PREFATORY REMARKS.

This volume containing the Appropriation Accounts of the Government of West Bengal for 1950-51 and the Audit Report is prepared in accordance with paragraph 13(1)(i) and (iii) of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution), Order, 1947, read with Article 149 of the Constitution of India and Article 151(2) of the Constitution of India. Its object is to present the audited accounts of all the expenditure of the year, whether voted or charged, in the form of a separate appropriation account for each grant with any important observations which it is considered necessary to make as a result of audit investigation. The volume includes also the comments it is deemed necessary to make upon the results of audit of all trading, manufacturing and profit and loss accounts and balance sheets kept in respect of Government commercial or quasi-commercial concerns, and upon the examination of accounts of receipts and of stores and stock made under paragraph 13(2) of the Order in Council already mentioned. It is submitted by the Comptroller and Auditor General of India to the Governor to be laid before the State Legislature.

2. Comments have been confined, as far as possible, to audit points of outstanding interest or importance. Cases of irregularities, etc., included in the Audit Report relate ordinarily to the year 1950-51. The report includes also cases relating to previous years, which could not be dealt with in the earlier reports, as well as some matters relating to a later year than 1950-51. Every effort is made to obtain an agreement on the statements of facts from the Departments to whom draft paragraphs are sent for the purpose.

PART I. audit report, 1952.

CHAPTER 1.-INTRODUCTORY.

(Throughout this Report the amounts shown represent thousands of rupees except where the contrary is specifically indicated.)

One important fact relating to the year 1950-51 is the inclusion for the first time of Cooch Behar transactions in the regular accounts of the State of West Bengal. Cooch Behar was merged in, and became a district of West Bengal on the 1st January, 1950. Up to the 31st March, 1950 its transactions were, however, kept separate under a deposit head. It was only with effect from the 1st April, 1950, that they came to be classified and incorporated in the regular accounts of the State of West Bengal in the same manner as the transactions of any other district.

The original budget for 1950-51 provided for a total revenue expenditure of Rs. $35\cdot23$ crores. This provision was subsequently increased by supplementary grants (Rs. $5\cdot03$ crores) raising the total to Rs. $40\cdot26$ crores, as against a total provision of Rs. $34\cdot95$ crores made in the preceding year. The increase of Rs. $5\cdot31$ crores was due to provision of Rs. 60 lakhs for Cooch Behar, Rs. 50lakhs for the establishment of the Contingency Fund and Rs. 85 lakhs for works financed from Procurement Bonus and to enhanced provision of Rs. $1\cdot37$ crores for the Pre-partition Payments, Rs. 92 lakhs for adjustment of loss on sale of foodgrains, Rs. 59 lakhs for additional Police force, Rs. 71 lakhs for construction of new buildings and roads, Rs. 51 lakhs for expenditure on displaced persons, and Rs. 60 lakhs under a few other heads. The total increase was partly offset by a reduction of Rs. $1\cdot34$ crores under Development Schemes owing to the stoppage of development grant by the Union Government.

In the Capital Section the original budget provision of Rs. 14.91 crores was augmented by supplementary grants aggregating Rs. 61 lakhs. The sanctioned budget of the preceding year was Rs. 14.42 crores. The increase of Rs. 1.10 crores in the budget for 1950-51 was mainly due to increased provision of Rs. 1.21 crores for the Damodar Valley Corporation, Rs. 1.25 crores for the Mayurakshi Reservoir Project and Rs. 63 lakhs for capital outlay on road work, partly offset by reduction of Rs. 1.82 crores made in the provision for State Trading Schemes on account of larger sale proceeds.

CHAPTER II.- GENERAL REVIEW OF THE RESULTS OF AUDIT.

2. Original Grants and Appropriations.- Thirty-seven demands for grants aggregating Rs. 53,21,79,700 were placed before the Legislature which voted them without any reduction. This amount as well as a further sum of Rs. 1,16,87,000 required to meet expenditure charged on the Consolidated Fund of the State were included in the Schedule of the West Bengal Appropriation Act. 1950 (West Bengal Act XX of 1950) which was assented to by the Governor of West Bengal on the 31st March, 1950.

The following changes in the number and arrangement of grants and appropriations were made in the budget for the year :---

- (i) Demand for General Administration—Debt Conciliation has been omitted owing to the closure of the Debt Settlement Boards.
- (ii) Expenditure on displaced persons which was hitherto included in "Demand No. 33-Miscellaneous" was provided for under "Demand No. 34-Miscellaneous – Expenditure on displaced persons" newly inserted in the year under report. The expenditure on loans and advances to displaced persons which formerly used to be included in "Demand No. 11-Loans and Advances bearing Interest" was also included in the above new demand.
- (iii) A new demand "37-Pre-partition Payments" which was included in the supplementary schedule of the previous gear was included in the original schedule for the year under report.
- (iv) Three new major heads "52-A. -Other Revenue Expenditure connected with Electricity Schemes", "XLI-Receipts from Electricity Schemes, --Working Expenses" and "53-Capital Outlay on Electricity Schemes met out of Revenue" were included in Demand No. "25 Industries—Industries". The above heads exhibit charges on account of Electricity Schemes undertaken by Government.

3. Supplementary Grants and Appropriations during the year. -During the year under report two supplementary schedules of authorised expenditure for an aggregate sum of Rs. 6,34,25,001 were included in the schedule of the West Bengal Appropriation (No. 2) Act, 1950 (West Bengal Act XLI of 1950) and the West Bengal Appropriation (No. 2) Act, 1951 (West Bengal Act XI of 1951) which were assented to by the Governor on the 30th October, 1950 and the 31st March, 1951 respectively. The above amount consisted of (a) Rs. 6,05,17,0.1 on account of twentysix supplementary grants voted by the Legislature, including two new grants, viz., "30-A. Territorial and Political Pensions" and "39-A Appropriation to the Contingency Fund of West Bengal", and a token grant of Re. 1 under Grant No. "22-Charges on account of Agriculture" and (b) Rs. 29,08,000 on account of five charged appropriations.

GENERAL RESULTS OF APPROPRIATION AUDIT.

4. The following statement compares the total grant and appropriation for the year under report with the total disbursements :---

Particulars.	Charged.	Voted.	'l'otal.	
1	2	3	4	
1. Original schedule of authorised expenditure—	Rs.	Rq.	Rs.	
(a) Voted by the Legislature		53,21,79,700	53,21,79,700	
(5) Appropriation to meet expenditure charged on the Consolidated Fund of the State.	1,16,87,900	•	1,16,87,000	

"Particulars.	Charged.	Voted.	Total.
1	2	3	4
- ,	Rs.	Rs	Rs.

6. Percentage of 5 to 3	1,205.3	18.2	11-2

5. Savings on voted grants.—Savings occurred in 32 out of 39 voted grants. A list of the more important cases is given below :—

Number and name of Grant.	Original Grant.	Supple- mentary Grant.	Total Grant.	Expenditure.	Savings.	Percent- age of savings.
1	2	3	4	5	6	7
l. Taxes on Income other than Corpora- tion Tax.	3,31		3,31	2,86	4.5	13.6
3. State Excise Duties	36,61	1,92	38,53	33,55	4,98	12.9
10. Irrigation	7,69,17		7,69,17	6,60,53	1,08,64	14.1
17. Ports and Pilotage .	8,75	70	9,45	7,12	2,03	21.5
18. Scientific Depart- ments.	4,81		4,81	3,81	1,00	20.8
21. Public Health .	77,85	••	77,85	65,97	11,88	15-3
22. Charges on account of Agriculture.	2,61,58		2,61,58	1,80,64	80,94	30-9
24. Charges on account of Co-operative Credit	17,81		17,81	15,28	2,53	14.2
25. Industries — Indus- tries.	73,78	6,50	80,28	65,22	15,06	18.8
26. Industries — Fisheries.	20,89	82	21,71	18,72	2,99	13.7
27. Industries — Cine chona.	32,64	2,01	34,65	31,05	3,60	10.4
29. Civil Works	6,09,05	1,09,51	7,18,56	5,74,75	1,43,81	20

Number and name of Grant.	Original Grant.	Supple- mentary Grant.	'l'otal Grant.	Expenditure.	* Savings.	Percent- age of savings.
1	2	3	• 4 •	5	6	7
30. Famine	27,47	5,19	32,66	27,78	4,88	14-9
35. Extraordinary Charges.	3,83,17	92,48	4,75,65	3,88,00	87,65	18.4 14 . Su log.
37. Pre-partition Payments.	61,00	95,00	1,56,00	1,06,68	49,32	31.7
 Expenditure * on Road Transport Schemes. 	1,65,06	•••	1,65,06	1,08,11 • .	56,95	34.5
39. Capital Outlay on State Schemes of Government Trading	1,59,63	••	1,59,63	. —2,99,56	4,59,19) 287.7
40. Interest Free Advances.	35,54	14,21	49,75		49,75	100
41. Loans and Advances bearing Interest.	73,24	55,74	1,28,98	1,10,97	18,01	13.9

The main causes which contributed to the savings are mentioned below :--

1. Taxes on Income other than Corporation Tax.—Delay in making appointment to certain temporary posts of Income Tax Officers, fewer sittings of the Appellate Tribunal and economy in the purchase of furniture.

3. State Excise Duties.--Delay in the receipt of debits from the Uttar Pradesh Government on account of cost of opium supplied.

10. Irrigation.—The outlay on the Mayurakshi Reservoir Project and contribution to the Damodar Valley Corporation—smaller than originally anticipated.

17. Ports and Pilotage.—Delay in the finalisation of scheme for the establishment of a Marine Engineering College in Calcutta and smaller expenditure on repairs to and outfit of launches.

18. Scientific Departments.—Grant to a Society withheld pending fulfilment of stipulated conditions, and grant to another deferred till the following year.

21. Public Health. -- Smaller grants paid to the municipalities for watersupply and drainage schemes and bills for supplies of materials not received within the year.

22. Charges on account of Agriculture.—Discontinuance of the purchase and distribution of manures and steel through Government agency and less expenditure on certain schemes of intensive food production.

24. Charges on account of Co-operative Credit.—Provision for re-organisation of the staff made in excess of requirements, transfer of a scheme to the Industries Department and recruitment of candidates for training as Inspectors not made within the year. 25. Industries—Industries.—Delay in the establishment of a salt factory due to non-receipt in time of report of investigation made by French experts, decrease in production in industrial centres caused by paucity of raw materials and unfavourable market, economy effected in the execution of electricity schemes, and late receipt of materials.

26. Industries—Fisheries.—Expenditure in connection with the schemes under the Grow More Food Campaign smaller than anticipated.

27. Industries—Cinchona—Reduction of working days in the Cinchona Plantations owing to lower harvesting as well as economy measures.

29. Civil Works.-Smaller outlay on communications, smaller supply of tools and plant, and payment for certain stores purchased not being made within the year.

30. Famine.—Smaller demands for gratuitous relief owing to improved economic condition of the rural population, and the cost of land and building for an orphanage not being paid during the year.

35. Extraordinary charges.—Non-adjustment in full of the estimated loss on sale of subsidised food.

37. Pre-partition Payments.—Payment of land acquisition charges being smaller than anticipated.

38. Expenditure on Road Transport Schemes.—Smaller number of buses being operated on during the year than anticipated.

39. Capital Outlay on State Schemes of Government Trading.—Larger credits on account of sale proceeds of foodstuffs.

40. Interest Free Advances.—Expenditure correctly debitable to 'Public Account' not to the 'Consolidated Fund'.

41. Loans and Advances bearing Interest.--Curtailment of the grant of loans for purchase of cattle owing to poor realisation of the previous loans, smaller demands for loans to cultivators and artisans owing to partial improvement in the economic conditions, and smaller payment of loans for Grow .More Food and Development schemes owing to legal difficulties and other causes.

6. Savings on Charged Appropriations.—Savings also occurred in nine out of fourteen charged appropriations. The more important of these are detailed below :—

Number and name of Appropriation.					Original Appropria- tion.	Supple- mentary Appro- priation.	Total Appro- pria- tion,	Expen- diture.	Sav-	Percent- age of savings.
	1			2	3	4	5	6	7	
10. Irrigation	•	٠.	•	•	16,72	••	16,72	9,10	7,62	45·6
20. Medical				•	1,20	••	1,20	60	60	50

Number and name of Appropriation.	Original Appropria- tion.	Supple- mentary Appro- priation	Total Appro- pria- tion.	Expen- diture.		Percent - age of savings.
1	2	3	4	5	6	7
34. Miscellaneous—Expenditure Displaced Persons.	on	51	51	••	51	100 -
37. Pre-partition Payments .	• ••	15,00	15,00	11,20	3,80	25.3
38. Expenditure on Road Transport Scheme.	s. 4,12	••	4,12	44	3,68	89.3
9. Interest on Works for whic Capital Accounts are kept.	h 11,45	••	14,45	11,84	2,61	18

The following are the chief causes which brought about the savings under each of the above appropriations :---

10. Irrigation.--Change in the classification of interest charges on capital advances to the Damodar Valley Corporation.

20. Medical.—Grant to a hospital in addition to the statutory grant was adjustable under 'voted'.

34. Miscellaneous.—Expenditure on Displaced Persons.--Payment of interest charges on loans taken from the Government of India for grant of loans to displaced persons deferred till 1951-52.

37. Pre-partition Payments. -Payment of land acquisition charges was smaller than anticipated.

38. Expenditure on Road Transport Scheme.—Interest on the Capital Outlay of the State Transport Service for 1949-50 and 1950-51 could not be adjusted during the year owing to delay in the compilation of the pro forma Profit and Loss Account.

9. Interest on Works for which Capital Accounts are kept.—Belated decision to debit the interest charges on the Capital Outlay on the Mayurakshi Project to the Major head "51-A" included under Grant No. 10.

7. Savings or Excesses on voted grants and charged appropriations (separately and combined) as compared with the previous years :---

							Savings (—) Excess (+).	Percentage of savings or excesses.
		1				2	3	Service 1
Charged 1948-49 1949-50 1950-51	• •	• •	• •	• •	• •	1,12,28 1,36,17 1,45,95	2,08 22,21 -+17,59,03	1-9 16,3 1,205-3

						Final Appropriations and Grants.	Savings () Excess (+).	Percentage of savings or excess(s.
		1				2	3	4
Voted							•	
1948-49	•			•	•	43,70,85		34.1
1949-50		•		•	•	58,43,28		28
1950-51			•			59,26,97		18-2
Charged and	voted	taker	n togel	ther—	-			
1948-49		•	•		•	44,83,13		33.3
1949-50		•				59,79,45		27.7
1950-51	•	•	•	•	•	60,72,92	+6,80,69	11-2

The large excess in the charged section was mainly due to the expenditure of 17,75, 42 on account of repayment of Public Debt, which is chargeable to the Consolidated Fund of the State not having been provided for in the Appropriation Acts passed by the Legislature. Excluding this item there was a saving of $11\cdot 2$ per cent in the final charged appropriation, the bulk of which occurred under Appropriations Nos. 10, 37, 38 and 9.

Although some improvement is noticed in the voted section, the savings are still too high in respect of Grants Nos. 10, 22, 29, 35, 37, 38 and 39.

8. Excesses over voted grants.—The voted grant was exceeded in the following six cases which require regularisation under Article 205 of the Constitution.

N	lumber and name Grant.	of	Original Grant.	Šupple- mentary Grant.	Total Grant.	Expen- diture.	Excess.	Percentage of excess.
	` 1	**	• 2	3	4	5	6	7
			Rs.	- Rs.	Rs.	Rs.	Rs.	
2.	Land Revenue		41,69,000	9,16,000	50,85,000	51,28,115	43,115	i ·8
5.	Forest .	•	49, 02,000	2,00,000	51,02,000	52,07,0 3 4	1,05,034	£ 2·1
6.	Registration	•	15,83,000		15,8 3, 000	16,05,065	22,06 5	1.4
20.	Medical .	•	3,01,67,000	••	3,01,67,000	3,05,08,555	3,41,555	5 1.1
31.	Superannuation Allowances and Pensions.		1.02,05,000	15,13,000	1,17,18,000	1,20,57,650	3,39,650) 2.9
34.	Expenditure on Displaced Persons		4,99,16,000	56,41,00	0 5,55,57,000	6,38,20,412	82,63,412	14.9

The main causes which led to the excesses are explained below :---

2. Land Revenue.—Increased contingent expenditure in Government Estate.

5. Forest.--Smaller recoveries from other departments for supply of forest produce.

6. Registration.—Increase in staff in consequence of the new set-up, larger number of commission cases and enhanced rent of buildings.

20. Medical.—Delay in adjustment of the value of medical stores supplied to other departments.

31. Superannuation Allowances and Pensions.—Payment of pensions and commutations during the last two months of the year exceeded anticipations.

34. Expenditure on Displaced Persons.—Increased expenditure on relief and grant of larger amount of loans to displaced persons.

9. Excesses over charged appropriations.—Charged appropriations were exceeded in the following four cases which require regularisation.

Number and name of Appropriation.		Supple- mentary ppropria- tion <i>i</i>	Final Appro- priation.	Expen- diture.	Excess.	Percent- age of excess.
1	2	3 [°] ¥	4	5	6	7
	Rs.	Rs.	Rs.	Rs.	Rs.	
11. Interest on Ordi- nary Debt.	5,80,000	9,92,000	15,72,000	19,88,211 **	4,16,211	26.7
12. General Ad- ministration.	7,70,000	••	7,70,000	7,85,910	1 5, 910	2•f
29. Civil Works	9,01,000	2,11,000	11 ,12;0 00	11,42,509	30,509	÷ 2·7
Public Debt .	••	••	• • 8	17,75,42,000	17,75,42,000	••

The chief causes which led to the excesses are explained below :---

11. Interest on Ordinary Debt.—Smaller recovery of interest charges from the Damodar Valley Corporation and delay in the adjustment of interest on the capital outlay on the State Transport Service owing to delay in the compilation of the Trading and Profit and Loss Account.

12. General Administration.—Larger expenditure on maintenance of furnishing of official residences and larger debits from railways than anticipated on account of tour expenses.

29. Civil Works. - Debits for transfer of materials awaiting adjustment.

Public Debt.—Provision for repayment of Cash credit advance from the Imperial Bank of India and loans from the Central Government, which are chargeable to the consolidated Fund of West Bengal, was not included in the Appropriation Acts passed by the Legislature. 10. Excesses over voted grants and charged appropriations as compared with previous years.—The table below compares the number and amount of excesses over voted grants and charged appropriations during the year under review with those of the previous years.

	Year.					Nun	Number			Amount.	
							Voted.	Charged.	Vot	ed.	Charged.
			1				2	3		4 Rs.	อั Rs.
1948-49 1949-50 1950-51					• • •		13 7 6	2 2 4	15,0	35,879 06,248 14,831	45,051

The improvement noticed in the preceding year was not maintained in the year under review. The reasons for the excesses have been explained in paragraphs 7, 8 and 9 ante.

GENERAL COMMENTS ON THE ACCURACY OF BUDGETING.

11. Voted Grants.—The budget estimates for 1950-51 provided a total sum of Rs. $53,21\cdot80$ lakhs for voted expenditure against which the actual expenditure was Rs. $48,48\cdot58$ lakhs causing a saving of Rs. $4,73\cdot22$ lakhs, *i.e.*, $8\cdot9$ per cent. of the original grant. Supplementary grants for an aggregate sum of Rs. $6,05\cdot17$ lakhs increased the saving to Rs. $10,78\cdot39$ lakhs which was $18\cdot2$ per cent. of the final grant. Grants Nos. 10, 22, 29, 35, 37, 38 and 39contributed to about 95 per cent of the total saving. The saving of Rs. $4,73\cdot22$ lakhs in the original grant was the net result of a saving of Rs. $8,48\cdot99$ lakhs under twentyone heads and an excess of Rs. $3,75\cdot77$ lakhs under eighteen heads. The supplementary grant dovered the excess fully under twelve heads and partially under four. In eight cases, however, the supplementary grant increased the saving in the original grant, *vide* Grants Nos. 3, 17, 25, 26, 27, 29, 33 and 40.

Charged Appropriations. —The budget estimate for charged expenditure was Rs. 1,16.87 lakhs against which the expenditure amounted to Rs. 19,05.03 lakhs, causing an excess of Rs. 17,88.16 lakhs which comes to about 1,530 per cent. of the original appropriation. The supplementary appropriation of Rs. 29.08 lakhs reduced the excess to Rs. 17,59.08 lakhs or 1,205.1 per cent. of the final appropriation. The excess of Rs. 17,88.16 lakhs in the original appropriation was the net effect of an excess of Rs. 18,03.32 lakhs under six heads and a saving of Rs. 15.16 lakhs under six. The supplementary appropriation covered the excess fully under two heads and partially under two. In one case (viz., Appropriation No. 34-Miscellancous-Expenditure on Displaced Persons) the supplementary grant was not required for the reasons stated in paragraph 6 ante.

Out of 42 heads for which appropriation accounts have been prepared twenty-three showed a variation of above 10 per cent., seven between 5 and 10 per cent. seven between 1 and 5 per cent. and three below 1 per cent.

In one case there was no appropriation while in two cases there was no variation. The reasons for the more important variations have been explained in paragraphs 5, 6, 7, 8 and 9 *ante*.

12. Important instances of defective control over expenditur during the year are mentioned below :	e noticed
(1) Reappropriations obtained unnecessarily or in excess of requi	rements-
Grant No. 17-Ports and Pilotage—sub-head A-4 and the Review, page 120 •	Rs. 1,13,996
The reappropriation of Rs. 1,20,500 sanctioned ur sub-head was far in excess of final requirement.	der the
(2) Injudicious reappropriations and surrenders causing excess over allotments -	
(i) Grant No. 19-Charges on account of Education—	
(a) Sub-head F-3(5), page 126 and paragraph 2 of the Review, page 136	8,008
(b) Sub head L-3, page 130 and paragraph 3 of the Review, page 136	2,444
The excesses in the above two cases were due to excessive reappropriations.	
(ii) Grant No. 31 Superannuation Allowances and Pensions Sub-head A-Voted, page 258	2,50,500 [°]
The bulk of the excess under the sub-head was due to excessive priation and surrender.	reappro-
(iii) Grant No. 23-('harges on account of Veterinary	
Sub-head D-4, page 163 and paragraph 2 of the Review, page 164	15,755
Arrear liabilities were not taken into account in calculating final the saving for reappropriation and surrender. $P_1 \leq c_1 \leq c_2 \leq c_3$	~
(3) Cases of non-surrender of savings -	
 (i) Grant No. 10—Irrigation—Sub-head D-1(A), page 69 and paragraph 1 of the Review on page 73 The saving was not surrendered. 	2,40,000
(ii) Grant No. 20-Medical—Sub-head D-8, page 140 and peragraph 2 of the Review, page 143	26,420
Out of the saving of Rs. 36,216 under the Sub-fiead Rs. 26,420 rinjudicious reappropriations.	was due to
(iii) Grant No. 23-Charges on account of Veterinary— Sub-head D-7, page 163 and paragraph 3 of the Review, page 164	16,700
(iv) Grant No. 34-Miscellaneous—Expenditure on Displaced Persons—Sub-head A (i), page 275 and paragraph 4 of the Review, page 280	1 09 060
$\cdots \cdots $	1,02,000

(v) Grant No. 41-Loans and Advances bearing Interest— Rs. —Sub-head G, page 331 and paragraph 2 of the	
Review, page 333 1,58,000	
The anticipated savings in the above three cases were not surrendered.	
(4) Cases of unremedied or uncovered excess—	
(i) Grant No. 22-Charges on account of Agriculture-	
Sub-head I, page 159 and paragraph 2 of the Rs. Review, page 160	
The anticipated expenditure was not provided for.	
(ii) Grant No. 33-Miscellaneous—	
(a) Sub-head I-13, page 272 and paragraph 2 of the Review, page 273	
(b) Sub-head N, page 272 and paragraph 3 of the Review, page 274	
The anticipated expenditure in the above two cases was not provided for.	
(iii) Grant No. 41-Loans and Advances bearing Interest	
Sub-head J, page 332 and paragraph 3 of the Review, page 333	
Payments made by certain officers without obtaining certificates of avail— ability of funds.	
(5) Defective bulgeting— \sim	
Grant No. 24-Charges on account of Co-operative Credit—Sub-heads A1(2) and A1(3) page 165 and paragraph 2 of the Review, page 166	

Provision for reorganisation of staff was made both under Sub-head A1(2) and $\Lambda 1(3)$ as well as under Sub-head E. This is an instance of double provision in the original budget.

(ii) Grant No. 29 Civil Works-

(a) Sub-head D--Voted, page 216 and paragraph 2 of the Review, page 220.

No provision for the gross expenditure on repairs to National Highways as well as for recoveries from the Central Government was made in the original budget nor made by reappropriation.

(b) Sub-heads F-Deduct-Recoveries, page 217 and P, page 219 and paragraph 4 of the Review, page 220.

No provision for the recovery was made in the original budget, nor regularised by reappropriation.

> (c) Sub-head K and M, page 218 and paragraph 3 of the Review, page 220.

Provision for Sub-head K-Original Works-Buildings erroneously made in the original budget under Sub-head M-Establishment was regularised by reappropriation during the year. **IAGWB** 2

GENERAL CONCLUSIONS RELATING TO CONTROL OVER EXPENDITURE.

13. In the voted section there was a saving of Rs. 10,78.39 lakhs in the total voted grant of Rs. 59,26.97 lakhs. A sum of Rs. 8,54.52 lakhs was, however, surrendered to the Finance Department by the various controlling authorities leaving an unadjusted balance of Rs. 2,23.87 lakhs which was 4.4 per cent. of the final modified grant. The unadjusted saving was the result of savings aggregating Rs. 4,41.69 lakhs under twenty-five heads partly set off by excesses aggregating Rs. 2,17.82 lakhs under twelve heads. The surrender had the effect of increasing the excesses under four heads (viz., Grants Nos. 2, 5, 31, and 34), while in four other cases it converted the savings to excesses (vide Grants Nos. 4, 10, 12 and 37).

In the charged section there was an excess of Rs. 17,59.08 lakhs over the total charged appropriation of Rs. 1,45.95 lakhs. This was the result of excesses aggregating Rs. 17,80.05 lakhs under four heads and savings of Rs. 20.97 lakhs under nine heads. Out of the savings a sum of Rs. 16.25 lakhs was surrendered to the Finance Department. This had the effect of increasing the total excess to Rs. 17,75.33 lakhs over the final modified appropriation.

The following table compares the percentages of unadjusted savings in and excesses over the final modified grants and appropriations for the year under review with those of the two preceding years :---

(In Rs. lakhs)

									Final Modi- fied Grants and Appropria- tions.	Unadjusted "excess + saving	Percentage of unadjusted excess or saving.
l Voted—									2 •	3	4
1948-49	•	•	•	•	•	•			29,81 ·62		'• 3·4
1949-50	•	•	•				•	٠	38,26.60	+3,79.59	~9 •9
1950-51	•	•	•	•	•		•	*	50 ,72·4 5	2,23.87	4·4
Oharged							*			*	*
1948-49	•	•	•		•				1,10.93	<u></u> •73	7
1949-50								• . •	1,16.45	-2-49	2.1
1950-51	•	•	•	•	•	•	•	•	1,29.70	+ 17,75.33	1,368.8

It will be seen from the above table that there was some improvement in the year under report in the voted section. The enormous excess in the charged section was due to the special circumstances mentioned in paragraph 7 ante.

Cases of defective control over expenditure have been mentioned in the Reviews of individual appropriation accounts and in paragraph 12 ante. They show that in quite a number of cases the control exercised was not up to the mark.

14. Verification of Departmental Accounts.-Defective control over expenditure was partly due to the failure on the part of the Controlling Officers to carry out a timely verification of Departmental Accounts with the accounts compiled by the Accountant General. Under the Departmental system of accounting, the figures of expenditure under certain heads of account, as furnished by the disbursing officers are to be consolidated and agreed by the Departmental Controlling Officers with the corresponding figures as appearing in the accounts compiled by the Accountant General. For the purpose of rectification of any mistakes in the compiled accounts, as well as for exercising an efficient control over expenditure against grant and appropriation, it is essential that the Controlling Officers should depute an assistant at regular intervals to the Accountant General's office so that this process of reconciliation may be carried out from month to month. But, during the year under review, this was not done in a pretty large number of cases in spite of repeated reminders issued to them. The matter having been reported to the Finance Department of the State Government, the verification was completed by the end of October, 1951, with the following exceptions:-

37.	Head of Accounts. Education—	Name of the Controlling Officer.	Month from which verification remains outstanding.		
	(a) Development Programme .	Education Deptt	Aprıl, 1950.		
	(b) National Cadet Corps	Special Officer	April, 1950.		
85.	Capital Outlay—				
	(Supply of foodstuff at concession rates to other Government servants.)	Finance Deptt	April, 1950.		

CHAPTER III.-FINANCIAL IRREGULARITIES, LOSSES, ETC.

15. Only important cases of irregularities, etc., are mentioned below in this Report. For convenience sake, they have been arranged according to Departments of Government administering the grants. Other cases of loss and writeoff, etc., appear below the Appropriation Account of the particular grants or appropriations which they relate to.

LAND AND LAND REVENUE DEPARTMENT.

16. Purchase of a zemindari estate.—Under sanction accorded by Government in the Land and Land Revenue Department a sum of Rs. 3 lakhs was paid as price for the purchase of a zemindari estate. Regarding the necessity for acquiring the estate, it was stated by Government that the purchase had been sanctioned on political and administrative grounds. No further information was furnished regarding the necessity and urgency of acquiring the estate. The price was fixed by Government at 30 times the estimated net income of the estate. This rate is substantially higher than the rates laid down in the Executive Instructions issued by Government under the Land Acquisition Act for the capitalisation of the net annual profits of landholders. The higher rates were said to have been fixed in view of the great potentialities of the development of the area. From the papers made available for inspection it did not appear, however, that at the time of acquiring the estate there was any definite scheme or proposal for the development of the area which made it incumbent on Government to buy out the landlord.

At the rates which have been laid down under the Bihar and Uttar Pradesh Zamindari Abolition Acts, the compensation payable for the acquisition of an estate with a net income of Rs. 10,000 would not exceed Rs. 1 lakh.

HOME (PUBLICITY) DEPARTMENT.

17. Irregular Expenditure on Receptions accorded to certain high personages under the auspices of a political party.—Expenditure aggregating Rs. 35,522 was incurred by Government in 1947-48 in connection with civic receptions accorded to some high personages (both official and non-official). The receptions were held largely under the direction and management of a certain political party.

The control exercised by Government over the expenditure incurred was both inadequate and inefficient. For example, (i) in several cases there was no prior settlement of terms for supplies and services ordered for—with the result that Government had perforce to accept the suppliers' claims which were admittedly too high, (ii) Government had to pay for very large quantities of petrol obtained on the requisition of a non-official, an office-bearer of the party organisation, under whose auspices the receptions had been held, (iii) payment was made for supply of loud-speakers, radio sets, etc., without verification of the number of apparatuses supplied.

18. Irregularities in connection with expenditure incurred on public reception to some high personages.—In connection with three public meetings held on the Calcutta Maidan on the 14th January, 1949, 14th July, 1949, and the 15th January, 1950—and addressed by some high personages a certain firm had been entrusted by Government with the task of making arrangements for the installation of loud-speakers. The same firm had been given the contract on each occasion, and no tenders called for. The firm was paid widely varying amounts namely, Rs. 7,728, Rs. 9,478 and Rs. 5,764 respectively for these different meetings although the site, the area covered, and the scale of arrangements were identical on all the three occasions.

The following further irregularities were noticed :---

- (1) Certain equipments were supplied and billed for by the firm in excess of the quantities indented for. Even so, the claims were admitted and paid in full.
- (2) On each occasion the firm was paid considerable amounts by way of railway and air fares, taxi-hire and wages of its engineers and assistants, although there was no such stipulation in the contract.
- (3) With regard to the claims on account of railway fares, wages, etc., there was wide divergence between the rates charged on different occasions.
- (4) In several cases the expenditure could not be supported by original payee's receipts, while in a few other cases, the expenditure could not be supported by any documents whatsoever.

19. Expenditure on behalf of certain political organisation.—The printing of certain hand-bills in Bengali and Hindi which were considered essential by Government to counter the anti-social activities of a certain political party was entrusted to another political organisation which brought them out in its own name. The cost of printing, which was done at a private press, amounted to Rs. 3,140 and it was treated as an item of public expenditure. It has been stated by Government that this was done in the public interest. The method adopted was novel and unusual and it is felt that it would be wrong in principle to meet out of public revenue the cost of propaganda done by a political party in its own name.

HOME (CONSTITUTION AND ELECTIONS) DEPARTMENT.

20. Residential accommodation provided for Ministers at concessional rates of rent under Government orders.—Prior to the coming into force of the West Bengal Salaries and Allowances Act (West Bengal Act V of 1952) with effect from the 13th June, 1952, two of the Ministers were paying in accordance with orders issued by Government, rent for residences provided for them by Government at 10% of their salary, on the analogy of what is charged to Government servants occupying Government quarters. Neither the Ministers' Emoluments Act (West Bengal Act IX of 1948), nor any other Act of the Legislature provided for the grant of such benefit. The actual rent recovered from the Ministers as against the standard rent recoverable from non-entitled persons or the monthly compensation paid by Government in respect of the requisitioned buildings is shown in the statement below :—

Serial No.	Period of occupatio	on.	Rent realised.	Standard rent recoverable from non-entitled. persons or the compensationp aid.	Romarks.	
1	. 2		3	4	5	
1.	1-12-49 to 2-7-50	•	Rs. 67-8-0 p.m.	Rs. 250-0-0 p.m.		
2.	31-3-49 to 24-5-50	•	Rs. 75 p.m. to end of Nov. 49 and Rs. 67-8-0 p.m. thereafter.	Rs. 668-0-0 p.m.)		
3.	3-7-50 to 28-3-52	•	Rs. 67-8-0 p.m.	Rs. 360-0-0 p.m.		
4.	25-5-50 to 30-6-52	•	Rs. 67-8-0 p.m.	Rs. 795-3-0 p.m.		

Statement.

On one of the residences, which is a requisitioned house, repairs (including original works) and plumbing work (over Rs. 5,000), as also electric installation (over Rs. 4,000) were done at Government cost but a sum of about Rs. 1,550 only *plus* 16 per cent. departmental charges was proposed for recovery from the landlord.

HOME (TRANSPORT) DEPARTMENT.

21. Irregular use of motor vehicles.—A comparison of the record of the use of Food Department Motor Vehicles by two Parliamentary Secretaries with their travelling allowance bills for the period from June, 1948 to July, 1949, showed vehicles having been supplied for their use in Calcutta on seven occasions when the Secretaries were, as per details given in their T. A. bills, away from that place. No explanation for the discrepancies has been forthcoming in spite of repeated reminders issued by audit.

22. Expenditure on an investigation into the Organisation and Procedure of a certain public service department.—In February, 1950 a firm was entrusted with the work of investigating the current organisation and business procedure of a certain public service department of the Government and of submitting "recommendations for rationalisation with a view to improving the service to the public, simplifying the procedure and records, and enabling all necessary work to be carried out with maximum economy of personnel". The firm was also asked to investigate the current method of giving out contracts and make "recommendations for alterations considered advisable in the public interest". Under the terms of an informal agreement, it was stipulated that the firm should be paid fees at the rate of Rs. 3,000 per month. A sum of Rs. 15,000 in all was paid to the firm during the course of five months (Rs. 12,955 during 1950-51 and Rs. 2,045 during 1951-52.)

The administrative department concerned had received the report of investigation in August, 1950. It was stated by Government in October, 1951 (*i.e.*, after the lapse of over 14 months) that the question of implementing the recommendation made by the firm was still under their consideration and as such they were "not in a position to assess the saving in expenditure to be effected as a result of investigation at this stage".

23. Wasteful expenditure on aeroplanes.--(i) On pages 72-73 of the Appropriation Accounts of 1948-49 mention was made of large expenditure incurred on four aeroplanes owned by Government. The following table shows, year by year, the cost of maintenance and supervision of the aircrafts to end of 1950-51, as also the number of flights made by them otherwise than for exercise.

			Liabi	lity incurred	fo r.

Two more aeroplanes [namely, 'L-5(VT-CAY)' and 'Proctor'] came under the ownership of the West Bengal Government with the merger of the Cooch Behar State on the 1st December, 1949. It seems that both the aeroplanes were, unserviceable and the first-named plane was brought to Dum Dum air port by ferry flight from Cooch Behar.

(ii) With regard to the first four aeroplanes, in addition to the maintenance and supervision charges mentioned above, there was a further charge of Rs. 28,405 on account of aviation petrol which could not be allocated separately to the different aeroplanes.

On an average, the cost of each flight came to Rs. 4,213. If interest on capital, and depreciation were taken into account, the average cost of a flight would be even higher. Besides, almost all the flights were confined to short distances within the limits of the State.

One factor contributing to the high average cost was that, apart from the two planes that were received from Cooch Behar in an unserviceable condition, three out of the remaining four planes had, since the date of their acquisition to the end of December, 1950, remained out of commission for about 38, 21, and $10\frac{1}{2}$ months respectively, for which periods supervision charges aggregating Rs. $\{1,189\}$ were incurred all the same.

Another important factor contributing to the same result was the excessive consumption of fuel. In spite of the defect having been pointedly brought to notice by audit, no effective steps seem to have been taken to introduce adequate control over the consumption of aviation petrol and oil. No logbooks were maintained, and whatever claims were preferred on this account by the operating firm, were readily admitted without any check with reference to the number and distance of flights made. Petrol was shown to have been supplied even on certain dates on which the planes had performed no flights. The quantity of fuel thus paid for worked up to 2,432 gallons of petrol and 85 gallons of oil.

(iii) Before the Partition the supervision of Government aircrafts had been entrusted to a firm on contract basis. After the Partition the same firm continued to do this work for the planes which fell to the share of the Government of West Bengal without any definite agreement up to the 19th March, 1948, when the work was given to another firm. The reason advanced for the change-over was that the old firm had been found unsuitable for the job.

For supervision the firm, newly engaged, was paid at the following rate from the dates noted against each :---

L-5		Rs. 250 p. m. from 19-3-48.		
Dominie	-	Rs. 500 p. m. from 19-3-48.		
Dove		Rs. 4,500 p. m. from 26-12-48.	(Rs. 3,500 p. m. periods).	for unserviceable
Consul		Rs. 4,000 p. m. from 23-11-48.	(Rs. 2,500 p. m. periods).	for unserviceable

No tenders had been invited and no formal agreement entered into with the firm. The rates were said to have been settled by negotiation. In reply to audit query, it was stated that steps had been taken to obtain quotations from two other firms, but no such quotations were made available for audit inspection. A formal agreement was executed on the 21st May, 1949, with the particular firm to which the work had already been entrusted; but this agreement covered only the planes 'L-5', 'Dove', and 'Consul'. There was no agreement whatsoever with regard to the plane 'Dominie', though payment continued to be made for its supervision too. After attention had been drawn by audit to the failure to call for tenders,-quotations were called for and obtained by Government from one other firm. The quotation received was very much lower than the rates of the then existing contract. Thereupon, the existing contractors readily offered to reduce their total charge for the three planes 'L-5', 'Consul', and 'Dove' from Rs. 8,750 to Rs. 8,000 p.m. Even so, the rate remained higher than the quotation obtained.

(iv) One of the planes [viz., the 'Dove'] became unserviceable in March, 1948 due to damages sustained in course of an unauthorised flight while in the custody of the firm entrusted with its supervision and operation. Compensation for the damage could, according to legal opinion, be claimed on two counts, viz., (1) for repair charges, and (2) for deprivation of use. No steps, however, were taken to realise compensation from the firm. The repair charges incurred by Government came to Rs. 3,510 and the hire of private planes during the period the Government planes remained unserviceable cost Government a sum of Rs. 20,000 a part of which at least should have been realised from the firm.

(v) Three planes, namely, the 'Dominie', and the two planes from Cooch Behar have been sold away for a total sum of Rs. 6,206 only. The plane 'Dominie', whose book value was Rs. 25,000 was sold for Rs. 1,005 on the 9th December, 1950. The plane 'Proctor' was sold for Rs. 200 on the 17th January, 1951.

The plane 'L -5' was brought down to Dum Dum at a cost of Rs. 150 and a further sum of Rs. 2,660 was spent on it on account of C of A overhaul. It was sold for Rs. 5,001 on the 24th March, 1951.

24. Irregularities in expendi ure on Road Transport Scheme.—(i) As during the preceding two years, quite a large percentage of buses (over 39 per cent.) remained idle throughout the year under review. This was stated to have been due to lack of garaging facilities. There was also considerable loss of operational hours on account of frequent break-down of vehicles on the road. Both the above factors affected the earnings of the Transport Service to the extent of about Rs. 20 lakhs during the year. Idle buses mean (a) unnecessary locking up of capital and payment of interest without any gain, (b) depreciation of vehicles without obtaining any service therefrom, (c) unremunerative expenditure on maintenance and running staff.

(ii) Purchases of spare parts and motor accessories were often made without obtaining quotations or settling the price beforehand. Hence, no check could be exercised on the bills presented by three firms in respect of supplies whose value aggregated to about two lakhs of rupees.

(iii) In course of physical verification carried out on the 31st March, 1951, discrepancy was noticed between the book balance and the actual stock of petrol in the underground tanks to the extent of 1,451 gallons in one Depot and 3,106 gallons in another. It was stated that the shortage was solely due to evaporation. Orders of Government for the write-off of the loss (Rs. 10,967) are awaited.

(iv) During a test check of the accounts of earnings it was noticed that a portion of daily sale proceeds of tickets had been systematically held back by many conductors. The total amount due from the conductors on the 30th November, 1950 amounted to Rs. 8,660. In one instance, the accumulated sum outstanding against a single conductor exceeded Rs. 800 on the 1st April, 1951.

(v) The costing system envisaged in the accounting procedure laid down by Government has not yet been introduced in full. No costing was done for jobs for body construction of 'Double Deckers' on which a huge amount of expenditure was incurred. There was neither any estimate prepared nor any order of the competent authority obtained before undertaking jobs. Unless some form of costing be introduced, it will not become possible to test the efficiency of the workshop.

(vi) The pro forma Profit and Loss Account of the Transport Service for the year 1949-50 are incorporated on pages 298 to 299. The pro forma accounts for the year 1950-51 have not yet been made available for audit.

25. Survey of an underground railway in the city of Calcutta.—Towards the end of the year 1948-49, the Government of West Bengal decided to undertake a survey to investigate the feasibility and profitableness of an underground Railway in the city of Calcutta to improve the transport facility in the city. The consent of the Government of India is said to have been obtained informally before undertaking the survey. The survey which was estimated to cost Rs. 6 lakhs was considered so urgent that it was undertaken even before approval, and provision of necessary funds, by the Legislature. The work was entrusted to a French firm of engineers to whom payment aggregating Rs. 4 lakhs was made in anticipation of the vote of the Legislature. The certificate of the completion of the survey was also communicated to audit in December, 1949. The vote of the Legislature was obtained in March, 1950, and the final payment representing the balance of the estimated cost (viz., Rs. 2 lakhs) was made thereafter in the same month.

The survey appears to have established the fact that the construction of an underground railway in Calcutta is a feasible proposition. The State Government, however, do not appear to have with them a scheme to that purpose for execution in the near future.

HOME (POLITICAL) DEPARTMENT.

26. Oristanding balance of Permanent Advance. -An aggregate sum of Rs. 1,819 representing the outstanding balance of Permanent Advance, held by certain officers of the now defunct Air Raid Precaution and Civil Defence Organisation, was not refunded into the treasury when the organisation was closed down. Repeated attempts to obtain acknowledgments of the amounts from the successor officers having failed, the matter was reported to Government in October, 1950.

The orders of Government are still awaited.

HOME (POLICE) DEPARTMENT.

27. Misappropriation of money during transit. -On the 11th of November, 1947, a sum of Rs. 26,152 representing the pay of a Sub-Divisional Police Force was drawn at the district instead of at the Sub-Divisional Headquarters and made over to an armed escort party of seven persons for being carried to the places of payment. The headman of the party absconded with the money. All the persons were criminally prosecuted; but six of them were discharged by the Court of Law in the absence of proof of guilt. The headman is still absconding. Departmental proceedings were also instituted against all of them as a result of which the headman of the party was dismissed from service and the others punished by reduction of pay for two years. The loss was due to negligence and also to non-observance of Code Rules according to which, the pay of Sub-Divisional Force should have been drawn from the Sub-Treasury and not from the District Treasury. The practice of encashing such bills at the district treasury is, however, reported to have since been stopped. No orders regarding the write-off of the loss have yet been communicated to audit.

FINANCE DEPARTMENT.

28. Uneconomical hiring of Type-writers.—A sum of about Rs. 4,000 was spent in 1948-49 on the hire charges of type-writers obtained on hire by the different Departments of the Secretariat. Quotations for rates and terms of the hire were not always obtained and as a result, the charges paid by the different Departments, or, even in the same Department varied widely, e.g., from Rs. 16 to Rs. 40 per month per machine. This was primarily due to lack of co-ordination between the different departments and to non-invitation of tenders. In reply it was stated that steps were being taken "to canalise such transactions in future through the Organisation and Method Branch of the Finance Department". Government was also asked to consider whether it would not be more economical to own a few spare machines which could be used by the different departments in times of pressure. No reply to this point has been received.

WORKS AND BUILDINGS DEPARTMENT.

29. (a) Absence of any control over the purchase, storage and issue of furniture —A system of centralised control over the purchase, and issue of furniture required for the various Departments of the Secretariat was introduced by opening a Central Furniture Store under the Works and Buildings Department. In course of the local inspection of the accounts for 1948-49 it was, however, found that almost all the Departments purchased some of their own requirements without making any reference to the Central Furniture Store. The Works and Buildings Department did not maintain a complete and up-to-date inventory of furniture in its own possession and in the possession of other Departments. Nor did the latter maintain, in all cases, separate inventories of dead stock in their respective possession. Moreover, articles were sometimes purchased at rates higher than the lowest tendered rates and at times without even inviting tenders or quotations.

The stock book of the Central Furniture Store did not appear to have been properly kept. Instances were found of receipts and issues not having been entered at all. There was nothing on record to show that the physical verification of dead stock had ever been made.

(b) Unauthorised issue of furniture to residences of some Ministers and officers.—During 1948-49 numerous items of furniture were issued to the residences of some Ministers in excess of the prescribed scale. Furniture was also supplied to the residences of some officers of the Works and Buildings and the Legislative Assembly Departments, although they were not entitled to get such free supply. Rent for these articles of furniture was not properly assessed and recovered even after the irregularity had been

31032

pointed out by audit. The matter was again brought to the notice of Government through the Inspection Report for 1949-50. Orders of Government on the subject are still awaited.

30. Expenditure on Government Bungalow at New Delhi.—In order to meet incidental charges in connection with the purchase of a Bungalow at New Delhi, a temporary imprest of Rs. 6,000 was issued on the 14th November, 1949, to an Officer of the Government of West Bengal, Works and Buildings Department; but neither was the imprest acknowledged nor any account supported by vouchers furnished to the Executive Engineer till the middle of December, 1951, when the imprest holder furnished an imprest account for Rs. 4,455 only leaving the balance of Rs. 1,545 still unaccounted for.

31. Infructuous expenditure on manufacture of bricks.—In connection with a Government work, agreements were made with three contractors for the manufacture and supply of a large number of burnt bricks on condition that coal would be supplied to the contractors for burning the bricks. Before coal had been procured for being supplied to the contractors, they were asked to commence the manufacture of kutcha bricks. In reply to an enquiry made by audit, the Executive Engineer stated that this was done under the orders of the competent authority and in anticipation of the arrival of coal wagons in time. As the supply of coal could not ultimately be arranged, the transaction resulted in infructuous payment of Rs. 13,600 comprising (1) the cost of manufacture of kutcha bricks which could not be burnt, (2) expenses for stacking them, and (3) the cost of erection of a thatched roof for their protection. The case had been reported to Government in September, 1951, but no orders were issued even at the end of October, 1952, nor responsibility fixed on any one for the loss incurred.

32. Nugatory expenditure on the construction of a road. --- In a certain Works and Buildings Division an estimate for the construction of a road was duly sanctioned by Government on the 26th January, 1948. After construction had begun in December following and expenditure to the extent of Rs. 1,86,954 already incurred on compensation for land and crops, restoration of land, and earthwork, a change in the alignment was ordered in December, 1949 as further land comprising homesteads included in the original alignment could not be acquired on account of vehement protest by the owners. The portion of the proposed road on which the expenditure mentioned above had been incurred was entirely abandoned in the new alignment. Therefore. the expenditure shown above proved to be nugatory. The difficulty of acquiring any considerable area of homestead lands in old settled country-side should have been foreseen. Had this been done, the expenditure, as also the incidental loss of time and effort, would have been avoided.

The matter having been brought to the notice of Government, it was explained that the change-over made for considerable reduction in construction cost and that the value of lands having appreciated in the affected area by more than 100 per cent. since their acquisition, the sale value of the surplus land would more than counterbalance the expenditure incurred on the abandoned portion of the road. The fact remains that work was started on an alignment which was manifestly more costly than other alternative alignments, and that no change in alignment was made till after a considerable sum had been spent during a whole year. If there has been an increase in the price of land due to fortuitous circumstances the Public Works Department can take no credit for it. Moreover, fields and homesteads which have been defaced by cutting, digging, and piling of earth cannot possibly find ready purchases, nor fetch much value. No portion of the surplus land seems to have been disposed of during a period of two years since when the original alignment had been given up. Even conceding that the acquisition value of the land may ultimately be recovered on disposal, the amount of Rs. 35,973 paid as compensation for crops and for restoration of land and a further sum of Rs. 23,726 spent on earthwork, will, in any case, remain as nugatory expenditure.

EDUCATION DEPARTMENT.

33 (i) Withdrawal of money from the Treasury to prevent lapse of budget grant.—Allotments of Rs. 1,000 and Rs. 500 placed at the disposal of one District Inspector of Schools and one Assistant Inspector of Schools respectively, for payment of certain indigenous Folk Recreational Institutions for the performance of *Palas* or recitals which are calculated to be interesting and edifying from the mass education point of view were drawn just before the close of the financial year although the *Palas* were not performed within the year and the amounts were not required for immediate disbursement. The above two sums of Rs. 1,000 and Rs. 500 were disbursed after the lapse of 7 months and 3 months respectively from the dates of drawal.

(ii) A sum of Rs. 1,405 was drawn by a District Inspector of Schools on the last day of the financial year for purchase of furniture although the articles had not been supplied in full by the contractor before the end of the year and the amount was not actually needed for immediate disbursement. The money had apparently been drawn only to prevent lapse of grant.

34. Large purchases made without calling for tenders.—Sums of Rs. 15,948 and Rs. 4,474 were spent by the Head Mistress of a Government Girls' High School for purchase of instruments, apparatus and articles of furniture during the year 1948-49 and 1949-50 respectively without inviting tenders or calling for any quotations. The officer has been instructed by Government to invite tenders in all such cases in future.

MEDICAL DEPARTMENT.

35. Irregular issue of diets.—The local inspection of the accounts of a hospital revealed that diets had been irregularly requisitioned and supplied for patients. It was also noticed that prohibited diets such as rice, fish, fowl,, etc. had been requisitioned and shown as supplied to patients undergoing major operation on the days of operation or on the days immediately following. By way of explanation it has been stated that "due to unprecedented rush during the period in question—it became impossible to keep a correct inventory of distribution of diet". The acceptance of any such explanation would open the door to wasteful expenditure and malpraotice. Diets had also been irregularly issued in the same hospital to nurses' quarters in respect of nurses who were absent on leave or in hospital taking hospital diets. Against 12,688 meals actually served in one particular month, the number of meals charged for was 13,496. The extra and unwarranted cost was over Rs. 800. Government have since stated that the scale of diet for nurses has now been worked out, nurses are now getting diet as per scale and that diet is not now drawn for the nurses on leave.

36. (a) Non-acceptance of lower tenders.—The local inspection of the accounts of three State hospitals revealed that the lowest tenders had not been accepted in several cases. Neither were any reasons recorded for such non-acceptance.

In respect of the supply of certain dietary articles to one hospital, the lower rates tendered by the previous year's contractors against whom there had been no complaint and who were selected during the year 1949-50 for the supply of certain other articles, were rejected whereas higher rates quoted by some new contractors were accepted. In another hospital the lowest tender for the supply of soft coke at Rs. 1-6-0 per md. was rejected and the tender of another contractor at the control rate, viz., Rs. 1-11-0 per md. [plus 10 per cent. on account of overhead charges] was accepted. The total extra expenditure caused by the rejection of the lowest tenders for dietary and non-dietary articles, exceeded Rs. 63,500.

(b) Unnecessary calling of tenders involving Government in extra expenditure.— In one hospital barley was being supplied by a certain firm at a concessional rate of Rs. 0-5-0 per lb. for a long time. Tenders were not being called for in respect of this article and the terms of the contract were being renewed every six months. On the expiry of a six monthly period, on the 30th April, 1949, the hospital authorities invited tenders for the supply of barley as well as of other dietary articles by advertisement in the press. Only one quotation for the supply of barley at Rs. 1-4-0 per lb. was received and accepted.

In the absence of any complaint as to the quality of barley supplied by the previous suppliers at concessional rates, there was no justification for calling for tenders in this case. In any case, no contract with a new firm should have been entered into without enquiring of the old firm whether it would not continue to supply barley at concessional rate as before. The failure to do so led to an extra expenditure of over Rs. 1,000 during the year.

PUBLIC HEALTH DEPARTMENT.

37. Irregular acceptance of tenders.—In September, 1947 an agreement was made with a contractor for the supply, during the year 1947-48, of 5,000 cow-calves at the rate of Rs. 12 each for the purpose of manufacture of vaccine. While this contract remained in force, and before the full quota of cow-calves had been supplied, the same contractor was permitted to enter into a fresh contract for the supply of cow-calves at an enhanced rate of Rs. 25 each for extra production of vaccine lymph required by the Calcutta Corporation and other bodies to combat the prevailing outbreak of small pox. This caused extra expenditure of Rs. 8,400 to Government. After holding an inquiry at the instance of audit, Government came to the conclusion that responsibility for the loss rested on the then Deputy Director of Health Services (Public Health) who had accepted the tender. But as the officer had retired from service in the meantime and was also not eligible for pension, Government did not proceed beyond communicating their displeasure to him.

AGRICULTURE DEPARTMENT.

38. Working of the Brooklyn Ice Plant and Cold Storage at a loss.—The production of ice in the plant was discontinued from the 25th September, 1949, as it was found unremunerative. The cold storage also was not utilised to its full capacity, only two out of four storage chambers having been fitted with racks for storage of seed potatoes. The capital cost incurred up to the 31st March, 1950, for the erection of the Ice Plant and Cold Storage was Rs. 9,04,851 and the recurring running expenses, receipts and the resultant losses for the three years from 1947-48 to 1949-50 are as follows :—

Year.					Recurring running expenses.	Receipts.	Loss.
1					2	3	4
1947-48 .		•	•	•	50,730	6,237	44,493
1948-49 .	•	•	•	•	1,10,284	27,774	82,510
1949-50 .	•	•	•	•	1,96,901	60,095	1,36,806

An expenditure of Rs. 1,932 was incurred on account of overtime allowances, although there was no official orders for working overtime. There was no record of the actual hours worked by each individual nor of the specific work for which overtime employment had been found necessary. Payment was made on the basis of unattested pencil figures indicating hours of overtime work against names in the attendance register. No evidence of any administrative check by the Supervising Officers was on record. The attendance of workers in the cold storage was taken in loose sheets of paper and subsequently transcribed into a bound register which was full of unattested overwritings, and bore no sign of check by any responsible officer. No records could also be produced to show the hours of arrival and departure of the workers of each shift.

Labour was supplied by a contractor in November and December, 1949 for unloading and sorting out 965 maunds of potatoes in cold storage at Rs. 2 per head *per diem*. Again in March, 1950, a contractor was paid at eleven annas per maund for loading 2,868 maunds of potatoes, in the storage. In none of these cases had tenders been called for.

FISHERIES DEPARTMENT.

39. Drawal of money to avoid lapse of budget grant.—In the course of a local inspection of the Fisheries Directorate, it was seen that an amount of Rs. 79,591 had been drawn on the last day of the year though the amount was disbursed long afterwards. This had apparently been done in order to prevent the lapse of budget grant.

40. Loss incurred in operating a scheme for augmentation of Fish Supply.--In December, 1947, a sum of Rs. 6,000 was advanced to a firm for supply of fish to the Calcutta Market. The advance was intended to meet a part of the

firm's expenses of operation As security against the loan, the firm was to have handed over to the legal possession of the Fisheries Directorate, a petrol launch valued at Rs. 8,000. In accordance with the terms of the agreement proposed to be signed the Company was, however, to be allowed to retain the use of the mortgaged launch, for the operation of the scheme. It has been stated by Government that the agreement was shown to and accepted by the Company in draft, and that the Company had by a letter, formally handed over the launch as security, mentioning that they were retaining it for use according to the agreement. No agreement was actually executed; but the Company retained the launch in its possession for its own use. Besides, a Government launch with equipments and necessary staff employed by the Directorate was also lent to the Company on condition that the pay and allowances of the staff so deputed as also the hire charges of the launch at a mutually agreed rate should be borne by them. Thus the Company began to run the business without executing any proper agreement, while it obtained from Government (i) the use of one motor launch together with its equipment and crew, and (ii) a loan of Rs. 6,000 not actually covered by any kind of security.

As the Company could not supply the stipulated quantities of fish, the Fisheries Department proposed in April, 1948, to withdraw the motor launch and to call back the loan of Rs. 6,000. In August, 1948 the Company was called upon to refund the advance of Rs. 6,000 and to pay off the arrear dues on account of pay, etc., of the crew of the Government launch for the period it was utilised by it.

The latest information furnished by Government is to the effect that a case has been instituted against the Company for the realisation of the amount of the loan and that the question of claiming a further sum on account of hire charges of the Government launch has been receiving consideration.

It is apparent that heavy loss has been incurred, and Government involved in litigation ---because of the failure on the part of the Fisheries Department to take proper safeguards in time.

RELIEF AND REHABILITATION DEPARTMENT.

41. Irregularities in the purchase of Tents and G. C. Sheets, and in the maintenance of stock accounts.—The local inspection of the accounts of a Relief and Rehabilitation Office disclosed the following irregularities :—

(1) (i) Tenders and quotations were invited for the supply of tents and the highest tendered rate was accepted without recording any reasons for the rejection of the lower ones. Had the lowest tender been accepted, there would have been a saving of Rs. 78,400.

(ii) A further sum of Rs. 20,316 was paid to the firm on account of sales tax though the agreement contained no clause for the payment of the same by Government.

(iii) An order for 100 pyramid tents was placed with the same firm without fixing the price in advance and without inviting tenders or quotations from any other dealers. Payment at the rate of Rs. 180 per tent was made in full for 100 tents though only 96 tents had actually been supplied. (iv) No central stock register of tents showing the receipts and issuse was maintained. It could not, therefore, be ascertained in audit as to how tents were being utilised.

(2) (i) 1,000 bundles of G. C. Sheets were purchased and paid for, but the Stock Register showed the receipt of only 329 bundles.

(ii) The issues as recorded in the Stock Register were in some cases covered by permits; but in some other cases the entries in the Register were not supported by any permits nor were there any acknowledgments of the recipients.

42. Short realisation of rent for accommodation let out to displaced persons.-

(i) It was noticed during a local inspection of the accounts of another Relief and Rehabilitation Office that no rent was being realised in respect of certain premises requisitioned by Government and let out to displaced persons who were liable to pay rent for the same. The outstanding rent at the end of September, 1950 was Rs. 4,35,640 as against Rs. 1,75,176 at the end of September, 1949. The defaulters included Government servants as well. The rules laid down for the collection of rent were not observed and the penalty clauses were not enforced.

Two houses were derequisitioned, one in March, 1950 and the other in July, 1950. The rents outstanding against the tenants of the premises were Rs. 8,000 and Rs. 828. While in the latter case there was an advance deposit of Rs. 100 only, there was none in the former. As against a total sum of Rs. 8,828 due from the tenants of the derequisitioned premises, certificate cases were instituted in respect of Rs. 2,654 only.

(ii) The following irregularities were also noticed in regard to the assessment and realisation of rent, for the requisitioned premises :--

(1) In some cases rent assessed and realised from the occupants did not cover the monthly compensation payable to the landlords.

(2) In some other case rent was realised from the tenants from a date much later than that on which the occupation commenced.

(3) In numerous instances either no advance deposits had been taken from the occupants or the deposits taken were too small to cover any risk.

(4) There were cases in which the realisations were not promptly entered in the Cash Book and remitted to the Treasury.

43. Irregularities in the distribution of cash doles and rations.—In course of a local inspection of the accounts of a certain Relief Camp the following irregularities were noticed :—

(i) Sums of Rs. 7,743 and Rs. 5,743 were advanced to a certain relief officer in October, 1948 and February 1949 respectively for distribution of cash doles to the inmates of the Camp. But no proof of payment could be produced in respect of the former sum, and Rs. 4,076 out of the latter. Muster Rolls could not also be produced in respect of several amounts (aggregating Rs. 9,033) advanced on different dates for payment of wages and cash doles.

(ii) In March, 1949, the Superintendent of the Camp was given an advance of Rs. 4,265 for distributing cash doles to the inmates of the Camp. This amount was not, however, accounted for in the Cash Book of the camp nor 1 AGWB 3 could any Muster Roll be produced in support of disbursement of the amount

The matter was brought to the notice of Government in June, 1950. In July, 1952 Government intimated that the muster rolls for the payments had since been found out and kept ready for inspection. Audit has as yet had no opportunity to examine these records.

(iii) Quantity of rations shown as issued in the Stock Ledger was sometimes much in excess of that shown in the corresponding Muster Roll as having been actually distributed.

44. Unnecessary and unremunerative purchase of a house in Calcutta.-In September, 1948, Government sanctioned the purchase of a house in Calcutta at a price of Rs. 7,15,000 for the purpose of accommodating displaced persons from East Bengal. The price was fixed by direct negotiation with the owner. The Land Acquisition Act was not availed of. In reply to an enquiry by audit as to why permanent assets had been acquired at such high cost for the satisfaction of a temporary need and how the value of the property had been fixed, Government intimated in October, 1949 "that there were good materials for Government to think that the requisition of the permanent assets of the premises would be justified" and that the Land Acquisition Collector had been consulted in fixing the valuation of the property. Thereupon, Government was requested to state what "the good materials" were which led Government to think that the acquisition of the property would be justified. Instead of giving a reply to this point, it was stated in July, 1950 that the State Government had decided " that the amount of Rs. 7,15,000 spent towards the cost of purchase of the above premises from the item of expenditure on Relief and Rehabilitation of displaced persons from East Bengal, which has not been reimbursed by the Accountant General, West Bengal, on behalf of the Government of India, should be debited to the State Revenue". On being further pressed to state the reason for the purchase, Government intimated as follows in November, 1950 : "In April, 1948 it was proposed to requisition the properties by Government to meet the pressing demand of refugees for accommodation, but the owner opposed the same. Thereupon after negotiation with him, it was decided by Government to purchase the properties outright. Thereafter, it was decided to use the premises temporarily for the accommodation of the displaced persons from East Bengal and ultimately to utilise them for the resettlement of refugees or Government might build structures in the premises and utilise them for the accommodation of Government officers or for public purpose."

It would appear from the facts stated above that (i) the immediate purpose of acquiring the property was no other than the provision of accommodation for refugees, (ii) there was no definite plan as to how the property was going to be utilised ultimately, and (iii) no attempt had been made to calculate whether the ultimate use to which the property might conceivably be put would be a sound financial proposition.

No Capital and Revenue Account for the building was furnished to audit, till January, 1952. From the details furnished it appears that during the period of $2\frac{1}{2}$ years from September, 1948 to March, 1951 the rent realised was Rs. 2,186 only, against Rs. 7,830 paid as municipal taxes, and Rs. 10,000 provided for meeting cost of repairs. Interest at 3 per cent. on the purchase price (Rs. 7,15,000) would come to Rs. 21,450 per annum, *i.e.*, Rs. 53,625 for the period mentioned.

FOOD DEPARTMENT.

45. Irregularities in the handling of cash and stores, and loss caused by fluw in terms of insurance.—The local audit of the accounts of a Directorate under, the Food Department for the year 1919-50 revealed the following irregularities :—

(a) Departmental receipts were not paid into the Public Account promptly and were appropriated occasionally to meet departmental expenditure contrary to the provisions of the Treasury Rules.

(b) Undisbursed balances of pay and allowances of staff were not refunded within the prescribed time limit and were utilised for payment of contingent expenditure payable from the permanent advance.

(c) (i) The cash balances in the hands of disbursing officers were not analysed with reference to the bills for the payment of which the moneys had been drawn. The disbursing officers could not specify when, for whom, and on what account these amounts had been drawn.

(ii) Delay in collection resulted in huge accumulations of empty gunny bags in Government stores and in deterioration of their quality and value. The total loss sustained by Government in repairing the damaged bags and in selling the unserviceable ones at nominal price exceeded Rs. 2 lakhs.

(iii) A total amount of Rs. 56,243 remained to be recovered from Managers of Government Stores out of Rs. 70,903 assessed for recovery on account of liabilities for losses occurring in the stores during 1948-49 and 1919-50. The total losses incurred during the Post-partition period up to the 31st March, 1948 and the amounts recoverable from the Managers on that account had not been assessed at all.

(iv) As a guarantee against losses from Government Stores a scheme of insurance was kept in force for five years from October, 1945 to September, 1950 with two firms successively at a total cost of Rs. 66,802, recovered from the employees and paid to the firms. One of the firms whose liability under the agreement was to indemnify Government against losses to the extent of Rs. 1,000 for each item of store, per annum, refused to accept in toto any of the 2,214 claims presented by the Directorate for indemnification of a total loss of Rs. 1,40,160, on the plea that the term 'stocks' used in the agreement did not include containers, furniture and appliances and that the agreement did not bind them to indemnify losses due to burglaries. The other firm whose liability was to indemnify losses to the extent of Rs. 1,500 per store, per annum, paid Rs. 914 only against 153 claims, covering a total loss of Rs. 23,302.

(v) In March, 1949, condemned articles of furniture and equipments of certain offices of the Directorate were collected and stored in a portion of a public building under lock and key pending receipt of formal orders of Government regarding their disposal. In February, 1950 the articles were found to have been tampered with and left scattered in a different part of the building. In March, 1950 the articles were verified by actual count whereupon out of articles costing Rs. 2,889, articles worth Rs. 1,203 only were found. Final orders regarding the fixation of responsibility for the loss are awaited.

46. Loss in transit and other losses.—The local audit of the expenditure on the purchase and distribution of foodstuffs (Rice and paddy) during the year 1949-50 disclosed the following irregularities :—

(a) (i) Out of a total quantity of 329,733 Mds. 31 srs. of imported rice, for which debits had been received and which was despatched from the Docks to the Government depots, the quantity that actually reached the Government depots amounted to 313,223 Mds. 15 srs. only, resulting in a shortage of 16,510 Mds. 16 srs. valued at Rs. 3,79,739. It has been stated by Government that the responsibility for the shortage (about 5 per cent. of the total quantity) which was much in excess of the allowable limit of $\cdot 5$ per cent., could not be fixed on the carrying contractors concerned due to the absence of facilities for weighment at the Docks.

It has further been stated that a system of delivery on 100 per cent. weighment at the Docks has been introduced since the 17th April, 1950.

Orders of Government for the write-off of the loss are still awaited.

(ii) Out of a total quantity of 93,591 Mds. of imported rice, the receipt of which was acknowledged by the Departmental officers at the godowns of the Regional Food Commissioner, the quantity that was actually accounted for in the stock accounts of the Government depots aggregated 91,515 Mds. 35 srs. disclosing a shortage of 2,075 Mds. 5 srs., valued at Rs. 47,077. The recovery of the loss from the persons responsible for it or its write-off is awaited.

(iii) Shortages aggregating 1,726 bags involving 3,412 Mds. 17 srs. of rice valued at Rs. 56,305 and 362 bags involving 357 Mds. 31 srs. of paddy valued at Rs. 3,712 occurred during transit from different unloading railway stations to the Food Department depots. The recovery from the carrying contractors of the amounts of these losses in transit is awaited.

(iv) Shortages in transit in excess of the permissible limit in respect of consignments despatched from the districts by boats and carried to the Government depots by means of lorries aggregated 391 Mds. 38 srs. of rice and 109 Mds. 4 srs. of paddy valued at Rs. 6,467 and Rs. 1,132, respectively. Necessary recoveries from the carrying contractors concerned are awaited.

(b) A total quantity of 102,564 Mds. 28 srs. of imported rice valued at Rs. 23,58,988 received by Government from the godowns of the Regional Food Commissioner were not linked up with the stock registers of the Government depots to see that the quantities had been duly accounted for in the stock accounts of the Government depots.

It was stated by Government that the quantities could not be linked up item by item for want of full particulars in the debit advices received and that the matter is still under correspondence.

(c) 71 bundles containing 3,550 pieces of repaired gunny bags were found missing from the godown of a Government depot. The recovery of the loss from the persons responsible or its write-off is awaited. (d) The closing balances of stock on the 31st March, 1949 included deteriorated quantities of 22,187 Mds. 7 srs. of rice and 1,231 Mds. 15 srs. of paddy. Intimation regarding the disposal of these stocks and the write-off of any consequential loss is awaited.

47. A local test-audit of the expenditure incurred on the purchase and distribution of wheat, wheat-products, and allied food-grains for the year 1949-50 disclosed the following irregularities :--

(a) A total quantity of 922,845 Mds. 5 srs. only was acknowledged by the Civil Supplies Depots against despatch from the Docks of a total quantity of 952,660 Mds. 34 srs. of overseas wheat and wheat-products (cleared from 15 ships). Thus there was a shortage of 29,815 Mds. 29 srs. valued at Rs. 4,34,001 (approximately).

It was stated that the responsibility for the shortage which worked out to $3\cdot 1$ per cent. on an average and was much in excess of the permissible limit of $\cdot 5$ per cent. could not be fixed owing to the absence of weighment facilities at the Docks, the transport of grains by defective wagons of the Port Commissioners' Railways, and delivery of food-grains by the Government of India in non-standard bags. It was further stated that a system of delivery on 100 per cent. weighment at the Docks has been introduced since the 17th April, 1950, and that some of the other defects have also been remedied to a large extent, but the size of bags is yet to be standardised.

No orders have been passed for write-off of the loss.

(b) Due to prolonged or defective storage, a total quantity of 2,933 Mds. 4 srs. of wheat and wheat-products valued approximately at Rs. 45,777 was declared as "bad stock" unfit for human consumption and a further quantity of 564 Mds. 24 srs. valued approximately at Rs. 8,106 as "off-quality" stock,

Certificates of destruction furnished by Government showed that the stocks which were destroyed had been originally received in damaged condition and a certain portion consisted of sweepings gathered in normal course. The major portion of the detoriorated stock was disposed of either by sale at reduced rates for commercial uses or by destruction according to the recommendation of the Disposal Committee. Quantities of 2,509 Mds. 36 srs. and 489 Mds. 29 srs. were sold at reduced rates for Rs. 13,167 and Rs. 2,637 respectively. The balance was declared either as invisible loss or as destroyed. Orders of Government for the write-off of the loss amounting to Rs. 38,079 are awaited.

(c) In a certain depot the stock ("good stock") of wheat and wheatproducts as on the 31st March, 1950, was found short by 2,832 Mds. 30 srs valued approximately at Rs. 41,507.

It was stated that the shortages in the case of white flour, wheat, and barley were due to dryage and handling. The heavy percentage of shortage (viz., 20.9 p.c.) in the case of maize was stated to be due to receipt of the stock in damaged condition and prolonged storage in godown for want of off-take. It was argued that such losses were a normal incident of trading operations. Orders of competent authority sanctioning the write-off of the loss are awaited. 88 bags of wheat, wheat-products, barley, etc., valued at Rs. 2,548 (approximately) despatched by lorry and wagons from the docks to Civil Service Depots did not reach the destination at all.

Claims in respect of the missing bags are still under settlement. Recovery of the loss is awaited.

(d) A comparison of the entries in the Central Stock Ledgers with those in the District Stock Ledgers revealed—

(i) in respect of certain consignments, the disappearance of 281 entire bags of Atta and Flour while in transit from Calcutta to the districts. Including the shortage found in those bags which reached the destinations, the value of the total shortage amounted to Rs. 10,878 (approximately). It was stated that claims for the loss of 264 bags were preferred against the Railways concerned and in respect of the remaining 17 bags, the matter is under correspondence with the consignees concerned.

Orders regarding either recovery or write-off of the loss are awaited.

(ii) in respect of certain other consignments, a loss of more than 2 per cent. in the contents of the bags while in transit from the Central Stock Depots to the districts and sub-divisions. The total loss amounted to 835 Mds. 3 srs. 11 ch. valued at Rs. 14,958. It was stated that shortages detected after weighment at the destination from apparently sound bags were not entertained by the Railways and as such these are treated as normal trading loss and no recovery is possible.

No orders have yet been passed by Government for the write-off of the loss. 48. Local audit of the transactions relating to ' procurement ' in the various districts during the year 1949-50 revealed the following irregularities :---

(i) In one district sums aggregating Rs. 14,264 were paid in excess to carrying contractors due to erroneous calculations of allowable percentage of transit loss on food grains. The allowable limit was calculated on all consignments taken together instead of for each consignment separately. Final action for the recovery of this amount from the carrying contractors is awaited.

(ii) Paddy valued at Rs. 34,528 was supplied to a mill for husking without taking any security. The owner of the mill did not supply any rice against the above supply of paddy. Action for recovery of the loss incurred is awaited.

(iii) Bonus and transport cost aggregating Rs. 25,822 was paid to certain mills in a district even though rice had been delivered by them after the lapse of the stipulated time limit. Neither was any special sanction of Government obtained for doing so. The overpayments remain to be recovered from the mills concerned.

(iv) A liability statement for Rs. 11,473 showing the penalties, cost of reconditioning paddy, etc., realisable from the contractors in a certain district had been duly sent to Government early in April, 1950. Action for the recovery of the amount is still awaited.

(v) Despatches of rice and paddy from the districts to Calcutta as also to other outstations were not acknowledged by the consignees in a large number of cases. In the absence of acknowledgment receipts, it was not possible to verify whether the consignments despatched were received in tact by the consignees.

(vi) Security deposits were either not taken at all or taken only in part from a number of Storing Agents, Handling contractors, Inspector Assessors Junior-Assessors, Storemen, and Nazir-cum Cashiers in spite of specific instructions issued by Government for taking adequate securities from all such persons.

49. Local audit of cash and store transactions of the Food Department in districts as well as in sub-divisions conducted during the year 1950 51 revealed the following types of irregularities :---

(i) Account records of cash were found to have been kept in an unsatisfactory and incomplete manner.

(ii) Stock Accounts of saleable forms, furniture, stationery, and service postage stamps were not properly maintained and verified periodically.

(iii) Articles of dead stock were not physically verified at regular intervals,

(iv) In several cases no steps had been taken to get the value of shortages written off under orders of competent authority as soon as the shortages came to notice.

(v) No action was taken to investigate the cause of shortages and to fix the responsibility for such shortages.

(vi) Local purchase of stationery articles exceeding Rs. 20 at a time were made in several cases without obtaining the prior sanction of competent authority.

(vii) In certain cases security deposits were either not taken or taken only in part from employees dealing with cash and stores -in spite of Government Orders to the contrary.

50. (a) During the year under review all the charges incurred or the debits received in connection with the State Trading Schemes could not be admitted finally in audit. The amounts noted below remained under objection :--

In thousands of rupees. Amount Amount Balance placed under finally outstandobjection. admitted mg. in audit. (a) ' Cash Payments." Calcutta 1.14,08 1,09,34 4,74 Districts 2,99,92 2,33,19 66,73 (b) " Book Debits ". Calcutta and Districts . 17.11.32 11,70,65 5,40,67

The amount shown under "Cash Payments" (viz., 71,47), of which 66,73 relates to Districts and the balance to Calcutta, has been outstanding for the reasons stated below:—

(i) Want of detailed bills in final adjustment of amounts advanced for the purchase of food-grains and for meeting incidental charges.

(ii) Want of stock certificates, payees' receipts, sanctions to write-off of shortages, and recoveries of overpayments, etc.

The amount shown under "Book Debits" is outstanding for non-receipt of acceptances and stock certificates from the State Government.

(b) In respect of the three preceding years, namely, 1917-48 (Post-partition period), 1948-49, 1949-50 — the amounts noted below remain still under objection for the same reasons as stated above :—

								In	thousands of ru	pees.
								Calcutta.	Districts.	Total.
								Cash	Payment.	
1947-48 (1	Post-p	artitic	n)	•	•	•	•		3,79	3,79

1947-48 (F	Post-pa	artitio	n)			•	•	1,48
1948-49	•	•			•	•	•	3,06,41
1949-50	•	•	•	•	•	•	•	1,06,69
								4,14,58

(c) During the year the following kinds of losses came to notice in course of audit :---

(i) Loss in storage. -9,763 Mds. 18 srs. $7\frac{1}{2}$ ch. of paddy and 2,367 Mds. 5 srs. of rice were reported to have been lost while in storage in Government godowns. Money value of these losses amounting to Rs. 76,537 and Rs. 34,797 was written off by the competent authority.

(ii) Loss in transit.—The following quantities of food-grains were reported to have been lost while in transit by road and railway :---

Commo	dity.									Quantity.	Money value.
(a) Rico .	•	•	•	•	•	•	٠	•	•	13,362 28 1	1,63,320
Paddy	•	•	•	•	•	•	•	•		955 7 6	9,807
Wheat, Flo	ouran	d Wh	eat-P	roduc	ts		•	•	•	2,411 38 14	43,600

^{2,16,727}

Out of the above losses, a sum of Rs. 61,654 was realised from the Railways as compensation and Rs. 16,949 was written off by the competent authority. The balance amounting to Rs. 1 38,124 remains under objection. (iii) Loss of Food-grains while being carried by country boats.—There was a loss of 1,395 Mds. 31 srs. of paddy for which debit note (Rs. 24,875) was issued against the carrying contractors. Out of this a sum of Rs 8,266 only has so far been recovered.

(d) The Stock Certificates furnished to audit revealed that out of 10,226,659 Mds. of imported food-grains supplied by the Government of India to the State, 10,116,995 Mds. were received in stock and the difference of 109,664 Mds. was ascribed to net shortages in transit. The shortages valued at Rs. 17,98,500 approximately require to be regularised.

(e) Under the existing arrangements, sale of paddy and whole grains to the Mills as also the sale of food-grains to the bulk-allottees is to be made only on prepayment of their price. It, however, came to light that very large quantities had been sold on credit. Taking into account only the recoveries which had remained outstanding for more than six months, the total sum due to Government from the millers and the bulk-allottees amounted to Rs. 59,46,052 at the end of March, 1951.

(f) Under the Khariff Plan of 1946-47 an allotment of 2,000 tons of rice, from a certain area in Bihar was made by the Regional Food Commissioner, Calcutta, for the Government of West Bengal. Against the allotted quantity 10,000 Mds. of rice were despatched from the area for West Bengal, out of which, 9,881 Mds. of rice were actually received and the shortage of 119 Mds. of rice was accepted as normal trading loss. The circumstances under which the shortage of 119 Mds. of rice has been accepted as a normal trading loss have been enquired into. The information was not available in spite of the issue of repeated reminders.

(g) In March, 1948, Government sanctioned to a certain transport company, without calling for tenders, the rate of 13 pies per maund per mile for the transport of Civil Supplies in the districts of 24-Parganas, Howrah, Hooghly and Calcutta during the period from the 15th August, 1947 to the 31st December, 1947. The payment to the company was to be made on the basis of the gross weight of stores carried (*i.e.*, including the weight of bags). In reply to an enquiry as to why no tenders had been called for, it was stated that at an informal meeting convened by the then Minister, Civil Supplies. the main steamer companies expressed their unwillingness and inability to undertake the work. The terms given by the particular transport company, which came forward to do the work, had, therefore, to be accepted. in an agreement entered into by the same transport company with the Government of West Bengal in July, 1948, the rate sanctioned in March, 1948, was altered to a flat rate of As. 8 per maund plus 25 per cent. extra for the transport of paddy, irrespective of distance. This actually amounted to an increase over the rate previously in force. Government have stated that this increase in the rate had to be allowed as the company did not otherwise agree to undertake the work.

(h) During the course of audit, it transpired that certain mills which purchase wheat from and sell atta, etc., to Government had been guaranteed a 10 per cent. profit in respect of their Pre-partition transactions with the State. It was ascertained that there were no formal Government Order sanctioning this scheme of 10 per cent. profit and that the credits for such profits had been allowed to the mills in their Post-partition accounts by the Financial Adviser, pending further scrutiny of the claims of the mills by the Application Committee.

RATIONING DEPARTMENT.

51. Uneconomical hiring of a building.-A two-storied building was hired by the Directorate of Rationing for the accommodation of a Rationing Office with effect from the 5th February, 1948 on a monthly rental of Rs. 340. The ground floor was occupied by the Rationing Office and the upper storey was allowed to be occupied by the office staff free of rent. As the concession of rent-free accommodation admissible to the staff at that time was subsequently withdrawn under orders of Government with effect from the 1st June, 1948, proportionate rent for the upper storey was assessed at Rs. 150 per month and the staff occupying the first floor was directed to pay rent at the above rate for the entire first floor. They, however, intimated their inability to do so and left the place after paying rent up to the 3rd September, 1948. The first floor was thus completely vacated by the first week of September, 1918. Even so, Government continued to pay rent for the same.

On the afternoon of the 31st July, 1949, the tenancy was terminated, but only the upper storey of the building was vacated in favour of the owner. The ground floor was retained in possession of Government by issuing an order of requisition and it continued to be used for the same purpose as before. After requisitioning, the monthly rental for the ground floor was fixed at Rs. 93 only. Thus a sum of Rs. 247 (Rs. 340 - Rs. 93) was being paid unnecessarily towards rent every month since the first week of September, 1948 when the first floor had been vacated by the employees of the Department. Had the action, which was taken eleven months later, been taken forthwith at that time there would have been a saving of Rs. 2,692.

CHAPTER IV.—OTHER TOPICS OF INTEREST.

52. Merger of the Cooch Behar State.—The Cooch Behar State was first integrated with India on the 12th September, 1949, and thereafter merged in West Bengal on the 1st January, 1950. During the period from the 12th September, 1949 to the 31st December, 1949, it remained a centrally administered area under a Chief Commissioner, appointed by the Government of India. With effect from the 1st January, 1950, it became a district of West Bengal.

In the old Cooch Behar State there was an Accounts and Audit Officer designated as "Accountant General"; but he had no independent status. 'Audit' was a branch of the Finance Department, and under the control of the Finance Secretary. Though there was a legislature, there was no system of voting of grants. Hence there was no question of compiling any Appropriation Accounts and submitting an Audit Report thereon. All bills used to be pre-audited by the Accountant General, Cooch Behar, before payment.

Though the Cooch Behar State was integrated with India on the 12th September, 1949, the audit and accounting work was not taken over at once by the Indian Audit Department. As a matter of fact, it was only towards the end of November, 1949, that orders were issued appointing the Accountant

General, West Bengal, as the Audit and Accounts Officer for the transactions of the Cooch Behar administration. The assimilation of the old system of accounts to the governmental system necessarily took some time. Anv sudden change in the middle of the financial year was not considered desirable either. With the concurrence of the Comptroller and Auditor General of India the Government of India sanctioned an ad-interim arrangement under which all Cooch Behar transactions were to be shown in lump under a deposit head "Cooch Behar Deposit Account" specially opened for the purpose under "P.—Deposit and Advances, etc.—other Deposit Accounts". With the merger of Cooch Behar with West Bengal on the 1st January, 1950 the same deposit head had to be opened in the Provincial Section of Government Accounts as well. This method of exhibition continued up to the accounts of March, 1950. But at the same time a pro forma account was prepared every month classifying the Cooch Behar transactions according to the usual method of classification followed in Government accounts.

In the accounts of 1950-51 the Cooch Behar Deposit Account was abolished by transferring the balances pertaining to the Debt, Deposit, and Remittance heads to the appropriate heads in Union and State Government's accounts. The details have been given in the Finance Accounts (Part B—Paragraph 3) of West Bengal for the year 1950-51. After making these transfers, the balance of Rs. 24,39,588 was adjusted by credit to XLVI.—Miscellaneous— Miscellaneous.

The Accountant General, Cooch Behar, used to pre-audit all bills before payment. This arrangement continued till the end of December, 1949. The accounts (supported by vouchers) for the period from the 12th September, 1949 to the 31st December, 1949, submitted by the Accountant General, Cooch Behar, were, however, subjected to a further test-check in the office of the Accountant General, West Bengal. Beginning from January, 1950, the audit is being done centrally in the office of the Accountant General, West Bengal, according to the usual procedure.

The cash balance of the Cooch Behar State treasury was partly invested in securities and shares of private companies and partly kept in deposit with the State Bank of Cooch Behar and the Imperial Bank of India, Calcutta. The details of the treasury cash balance as on the 12th September, 1949 and 1st January, 1950, are shown below :---

	On 12-9-49.	On 1-1-50.
1. Cash in treasury	27,61,166	30,00,736
2. Government securities	5,27,078	5,27,078
3. Shares of private companies	9,34,966	9,34,966
4. State Bank of Cooch Behar (Current Account and Fixed Deposit).	77,04,159	98,13,496
5. Imperial Bank of India, Calcutta (Current Account)	70,918	2,19,515

TOTAL . 1 19,98,287 1,44,95,791

According to the practice obtaining in Cooch Behar State the sub-treasury balances (the total amount of which on the 12th September, 1949, was Rs. 9,09,443) were kept independent of the treasury balance up to the 31st December, 1949. On the 1st January, 1950, the balances of four sub-treasuries out of five, amounting to Rs. 9,13,826 were merged in the treasury cash balance. The cash balance of the remaining sub-treasury (Rs. 79,047) was incorporated in the sadar treasury accounts in March, 1950. This completed the change-over from the old system to the Government system of treasury accounts.

The amounts lying with the two banks viz., the State Bank of Cooch Behar and the Imperial Bank of Calcutta have been withdrawn and credited to Government except a sum of Rs. 6,00,000 which still remains to be realised from the State Bank of Cooch Behar. The transfer of the securities in the name of the Government of West Bengal and the disposal of private companies' shares are yet to be completed.

It has been reported by the Deputy Commissioner of Cooch Behar that a total sum of Rs. 78,03,864 being the balances of several reserve funds was lying invested in securities and shares and was excluded from the treasury balance. This amount has not been incorporated in the accounts till the end of February, 1952 and the matter has remained under correspondence with the Deputy Commissioner of Cooch Behar.

53. Relief and Rehabilitation.—Expenditure incurred during 1950-51 on the (i) relief, rehabilitation and census of displaced persons, (ii) dispersal of displaced college students from Calcutta, and (iii) registration as Indian citizens of persons displaced from East Bengal amounted to Rs. 7,50,17,697 including expenditure on officers and staff, out of which a sum of Rs. 5,17,47,181 was reimbursed by the Union Government. The expenditure included sums of Rs. 4,98,11,873 and Rs. 1,49,26,554 respectively spent on relief and rehabilitation proper. In addition, a total sum of Rs. 3,65,60,384 was disbursed as loans to displaced persons.

The expenditure incurred on account of pay and allowances of officers and establishment at headquarters as well as in districts and camps amounted to Rs. 51,68,881 as detailed below :--

												Rs.
Staff at headquart	ors (C	alcutt	a)	•	•		•	•		•	•	17,40,471
Staff in districts	•	•	•			•	•		•	•	•	19,84,002
Staff in Camps		•	•	•	•	•	•		•	•	•	14,44,408
									То	TAL		51,68,881

Expenditure on staff works out to 5.1 per cent. of the actual amount spent on relief and rehabilitation of displaced persons and disbursed as loans. The corresponding percentages during 1947-48 (Post-partition), 1948-49 and \$1949-50 were 12,7.1 and 8.1 respectively. 54. Secret Service Expenditure.—The accounts of expenditure treated under the orders of Government as on Secret Service are not subjected to scrutiny by the audit authorities. Administrative officers furnish periodical certificates of disbursement to the audit office in a prescribed form. The expenditure incurred during the year on this account amounted to Rs. 2,04,158 being included under Grants Nos. 3. —State Excise Duties, 12.—General Administration, and 16.—Police. The necessary certificates of disbursements in respect of the expenditure incurred were duly received.

55. Objections outstanding.—It is the duty of departmental officers to give prompt attention to the objections raised by audit and to take effective action for the rectification of the irregularities. That this was not done to the required extent indicated by the fact that objections for an aggregate sum of Rs. 53,24.04 lakhs on 27,985 items remained outstanding at the end of the year under report as per details given below :—

		Y	ear o	r peri	od of	objec	tion.				Number of . items.	Amount.
												Rs. lakhs.
1947-48 (Post	-parti	tion)		•		•	•	•	•	1,019	2,07.61
1948-49				•	•		•	•	•	•	1,840	7,72.91
1949-50	•	•								•	5,057	11 ,31 ·2 8
1950-51			•	•		•	•	-	•	•	20,069	32,12-24
								То	TAI,	•	27,985	53,24.04

Upto the time of writing this report, objections on 96 items for Rs. 6.33 lakhs relating to 1947-48 (Post-partition), on 256 items for Rs. 2,60.18 lakhs relating to 1948-49, on 394 items for Rs. 5,71.70 lakhs relating to 1949-50 and on 6,090 items for Rs. 15,92.68 lakhs relating to 1950-51 have been cleared leaving 21,149 items still outstanding comprising a total sum of Rs. 28,93.15 lakhs, classified according to years as shown below :---

Year of	Year or period of objection.											
1947-48 (Post-partition)	٠	•		•	•		•	923	2, 01·28			
1948-49	•		•	•		•		1,584	5,12.73			
1949-50		•	•	•	•	•		4,663	5,59.58			
1950-51	•	•	•	•	•	•	·	*13,979	16,19.56			
					То	TAL	•	21,149	28,93.15			

A detailed analysis of the above items is given in Appendix I on pages 334-336.

56. Local Audit and Inspections.—During the year under review the Outside Audit Department conducted inspection of the accounts of 4 treasuries, 2 sub-treasuries, 24 Public Works Divisions and 19 Irrigation Divisions. It also carried out a local test-audit of the accounts of 411 civil offices including 7. Forest Divisions, 4 Collectorates, 117 Relief Camps or offices started for the relief and rehabilitation of refugees from Eastern Pakistan. As a result of the merger of the State of Cooch Behar with the West Bengal State on and from the 1st January, 1950, the local inspection of the accounts of certain offices and institutions of Cooch Behar was also conducted for the first time during the year 1950-51.

The local audits and inspections brought to light numerous irregularities of varying degrees of importance. Some of the more important cases and types of irregularities have been mentioned in Chapter III of this Report. Other types deserving notice are mentioned below :---

(a) Cash.—In a certain office no cash book was maintained at all. In several other offices, the cash book was maintained in a perfunctory manner. Instances were found of (i) cash transactions not being recorded in the Cash Book, (ii) no physical verification of cash balance having been carried out on the prescribed dates or at proper intervals.

(b) Stock.—In quite a number of instances (i) no proper stock register were maintained, (ii) no proper physical verification of stock in hand had been carried out.

(c) Jail Department transactions.—In addition to the common defects regarding the maintenance of stock accounts, the local inspection of jails revealed \cdot

- (i) Irregularities in the accounts maintained of Gate Passes, Ration Cards, Hospital medicines.
- (ii) Non-realisation of Security Deposits from employees handling cash and stores.
- (iii) Want of payees' acknowledgments for subsistence allowance paid to prisoners on release.
- (iv) Non-issue of receipts to persons paying money to the credit of Government.
- (v) Delay in remitting cash collections into the treasury.
- (vi) Non-realisation of amounts due on account of sales on credit, and supply of electricity.
- (vii) Unauthorised issue of jail articles on loan to jail officers.

(d) Public Works Department transactions.—The following defects were found in the Public Works Department :--

- (i) Abnormal delay in according sanction to estimates.
- (ii) Inordinate delay in regularising excesses over sanctioned estimates.
- (iii) Materials-at-site account either not kept, or perfunctorily kept.
- (iv Stock accounts in chronic state of arrears.
- (v) Register of major works not properly closed.
- (vi) Non-recovery of rent, and hire-charges of rollers, tools and plant, etc.

- (vii) Overpayment to contractors.
- (viii) Abnormal delay in the settlement of Remittance and Suspense transactions.

57. A statement is annexed below showing therein the number of out standing Inspection Reports relating to Post-partition period together with the number of items outstanding arranged year by year according to Heads of Account. The statement shows the position as at the end of February, 1952.

58. Audit of grants-in-aid.—The Examiner, Local Audit Department, who conducted the audit of grants-in-aid paid to local bodies has certified that the grants which had been paid to the end of 1949-50 and audited by him were found to have been utilised properly in accordance with the prescribed conditions with the exception of the following grants paid to District School Boards :—

** Naturo of grant.	Distric	t.	Amount of grant paid.	Amount spent for the purpose.	Amount of unexpended balance.
l	2		3	4	5
			Rs.	Rs.	Rs.
1. Building project and equip- ment of Government-spon- sored junior Basic schools.	West Dinajpo	or	29,000		29,000
2. Construction of Basic school buildings.	Do.	•	14,000	••	14,000
3. Expenses for displaced children in Government- sponsored Free Primary Schools.	Do.	• •	13,229	7,338	5,891
4. Government contribution for building projects and equipments for schools.	24-Parganas		8,000		8,000
5. Do	Burdwan		7,000	1,774	5,226
6. Development grant for payment of enhanced rates of salaries of teachers of recognised primary schools	Bankura	•	3,45,080	2,97,845	47,235

The Examiner, Outside Audit Department, also reported the following irregularities in connection with the grants-in-aid paid to certain educational institutions audited by him :---

(a) Recurring grants are paid to schools on the conditions that they must maintain an approved scale of expenditure and that the total income of the schools from private and other sources must not be less than the amount fixed separately for each school. In the case of deviations from these conditions the grants should be reduced proportionately. The grant-in-aid rules also require that the maximum limit of a recurring grant should not exceed the net deficit. The school authorities are also required to submit monthly accounts of income and expenditure in the prescribed forms to the sanctioning authorities, and such accounts are required to be verified by the Inspecting Officers during the inspection of the schools with reference to the local records.

During the local audit of the accounts of a District Inspectress of Schools it was noticed that the grant-in-aid of Rs. 4,680 for the year 1949-50 was paid in full to a Girls' H. E. School without making any proportionate deduction although one of the conditions attached to the grant, namely, that the income of the school from sources other than the Government grant-in-aid should not be less than Rs. 10,380 a year had not been fulfilled, the income being less than the prescribed limit by Rs. 899. The local audit of the accounts of a certain District Inspector of Schools revealed that the grants-in-aid bills of five schools for the year 1949-50 were passed in full although the approved scale of expenditure on the salaries of the teachers was not maintained.

In another case it was noticed that the total receipts (excluding the capital grant for building construction and income from other sources) of a school fell short of the total expenditure (excluding that relating to the building construction) by Rs. 3,369 during the year 1948-49; but*a grant-in-aid for Rs. 5,580 was paid to the school for the year. The excess over the deficit amounting to Rs. 2,211 for the year 1948-49 should have, therefore, been deducted from the grant-in-aid of the school for the year 1949-50 but this deduction was not made by the District Inspectress of Schools although it was evident from the auditors' report and the statement of the school enclosed with the claim for 1949-50 that the grant during the year 1948-49 had exceeded the deficit for the year by Rs. 2,211.

(b) A sum of Rs. 8,000 had been paid to the Principal of a private college during 1947-48 for the construction of a building for the biological department; but although the building was reported to be completed, no vouchers in support of the expenditure incurred on the construction of the building could be produced for audit. A further sum of Rs. 5,000 had been paid to the same college for purchase of equipment during 1947-48 but acceptable vouchers for Rs. 2,185 only were produced.

(c) A sum of Rs. 18,000 was drawn by the Principal of another private college during the year 1947-48 out of which Rs. 8,000 had been sanctioned for the construction of a building for the college and Rs. 10,000 for the equipment of B. Sc. classes. The Director of Public Instruction stated that as the construction of the building had not begun even in July, 1950, the Principal had been asked to refund the amount. Out of Rs. 10,000 drawn for the equipment of B.Sc. classes, Kouchers for Rs. 6,457 only were found to have been received and accepted by the Director of Public Instruction.

(d) A grant-in-aid of Rs. 15,000 was paid to a private college during 1949-50 for the installation of a gas plant and purchase of equipment for the Science Laboratory but the whole amount was found to have been lying unspent.

Final action for the recovery of the amounts lying unspent or unvouched for in all the three cases mentioned above is awaited.

In the case of grants-in-aid paid to other institutions the requisite certificates have been received from the departmental authorities.

59. Audit and Accounting work hampered by delay in (i) the submission of Returns, and (ii) the printing of certain documents.

(a) There was chronic delay in the despatch of the '1st List of Payments' and the monthly accounts by many of the treasuries. Similarly, quite a number of Public Works Divisions had neglected to send the monthly accounts in time. Out of 15 treasuries and 57 Public Works Divisional offices which furnished accounts during the year, three treasuries and six Divisiona! Offices were noticed to have made systematic delay of over five days in despatching their accounts.

1 AGWB

4

Even the least delay in the submission of monthly accounts and of the Lists of Payment causes great dislocation in the work of the Accountant General's office, and retards the process of compilation of accounts of the Union and the State.

(b) Under the rules, heads of offices are required to send to the Audit Officer a detailed statement of the permanent establishment existing on the 1st April. These returns are required to be sent to the Accountant General by the 15th of May. The timely submission of these returns is very necessary to enable the Accountant General to open Audit Registers for the new financial year for the purpose of audit of pay bills of establishment.

During the year under review only about 12 per cent. of these returns were received in time. Repeated reminders had to be issued for obtaining the balance, and the response to the reminders was very tardy. A few returns remained outstanding even at the end of May, 1951. The table below will show the position on different dates :--

Total number of returns due-355.

t			l 5th May, 1950. 2	30th June, 1950. 3	30th September, 1950. 4	31st December, 1950 5	31st May, 1951. 6
Total number received	•		42	198	296	323	344
Bilince outstanding		•	313	157	59	32	11

(c) A History of Services of (lazetted Government Servants used to be issued in print on the 15th September biennially and contained information down to the 1st July preceding. It was being compiled by the Accountant General but printed by the Provincial Government at its own expense. The History is not only a very useful book of reference, but is also regarded as sufficiently authoritative for audit to be conducted on the basis of the facts recorded therein.

During war time the printing of the History was discontinued as a measure of paper economy, after the issue of the edition corrected up to the 1st July, 1941.

After the cessation of the War and after the Partition, a new edition of the History corrected up to the 1st July, 1948 was compiled by the Accountant General. With the approval of Government the manuscript was sent to the Government Press for printing. A ter repeated reminders, only Part I of the History was made ready by the Press and copies furnished to the Accountant General in November, 1951. The second Part had not been supplied even in March, 1952.

The next edition fell due for publication in 1950. But its compilation was not undertaken by the Accountant General in view of the fact that the previous edition had not seen the light of the day.

Failure to publish new editions of the History in due time has been causing great inconvenience to audit.

(d) The audit of local funds in West Bengal has been entrusted by the State Government to the Comptroller and Auditor General of India on consent basis. Copies of the inspection reports embodying the results of audit of these funds are required to be printed in the Government Press before being issued. Due to failure of the Press in doing its work in time, there has been persistent and inordinate delay in issuing the inspection reports.

Because of delay in printing, the reports of as many as twenty inspectious done in 1950-51 had not issued even by the end of February, 1952.

60. Division of the Assets and Liabilities of Undivided Bengul between East and West Bengul.-During the year under report no further progress was made towards the implementation of the Award made by the Arbitral Tribunal which had been set up in accordance with the Arbitral Tribunal Order, 1947, dated the 12th August, 1947.

61. Points outstanding from previous Reports.—The State. Government is expected to present, as usual, a statement to the Committee of Public Account showing the action taken on the various outstanding points raised by the Committee which examined the Appropriation Account for 1947-48 (Post-partition) and the Audit Report 1949 and the Appropriation Accounts for 1948-49 and the Audit Report 1950. No action has been taken by Government in respect of the following items mentioned therein :--

Appropriation Accounts 1947-48 (Post-Partition) and the Audit Report 1949. Action to be taken. Particulars of Items.

(1)	Pages 187-188—Gra on Provincial Sch Roview—Paragra	emes of State	Trading-	7 Orders of Government for write-off of the shortages in transit.

The Appropriation Accounts for 1949-50 and the Audit Report 1951 have not yet been examined by the Public Accounts Committee.

nel.

CALCUTTA. The 1615 March 1953.

K. C. CHAUDHURI, Accountant General, West Bengal.

Countersigned.

EW DELHI; V. NARAHARI RAO, Comptroller and Auditor General of India. NEW DELHI; The

PART II.

Appropriation Accounts of sums expended during^t the year ending on the 31st March, 1951 compared with the several sums specified in the schedules of the West Bengal Appropriation Acts (West Bengal Acts XX and XLI of 1950 and XI of 1951) passed by the Legislature under Sections 204(1) and 205(1) of the Constitution of India.

Norr 1.-(a) Charged items in the Accounts are shown in italics.

(b) In the Accounts-

- 'O' stands for the original grant or appropriation.
- 'S' stands for the supplementary grant or appropriation.
- "R' stands for residual modifications in the grant or appropriation as may have been sanctioned by a competent authority (*i.e.*, reappropriations, withdrawals or surrenders).

(c) The figures shown in the second column of the accounts against all sub-heads are the figures as they stand after all modifications including withdrawals or surrenders. But the figures shown in the same column against 'Totals' represent merely the totals of the original and supplementary grants, unaffected by withdrawals or surrenders. In order to neutralise the effect of reductions made in the charged or voted provision under different sub-heads on account of withdrawals or surrenders a sub-head 'Surrenders' or withdrawals within grant or appropriation' is opened, where necessary. To distinguish this sub-head from ordinary sub-heads, no letter is prefixed to it.

NOTE 2.--(a) Expenditure in England is provided for in the respective subject demands.

(b) The detailed Appropriation Account of expenditure incurred in England have been furnished by the Chief Accounting Officer to the High Commissioner for India. They have been included in the individual Appropriation Accounts of the Grants concerned.

(c) Expenditure incurred in England was converted into Indian Currency at the flat rate of exchange, viz, Rs. 13-5-4 to the pound at which rate also the estimates were framed. The figures shown against "Loss or Gain by exchange" represent the difference between the average market rate of exchange and the flat rate.

NOTE 3.—No explanation is given for variations between the original grant and the final appropriation under individual sub-heads. The note under a sub-head mainly explains divergencies between the final figures in column 2 and the actual expenditure in column 3, the difference between which appears in column 4. No amounts or percentages are prescribed for explaining those divergencies. Explanations of variations in respect of those cases only which are likely to be required by the Public Accounts Committee are included.

GRAND SUMMARY OF APPROPRIATION ACCOUNTS BY GRANTS AND APPROPRIATIONS—concld.

Charged (See paragraph 9 of the Audit Report) . 17, 90, 94, 630

The account above has been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947 read with Article 149 of the Constitution of India. I am assured that my officers have obtained all the information and explanations that they have required and according to the best of my information I certify that the account above is correct, subject to the observations in the report.

Grant No. 2.—Land Revenue—concld.

REVIEW.

The original grant of Rs. 41,69,000 was augmented by supplementary grant of Rs. 9,16,000. The expenditure, however, exceeded the grant by Rs. 43,115. Sub-head B.-4 mainly contributed to the excess.

2. A sum of Rs. 705 was misappropriated in November, 1913 by a Nazir in a Sub-division. He was convicted by the Lower Court and discharged from Government service. Subsequently, however, on his acquittal by the Sessions Court he was reinstated and a sum of Rs. 80 out of Rs. 423 originally recovered from him on this account was refanded to him. The irrecoverable balance of Rs. 362 was written off under the orders of Government.

3. The reasons for the excess in col. 4 under sub-heads A-4 and B-4 could not be included in the Appropriation account as they were not communicated by the controlling officer.

REVIEW.

The original grant of Rs. 36,61,000 was augmented by supplementary grant of Rs. 1,92,000 against which the expenditure amounted to Rs. 33,54,534 causing a saving of Rs. 4,98,466. The surrender of Rs. 44,000 reduced the saving to Rs. 4,54,466. Sub-head D contributed to the bulk of the saving.

REVIEW.

The original grant of Rs. 49,02,000 was augmented by supplementary grant of Rs. 2,00,000. The expenditure, however, exceeded the grant by Rs. 1,05,034. The surrender of Rs. 2,480 (net) increased the excess to Rs. 1,07,514 which was mainly contributed by sub-head A.-VIII.

2. A loss of Rs. 2,896 resulting from the resale of certain lots in Cooch-Behar, was written off under orders of Government. This represents the amount which was found irrecoverable from the person who had agreed to purchase the lots in the first instance, even after the forfeiture of his earnest money and the taking of certificate proceedings against him.

3. An elephant of a certain Forest Division escaped into the forests on the 10th of March, 1950 and could not be recaptured. The book value of the elephant (Rs. 5,500) was written off under the orders of Government.

4. A sum of Rs. 22,153 representing the net value of a bridge which was totally washed away by heavy flood caused by torrential rain on the 12th June, 1950 was written off under orders of Government.

REVIEW— $conc^{\dagger}d$.

5. Guns and cartridges worth Rs. 353 were robbed on the 27th December, 1950 by a gang of robbers from a Coupe office of a Forest Range. Police investigation proved ineffectual in finding out the culprits or in recovering the lost property. The loss was written off under the orders of the competent authority. There was no system of sentry in the Coupe. It was stated that arrangement had since been made to keep (i) a person on constant watch on floating Coupe Camps and (ii) a joint patrol of armed police and forest staff on regular patrol duty in the vicinity of Coupe Camps.

6. Sub-head F--Development Programme. The details of the schemes included under the sub-head and the expenditure incurred on each of them are shown in the statement below :--

Name of the scheme.	Expenditure during 1950-51.	Expenditure to the end of 1950-51.
	Rs.	Rs.
(1) Scheme for afforestation in the district of Nadia	1,30,812	5,96,139
(2) Conservation of private forests and afforestation of waste lands .	1,88,255	7,65,402
(3) Afforestation of waste lands through State Agency	5,76,476	14,11,939
Total .	8,95,543	27,73,480

7. The *pro-forma* accounts of the Siliguri Band Saw Mill for 1950-51 and the Manager's financial review will be found in Appendix II on page 337.

REVIEW.

There was a saving of Rs. 1,05,031 in the original grant. The surrender of Rs. 77,216 reduced the saving to Rs. 27,815.

2. A remission of revenue amounting to Rs. 35,253 due from different parties was sanctioned by the competent authority during the year 1950-51.

REVIEW.

There was a saving of Rs. 7,61,763 in the charged appropriation. The surrender of Rs. 7,71,000 converted the saving to an excess of Rs. 9,237.

In the voted section the saving was Rs. 1,08,64,271 in the final grant. The surrender of Rs. 1,08,69,244 converted the saving into an excess of Rs. 4,973.

The unadjusted minus provision under sub-head D. 1(A) indicates defective control.

2. Establishment and Tools and plant charges of the Irrigation and Waterways Department.-The charges for general establishment including the establishment charges of the River Research Institute, ordinary tools and plant and expenditure in England were initially booked in the accounts for 1950-51 under the Major Head "18.-Other Revenue Expenditure financed from Ordinary Revenues". After the close of the year, share of expenditure on account of establishment of the Chief Engineer for supervision of the Mayurakshi Reservoir Project was debited to the Major Head "80-A .-- Capital Outlay on Multipurpose River Schemes and the balance (excluding the establishment charges of the River Research Institute not being distributable on pro-rata basis) distributed to the different irrigation projects under the Major Heads "XVII.-Irrigation, etc.-Working Expenses", "18.-Other Revenue Expenditure, etc.", "68.-Construction of Irrigation, etc., Works" in proportion to the outlay on works under those heads. This allocation is technically called pro-rata distribution. No provision for these charges is, however, made in the budget separately under the different major heads as the expenditure varies in proportion to the works outlay under the system of pro-rata distribution and consequently no effective control is possible. On the recommendations of the Public Accounts Committee it was, therefore, decided by Government

REVIEW—contd.

that the provision for these charges should not be distributed throughout the budget but exhibited separately as sub-heads. The provision for charges in the budget was accordingly made as follows :---

Major Head and Sub-head.

General Establishment	•	•	•	•	18Other Revenue head D5(2).	Expenditure, etcSub-
Tools and plant .	•	•	•	•		Expenditure, etcSub-
Charges in England .		•	•	•	18.—Other Revenue head D8.	Expenditure, etcSub-

, The expenditure shown in the appropriation accounts under the above subheads was, however, actually distributed in the accounts under the different major heads as shown in the statement below :--

Major Heads.	Goneral Establishment (Sub-head D5-2.)	Tools and plant (Sub-head D6).	Charges in England (Sub-head D8).

3. The gross establishment charges of the Department of Irrigation and Waterways during the year 1950-51 excluding those incurred on special establishments entertained for River Research and Mayurakshi Reservoir Project as well as for collect on of revenues amounted to Rs. 18:45 lakhs, *i.e.*, 32.56 per cent. of the total Works outlay of Rs. 56.65 lakhs. An aggregate sum of Rs. $\cdot37$ lakh was recovered during the year on account of establishment charges for works done on behalf of private bodies, etc. The net establishment charges amounted to Rs. 18.08 lakhs and were 31.91 per cent. of the total outlay.

4. Mayurakshi Reservoir Project-Sub-head K-1.—The project comprises (1) the upper part consisting of the Dam at Messenjore and Reservoir area in Santhal Paiganas in Bihar and (2) the lower part consisting of the Barrage across the river Mayurakshi at Tilparaghat and main canals on the north and south banks of the river in the district of Birbhum.

The object of the scheme is to irrigate a substantial portion of the district of Birbhum, the western part of the district of Murshidabad and a small area in the district of Burdwan and to generate hydro-electric power at the Dam site in the State of Bihar.

The execution of the lower part falling within the old province of Bengal was taken up by the Provincial Government in the year 1945-46 at an estimated cost of Rs.*4,38 lakhs. Construction of the barrage across the river Mayurakshi at Tilparaghat is almost complete and the work of excavating main

Charges.

REVIEW—concld.

canals and branches has also made good progress. Irrigation with canal water supplied direct to the fields has already been started. Such quantities of canal water as remain surplus after meeting this need will be utilised for filling tanks in the commanded area and distributed free of charge for irrigation purposes during the rabi and kharif seasons of 1951.

The execution of the upper part of the scheme consisting of the construction of a Dam at Messenjore has also been taken up from 1950-51 and is in progress.

The project has been treated as a 'multipurpose river scheme' to be financed from the loan sanctioned by the Central Government. The estimate for the entire project is under revision. The State Government have been repeatedly requested to expedite the preparation and sanction of the revised estimate. The expenditure incurred during and up to the end of the year 1950-51 amounted to Rs. 1,59,83,139 and Rs. 3,04,69,290 respectively.

5. Damodar Valley Corporation-Sub-head K.-2.-The balance sheet, the Capital Account and the Statement showing the distribution of the capital outlay under different heads, as they appear in the Annual Report of the Damodar Valley Corporation (1950-51) are reproduced in Annexure D on pages 84-90.

IMPORTANT COMMENTS.

Expenditure on works, maintenance and repairs appear under sub-heads A-8, A-9, B-2, C-4, C-6, C-12, D-1, D-2, D-3, D-4, D-9, D-12, D-14, D-15 and G-9 of this grant. The figures for appropriation and expenditure for the year were as follows :---

						In thousands of rupees.
Original Appropriation	•			•		82,71
Modified Appropriation				•	•	89,67
Expenditure	•	•	•	•	•	83,82

The expenditure was in excess of the original and less than the modified appropriation by 1,11 and 5,85 respectively. The important factors which led to the savings in the final appropriation are analysed below :—

(1) Non-adjustment of cost of land (vide sub-heads A-8, D-4 and D-9 and items 21, 27 and 28 of the Annexuro)	. 1,23
(2) Slow progress of work owing to delay in the commencement of works, non-receipt of materials in time, late acceptance of tenders, etc. (vide sub-heads D-4, D-9 and D-15 and item 16 of the	
Annexure)	1,45
(3) Postponement of certain works and curtailment of expenditure under others (vide sub-head D-15)	1,80
(4) Less expenditure on silt clearance and other expenditure	
in connection with the maintenance of canals (vite sub-heads	
A-9 and D-4)	1,08

No works estimated to cost Rs. 1 lakh or over were reported to have been completed during the year under report.

ANNEXURE B.

Suspense.

The minor head "Suspense" accommodates interim transactions in respect of which further operations (generally of payment or adjustment of value) are necessary before the transactions can be considered complete and finally accounted for. The operations in 1950-51 under this minor head were under three detailed heads; (i) Purchases, (ii) Stock and (iii) Miscellaneous P. W. Advances. The transactions under each of these detailed heads are explained below :---

(i) *Purchases.*—When materials are received from a supplier, from another division or department for a specific work or for stock, their value is credited to "Purchases" so that, *per contra*, the cost may be included at once in the accounts of the work or stock. When payment is made, the head "Purchases" is debited. The head "Purchases", therefore, shows a negative (credit) balance which represents the value of stores, received but not paid for.

(ii) Stock.—This head is charged with all expenditure connected with the acquisition of stock materials and with all manufacture operations. It is oredited with the value of materials issued to works, or sold or otherwise disposed of and the balance of the accounts represents the book value of the materials in stock *plus* the unadjusted charges, etc., connected with manufacture.

(iii) Miscellaneous P. W. Advances.-These are of four kinds :---

- , (a) Sales on credit.
 - (b) Expenditure incurred on deposit works in excess of deposits received.
 - (c) Losses, retrenchments, errors, etc.
 - (d) Other items.

Broadly speaking, the head is debited with all sums which are, eventually to be recovered. The balance under this head represents recoverable amounts.

Store Accounts of the Department of Irrigation and Waterways for the year 1950-51.

Stock accounts are received from the Eexcutive Officers of Public Works Department with certificates of verification of balances. They are consolidated in the account office in the above form. The half-yearly registers of stock were examined at the time of local sudit.

The increase in the closing balance is due to less issue of materials by the Canals Division and no issue of materials by the Hooghly Irrigation Division.

The book balance of stock is reported to have been verified by the Divisional Officers concerned and found correct except in the case of Canals Division whose verification report is awaited. The stock registers are audited at local inspections and the results are noticed in the Inspection Reports.

The revaluation of stock is reported to have been made under orders and supervision of the Divisional Officers concerned.

I have examined the accounts and Balance Sheet of the Damodar Valley Corporation for the year ended 31st March, 1951, and verified the same with the books of the Corporation. In my opinion, the Balance Sheet, as at 31st March, 1951, has been properly drawn up and exhibits a true and correct view of the state of affairs of the corporation according to the best of the information and explanations given to me and as shown in the books of the Corporation.

An audit report on the accounts is appended.*

CALCUTTA; Dated the 4th December, 1952. B. K. T. IYENGAR, Chief Auditor, D. V. C. & SINDRI PROJECTS.

• Not reproduced here. The Audit Report may be seen in the printed Annual Report for 1950-51 of the Damodar Valley Corporation, Part H at pages 14-16.

REVIEW.

The charged expenditure exceeded the appropriation by Rs. 15,910.

In the voted section there was a saving of Rs. 27,68,650 in the total grant. The surrender of Rs. 30,17,002 converted the saving to an excess of Rs. 2,48,352.

2. The variations under sub-heads B-1(4), B-2, E-(1)2, E-(1)3, and F genained unexplained in the appropriation account as the same were not furnished by the Controlling Officers.

3. As a result of mob attack in April, 1949, great damage was done to a Government speech van and its equipment. An amount of Rs. 5,375 representing the net loss sustained by Government on this account was written off under orders of competent authority.

REVIEW—concld.

4. Three type-writers were stolen from an office on the night of the 14th February, 1951, two of which were subsequently recovered by the police from a place where they had been left behind by the thioves. Police investigation proved ineffectual in finding out the culprits or in recovering the remaining type-writer valued at Rs. 937. Two constables who were on guard duty on the night of theft in the building from which the type-writers had been stolen were discharged from service for neglect of duty. After the occurrence three uniformed constables have been appointed to guard that office day and night. The loss has been written off under orders of the competent authority.

5. A Revenue Officer in a district absconded on the 11th February, 1945, with loan collection money amounting to Rs. 1,378 which was in his custody and subsequently committed suicide. As the officer had left no properties, either movable or immovable, the amount defalcated proved irrecoverable, except for a sum of Rs. 172 representing his undisbursed pay. The balance of Rs. 1,206 was written off under orders of Government. The loss was not due to any defect in the system or to lack of supervision on the part of any higher authority.

REVIEW.

Out of the saving of R₃. 54,483 in the charged appropriation a sum of Rs. 25,931 was surrendered reducing the saving to Rs. 28,552. In the voted section the original grant of Rs. 67,99,000 was augmented by a supplementary grant of Rs. 4,45,000, against which, the expenditure amounted to Rs. 72,30,232 resulting in a saving of Rs. 13,768. The surrender of Rs. 14,150 converted the saving to a small excess of Rs. 382.

2. Sums of Rs. 287 and Rs. 28,652 being the amounts of (i) several Government decrees and (ii) decrees for Court fees in pauper suits were found irrecoverable during the year 1950 and written off under orders of competent authorities.

AUDIT CERTIFICATE.

The Store Accounts of the Jail Depot, Calcutta, for the year 1950 were test-audited under my supervision with reference to local records and I certify that subject to the audit comments the accounts are correct according to the best of my information and in consideration of the explanations given to me.

CALCUTTA ;

The 30th October, 1951.

T. NARASIMHAN,

Examiner, Outside Audit, West Bengal.

AUDIT COMMENTS.

The stock was physically verified in January, 1950 and no physical verification of stock was undertaken since then. The closing stock under item 7 coir articles has been shown as 207 (with the remarks in yards and numbers) which requires reconciliation with the store ledger which shows a balance of only 112.

CALCUTTA ;	B. S. VENUGOPAL,	P. K. BISWAS,
The 28th September, 1951.	Travelling Auditor, Prisons Directorate.	Inspector General of Prisons, West Bengal.

AUDIT CERTIFICATE.

The Store Accounts and the Profit and Loss Accounts of the Manufactory Departments of the Presidency Jail, and the Dum Dum and Berhampore Central Jails for 1950 were locally test-audited under my supervision with reference to the local records and I certify that subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA; The 13th December, 1951.

T. NARASIMHAN,

Examiner, Outside Audit, West Bengal.

AUDIT COMMENTS.

In the Dum Dum Central Jail the value of articles in process of manufacture amounting to Rs. 5,998 has been included in the closing balance of finished goods shown as Rs. 14,509.

2. The figure under "Issue of raw materials to the same jail" has been obtained by deducting the total of the closing balance and the amount of writeoff from the total of the opening balance and receipts during the year instead of taking the figure of issues direct from the Stock Account. Similarly the value of finished (manufactured) goods has been worked out by deducting the opening balance from the total of issues and of the closing balance and not by actual valuation.

REVIEW.

There was a saving of Rs. 12,29,288 in the final grant. The surrender of Rs. 1,42,003 (net) reduced the saving to Rs. 10,87,285.

, A

REVIEW—contd.

2. The bulk of the excess under sub-head F.-3(5) was due to injudicious reappropriations sanctioned during the year without taking into account the final requirements under the sub-head as anticipated in the revised estimate. This indicates defective control.

3. The excess under L.-3 was explained to be due to certain errors in the local office in calculating the final savings reappropriated to other heads.

4. Sub-head W—Development Programme.—The details of the scheme included under this sub-head and the expenditure incurred on each of them "are shown in the statement below:—

A s Name of the scheme.	Expenditure during 1950-51.	Expenditure to end of 1950-51(a).
	Rs.	Rs.
1. Immediate and final plan of the Sibpore Engineerin College.	g 9,38,753	28,13,438
2. Grant to Jadabpur College	. 74,000	3,28,320
3. Strengthening of Head-Quarters staff for supervision of now system of education.	of 14,659	67,540
4. Physical Inspectresses of Training Schools and Colleges for girls.	r 3,970	9,592

Total	. 85,40,673	2,48,39,241

(a) Excludes expenditure booked under Grant No. 29-Civil Works-Sub-head J.

٨.

REVIEW—concld.

5. Fund for Promotion of Education amongst Educationally Backward Classes.—The Fund was created by the Government of West Bengal in 1947-48 for the purpose of providing special educational facilities to members of scheduled castes as well as other educationally backward classes including Muslims. The receipt side represents the amounts of contribution paid by Government and debited to sub-head P. The expenditure is booked under sub-head Q, and at the end of the year an equivalent amount is debited to the Fund by reduction of expenditure under sub-head R. The transactions of the fund during 1950-51 are shown below :—

					2.01
Opening balance on the 1st of April, 1950		•			7,09,771
Receipt during 1950-51	•	•		•	8,41,000
Expenditure during 1950-51	•	•.*	•	•	9,69,515
Closing balance on the 31st March, 1951	•	•	•	•	5,81,256

6. Deposit Account of the Grant made by the Indian Central Jute Committee.—This deposit account is intended for recording transactions relating to the grant made by the Committee for the conduct of experimental work on the census of jute crop in the State. The expenditure on the scheme is booked under sub-head S(a) of this Grant At the end of the year an amount equivalent to the share of expenditure to be met from the grants made by the Council is debited to this deposit account by corresponding credit to the revenue head, viz., XXVI—Education.

An account of the transactions during the year 1950-51 is given below :--

										Rs

Deduct-Expenditure for 1947-48 debited in excess to the deposit account in 1949-50	66
Expenditure incurred in 1948-49 but debited to the deposit account in 1950-51.	6,710
Expenditure incurred in 1949-50 but debited to the deposit account in 1950-51 .	7,286
Expenditure incurred in 1950-51	6,134
Deduct—Expenditure incurred in 1950-51 but not debited to the deposit account	6,134
TOTAL .	13,930

7. A type-writer worth Rs. 750 was stolen from an office on the 25th December, 1949. Police investigation proved ineffectual in recovering the stolen property or in apprehending the culprits. A night guard was appointed to prevent the recurrence of such theft. The loss which did not disclose any defect in the system or negligence on the part of any Government servant was written off under orders of conpetent authority.

8. Several articles worth Rs. 936 were stolen in September, 1949 from the office of an educational institution. Police investigation failed to trace the culprits or to recover the stolen goods. The loss which was written off under orders of the competent authority did not disclose any negligence on the part of any Government servant. To ensure safety in future a night guard has been appointed solely for the institution and the attached hostel.

Review.

In the charged section there was a saving of Rs. 60,000 in the appropriation under sub-head B.-6 owing to a change in classification. In the voted section, however, the expenditure exceeded the grant by Rs. 3,41,555.

2. Sub-head D.-8.—The bulk of the saving under this sub-head was due mainly to (i) injudicious reappropriation (Rs. 26,420) and (ii) increase in the number of trainees (Rs. 6,778). The absence of provision for these recoveries indicates defective control.

3. In course of local inspection of the accounts of a hospital it was noticed that on an average about 56 maunds of coal were issued monthly for the boiler of hot water in the Nurses' quarters throughout the year. The question was raised in audit as to whether there was real necessity for supplying the same quantity of hot water during summer as in winter. It has since been intimated that the possibility of curtailment of the expenditure is under the consideration of Government.

4. Sub-head J—Development Programme.—The details of the expenditure incurred under the sub-head are given below :—

Ser: No	ial Name of the Scheme.	Expenditure for 1950-51.	Expenditure to end of 1950-51.
1	2	3	4
		Rs.	Rs.
1.	Increase in the number of rural dispensaries and establishment of Public Health Units	8,27,557	46,91,071

REVIEW—concld.

5. The store accounts from 1947-48 to 1950-51 of a big hospital having large stores could not be included in the Appropriation accounts as no value account of the stores had been maintained since the 9th March, 1946 when the hospital was taken over by the Government of Bengal. No effective step for valuation of the numerous items of stores including instruments, appliances, drugs, furniture, etc., handed over to the hospital have been taken so far.

No proper and complete physical verification of stores was done at any time. Large quantities of stores have been lying unaccounted for since 1946. The inordinate delay in the preparation of the store accounts and physical verification of stores was brought to the notice of the State Government.

Consolidated Store Accounts of the Principal State Hospitals (except Kanchrapara T. B. Hospital) in West Bengal for the year 1950-51.

	-	West Bengal

AUDIT CERTIFICATE.

The store accounts of the Sambhunath Pandit Hospital, Calcutta, and the Nil Ratan Sarkar Hospital, Calcutta, for 1950-51 were locally test-audited with reference to the local records and I certify that subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA ;	D. C. GUHA,	
The 2nd April, 1952.	Examiner, Outside Audit, West B	Bengal.

AUDIT COMMENTS.

(i) In the store accounts of one of the hospitals it was found that the values of issues of the stores as shewn in the store accounts were arrived at by deducting the values of stores in hand, found after physical verification, from those of the total receipts including the opening balance. The values of the issues could not, therefore, be independently checked.

(ii) (a) In another hospital the value of 2 wooden black boards procured by local purchase and 6 bed cradles received from the P. W. D. was not included in the store accounts owing to non-receipt of the supplier's bill.

(b) In the store accounts of the same hospital for 1948-49 value of a number of instruments and appliances and other miscellaneous articles received during the said year from the Lake Wing of the Central Medical Store. West Bengal, could not be included for non-receipt of the relevant priced vouchers. This value was not also included in the store accounts for the years 1949-50 and 1950-51 on the same grounds.

(c) In the same hospital certain medicines were noticed to have been lying in stock unused for more than two years.

CALCUTTA ; The 26th June, 1951.

P. K. MUKHERJEE, Administrative Officer (Stores), Health Services, West Bengal.

AUDIT CERTIFICATE.

The store accounts of the Central Medical Stores, Calcutta for the years 1948-49 and 1949-50 were locally test-audited under my supervision with reference to the local records and I certify that, subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

Calcutta ;	, G. B. LAHA,
The 9th July, 1951.	Assistant Accounts Officer, West Bengal.

AUDIT COMMENTS FOR 1948-49.

1. The stock of medicines and equipment received from the American Depot at Panagarh, Dt. Burdwan, in July, 1947, was accounted for in separate ledgers but the value thereof was not included in the store accounts for 1947-48 and for 1948-49. It was, however, included in the store accounts for 1949-50.

2. In some cases purchases were made in excess of requirements. Certain articles also remained in stock unutilised for more than a year.

3. The ledgers contained only quantity accounts of stores. Value accounts thereof should also have been kept.

4. The stock was not subjected to physical verification since the 15th August, 1947.

5. The additions to and deductions from the opening balances under different heads in the store accounts due to the fluctuation of rates and correction of postings in the ledgers were not susceptible of check.

AUDIT COMMENTS FOR 1949-50.

1. In some cases purchases were made in excess of requirements. Certain articles also remained in stock unutilised for more than a year.

2. The stock was not subjected to physical verification since the 15th August, 1947.

3. The ledgers contained only quantity accounts of stores. Value accounts thereof should also have been kept.

4. The additions to and deductions from the opening balances under different heads in the store accounts due to the fluctuation of rates and correction of postings in the ledgers were not susceptible of check.

AUDIT CERTIFICATE.

The Store Accounts of the Central Medical Stores, Calcutta, for the year 1950-51 were locally test-audited under my supervision with reference to the local records, and I certify that, subject to the audit comments, the accounts are correct according to the best of my information and in consideration of the explanations given to me.

CALCUTTA ; The 10th April, 1952. D. C. GUHA, Examiner, Outside Audit, West Bengal.

AUDIT COMMENTS.

About 80 per cent. of the stock was physically verified. The differences between the book balance and the actual balance found on physical verification —shortages or excesses as the case might be were adjusted in the accounts for 1950-51 for which sanction of the competent authority remains to be obtained.

2. The stores were valued at the latest procurement price. Those received from other Government Departments were valued at current market rate. Average rate should have been adopted with a view to obtaining more accurate results.

3. Purchases of medicines and equipments were made during 1950-51 without inviting competitive tenders during the year. This is open to serious objection. In the absence of competitive tenders it cannot be said that the purchases could not have been made at cheaper rates.

4. Cost of medicines, etc., supplied to various Government hospitals, institutions, etc., amounting to Rs. 38,99,900, and those supplied to non-Government institutions amounting to Rs. 20,457 were outstanding in 1950-51 accounts awaiting adjustment and recovery.

5. Value account was not maintained in the ledger.

6. Additions to and/or deductions from the opening balance due to fluctuation of rates and/or correction of postings in the ledger were not checked as the relevant records were not available at the time of audit.

ANNEXURE (See Sub-head K).

The minor head 'K—Suspense' accommodates the interim transactions in connection with the purchase of medical stores by the Administrative Officer, Central Medical Stores, and the supply thereof to the different institutions, etc. The transactions during the year 1950-51 under this head were as follows :—

REVIEW.

There was a saving of Rs. 11,87,865 in the total grant. The surrender of Rs. 2,81,420 reduced the saving to Rs: 9,06,445. The bulk of the saving was contributed by sub-heads C and F.

2. Sub-Head--I.-Development Programme.- The details of the Schemes included under the sub-head and the expenditure incurred on each of them are shown in the statement below :---

Name of the Scheme.	Expenditure during 1950-51.	Expenditure to end of 1950-51.
	Rs.	Rs.
Rural Wator Supply	20,04,978	72,28,434
Water-supply and Drainago in Municipal Areas	3,14,373	14,52,862
Maternity and Child-wolfaro Scheme	22,080	1,14,281
Malaria control in the fringe area of the Salt Lakes to the east of Calcutta.	1,85,492	6,37,567
Anti-Leprosy Scheme	1,12,093	4,04,272
B. C. G. Vaccine Scheme	1,23,075	2,02,963
Тотац .	27,62,091	1,00,40,379

ANNEXURE.

Details of the transaction for the year 1950-51 under the head "39.--Public Health-Works -Suspense" are given below :-----

	Opening Balance.	Debits.	Credits.	Net actuals.	Closing Balanco.	
1	2	3	4	5	6	
	Rs.	Rs.	Rs.	Rs.	Rs.	
Purchasos .		11,13,778	16,91,054			
Miscellancous Advances	. 2,41,827	5,35,630	5,22,532	13,098	2,54,925	
TOTAL	. —14,73,156	16,49,408	22,13,586		-20,37,334	

The credit balance of Rs. 22,92,259 in column 6 against "Purchases" represents the value of materials purchased but not paid for during the year. The debit balance against "Miscellaneous Advances" represents (1) railway freight or demurrage charges of certain materials awaiting adjustment, (2) the expenditure for rural water-supply schemes incurred in excess of the contribution made by the local funds awaiting adjustments in the following year and (3) advance payments against permits for certain materials to be transferred to the respective works in subsequent months on the receipt of materials.

REVIEW.

There was a saving of Rs. 80,93,524 in the total grant. The surrender of Rs. 57,37,584 reduced the saving to Rs. 23,55,940 as compared with the final modified grant.

2. No provision was made to meet the expenditure of Rs. 1,01,221, adjusted ander sub-head I, on account of cost of excavation of retting tanks in connection with increased production of jute, although an expenditure of Rs. 1 lakl. was anticipated in the revised estimate. The controlling authority stated that no provision had been made as the expenditure was wholly recoverable from the Central Government. This indicates defective control.

3. Sub-head M-Development Programme includes expenditure on the following schemes-

Names of schemes.	Expenditure during 1950-51.	Expenditure to end of 1950-51.
Establishment of a Central Livestock Research-cum-Breeding Station at Haringhatta.	Rs. 13,79,594	Rs. 25,85,861
2. Expansion of Commodity Grading Centres	10,650	26,657
8. Improvement of Livestock Industry	19,139	2,31,330
4. Improvement of Agricultural School at Chinsura	46,342	46,342
5. Agricultural Research	92,796	92,796
Total .	15,48,521	29,82,986

Review-contd.

4. The expenditure booked under sub-head N.—Development Programme represents cost of purchase of tractors for cultivation in Cooch Behar.

5. A sum of Rs. 2,005 representing advances paid by intending purchasers of grafts from a horticultural farm was deposited on the 27th July, 1948 into a non-scheduled bank instead of into the treasury. Out of the above amount a sum of Rs. 381 was withdrawn and refunded to the parties who could not be supplied with grafts. The balance, viz., Rs. 1,624 which represented sale proceeds was not deposited into the treasury by withdrawal from the bank which ceased functioning from the 13th September, 1948. It was ordered by Government that the total amount of loss should be recovered from the officers at fault but as one of the officers has already retired from the service no recovery of the amount could be made as yet. The final decision of Government in the matter is still awaited.

6. Deposit Account of the Grant made by the Indian Council of Agricultural Research.—The grants received from the Council towards the cost of research schemes undertaken at their instance are credited to this deposit account. The expenditure incurred on the schemes is booked under sub-head E-7 of this Grant. At the end of the year an amount equivalent to the share of expenditure to be met from the grants made by the Council is debited to this deposit account by corresponding credit to the revenue head, viz., XXIX.—Agriculture.

An account of the transactions during the year 1950-51 is given below :-

REVIEW.

There was a saving of Rs. 87,706 in the total grant. The surrender of Rs. 79,699 reduced the saving to Rs. 8,007 as compared with the final modified grant.

2. The final excess under D.-4 due mainly to arrear liabilities of the previous year could not be covered by re-appropriation during the year. The controlling authority stated that for want of timely information from the district officers the excess could not be regularised during the year and that suitable action had been taken to avoid such irregularities in future.

3. Although the anticipated recovery of Rs. 16,500 from the Indian Council of Agricultural research on account of certain schemes included under subhead D.-6 was reduced by a sum of Rs. 10,860, the corresponding provision included under D.-7 was not reduced. This indicates defective control.

4. Sub-head K.—The figure shown in col. 3 represents expenditure on the scheme for "Provision of better facilities for veterinary aid in Calcutta and its suburbs". The expenditure to end of 1950-51 amounted to Rs. 94,596.

REVIEW.

There was a saving of Rs. 2,53,377 in the total grant. The surrender of Rs. 2,18,875 reduced the saving to Rs. 34,502 as compared with the final modified grant.

2. Provision for the re-organisation of the staff for the whole year was made both under Superintendence (Sub-heads-A.-(1) 2 and A.-(1) 3) as well as under Development Programme (Sub-head E). This indicates defective budgeting. The excess provision thus made was, however, surrendered.

3. Sub-head E shows the expenditure on the following Development Scheme :---

 Name of the scheme—Re-organisation of the staff of the Co-operative Department.
 Rs.

 Expenditure during 1950-51
 .
 .
 2.30.178

•		0						
Expenditure	to	end	of	1950-51	•	•	•	8,92,372

4. Deposit Account of Grants from the Central Government for the Development of Handloom Industries.—These grants are received from the Central Government for the development of handloom industries in West Bengal REVIEW-contd.

and are credited to this deposit account. The expenditure incurred on the scheme is booked under sub-head C(2) of this grant. At the end of the year an amount equivalent to the expenditure on the scheme booked under the above sub-head is debited to this deposit account by corresponding credit to the revenue head, viz., XXXI.— Co-operation.

5. Land Mortgage Banks.—For providing long-term credits to agriculturists, nine Land Mortgage Banks had been established between 1933-34 and 1941-42 out of which only two, viz., the Land Mortgage Banks at Birbhum and Burdwan, are situated in West Bengal after the Partition. Government paid to each of them the entire cost of management for the first account year (July to June), and a subsidy equal to the excess of their management cost over the gross profits, for each subsequent account year till they become selfsupporting. Besides, the Banks are allowed to draw advances to meet the cost of their management to be subsequently adjusted at the close of the account year. The total amount paid by Government to each of the Banks in West Bengal up to the 30th June, 1951, is as shown below :—

Names	of Ba	nka						ear when tablished.	Total amount paid.
righter,	UI Da	1 R .9.							Rs.
1. Birbhum	•	•	•	•	•	•	•	19 34-3 5	15,107
2. Burdwan		•	•	•	•	•	•	1934-35	15,944

The sub-joined statement compiled from the audited accounts of these Banks furnished by the Registrar of Co-operative Societies, West Bengal, shows their general revenue position for the year ending the 30th June, 1951, and their financial relation with the State Government. It will be observed from item 5 of the statement that during the period under report they worked at a profit, in view of which the question of Government subsidy did not arise. The amounts recoverable from them on account of the drawal of advances from Government and leave contribution payable by them are shown against item 9 of the statement. These amounts have since been recovered.

REVIEW—concld.

From the review of the working of the Banks by the Registrar of Cooperative Societies, West Bengal, it appears that their financial position continues to be satisfactory, although the profits realised during the year under report have fallen below those of the preceding year.

Statement showing the revenue position of the Land Mortgage Banks for the year ending June 1951.

REVIEW.

The original grant of Rs. 73,78,000 was augmented by supplementary grant of Rs. 6,50,000 against which the expenditure during the year was 65,22,238 resulting in a saving of Rs. 15 05,762. The surrender of Rs. 7,55 763 reduced the saving to Rs. 7,49,999 in the final modified grant.

2. Sub-head "G.- -Development Programme".— The details of the schemes included under the sub-head and the expenditure incurred on each of them are shown in the statement below :—

AUDIT COMMENTS.

The Barrackpore Electric Supply concern was taken over by the Government of West Bengal from M/S. Kılburn & Co. on and from the 2nd December, 1947. The book value of the stores on the 31st March, 1948 was Rs. 26,986 but at a valuation made by Government the actual value was computed to be Rs. 24,397 which was shown in the balance sheet. The purchase price of the stores acquired from M/S. Kilburn & Co. has not yet been finalised and the book value has therefore been shown as a note in the balance sheet. CALCUTTA; The 19th September, 1950. Electricity Development. Electricity Development.

AUDIT CERTIFICATE.

The Pro forma account of the Diesel Electric Pool for the year 1948-49 was locally test-audited under my supervision with reference to the local records and I certify that subject to the audit comments the account is correct according to the best of my information and on consideration of the explanations given to me.

CALCUTTA;	N. DAS,	
The 19th May, 1951. 🐧	For Examiner, Outside Audit, W	est Bengal.

AUDIT COMMENTS.

An amount of Rs. 42,971 shown under suspense account represents an approximate value of stores, tools and plant purchased from the Army Disposals through the Chief Purchasing Adviser, Government of West Bengal, for which neither has any payment been made nor has the full amount of the bill been received. The figures require final adjustment on receipt of the bill from the supplier.

REVIEW.

The original grant of Rs. 20,89,000 was augmented by supplementary grant of Rs. 82,000 against which the expenditure for the year was Rs. 18,72,171 leading to a saving of Rs. 2,98,829. Sub-heads A-4(2) and A-4(3) contributed to the bulk of the saving.

2. A case of loss incurred in operating a scheme for augmentation of fish supply has been mentioned in paragraph 39 of the Audit Report on pages 25-26.

It is certified that the figures in the Stock Account represent a substantially true account of affairs and they agree with the figures recorded in the Register. The closing balance was not in excess of requirements.

MUNGPOO; The 13th September, 1951.

M. SEN. Director, Cinchona, West Bengal.

AUDIT CERTIFICATE.

The Store Accounts of the Government Quinine Factory, Mungpoo, for the year 1950-51 were test-audited under my supervision and I certify that subject to the remarks in the inspection report and the enclosed audit comments the accounts are correct according to the best of my information and in consideration of the explanation given to me.

CALCUTTA; B. D. PAL, The 13th September, 1951. Assistant Accounts Officer, West Bengal.

AUDIT COMMENTS.

The Store shown under "other mixed alkaloids" and "other cinchona products "include 406 lbs, of totaquina and 69 lbs, of other cinchona products which were stated to be remnants of old stock. These have been valued at rates stated to be applicable to the respective old stock which were considerably less than the rates fixed for the valuation of receipts during the year.

2. The figure under "Receipts" against the item "oil, chemicals, etc.," represent the value of the articles paid for during the year but some of the stores were not accounted for in the factory store ledger as they were not actually received in the factory but were lying either at rail heads or at the Calcutta office.

3. In a few cases purchases of stores included under "Receipts" against the item "oil, chemicals, etc." appear to have been made in excess of actual requirements.

4. Issues of oil, chemicals, etc., as shown in the store account include issues of other miscellaneous stores as well. But unlike the issues of oil and chemicals which have been calculated from acknowledged requisitions the issues of miscellaneous stores have been calculated by deducting the closing balances from the total of the opening balances and the receipts during the year.

Certificate and remarks of the Head of the Department.

Certified that the figures in the store account represent a substantially true account of affairs and they agree with the figures recorded in the departmental register. The closing balance was not in excess of requirement.

MUNGPOO; The 12th July, 1951.

M. SEN. Director, Cinchona, West Bengal.

AUDIT CERTIFICATE.

The Store Accounts of the Government Quinine Sale Depot, Calcutta, for the period from the 1st April, 1950 to the 31st March, 1951 were test-audited under my supervision and I certify that subject to the audit comments the accounts are correct according to the best of my information and in consideration of the explanations given to me.

AUDIT COMMENTS.

1. Cinchona products, worth Rs. 19,057 lying at various depots in the districts and worth Rs. 39,273 lying in different Post Offices in West Bengal for purposes of sale, are included in utilisation, issues, sales, etc., and are not included in the closing balance.

2. Ipecac roots are received by the Manager from Cinchona Plantations at different places in Darjeeling and are sold or otherwise disposed of. Accounts of the same have not been included in the Store Accounts. Loss of weight of roots, due to dryage, was 6.4 per cent. Value of roots lost due to dryage was Rs. 1,459.

Review.

In the charged section the original appropriation of Rs. 9,01,000 was augmented by supplementary appropriation of Rs. 2,11,000. The expenditure for the year exceeded the total appropriation by Rs. 30,509. The surrender of Rs. 7,813 increased the excess to Rs. 38,322 which was contributed by the .Sub-head H.

In the voted section the original grant of Rs. 6,09,05,000 was augmented by supplementary grant of Rs. 1,09,51,000 against which the expenditure for the year was Rs. 5,74,74,700 resulting in a saving of Rs. 1,43,81,300. The surrender of Rs. 66,59,930 reduced the saving to Rs. 77,21,370 in the final modified grant.

2. Sub-head D.--Repairs-Voted.—The final excess and the saving under the 'Gross' and 'Deduct' heads respectively were due mainly to no provision being made thereunder for the 'Gross' expenditure of Rs. 26,53,024 on repairs to National Highways as well as for the corresponding recoveries from the Central Government. • This indicates defective budgeting and control.

3. Sub-heads K and M.—The provision for Original Works—Buildings was erroneously made in the original budget under Sub-head M. This was rectified by a formal reappropriation between these two sub-heads during the year.

4. Absence of provision under Sub-heads F.—Deduct –Recoveries and P. indicates defective budgeting and control.

5. The gross establishment charges of the Works and Buildings Department during the year 1950-51 amounted to Rs. 40.54 lakhs against the total works outlay of Rs. 597.40 lakhs, *i.e.*, 6.79 per cent. A sum of Rs. 8.97 lakhs was recovered during the year on account of establishment charges for works done on behalf of private bodies and other departments and Governments. The net establishment charges stood at Rs. 31.57 lakhs which were 5.29 per cent. of the total works outlay.

6. The bulk of the expenditure from the proceeds of the tam imposed by the Bengal Motor Vehicles Tax Act, 1932, appears under Sub-head G.

The Pro forma account of the Bengal Motor Vehicles Tax Fund for the year 1950-51 is given below :--

(a) Represents expenditure on works portions only debitable to 50.-Civil Works.

8. Subventions from the Central Road Fund.-The proceeds of extra duty levied on motor spirit for purposes of road development, exclusive of the part attributable to motor spirit used for the purposes of civil aviation. are credited as a block grant to the Central Road Fund, 20 per cent. of the block grant being retained as a Central Reserve. Out of the balance allocations are made for expenditure---

(a) in each Part A State,

- (b) elsewhere in the Indian Union, and
- (c) in Part B and C States,

in the proportion of the consumption of motor spirit in each area to the total consumption: Under a resolution of the Central legislature in 1937 the portions allocated for expenditure in Governors' Provinces (Part A States) are retained by the Union Government. Allotments are made therefrom at 90 per cent. of the estimated expenditure to be incurred in each quarter. The amount allotted may, subject to the previous approval of the Union Government to each proposal made, be expended on the construction, the reconstruction or the maintenance of roads and bridges belonging to State Governments and local bodies. In addition, grants from the ordinary Reserve and the special Reserve are also made by the Union Government for expenditure on such schemes as may be approved by them.

REVIEW—concld.

The amounts allotted to the States are credited in the State books to the Deposit head "Subvention from the Central Road Fund". The actual expenditure incurred each month on projects falling within the programme is debited to "50.—Civil Works—Provincial" under the minor head "Communications", "Grants-in-Aid" or "Establishment" as the case may be. At the same time an equivalent amount is transferred month by month by debit to the deposit head by credit to the head "XXXIX—Civil Works—Provincial— Transfer from Central Road Fund". The accounting procedure in respect of the schemes financed from the grants from the Ordinary Reserve and the Special Reserve is the same as that for the ordinary allotments except that the actual expenditure incurred by the State Government is debited month by month to the Union Government by credit to the deposit head and the adjustment by debit to the deposit head and credit to the revenue head is made on receipt of the intimation of acceptance of the debit.

An account of the subventions to end of the year 1950-51 is given below :----Opening balance on the let April, 1950

<u> </u>			To end of the year 1949-50.	During tho year 1950-51.	Total to end of the year 1950-51.

Important comments.

							-		-	
Original Appropriation	•				•	•	•		•	5,66.92
Modified Appropriation	•	•	•	•	•			•	•	5,87-25
Expenditure				•		•	•	•	•	5,97.40

The excess of Rs. 30.48 lakhs over the original appropriation was due to the increase in the expenditure on certain works partly offset by the decrease in the expenditure on certain others. The more important excesses and savings are analysed below :---

Excesses over the original appropriation.

		In Rs. lakha.
(i)	Post-budget decision to take up certain works during the year (<i>vide</i> items 18, 23, 26, 37, 41, 70, 137-138, 157, 159-161, 165 and 165 of the Annexure)	
(ii)	Rapid progress of certain works under the revised work programme (vide items 75-76, 82, 93, 97-98 and 107-108 of the Annexuro)	29·2 9
(iii)	Unforecast repairs to roads and buildings damaged by flood and landslides in certain districts (vide Sub-head DVotedGross).	25 90
(iv)	Additional items of works relating to certain development projects (vide Sub-head J)	14.07
	Savings in the original appropriation.	
		In Rs. lakbs.
(i)	Slow progress of certain works (vide items 10, 47, 57, 60-62, 72, 89, 116, 127, 149, 151 and 152 of the Annexure)	38.15
(ii)	Works held up for want of allotment by the Central Government (vide items 49-50, 58, 150 and 153 of the Annexure)	10.64
(iii)	Works not maturing for execution (<i>i ide</i> items 56, 130 and 132 of the Annexure)	10.50
(iv)	Suspension of a work (vide item 110 of the Annexure)	10 OC
(v)	Non-payment of land acquisition charges during the year (vile items 74, 80, 92, 99, 100, 117, 120 and 121 of the Annexure).	- ^{9.63}

ANNEXURE Λ -concld.

Important comments--concld.

2. The excess of Rs. 10.15 lakhs over the modified appropriation was due mainly to no provi ion having been made for maintenance of the National Highways (vide Sub-head D-Voted-Gross and puragraph 2 of the Review).

3. The number of major works in progress (included in the Annexure) during the year under review was 187 against 134 in the preceding year. The total expenditure on 103 of these works amounted to \mathbb{R}^3 . 5,75.79 lakhs against the total estimate of \mathbb{R}^3 . 13,19.37 lskhs. Expenditure of \mathbb{R}^3 . 2,17.71 lakhs was incurred on the remaining 84 works for which there was no sanctioned estimate.

ANNEXURE B.

(See Sub-heads H and O.)

The nature of the transactions under the minor head "Suspense" is explained in paragraph 1 of Annexure B to Grant No. 10 – Jrrigation.

The transactions under each unit of Suspense during the year 1950-51 are exhibited below :--

Grant No. 29.—Civil Works—contd.

ANNEXURE C--concld.

Stock accounts are received from the Executive Officers of Public Works Department with certificates of verification of balances. They are consolidated in the account office in the above form. The half-yearly registers of stock were examined at the time of local audit.

The increase in the closing balance is due to less issue of materials by some of the divisions. No stock has yet been sanctioned for the Jalpaiguri Division and Mechanical Division which are reported to have been called for. Requisite sanction has been applied for where stock limit has exceeded the permissible limit. The stock of the Suburban Division includes serviceable stock in excess to the value of Rs. 17,479. In the North Calcutta, Midnapore and Berhampur Divisions stores to the value of Rs. 8,111, Rs. 21,770 and Rs. 4,650 respectively are borne without value.

The book balance of stock is reported to have been verified by the Divisional Officers concerned. The Stock Registers of all the divisions are audited during local inspection and the results are noticed in the Inspection Reports.

The revaluation of stock is reported to have been conducted under the orders and supervision of the Divisional Officers concerned and steps taken for the adjustment of the resultant profits and losses in accordance with the public works account rules. The revaluation of stock of some of the divisions was not made as the stock accounts could not be closed during the year.

The minus balance in items 8 and 12 are mainly due to issue of materials of stock with value, while the receipt of the same was valued during the next financial year. The same in item 9 is due to a double adjustment which has been set right in the accounts of the following year.

Grant No. 30.-Famine.

Review.

The original grant of Rs. 27,47,000 was augmented by supplementary grant of Rs. 5,19,000 against which the expenditure amounted to Rs. 27,78,020 causing a saving of Rs. 4,87,980. The surrender of Rs. 2,62,963 reduced the saving to Rs. 2,25,017.

2. The reasons for the savings in column 4 under the Sub-heads A(2) (b), A(4) (a) and A(5) could not be included in the appropriation account as they were not communicated by the Controlling Officers.

3. Famine Insurance Fund.—This fund was created by the Government of Bengal under the Bengal Famine Insurance Fund Act, 1937 with effect from the year 1938-39 with an initial contribution of Rs. 10 lakhs from the provincial revenues. Further contributions to the Fund from the provincial revenues amounted to Rs. 2,03,000 in 1939-40 and Rs. 2,00,000 in 1940-41. The Fund is intended to bear the expenditure on the relief of famine and of distress caused by serious drought, flood, earthquake and other natural calamities. The corpus of the fund consists of the contributions paid by Government and the interest accrued on the securities in which the sums at credit of the Fund are invested. The transactions of the Fund during 1950-51 are shown below :—

Opening balance on 1st April, 1950 Receipts during 1950-51	•	•	•	•	•	•	Rs. (a)15,01,004
Transfers from the Revenue Acc	ount	•			Rs. Nil.		
Interest receipts	•	•	•	(b)1,750		1,750
Expenditure during 1950-51 .			•	•	•		Nil.
Closing balance on 31st March, 1951	•	•	•	•			(c)15,02,754

(a) As stated in footnote (a) on page 154 of the Appropriation Accounts, 1947-48 (Postpartition), the opening as also the closing balances include all the securities held by the Fund before the Partition pending final decision regarding allocation.

(b) Half-yearly interests on 3 per cent. loans, 1963-65, have not been credited to the Fund by the Reserve Bank of India, but kept in a Suspense Account, pending allocation of the securities between the Governments of East and West Bengal.

(c) This is composed of Rs. 5,09,208 in cash and Rs. 9,93,546 in Government securities. The market value of the Government securities on the 31st March, 1951, was Rs. 9,80,914.

REVIEW.

The original grant of Rs. 37,34,700 was augmented by supplementary grant of Rs. 4,11,000 against which the expenditure for the year was Rs. 40,28,295 leading to a saving of Rs. 1,17,405. The surrender of Rs. 1,08,905 reduced the saving to Rs. 8,500 in the final modified grant.

2. The transactions relating to "Depreciation Reserve Fund—Government Presses" appear under Sub-head I in the Appropriation Accounts. The Depreciation Reserve Fund for the presses was constituted by the Government of Bengal with effect from the year 1927-28 to provide a reserve for meeting the cost of renewal and replacement of plant, machinery and furniture of the Government presses. The annual receipts of the Fund consist of (a)the amount of depreciation calculated on the value of plant, machinery and furniture in use in the presses during the year and (b) the depreciated value of the plant, machinery and furniture disposed of during the year. The Fund is available for renewal or replacement of articles of plant, machinery and furniture (except the cost of petty repairs) to the extent of the amount at the credit of the Fund from time to time.

Review—contd.

The position of the Depreciation Reserve Fund for the year 1950-51 is shown below :--

	Opening balance.	Receipts,	Expendi- ture.	Closing balance.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
West Bengal Government Press	2,87,692	42,500	1,194	3,28,998
Press and Forms Department	2,44,727	18,197	5,131	2,57,793
'Total .	5,32,419	60,697	6,325	5,86,791

The credits and debits to the Depreciation Reserve Fund of the West Bengal Government Press and the Press and Forms Department during the year under report were for the amounts correctly adjustable to the Fund under the existing rules and there was no diversion therefrom except as follows :---

Credits---

The credit for the Depreciation Fund Account of the West Bengal Government Press during 1950-51 amounted to Rs. 43,557 under the rules of the Fund. Against this credit Government have sanctioned an adjustment of Rs. 42,500. The balance has been adjusted in the accounts for 1952-53.

The excess adjustment of Rs. 20,531 and short adjustment of Rs. 1,414 as mentioned in the previous year's Report have also been adjusted in the accounts for 1952-53.

The credit for the Press and Forms Department amounted to Rs. 16,249 under the rules of the Fund against a sum of Rs. 18,197 adjusted in the accounts. The difference awaits adjustment.

Statement showing the Store Account of Alipore Central Jail Press under the Press and Forms Department, West Bengal, during the year 1950-51.

Includes :----

- (a) Rs. 9,403 on account of difference in value between the value of Rs. 2,67,973 of stores adjusted at similar rates during 1949-50 and their value of Rs. 2,77,376 as intimated and adjusted by Central Stationery Office in 1950-51.
- (b) Rs. 3,729 being the sale-tax on stores supplied during 1948 49 but adjusted by C. S. O. in 1950-51.
- (c) Rs. 90,353 being value of similar rate of stores received during 1950-51 of which no debit memos, have been received.
- (d) Rs. 1,99,076 being value of stores received during 1950-51 which awaits adjustment by Central Stationery Office.
- (e) Rs. 1,445 being value of stores transferred by Miscellaneous Stores on account of purchase or indent from England.
- (f) Rs. 32 being value of stores received from Jail Depot.

1 AGWB

REVIEW—concld.

Excludes :-

Rs. 1,175 being the value of stores received and adjusted in accounts during 1949-50 but adjusted by Central Stationery Office in 1950-51.

- (9) Includes Rs. 13 being the value of grease R. B. and B. O. C. received in 1949-50 but adjusted in 1950-51 [vide F. N. (1, 2 and 3) B of 1949-50 S/A: the value of other items still awaiting adjustment].
- (h) Excludes Rs. 1,025 being the value of Jute Twine received from Central Stationery Office in 1949-50 but adjusted in 1950-51, under Stationery Budget Head vide C. S. O. No. SPA/256/3/9/49/2792, dated the 25th August, 1951 [vide F. N.(1) of 1949-50 S/A].
- (i) Excludes Rs. 144 being the value of raw materials received in 1949-50 but adjusted in 1950-51 [vide Ref. to F.N.(1) 49-50 S/A: the balance of which still awaits adjustment].
- (j) Excludes Rs. 185 being the value of Home spares (Round Needle) received in 1947-48 but adjusted by A. G., West Bengal, in 1950-51 under wrong Head "Purchase of Local Raw"—an item chargeable under the Head (4-2, Charges in England paid for store proper has been shown under D-9-Stores. A reference is being made to Accountant General, West Bengal, for readjustment under proper head.
- (k) Excludes Rs. 317 (308+9) being the value of machine oils and blanks, etc. not received in this Deptt, but has been adjusted by Accountant General, West Bengal, in his monthly statement for November, 1950, vide TC1/D/266, dated the 23rd December 1950 for which a reference has been made to Deputy Accountant General, New Delhi and the Deputy Accountant General, Bombay, vide this office letter Nos. 1706/P, dated the 4th August, 1951 and 1705/P, dated the 4th August 1951 and copy to Accountant General, West Bengal, vide No. 1829/P, dated the 25th August, 1951.
- (1) Includes Rs. 461 being the value of some raw materials received in 1950-51 but not adjusted during the year.
- (m) Includes Rs. 109 being the value of sanitary charges (country soap -6 Mds.) received in 1950 51 but not adjusted during the year.
- (n) Excludes the value of certain raw materials received in 1950-51 the value of which has not yet been intimated by the supplying officer.
- (o) Includes Rs. 1,992 being the value of loose types, etc., received from West Bengal Government Press during 1950-51 but not adjusted during the year.
- (p) Includes Rs. 1,183 being the value of assorted types set up in chasses as received from West Bengal Government Press in 1950-51 which are still awaiting adjustment.
- (q) Excludes £29 paid in 1950-51 for articles of Home Purchase not received by this Department and for which a reference is being made to High Commissioner, London.
- (r) Excludes \$42 for thread received and paid in 1950-51 but not shown in the ledger due to non-receipt of invoice.
- (s) Includes £21 the balance value for knife and tympan-manilla paper received in 1950-51 but not adjusted during the year.
- (t) Includes Rs. 1,445 for articles transferred to Paper Store.

The stock was verified by the Travelling Auditor of the Inspector-General of Prisons, West Bengal.

Certified that the figures represent substantially a true statement of facts and that the stock at the close of the year was not in excess of requirements.

D. C. TIWARY, Paper Store-keeper.	"N. C. CHOWDHURY, Miscellaneous Store- keeper.	W. H. SHEA, Press and Forms Manager, West Bengal.

REVIEW.

In the charged section the original appropriation of Rs. 25,04,000 was augmented by the supplementary appropriation of Rs. 1,54,000 against which the expenditure amounted to Rs. 25,08,344 resulting in a saving of Rs. 1,49,656.

In the voted section the original grant of Rs. 2,18,29,000 was augmented by the supplementary grant of Rs. 4,27,000 against which the expenditure amounted to Rs. 2,08,74,076 resulting in a saving of Rs. 13,81,924. The surrender of Rs. 89,770 reduced the saving to Rs. 12,92,154 as compared with the final modified grant.

2. Although the decision for the change in classification of the expenditure in respect of the "Provincial Sailors', Soldiers' and Airmeu's Board" from sub head F to I-13 was taken before August, 1950, requisite provision for the same was not made under the latter head by reappropriation or otherwise. This indicates defective control.

REVIEW—concld.

3. Orders of Government were issued towards the close of the year for the reclassification of the charges on account of "Grants to Village Panchayets" under sub-head N instead of under F, but necessary provision for the same, viz., Rs. 7,145, was not made under the former head by reappropriation. The controlling authority stated that this was due to oversight.

4. A reduction of Rs. 1,00,914 and an addition of Rs. 2,62,906 were made in the grant under sub-heads I-4(a) and I-4(b) respectively, but corresponding modifications of the provisions for recoveries under I-4(a)(i) and I-4(b)(i) were not made. This resulted in the final excess under the former and final saving under the latter "Deduct" heads. The controlling authority stated that this was due to oversight.

5. Sub-head N shows the expenditure on the following Development Schemes.

• • N	lames	of th	e sche	mes.			*	, E	xpenditure during 1950-51.	Expenditure to end of 1950-51.
4 4							**		Rs.	Rs,

280 Grant No. 34.—Miscellaneous—Expenditure on Displaced Persons—concld.

REVIEW

In the charged section, the entire provision of Rs. 51,000 remained unutilised. The surrender of Rs. 45,200 reduced the saving to Rs. 5,800. In the voted section, the original grant of Rs. 4,99,16,000 was augmented by supplementary grant of Rs. 56,41,000 against which the oxpenditure during the year amounted to Rs. 6,38,20,412 causing an excess of Rs. 82,63,412. The surrender of Rs. 1,17,36,979 increased the excess to Rs. 2,00,00,391 over the final modified grant. Sub-heads C and K mainly contributed to the excess.

2. Although an expenditure of Rs 47,00 000 was anticipated by the controlling authority under sub-head G against the grant of Rs. 56,41,000, a sum of Rs. 19,41,000 instead of Rs. 9,41,000 was surrendered through a misapprehension in the controlling office. This led to the final excess of Rs. 9,57,910 under the sub-head.

3. Explanations of variations in Col. 4 under sub-head D(xii) could mot be given, as the same had not been communicated to audit by the controlling authority.

4. It was known to the controlling authority that provision for expenditure under sub-head A(i) would not be required as the same was decided to be debited to sub-head G(3) of Grant No. 12—General Administration. The controlling authority stated that the amount was not surrendered due to oversight.

REVIEW.

The original grant of Rs. 3,83,17,000 was augmented by the supplementary grant of Rs. 92,48,000 against which the expenditure amounted to Rs. 3,87,99,785 resulting in a saving of Rs. 87,65,215. The surrender of Rs. 3,23,395 reduced the saving to Rs. 84,41,820 as compared with the final modified grant. Sub-head A-1(g) contributed to the bulk of the saving.

2. A Government lorry parked on a road in front of an office building was stolen on the 6th August, 1949 while the driver of the same had gone inside the office building to have his duty slip signed. Police investigation proved ineffectual in finding out the lorry or in apprehending the thieves. The driver of the vehicle was discharged from Government service for negligence of duty and the loss of Rs. 6,250 representing the book value of the lorry was written off under orders of the competent authority. Directions were issued with a view to prevent the recurrence of similar events.

The Store Accounts of Government Stores (General) under the Director of Rationing and Distribution, Calcutta, for the year 1950-51 were testaudited under my supervision and I certify that the accounts are correct to the best of my information and in consideration of the explanations given to me, subject to the remarks contained in the audit comments.

CALCUTTA ; The 3rd October, 1951. T. NARASIMHAN, Examiner, Outside Audit, West Bengal.

AUDIT COMMENTS.

During the year the stocks of each article were verified periodically and the shortages found on each occasion valued at the retail rates prevailing on the dates of verification.

The value of net deficits, disclosed by the physical verification of stocks conducted on the 31st March, 1951, amount to Rs. 5,58,041 calculated at the retail rates prevailing on that date. Against Rs. 5,47,300 representing the value of total shortage revealed by the physical verification conducted during the year, Rs. 5,23,770 was covered by the prescribed limit of handling loss (including the value of loss of Iraqi Dates to the extent of 1 per cent. not yet approved by Government) while a sum of Rs. 12,392 was charged for recovery from the shop personnel concerned for loss of commodities and Rs. 11,138 represented value of loss of commodities due to burglary. In addition to these losses, the total value of deteriorated commodities withdrawn and destroyed during the year was Rs. 664.

In addition to Rs. 12,392, sums of Rs. 431 and Rs. 18,085 were also charged for recovery on account of loss of each and containers respectively discovered during verification. Against the total assessment of Rs. 30,908 for recovery, a sum of Rs. 3,300 was realised and credited to Government and Rs. 382 adjusted up to date through Supplementary Liability Statements.

Out of 2 maunds of Barley in hand, there was no sale during the year but the shortage was to the extent of 1 maund.

The handling loss for all the commodities except Iraqi Dates, Dehydrated Potato and Suji were within 1 per cent. of the total sales. The percentage of loss in cases of Iraqi Dates, Dehydrated Potato and Suji was 1.61, 1.25 and 5.79 respectively.

The Store Accounts of Government Employees' Stores (Police) under the Director of Rationing and Distribution, Calcutta for the year 1950-51 were test-audited under my supervision and I certify that the accounts are correct according to the best of my information and in consideration of the explanations given to me, subject to the remarks contained in the audit comments.

CALCUTTA, The 3rd October, 1951. T. NARASIMHAN, Examiner: Outside Audit.

AUDIT COMMENTS.

The value of the net shortage revealed by the physical verification of stocks at the close of 31-3-1951 amounted to Rs. 13,149 calculated at the permit rates (which are lower than the retail rates) as prevalent on that date. The stock balance was verified from time to time during the year and the shortages found on each occasion were valued at the prevailing retail rates. The value of total shortage amounted to Rs. 13,774 out of which Rs. 13,222 was within the permissible limit of handling loss while a sum of Rs. 532 was assessed for recovery from the shop personnel concerned. Against this a total sum of Rs. 54 only is reported to have been realised so far and credited to Government. A sum of Rs. 20 representing loss due to shortage of Iraqi Dates could neither be charged nor written off due to non-fixation of the permissible limit of handling loss by Government as yet.

2. Although the stock of Mustard Oil shown in the account was received in the stores during 1946-47 it was still lying in a deteriorated condition at the end of the year. Grant No. 35.- Extraordinary Charges-contd.

Chief Accounting Officer, Rationing Audit and Account Section. S. K. DAS GUPTA,

Superintendent, Godown Audit. R. L. CHAKRABORDY,

Deputy Controller of Rationing, Storage and Transport. S. K. BANERJEE,

N. N. DAS-GUPTA, Special Officer, Storage and Transport.

Inspector-in-Charge, Statistics and Accounts. K.M. DAS,

The 28th November, 1951. CALOUTTA ;

230

The Store Accounts of the Calcutta Rationed Area godowns under the Director of Rationing and Distribution, Calcutta and Industrial Area, for the year 1950-51 were test-audited under my supervision and I certify that the accounts are correct according to the best of my information and in consideration of the explanations given to me, subject to the remarks contained in the audit comments.

CALCUTTA ;)	• . T. NARASIMHAN,
1 he 28th November, 1951.	}	Examiner, Ouțside Audit-Department, • West Bengal.

AUDIT-COMMENTS.

1. The Receipts and Issues shown in Cols. 3 and 8 respectively include the following commodities which were lifted from sources other than the Rationing godowns and delivered direct to Government Stores: --

					Mds.	•					Mds.
Rice 'A'	•		•	•	26,437	Rice 'B'	. 1	•	•		1,332,407
Atta .					316,776	Flour .	•		•	•	95,488
Atta .	•	•		•	310,770	Wheat	•	•	•	•	236,108
Sugar .	•	•	•	•	512,576	Paddy	•	•	•	`. F	467

2. The Issues shown in Col. 8 consist partly of deliveries to Government stores against delivery orders issued by the Storage and Transport Section and partly of deliveries to other parties against delivery permits granted by the Permit Section of the Directorate. As the total quantities actually issued against delivery permits could not be stated by the latter section, the figures shown in this column were not susceptible of verification with the totals of actual issues against such delivery orders and permits.

3. The closing stock of sugar shown in Col. 14 excludes 951 mds. of sweepings which together with other stocks of off-quality sugar included in the said stock is being disposed of to Establishments at reduced rates as recommended by the Directorate of Inspection.

4. The stock of paddy shown in Cols. 3 and 8 excludes 31 mds. of sweepings which were disposed of at a reduced rate of Rs. 5-4-6 per md.

REVIEW.

In the charged section there was a saving of Rs. 3,80,196 in the final appropriation. The surrender of Rs. 3,00,000 reduced the saving to Rs. 80,196.

In the voted section the original grant of Rs. 61,00,000 was augmented by the supplementary grant of Rs. 95,00,000 against which the expenditure was Rs. 1,06,68,309 resulting in a saving of Rs. 49,31,691. The surrender of Rs. 53,70,000 converted the saving to an excess of Rs. 4,38,309 over the final modified grant.

REVIEW.

There was a saving of Rs. 3,68,280 in the charged appropriation. The surrender of Rs. 1,22,000 reduced the saving to Rs. 2,46,280 which was contributed by sub-head A-1(2) (e).

In the voted section there was a saving of Rs. 56,95,334. The surrender of Rs. 37,79,895 reduced the saving to Rs. 19,15,439. Sub-heads A-1(2) (e)-voted, B-i(a), B-i(b) and B-i(e) contributed to the bulk of the saving.

General Balance Sheet of the State Transport Service as on 31st March 1950.

Grant No. 38.—Expenditure on Road Transport Scheme—contd. 301

The Revenue Account and the Balance Sheet of the State Transport Service for the year, 1949-50, were locally audited under my supervision with reference to the local records and I certify that subject to the audit comments, the accounts are correct according to the best of my information and on consideration of the explanations given to me.

Store Accounts of the State Transport Service for the year 1949-50.

Grant No. 38.-Expenditure on Road Transport Scheme-contd.

The Store Accounts of the State Transport Service for the year 1949-50 were test-audited under my supervision with reference to the local records. Subject to the audit comments I certify that the accounts are correct according to the best of my information and on consideration of the explanations given to me.

Audit comments on the *Pro forma* Accounts of the State Transport Service, Calcutta, for the year 1949-50.

REVENUE ACCOUNT.

1. The Revenue Account for the year, 1949-50 shows a net loss of Rs. 5,47,031 as against a net profit of Rs. 28,995 during the previous year. A comparative statement of receipts from the sale of tickets and the main items of expenditure is given below :—

						J	1948-49 (from 31st uly, 1948 to 31st urch, 1949). 1	1949-50 (from 1st April, 1949 to 31st March, 1950).
<u> </u>							Rs.	Rs.
Receipts from the sale of tickets .	•	•	•	•	•	•	10 , 94,499	32,44,762
Cost of petrol consumed	•	•	•	•	•	•	3,32,727	13,11,537
Pay and allowances of the officers, e	tc. (O	porati	ion Br	anch)	•	٠	3,01,310	9,88, 684

It will be seen from the above figures that the petrol consumption and establishment charges have enormously increased as compared with the earning from the sale of tickets.

The repairing charges have also increased to Rs. 3,79,483 in 1949-50 as compared with Rs. 12,123 in 1948-49.

2. A sum of Rs. 4,126 representing liabilities for the year 1949-50, on account of pay and allowances not paid to the staff in 1949-50 has not been taken into account under the appropriate heads in the Revenue Account and also not included under the head "Outstanding Liabilities" in the Balance Sheet.

3. The following excess charges and excess income have been wrongly taken into account in the Revenue Account.

Amount of depreciation on furniture calculated @ 10%	4	•	•	•	•	Rs. 2,990
Should be @ 9% as per Government of West Bengal, Home Memo. No. 6121-WT/4A-6/49, dated 28th June, 1951						2,691
		Exces	ss cha	arge	•	299

(a) Account contribution to Depreciation Reserve Fund.

(b)	Account	Receipts	on	account	of	'interest	on	De	preciation	Reserve H	Fund.

Opening balance of Depreciation Res	erve	Fund		•	•		•	•	•	Rs. 2,87,023
At 4 per cent. interest per annum	•		•	•	•	•	•	•	•	11,480
Amount credited to the account .	•	•	•	•		•	•	•		22,694
Ехсе	ss inc	o me, c	redit	ed to	the a	count	ŧ.	•	•	11,214

The contribution to the Depreciation Fund for 1949-50 was expected to be credited to the Fund only on 31st March, 1950 and as such credit of Rs. 11,214 taken on account of interest in 1949-50 was not regular.

4. The total sale proceeds of tickets credited to the Revenue Account fell short of the actual price of tickets sold as per Register of tickets by Rs. 224. The discrepancy has not been reconciled.

5. Rs. 3,79,483 shown under the head "Repairs and maintenance of Buses, etc." in Revenue Account is not correct as it represents cost of material only utilised in repairing and maintaining the vehicles and does not include labour charges, *i.e.*, pay and allowances of the Directorate staff engaged in repairing and maintaining the vehicles.

6. There were also discrepancies between the expenditure booked in the office of the Director and those of the Accountant General, West Bengal due to inclusion of the amounts of unpaid bills in the former. The figures should be reconciled.

7. Cost of two vehicles amounting to about Rs. 26,000 which were totally destroyed by fire, has not been written off.

CAPITAL ACCOUNT.

8. No physical verification of capital assets, *i.e.*, plant and machinery, etc., was carried out during the year nor the existence of the assets certified by the administration.

9. Further, discrepancies were noticed between the figures booked in the General Ledger and those in the Block Registers of capital assets. The Block Registers should be completed and the two sets of records showing costs of vehicles, etc., and depreciation reconciled at an early date.

10. An amount of Rs. 8,77,923 shown as "Total expenditure" under the head "Diesel bus" in the Capital account includes a sum of Rs. 52,091 advanced to the body builders of the double decker buses. The amount of advance should appear under the head "(f) Suspense—Miscellaneous—Advance" instead.

11. It appears that Rs. 13,81,221 shown as "Total expenditure" under the head "Land" includes cost of structures of the old Rubber Factory at Belghurria purchased by the Government. The report of the Land Acquisition Collector showing details of the fixation of price was not available for audit and as such the cost of buildings, etc., included in this figure could not be ascertained in audit.

GENERAL BALANCE SHEET.

12. The outstanding dues for short collection from the conductors have been shown under the head "Assets" as under.

A/c Short collections Rs. 29,895.

It was stated that out of the above amount a sum of Rs. 9,776 is due from the conductors already discharged. As the chances of recovery of the amount from the discharged conductors are rather remote it is desirable to write off the amount with the sanction of the Government or at least make provision in the accounts for the possible "Bad debt". Anyhow the full amount of Rs. 29,895 cannot be considered as an "asset".

13. The amount of Rs. 20,34,787 shown as due to creditors under the head "Suspense Purchase" has not been verified with the monthly statement of accounts rendered by the individual creditors. This should be done as early as possible and the results intimated to audit.

STORE ACCOUNTS.

14. No physical verification of stocks of stores, tools and implements, etc., received from the Director of Disposals was carried out during the year and no stock was taken in South Canal Depot. The closing balances of stores as shown in the store accounts do not include the stores lying at South Canal Depot. In the absence of sub-store ledger maintained for the receipt and issue of stores at the depot it was not possible for audit to ascertain the quantity and value of stores lying in that depot. These stores should have also been included in the store account for the year.

REVIEW.

The surrender of Rs. 2,60,000 reduced the saving to Rs. 1,012 as compared with the final modified grant.

NOTE.—The expenditure under this head is a pro forma adjustment to show the interest liabilities on irrigation capital expenditure. The corresponding credit is taken under the receipt head "XX.—Interest" in respect of interest on capital outlay incurred before the 1st April, 1937 and under "22.—Interest on Debt and Other Obligations" by means of a deduct entry in respect of interest on subsequent outlay. (See Sub-head D-I of Grant No. 11 on page 92.)

The interest for the year 1950-51 was calculated at the rate of 4 per cent, per annum.

Review.

There was a saving of Rs. 4,59,19,317 in the total grant. The surrender of Rs. 3,35,40,000 reduced the net saving to Rs. 1,23,79,317 which was composed of savings in the gross provision as modified by order of reappropriation to the extent of Rs. 1,22,96,777 and larger recoveries of Rs. 82,540. Sub-head A-1 contributed to the bulk of the savings in the gross provision.

311

2. State Trading.—The following schemes continued to be operated on during the year 1950-51 and the expenditure incurred thereon was booked under the head "85A.—Capital outlay on State schemes of Government Trading":--

(i) Grain Purchase Scheme--

(a) Purchase of Foodgrains other than Wheat.

(b) Purchase of Wheat and Wheat-products.

(c) Supply of foodstuffs at concession rates to Government servants.

(ii) Other Miscellaneous Schemos---

- (a) Purchase of Sugar.
- (b) Purchase of Iraqi dates.
- (c) Distribution of toned milk in Calcutta.

Grain Purchase Schemes.—The object of these schemes is to purchase and stock large quantities of foodgrains such as, Rice, Paddy, Wheat and Wheat-Products with a view to their equitable distribution by sale to the public at controlled rates and to certain classes of Government servants at concessional rates.

Other Miscellaneous schemes.—The scheme for the purchase of Sugar has been introduced with the object of its controlled distribution to the public through ration shops.

The scheme for the purchase of Iraqi dates was introduced with a view to providing the public with a supplement to their rations of rice and atta.

The scheme for the distribution of toned milk in Calcutta is similarly meant to ensure the supply of unadulterated milk to the public at controlled rates.

Accounting procedure.--No change has been brought about in the accounting procedure. As in the past, each scheme has been accounted for under the following sub-heads (with suitable additions to, and modifications of. the existing heads where necessary) opened within the Capital Account :--

- (1) Cost of purchase.
- (2) Advance.
- (3) Suspense (Personal Deposits).
- (4) Deduct—Receipts and recoveries on Capital Account.
- (5) Deduct---Capital expenditure financed from ordinary revenues.
- (6) Deduct-Recoveries from other Governments, Departments, etc.
- (7) Add—Surcharge collected with sale-proceeds for improvement of village roads in heavy procurement areas transferred to revenue receipts.

When a scheme is worked without the aid of advances, the expenditure is debited to head (1). When advances are granted and personal ledger accounts opened for working the scheme, the advances are debited to head (2) by AGWB 38 corresponding credit to head (3). The subsequent incomings and outgoings relating to the personal ledger accounts also appear under head (3). All recoveries including repayment of advances and ultimate profits, if any, are accounted for under head (4) and all losses, under head (1). At the end of the year, the losses are charged off to revenue against head (5).

Head (6) is designed to accommodate the receipts on account of recoveries due from other Government departments for value of rationed commodities supplied from the District Officers' grainshops as also those on account of subsidy paid by the Central Government on imported foodgrains.

Surcharge collected with the sale-proceeds of rice and paddy remains merged as capital receipts under head (4), while the actual expenditure incurred by the Works and Buildings Department on improvement of village roads in heavy procurement areas against the collected surcharge is transferred at the end of the year for adjustment under head (7).

The charges for establishment employed on these schemes except those connected with the supply of foodstuffs at concessional rates to Government servants and distribution of toned milk in Calcutta are adjusted under the head "63.—Extraordinary charges in India-Miscellaneous --Civil Supplies", which has been further sub-divided into "Food" and "Supplies". The expenditure on the rest of the schemes is debited to the capital head.

The net expenditure on schemes (i) and (ii), as booked in the Capital Account, amounted to Rs. (-) 2,88,75,765 and Rs. (-) 10,80,552 respectively. The minus expenditure was due to the total reduction of capital expenditure under (4) mentioned above being in excess of the gross expenditure in connection with the schemes adjusted under (i) and (ii) above.

The pro forma trading accounts and the balance sheets in respect of the schemes (i)(a) and (i)(b) for the years 1949-50 and 1950-51, ii(a) for the years 1948-49 to 1950-51 and ii(b) and ii(c) for the year 1950-51 as also the Personal Ledger Account in respect of (i)(c) from 1917-48 (Post-partition) to 1950-51, have not yet been received. The said accounts in respect of scheme (i)(a) and (1)(b) for the year 1948-49 are given on pages 318-325.

3. Cases of losses in transit, defective storage and other causes have been mentioned in paragraph 45 to 47 and 50 of the Audit Report on pages 29-35.

4. There was also a loss of Rs. 6,301 due to theft of 4,859 pieces of gunny bags. One Inspector—Assessor and one Storeman were stated to be responsible for this. A sum of Rs. 704 has been recovered on this account. The persons concerned are no longer in service. The balance has since been written-off.

Summarised Personal Ledger Account of Grain Purchase Scheme for the year

۰

(a) Differs from the Closing Balance of the previous year by Rs. 3,421 (Item 9 of Part II (-) 4,855 and Item 19 of Part II (+) Rs. 1,434) due to corrections since made.

(b) and (c). 'The corresponding booked figures are Rs. 1,49,17,532 and Rs. 1,47,79,963 respectively. The discrepancies are under settlement.

The Personal Ledger Accounts at item Nos.-1, 2, 3, 4, 5, 8, 10, 13, 17, 18, 19, of Part I and 1, 3, 5, 7, 19, 23, 24, 26, 28, 29 of Part II, were locally test-audited under my supervision with reference to the local records.

Subject to the audit comments, I certify that the accounts are correct to the best of my information and on consideration of the explanation given to me.

AUDIT COMMENTS.

The local audit of the Personal Ledger Accounts opened for running grainshops disclosed the following types of irregularities :---

- 1. The cash balance was not verified by the Officer-in-charge as required under the rules.
- 2. Security was not always obtained from the persons handling cash and stores.
- 3. Arrear rations were supplied when rationed articles could not he supplied due to want of stock.
- 4. Rations at cost price were supplied to Police Officers who were not at all entitled to such concession.
- 5. Sometimes rationed articles were issued in excess of prescribed scale.
- 6. The cash book, cash sales register, ration card register, stock account of cash memo books, gunny bags, stationery articles, dead stock account, etc., were not properly maintained in many cases and subjected to periodical review.

## EXPLANATORY MEMORANDUM RELATING TO STOCK, TRADING AND PROFIT AND Loss Accounts.

1. The money values shown against (a) Purchases and (b) handling, transport and other charges on the debit side of the account include not only the amounts paid but also the amounts payable on account of supplies and services received during the period of account.

2. Railway freight represents the amount actually adjusted in the books of the Accountant General during the year of account.

3. The figure shown against "Interest Charges" includes only the amounts actually paid or payable on account of Cash Credit Advances taken from the Imperial Bank of India. No amount has been added on account of interest on the capital at charge, that is the total outlay on material assests and Government cash used as trading capital.

4. The figure shown against "Overhead Charges" represent proportionate share of the charges actually paid and adjusted under the head "63.—Extraordinary Charges". Any liabilities remaining outstanding are not taken into account.

5. The amount shown against "Audit Charges" has been calculated on the basis of actual man-days spent on audit work and not at the usual rate of 1 per cent. on total expenditure.

6. The figures shown against "Sales" on the credit side of the account include amounts realisable on account of transactions during the period of account.

7. The opening and closing stocks have been valued on the principle of average cost of procurement or average selling price whichever is lower.

#### EXPLANATORY MEMORANDUM RELATING TO THE BALANCE SHEETS.

1. Item No. 5 (Rice and Paddy) on the Assets side [viz. 'Undivided Bengal Suspense Account'] represents the value of food-grains supplied by West Bengal Government against amounts deposited by whole-sale traders and mill-owners prior to the Partition.

2. Items 1, 2 and 4, on the Liabilities side give the progressive totals of expenditure debited direct and finally to certain revenue heads. Since no relief is ever given to the revenue heads concerned, the amounts remain as outstanding liabilities and must go on steadily increasing from year to year.

3. Item 3 on the Liabilities side represents amount payable to the Imperial Bank of India as interest on Cash Credit Advances.

4. Items 6 and 7 *ibid* (Rice and Paddy) are amounts awaiting transfer to the appropriate 'Revenue' and 'Deposit' heads respectively.

5. Item 9 (Rice and Paddy) and Item 7 (Wheat and Wheat-products) represent the differences between the value of the opening stock on the 15th August, 1947 and West Bengal's share of liability outstanding on account of the Cash Credit Advances taken from the Imporial Bank of India by Undivided Bengal prior to the Partition.

6. The outlay on buildings, transport vehicles, equipments, furniture, etc., is all met out of revenue. Such outlay made during the Pre-partition period is not shown at all in the balance sheet, whereas the outlay on such items during the Post-partition period is included in item 1 on the Liabilities side. The Profit and Loss Account and Balance Sheet as prepared by the Controller of Finance relate (except for comparatively small amounts spent on fixed assets during Post-partition period) to the trading or circulating capital, which again, is not a fixed amount. It expands and contracts from time to time with the flow and ebb of transactions.

#### AUDIT CERTIFICATE.

Subject to the audit comments furnished below I certify that the Stock, Trading, and Profit and Loss Accounts and Balance Sheets of the foregoing accounts as on the 31st March, 1949, have been properly drawn up so as to exhibit a true and correct state of affairs of the State Trading Schemes according to the best of my information and as a result of the test-audit of the books and records maintained for them and in consideration of the explanations given to me.

CALCUTTA; The 9th November, 1951.

Examiner, Outside Audit, West Bengal.

T. NARASIMHAN,

## AUDIT COMMENTS. A.—General.

The opening balances of stock represented stock which had been physically verified by Officers-in-Charge of godowns and not by an independent agency.

A system of continuous verification of stock by verifiers under the administrative control of the Controller of Finance was, however, introduced with effect from the 15th November, 1948. The different godowns are taken up by rotation. About three years 'time has been taken to complete the first round.

2. The assets shown in the balance sheet do not include outlay on buildings, equipments, etc. Government had decided that a complete list of such fixed assets should be appended to the Balance Sheet. This has not been done.

3. 'Interest' represents only the amounts paid or payable as such to the Imperial Bank on account of Cash Credit Advance. It does not represent interest on the entire capital utilised by the Scheme. If interest on total Capital Outlay, and also depreciation of fixed Capital were taken into account, the net profit appearing in the Trading Account would be less than what it is.

4. The Trading and Profit and Loss Accounts exhibit transit and godown shortages but do not show separately the losses caused by---

(i) deterioration or destruction of foodgrains,

(ii) sale of off-quality foodstuff at reduced rates, and

1 AGWB

(iii) accident, theft, fraud, etc. The shortages shown in the account still remain to be formally written off by Government. In the case of wheat and wheat products even transit and godown shortages have not been shown separately.

5. Under the orders of Government the following principles have been adopted with regard to the inclusion of indirect charges in the Profit and Loss Accounts :--

- (a) No leave or pensionary contributions on account of the permanent establishment employed in the department have been included on the ground that the actual expenditure on this account would be very small compared with the size of the total cost of the establishment.
- (b) Overhead charges based on the booked figures under the head "63.— Extraordinary Charges" have been allocated among the different commodities in the ratio of their purchase price ignoring incidental charges incurred thereon.
- (c) No interest has been charged on sums not borrowed from outside, vide item 3 of Explanatory Memorandum relating to Profit and Loss Account.

#### **B.**--Sectional.

### (i) Rice and Paddy.

There was a net profit of Rs. 30,21,276 in 1948-49 against Rs. 1,68,73,707 during the Post-partition period of 1947-48. The appreciable decline was chiefly due to the fact that a large quantity of overseas rice was procured at rates higher than those prevailing in 1947-48 and that the State Government had to bear a share of loss on overseas rice to the extent of about Rs. 71.50 lakhs in 1948-49 against Rs. 3.72 lakhs during 1947-48.

2. The opening and closing stocks of gunnies as shown in the Profit and Loss Accounts do not include gunnies collected from the mills and Government Stores, and stocked in a Government depot, as the stock accounts of such gunnies have not yet been finalised.

3. The stock of dehydrated potatoes with the Government of Undivided Bengal was partitioned in 1948-49 between the Governments of East and West Bengal. The bulk of the stock was disposed of by the end of 1949-50. Discrepancies have been found in the accounts of the total transactions as submitted to audit. The discrepancies are under settlement.

4. The total figure of cash sale was worked out with reference to the figures i n the books of the audit office as the relevant departmental records were not complete in all respects.

5. The transit shortage of rice works out to 1.3 per cent. as against 9 per cent. during the previous year.

#### (ii) Wheat and Wheat-Products.

There was a net loss of Rs. 57,86,085 for the year as against Rs. 74,75,149 for the Post-partition period of the previous year. The appreciable reduction in the size of the loss during the year was mainly due to the fact that the selling prices of the commodities were revised during the year after taking into account the increase in the pool prices of the overseas wheat and wheat products. Of the total net loss of Rs. 57,86,085 a sum of about Rs. 4 lakhs is attributable to the heavy reduction made in the value of the closing stock of 37,458 maunds of maize. There seems to have been no real necessity for the heavy purchase of maize made in 1948-49 at very high price.

2. The storage and transit shortages of Barley and Maize worked out to 1.3 per cent. and 19 per cent. as against .9 per cent. and 3.1 per cent. in the previous year.

3. The total figure of cash sale as per departmental books has been taken pending reconciliation of the same with the figures in the books of the audit office.

#### REVIEW.

The original grant of Rs. 73,24,000 was augmented by the supplementary grant of Rs. 55,74,000 against which the expenditure amounted to Rs. 1,10,97,299 resulting in a saving of Rs. 18,00,701. The surrender of Rs. 10,70,169 reduced the saving to Rs. 7,30,032 as compared with the final modified grant. Sub-heads E and G contributed to the bulk of the saving.

2. Out of the saving of Rs. 3,96,707 under sub-head G, savings of Rs. 8,000 for short term crop loans and Rs. 1,50,000 for loans to Co-operative Land Mortgage Banks, anticipated in time, were not surrendered. This indicates defective financial administration.

3. The excess of Rs. 4,225 under sub-head J indicates defective control.

The heavy outstandings are chiefly due to :---

- (1) Delay in sanctioning estimates.
- (2) Want of detailed bills in final adjustment of advance payments.
- (3) Want of disbursement certificates, payee's receipts, etc.
- (4) Want of Government orders sanctioning certain payments on account of relief and rehabilitation.
- (5) Want of orders sanctioning rates for incidental charges of the Food Department.
- (6) Want of stock certificates.
- (7) Want of sanction to writes-off of shortage occurred in storage and transit, irrecoverable advances, etc., and
- (8) Delay in effecting recoveries of overpayments.

### Financial Review of the Siliguri Saw Mill for the year 1950-51.

In presenting herewith the audited profit and loss account and balance sheet of the Government Band Saw Mill at Siliguri for 1950-51, I have to report that the profit for the year under review amounted to Rs. 59,713-0-9 as against a profit of Rs. 1,01,858-13-2 in 1949-50 and Rs. 1,58,844-5-6 in 1948-49.

The working of the year under report was satisfactory on the whole. The Saw Mill remained closed for 73 days (*i.e.*, 2 days for want of logs, 3 days for disorder of machinery parts and 68 days for annual overhauling, stock-taking and clearance of the outturn) excepting mill holidays.

There was practically no serious breakdown in the mill except minor disorders to the boiler and machinery parts which were set right promptly by adjustment and replacement of machinery parts as necessary by the existing staff. These were usually done after working hours without any dislocation of normal works.

Timber was sold mostly at schedule of rates to casual purchasers to meet their individual requirements as well as to various Government Departments and Railways in considerable quantities and the balance by public auction which started from 14th April, 1950, twice a month. As the fortnightly sale by auction was poor in the latter part of the year weekly sale was introduced as a temporary measure with a view to increase more sale and clear our accumulated stock but without any success.

The mill worked single shift during the year and the outturn of saw timber during the period under review was 117,059.51 c.ft. as against 135,991.50 c.ft. in 1949.50 and 161,797.63 c.ft. in 1948.49.

Less profit is due to sheer transport difficulty and restriction of sale to Pakistan. A huge quantity of sawn timber is lying unsold at the close of the year. It is expected that it will fetch much revenue next year, if movement position improves and the stock sold during that year.

Siliguri ;	I. B. SIRKAR,
}	Sub-divisional Forest Officer;
The 10th August, 1951.	Siliguri Forest Sub-division.

### AUDIT CERTIFICATE.

Subject to the enclosed audit comments it is certified that the Balance Sheet of the Band Saw Mill, Siliguri, as on 31st March, 1951, was properly drawn up so as to exhibit a true and correct state of affairs of the concern according to the best of my information and explanation given to me and as shown by the books and records maintained.

CALCUTTA ; The 15th November, 1951.

T. NARASIMHAN, Examiner, Outside Audit Deptt., West Bengal.

#### All-in cost of sawn timber.

In spite of the reduction of royalty charges of timber in 1950-51 the all-in cost of all classes of sawn timber was not comparatively reduced and in the case of teak and D & E classes of timber the all-in cost was rather greater than that of the previous year. Had the royalty of timber not been reduced, there would have been a considerable increase in the all-in cost of all classes of timber. This increase was mainly and primarily due to the less outturn of sawn timber during the year.

2. There was a considerable increase in the percentage of loss in conversion on wastage during the year under report as compared with the preceding two years. This factor also contributed to the increase in the all-in cost per c.ft. of sawn timber.

## Balance Sheet and Profit and Loss Account.

3. The closing stock of logs and sawn timber as shown in the balance sheet represents the book balance. The physical verification of stock as on 31st March, 1951, disclosed a shortage of 1,389.12 c.ft. of logs valued at Rs. 1,484 and of 17,345.51 c.ft. of sawn timber valued at Rs. 79,907. The net profit of Rs. 59,713 shown in the balance sheet and in the profit and loss account would, therefore, turn into a loss of Rs. 21,678 if the shortage of stock amounting to Rs. 81,391 found during physical verification is taken into account.

4. A sum of Rs. 6,395 has been included on the assets side of the balance sheet for value of the railway siding. As the railway siding is not now in existence, the amount shown in the balance sheet for its value should be written off with the sanction of Government.

5. The value of the issues of consumable stores such as oils and spare parts of machineries, etc., during the year was calculated for the purpose of the *pro forma* accounts by deducting the values of the closing balances from the total of the opening balances and receipts.

SILIGUBI; The 15th November, 1951.

.

T. NARASIMHAN, Examiner, Outside Audit Deptt., West Bengal.
