th August) were exclusively purposes of West Bengal, it will be deemed to have been on behalf of that Province instead of the Province of Bengal and all rights and liabilities which had accrued or might accrue under any such contract should be the extent to which they would have been rights and liabilities of the Pro- vince of Bengal be the rights and liabilities of the Pro- vince of West Bengal. In clause 8 (2) (b) it is frovided that in any other case the contract should be deemed to have been made on behalf of the Pro- vince of East Bengal should have the rights and the Pro- vince of East Bengal should have the rights and be subject to the liabilities which had accrued or might accrue under any such contract thereafter. We do not propose to disturb the provision found in clause 8 (2) (a) for the final adjustment between the parties. As regards other contracts an adjustment should be made. In our opinion the Government of East Bengal should pay in respect of such contracts the outside creditor, but after payment is made in respect of such contracts as are shown to be for the purposes of both the Provunces of East and West Bengal, the Province of East Bengal will be entitled to claim according to the general ratio a contribution from the Province of West Bengal.
		Relevant Extracts from East Bengal Government's case.
		2. The following is a provisional list of the liabilities of the Government of Bengal on 14th August, 1947, as suppli- ed by West Bengal :
1		7 Figures in lakhs of rupees.
4		(1) Treasury Bills 4,00
·		(2) Cash Credit Advance
ł		(3) Ways and Means Advance 3,00

		(9) Civil and Criminal Court Deposits 1,68
		(10) Other Deposits
		<ul> <li>3. The above list included liabilities as they were anticipated to stand on 14th August, 1947, but there have been additions to this list. In accordance with the recommendations of the Budget and Accounts Committee, the Separation Council decided to keep the accounts of undivided Bengal open till the 31st August, 1947. As a result of this action the account of the Government of Bengal with the Reserve Bank of India showed a debit balance of Rs. 5,14,82,566-14-8 on its closure. Acceptable part of this debit will also, therefore, constitute a liability of the Government of Bengal on 14th August, 1947, as the debit balance came into existence on account of the clearance of liabilities relating to the period prior to 14th August, 1947:—</li> <li>(a) From the details given in Appendix I* it will be observed that sums aggregating to Rs. 2,31,33,639-5-2 have been charged to the account though there are no supporting vouchers nor any other information to</li> </ul>
		show their nature. The Accountant General, Wes Bengal, had no knowledge of the nature of these debits nor was he in a position to say whether the pertained to Bengal.
		(b) Appendix II* shows the amount charged to the Account but which really were a concern of West Bengal (post Partition) :
		(1) Rs. 5,25,000-0-0 Being the amount of grant Pair to Calcutta University on bil bearing token No. 2777, date the 21st September, 1947.
		(2) Rs. 5,17,498-0-0
		,, 3,63,370-12-0 Debits received on account of the supply of rice, etc., from the supply of r
		,, 2,23,286-8-0 Orissa but received in Wes Bengal after Partition.
		, 11,95,139-9-6 j
	1	(c) Appendix III <sup>c</sup> includes a list of debits which as irregular and unacceptable for the reasons show against each item. The total of the debits i Rs. 1,13,53,931-11.6.

12— conçid.	administration of the funds involved ; and, if so, what pro-	(b) for purposes exclusively applicable to what is now the Province of East Bengal ;
		(c) for purposes applicable to both the Provinces of East and West Bengal ;
		(d) for purposes applicable to the Provinces of East and West Bengal and to persons or areas outside these Provinces.
		It is clearly desirable that in cases coming under (a) and (b) above, arrangements should be made for the admi- nistration of the funds by the Government or officials of the Government of the new Province most concerned. It is no doubt also desirable that in cases coming under (c) above new administrative arrangements having regard to the Partition should be made.
		As, however, the funds in question, though administered by the Government and/or officials of the Government of the old United Bengal, were admittedly not assets of that Province, the Tribunal has no power under section 4 (1) (c) of the Arbitral Tribunal Order, 1947, to deal with the matter.
13	"Whother the equipment of the Kanchrapara T. B. Hospital is physically divisible between the Province of East Bengal and the Province of West Bengal? On what basis should this physical division be made?"	book value and apportioned according to the general ratio.
14	Civil Supplies M. V. Workshop and the Calcutta Police F. M. V. workshop belonging to the	itself. The tribunal further awarded that the book value of the said workshops, tools and equipment shall be taker into account in the financial settlement between the parties and adjusted according to the general ratio.
	West Bengal ?"	÷
15	"In what proportion should the liability of the Governor of Bengal for pensionary charges bo divided between the Pro-	ment was as follows :
	vince of East Bengal and the Province of West Bengal ?"	
		The Tribunal makes an award in accordance with these agreed terms.
		The paragraphs referred to above in the case of West Bengal are set out in the schedule hereto.

Serial No.	Reference.	Substance of Award or Agreement.
ì	2	3
15— concld.		<b>SCHEDULE.</b> (a) Pensions in course of payment on the date of the Partition.
		(i) Pensionary liabilities can and should be apportioned with direct reference to the facts which gave rise to them.
		(ii) In so far as pension is in essence only deferred pay for services rendered in pensionable posts, the liability for pension should be directly related to the value of the pensionable posts in East Bengal and West Bengal on the date of separation, and the comparative values would yield the ratio in which the liability should be shared.
		(b) The calculation of the value of the posts should be based on the actual expenditure incurred on the pay of the permanent staff in the two areas, over the representative period, say 12 months, for which records are readily available. For the sake of simplicity the period of 12 months ending March, 1947, may be adopted.
		(iii) The pays of the staff in offices and institutions which cater for the Province as a whole should be omitted, on the assumption that they are allottable to the two areas in the same ratio as the pay of the other posts.
		(iv) In respect of the determination of the total pen- sionary liability, it may be expressed as a capital sum, and should be worked out by an actuary on the basis of the age and other relevant facts record- ed on the pension payment orders. In cases where pension payment orders are not available the capi- talised value should be worked out on the basis of the information yielded by the cases where pension payment orders are available.
16	"Whether the buildings and lands leased out by the Government of Bengal to the University of Dacca and the Royal Agricul- thral and Horticultural Society of India should be valued for the purposes of financial settle- ment between the Province of East Bengal and the Province of West Bengal ?"	ingly made no award.
17	"Whether—	"It was agreed between the parties and accordingly the Tribunal awards that the questions raised by the refer- ence shall be answered as follows :
	(a) the liability on account of sugar subsidy payable to the Bengal Sugar Mills for sugar delivered to the Governments of East Bengal and of West Bengal separately between the 15th August, 1947, and the 30th November, 1947.	for the sugar delivered, in the periods stated, within its own territory.
