**Notes and comments—**

(i) The excess of Rs. 3,32,577 over the grant requires regularisation.

(ii) The surrender of Rs. 4.99 lakhs on 30th March 1968 did not prove to be justified in view of the eventual excess.

(iii) The excess of Rs. 3.33 lakhs was the net result of excess of Rs. 8.36 lakhs under 6 sub-heads partly counterbalanced by saving of Rs. 0.04 lakh under 7 other sub-heads and surrender of Rs. 4.99 lakhs made on 30th March 1968.

The sub-heads under which the excess occurred are given in Appendix I.

## Notes and comments—

(i) The excess of Rs. 7,45,446 over the grant requires regularisation.

In the previous two years also, excess occurred under this grant.

(ii) The sub-heads under which the excess occurred are given in Appendix I.

(iii) The excess occurred mainly under the following :—

The supplementary grant of Rs. 6.60 lakhs obtained in March 1968 for the payment of additional dearness allowance and other allowances proved largely inadequate. The additional funds of Rs. 7.42 lakhs provided by reappropriation on 28th March 1968 mainly for payment of increased emoluments of extra staff, enhanced dearness allowance and other allowances also proved inadequate. The final excess of Rs. 7.43 lakhs was attributed to drawal of arrear salaries, increase in pay and allowances, entertainment of more staff, sanction of allowance to extra mohurrers, and local printing of forms.

## Notes and comments—

## Voted grant

(i) The saving of Rs. 23.60 lakhs formed 39 per cent. of the provision.

(ii) The saving occurred under the following group-head :—

		Total grant	Actual expenditure	Excess+ Saving—
(In lakhs of rupees)				
<b>A—Interest on Public Debt and Other Obligations—</b>				

**A-3—Interest on Other Obligations—**

<b>O</b>	..	60.00	}	34.60	36.40	+1.80
<b>R</b>	..	-25.40				

The provision was for payment of interest on compensation money payable to landlords and the net saving of Rs. 23 lakhs (39 per cent.) was due to less payment of such interest on account of curtailment of expenditure for the year.

## Charged appropriation

(i) The saving of Rs. 12,09.57 lakhs (52 per cent. of the total provision) indicates that the supplementary appropriation of Rs. 90.17 lakhs obtained in March 1968 was entirely unnecessary.

(ii) There were substantial savings under this appropriation during the previous four years also ; saving ranged between Rs. 2.05 crores and Rs. 3.13 crores.

(iii) The saving occurred mainly under the following :—

		Total appropriation	Actual expenditure	Excess+ Saving—
(In lakhs of rupees)				
<b>A—Interest on Public Debt and Other Obligations—</b>				

**A(3)—Interest on Other Obligations—**

<b>O</b>	..	12.96	}	1.00	1.12	+0.12
<b>R</b>	..	-11.96				

The net saving of Rs. 11.84 lakhs (91 per cent. of the original provision) was mainly due to non-payment of interest on deposits of depreciation and other reserve funds of State transport corporations.

**B—Interest on Inter-Governmental Debt—**

<b>O</b>	..	17,36.22	}	5,69.84	5,80.65	+10.81
<b>S</b>	..	46.02				
<b>R</b>	..	-12,12.40				

The net saving of Rs. 12,01.59 lakhs (67 per cent. of the original plus supplementary provision) was mainly due to non-payment of interest to the Government of India on—

- (a) loans under the scheme for sharing small savings collections (Rs. 4,91.12 lakhs),
- (b) loans for development projects (Rs. 4,77.91 lakhs), and
- (c) loans for Damodar valley project (Rs. 2,68.02 lakhs).

The saving was partly counterbalanced by excesses on certain other items.

(iv) In the following case, withdrawal of funds by reappropriation proved wrong :—

		Total appropriation	Actual expenditure	Excess+ Saving—
		(In lakhs of rupees)		
A(1)(i)(e)—Interest on other loans—				
<i>O</i>	..	58.58	}      55.13	75.89      +20.76
<i>S</i>	..	7.09		
<i>R</i>	..	-10.54		

The actual expenditure exceeded the provision (original and supplementary) by Rs. 10.22 lakhs. But the Department withdrew Rs. 10.54 lakhs by reappropriation on the last working day of the financial year. This increased the final excess to Rs. 20.76 lakhs, the reasons for which were not furnished (January 1969).

(ii) The excess of Rs. 1.64 lakhs was the net result of excess totalling Rs. 2.48 lakhs under 11 sub-heads partly counterbalanced by saving of Rs. 0.84 lakh under 7 other sub-heads.

The sub-heads under which the excess occurred are given in Appendix I.

The sub-heads under which the excess occurred are given in Appendix I.

(iii) Substantial excess over the original provision occurred under the following :—

In the foregoing three cases, additional funds provided by reappropriation on the last working day of the financial year were mainly for payment of increased dearness allowance and other allowances. The final excesses were mainly due to filling up of vacant posts, larger expenditure on travelling allowance, increase in prices of contingent articles and employment of larger number of Home Guards and N. (i) The excess of Rs. 3,78,239 over the grant requires to be regularised.

(ii) The excess was the net result of excess of Rs. 41·61 lakhs under 94 sub-heads partly counterbalanced by saving of Rs. 37·83 lakhs under 39 other sub-heads.

The sub-heads under which the excess occurred are given in Appendix I.

Of the total saving of Rs. 12.98 lakhs (68 per cent. of the provision), saving of Rs. 9.80 lakhs was due to—

(i) non-implementation of the schemes—

- (a) "Dental Education and Service" due to non-receipt of affiliation of the Calcutta University for conducting Post-Graduate Course in Dentistry in Dr. R. Ahmed Dental College, Calcutta (Rs. 1.35 lakhs),
- (b) "Cancer and Regional Cardiac Units", "Pilot Project for Mental Health" and "Training of Physiotherapists, Occupational Therapists and Speech Therapists" due to cut in the Health Plan budget as a measure of economy (Rs. 1.99 lakhs), and

(ii) less expenditure on the schemes—

- (a) "Undergraduate Medical Education" due to non-sanction of additional staff for the additional seats (Rs. 2.06 lakhs),
- (b) "Post-Graduate Education and Research" due to delay in implementation of the scheme (Rs. 2.13 lakhs),
- (c) "Indigenous System of Medicine" due to sanction of smaller grants to non-Government research units (Rs. 2.07 lakhs), and
- (d) "Establishment of Blood Banks" due to establishment of only one blood bank under the scheme (Rs. 0.20 lakh).

Reasons for the final saving were not furnished by the controlling officer.

(i) The saving of Rs. 44.17 lakhs formed 47 per cent. of the provision.

(ii) Substantial savings under this grant have been a normal feature since 1960-61; the savings during the last five years ranged between Rs. 20.79 lakhs and Rs. 61.21 lakhs.

Shortfall in expenditure under "Development Schemes" mainly contributed to the savings in all these years as also in 1967-68.

(iii) The saving in 1967-68 occurred mainly under the following :—

- (b) non-completion of reclamation and cultural work and non-submission of bills by contractors in time (Rs. 8·31 lakhs), and
- (c) non-filling up of posts (Rs. 1·55 lakhs).

This increased the final excess to Rs. 13.25 lakhs, the reasons for which were not furnished by the controlling officer.

Funds were withdrawn on the last working day of the financial year mainly on the ground of adjustment of expenditure under “Centrally-sponsored Schemes and Committed Expenditure” for the following schemes included in the budget under this group-head :—

- (i) Mass Production of Rinderpest Vaccine,

In the foregoing cases, the withdrawal of funds was attributed to preoccupation of staff with relief work, food procurement and dehoarding. The final saving was stated to be mainly due to non-finalisation of pending loan cases during the year.

A portion of the above saving was reappropriated for additional expenditure under other group-heads. A major case is given below :—

(i) The excess of Rs. 3,44,660 over the grant requires regularisation.

Excess occurred under this grant during the preceding two years also.

(ii) The excess was the net result of excess of Rs. 15.80 lakhs under 17 sub-heads partly counterbalanced by saving of Rs. 10.06 lakhs under 33 other sub-heads and surrender of Rs. 2.29 lakhs made on 30th March 1968. The sub-heads under which excess occurred are given in Appendix I.

Although the gross system of voting was introduced in the State from 1963-64, the provision under this group-head continued to be shown on net basis. The actual expenditure of Rs. 14.89 lakhs is also net, after deduction of recoveries. The recoveries were Rs. 1,09.83 lakhs for which no provision was made.

Reasons for the excess were not furnished by the controlling officer.

(vi) The expenditure under this grant includes Rs. 14.89 lakhs (net) under "Suspense Charges". This head accommodates interim transactions for purchase and supply of material, etc., for construction and maintenance works of different departments of Government. **Notes and comments—****Voted grant**

(i) The saving of Rs 6,32.49 lakhs was more than one-third of the grant. Of this, Rs. 1,26.43 lakhs remained unsurrendered.

The expenditure under the grant includes Rs. 1,90.28 lakhs as interest on Capital outlay on Mayurakshi Reservoir Project and Kangsabati Reservoir Project.

(ii) A total saving of more than Rs. 7 crores occurred under the following two-group-heads :—

The non-utilisation of the entire provision was attributed mainly to non-settlement by the Government of India, Ministry of Irrigation and Power, of the outstanding issues relating to the Damodar Valley Corporation. Consequently the liabilities of the State Government to the Corporation for net deficits on Irrigation and Flood Control could not be determined.

During the preceding three years also the entire provision of Rs 3,57·82 lakhs (1966-67), Rs. 3,35·66 lakhs (1965-66) and Rs. 1,46·23 lakhs (1964-65) remained unutilised.

The entire lump provision remained unutilised. Reasons therefor were not furnished; the balance saving of Rs. 11·87 lakhs was mainly due to non-sanction of estimates, non-finalisation and revision of schemes, slow progress of work for technical difficulties and non-adjustment of land payments.

The provision under this group-head was for the 'net' debit, as no separate provision was made in the budget for credit transactions (i. e., recoveries, etc.). The Department have been following the net system of voting for suspense transactions in this and some other cases, though the gross voting system has been adopted in the State from 1963-64 for all transactions (including suspense transactions under grant nos. 21 and 34 and for a portion under this grant).

The minus expenditure of Rs. 39.34 lakhs was the result of excess of credits over debits, due to exhibition of actuals on the 'net' system following the budget.

(ix) *Pro-rata distribution of establishment and tools and plant charges:* In an Irrigation division, works of different classes chargeable to capital and revenue and other heads of accounts are executed. The same establishment of the division supervises the construction and maintenance of all such works. It is not possible to calculate with accuracy the time spent by such establishment for the supervision of each class of works and apportion the pay, leave salary, etc., amongst the different heads of accounts according to the time spent. To arrive at the best approximation, the general principles for regulating establishment charges are that—

- (a) the entire charges of a division are, in the first instance, booked under a single major head of account, and
- (b) before closing the accounts of the year, the net expenditure after deducting the percentage recoveries made for works done for other Governments, departments, local bodies, etc., in each branch of the Irrigation and Waterways Department is apportioned amongst the major heads to which the cost of work is chargeable in proportion to the works outlay, excluding outlay on works executed by special establishments.

Similarly, tools and plant are purchased for the common use of all works and their cost is initially brought to account under one major head of account and then distributed like the establishment charges at the close of each year.

The gross charges of both establishment and tools and plant of the Irrigation and Waterways Department are initially booked under the major head "44—Irrigation, Navigation, Embankment and Drainage Works (Non-Commercial)."

The following is the pro-rata distribution of the charges for 1967-68 :—

(x) *Review of establishment and tools and plant charges of the Irrigation and Waterways Department*: The gross charges of establishment and tools and plant of the Irrigation and Waterways Department during the year, excluding those incurred on special establishment entertained for River Research Institute and Mayurakshi and Kangsabati Reservoir Projects as well as for collection of revenue, were Rs. 96.29 lakhs and Rs. 6.13 lakhs respectively, i. e., 30.20 per cent. and 1.92 per cent. respectively of the total works outlay of Rs. 3,18.79 lakhs.

Rs 0.29 lakh were recovered during the year as establishment charges for work done on behalf of private bodies, etc. The net establishment and tools and plant charges thus were Rs 96.00 lakhs and Rs. 6.13 lakhs respectively (30.11 per cent. and 1.92 per cent. of the total works outlay). The percentages of net establishment and tools and plant charges to works outlay for 1965-66, 1966-67 and 1967-68 are indicated in the following table :—

(xi) *Suspense* : The expenditure in the grant includes (—) Rs. 48.06 lakhs (net) booked under "Suspense". The minor head "Suspense" is not a final head of account. It accommodates interim transactions in respect of which further operations (generally of payment or adjustment of value) are necessary before the transactions can be considered complete and finally accounted for. The operations in 1967-68 under this minor head were under the detailed heads (1) Purchases, (2) Stock, (3) Miscellaneous Public Works Advances, and (4) Workshop Suspense. The transactions under each of these detailed heads are explained below :—

- (1) *Purchases* : When materials are received from a supplier or from another division or department for a specific work or for stock, their value is credited to "Purchases" so that per contra, the cost may be included at once in the accounts of the work or stock. When payment is made, the head "Purchases" is debited. The head "Purchases", therefore, shows a negative (credit) balance which represents the value of stores received but not paid for.

(2) *Stock* : The head is charged with all expenditure connected with the acquisition of stock of materials and with all manufacture operations. It is credited with the value of material issued to works or sold or otherwise disposed of and the balance represents the book value of the material in stock plus the unadjusted charges, etc., connected with the manufacture.

(3) *Miscellaneous Public Works Advances* : These are of four kinds :

- (a) Sales on credit,
- (b) Expenditure incurred on deposit works in excess of deposit received,
- (c) Losses, retrenchments, errors, etc., and
- (d) Other items.

Broadly speaking, the head is debited with all the sums which are eventually to be recovered. The balance under this head represents recoverable amounts.

(4) *Workshop Suspense* : All charges in respect of jobs executed or other operations in the departmental workshops are initially debited to this head pending recovery or adjustment.

The transactions under each unit of suspense during 1967-68 are given below :—

**Notes and comments—**

**Voted grant**

(i) The saving of Rs. 4,08.92 lakhs formed 23 per cent. of the total provision. Of this, Rs. 92.92 lakhs remained unsurrendered.

(ii) Substantial provision remained unutilised under the following group-heads :—

Total grant	Actual expenditure	Excess + Saving—

**B—Original Works—**

**Communications—**

O ..	2,55.02	1,24.04	1,30.66	+6.62
R ..	-1,30.98			

The net saving of Rs. 1,24.36 lakhs (49 per cent. of the original provision) was attributed mainly to smaller programme of work on—

(a) construction of lateral roads, due to smaller allotment of funds by the Government of India (Rs. 1,03.44 lakhs), and

(b) Central Road Fund Works, mainly due to non-finalisation of land acquisition proceedings and non-availability of road materials (Rs. 20.71 lakhs).

G—Grants-in-aid—

R	..	-13.89			

The total saving of Rs. 14.54 lakhs (27 per cent. of the original provision) was mainly due to discontinuance of payment of adhoc grants to local bodies in lieu of rates and taxes and payment of the usual rates and taxes from the group-head "D—Repairs" with effect from 1st April 1967 in pursuance of a judgement of the Supreme Court.

I—Suspense—

R	..	-62.70			

The total saving of Rs. 71.19 lakhs (84 per cent. of the original provision) was attributed mainly to cut in expenditure on the maintenance of roads and buildings constructed during the Third Five-Year Plan period, as a measure of economy.

In the preceding year, saving under this group-head formed 84 per cent. of the provision.

J(3)—Centrally-sponsored Schemes  
and Committed Expenditure—

O	..	7.00	1.89	0.12	-1.77
R	..	-5.11			

The total saving of Rs. 6.88 lakhs (98 per cent. of the original provision) was mainly due to observance of economy in expenditure on maintenance of—

- (a) "Feeder Roads in Coalfield Areas" (Rs. 3.89 lakhs), and  
 (b) "Buildings constructed under Centrally-sponsored Schemes outside the State Plan" (Rs. 2.99 lakhs).

In the preceding year, saving under this group-head formed 98 per cent. of the provision.

(iii) The following is a case of substantial excess over the original provision :—

Rs. 17.35 lakhs were provided by reappropriation in March 1968, mainly for payment of additional dearness and other allowances. Reasons for the final excess were not furnished by the controlling officer.

In the preceding year also, there was an uncovered final excess of Rs. 12.35 lakhs under this group-head.

#### Charged appropriation

The following is a case of substantial saving :—

O	2.33	..	..	0.33
R	—2.33

The net saving of Rs. 2.00 lakhs (86 per cent. of the provision) was stated to be for the same reasons explained under "G—Grants-in-aid (voted)".

(i) *Review of establishment and tools and plant charges of the Public Works Department*: The gross establishment and tools and plant charges of the Public Works Department during 1967-68 were Rs. 1,54.80 lakhs and Rs. 18.82 lakhs respectively (18.45 per cent. and 2.24 per cent. respectively of the total works outlay of Rs. 8,38.93 lakhs).

Rs. 20.90 lakhs and Rs. 2.60 lakhs were recovered as establishment and tools and plant charges respectively for works done on behalf of private bodies and other Departments and Governments.

The percentages of net establishment and tools and plant charges to works outlay for 1965-66, 1966-67 and 1967-68 are compared below :—

Year	Works outlay	Establishment charges	Percentage to works outlay	Tools and plant charges	Percentage to works outlay
(In lakhs of rupees)					
1965-66	15,15.75	76.24	5.03	9.44	0.62

1967-68	8,38.93	1,33.90	15.96	16.2	1.93

(ii) *Subvention from Central Road Fund*: The additional revenue realised from increase in excise duties on motor spirit is credited to a fund constituted by the Central Government. From this fund subventions are made to States for expenditure on schemes of road development approved by the Central Government.

The amount received by the State Government as subvention is initially credited as grant-in-aid from Central Government and an equal amount transferred to the deposit account "Subvention from Central Road Fund" against provision in the grant.

The actual expenditure incurred on the road development schemes is initially booked against the provision under this grant and subsequently transferred to the deposit account ("Subvention from Central Road Fund").

The expenditure under this grant (Grant no. 34—Public Works) includes Rs. 26.30 lakhs booked under "B—Original Works—Communications" which was met from the deposit account.

Rs. 92.73 lakhs were received during the year as subvention from the Central Road Fund.

The balance at the credit of the fund on 31st March 1968 was Rs. 68.24 lakhs. An account of the transactions of the fund for 1967-68 is given in statement no. 16 at page 117 of the Finance Accounts 1967-68.

(iii) *Suspense*: The expenditure in the grant includes Rs. 5,98.38 lakhs booked under the head "Suspense". This head accommodates interim transactions for purchase and supply of materials for construction and maintenance works of roads and buildings under Public Works Department. The nature and accounting procedure of transactions under this head have been explained at pages 80—81 in Note (xi) below Grant no. 33—Irrigation.

- (iii) "Lighting arrangement of the Calcutta-Dum Dum Superhighway", "Final Design Study for Mass Transit" and "Patipukur Township Sewerage Scheme" (Rs. 3.75 lakhs).

- (i) "Traffic Operation Plan for Calcutta", "Barrackpore-Kalyani Expressway" and "Widening of Deshpran Sasmal Road" due to cut in expenditure imposed by Government for financial stringency of the State (Rs. 3.82 lakhs), and
- (ii) "Improvement of traffic circulation in Sealdah Station area" due to non-finalisation of detailed plans and estimate (Rs. 0.66 lakh).

D(i)(a)11—Organisational Expenses of the Calcutta Metropolitan Planning Organisation—	—	41.94	+41.94

The entire provision of Rs. 31.66 lakhs in the former head remained unutilised due to booking of expenditure on organisational expenses of the Calcutta Metropolitan Planning Organisation under the capital head within the grant in pursuance of a post-budget decision of Government. The provision was, however, not transferred to the latter head by reappropriation to cover the excess (Rs. 41.94 lakhs). Reasons for the real uncovered excess (Rs. 10.28 lakhs) under the latter head were not furnished by the controlling officer.

In the foregoing cases the expenditure remained wholly uncovered although there was scope for providing funds by reappropriation in view of overall saving of Rs. 1,58.55 lakhs in the grant. Reasons for non provision of funds were not furnished by the controlling officer.

(vi) In the following group-head, reduction of provision by reappropriation on the last working day of the financial year proved excessive :—

The expenditure fell short of the original provision by Rs. 4.11 lakhs only. The Department surrendered Rs. 7.67 lakhs mainly due to non-finalisation of revised drawing and design. This converted the saving into a final excess of Rs. 3.56 lakhs, reasons for which were not furnished by the controlling officer.

The total saving of Rs. 16.38 lakhs (61 per cent. of the provision) was mainly due to—

- (a) less construction work under the schemes "Establishment of Cold Storage and Dressing Plant" and "Intensive eggs and poultry production-cum-marketing centres" (Rs. 5.47 lakhs),
- (b) less expenditure under the scheme "Intensive Cattle Development Blocks" partly due to revision of estimates by the Chief Engineer, Construction Board (Rs. 4.00 lakhs), and
- (c) decision to meet the cost of construction under the scheme "Expansion of Bacon Factory and Piggery Farm (Haringhata)" from other head (Rs. 3.00 lakhs).

Saving under this group-head in the preceding two years formed 46 per cent. and 64 per cent. of the provision.

(iv) Under the following group-heads, provision remained wholly unutilised :—

The entire provision was for "Slum Clearance". Of this, saving of Rs. 5.29 lakhs was attributed to slow progress of work on some of the projects. Reasons for the balance saving of Rs. 10.61 lakhs were not furnished by the controlling officer.

In the preceding year also, the entire provision of Rs. 13.80 lakhs under this group-head remained unutilised.

Q(ii)(b)—Tourism—

O	..	5.00	..	..	..

The non-utilisation of the entire provision was due to non-implementation of the following schemes :—

- (a) Development of Hill Stations (Rs. 2·00 lakhs),
- (b) Tourist Lodge at Jaldapara (Rs. 1·00 lakh),
- (c) Tourist Lodge at Durgapur (Rs. 1·00 lakh), and
- (d) Motels (Rs. 1·00 lakh).

In the preceding year also, the entire provision of Rs. 9·03 lakhs remained unutilised under this group-head.

(v) The above savings were partly offset by additional expenditure under certain other heads, a portion of which was covered by reappropriation of saving. Some important instances are given below :—

R	..	-30.00		20.00	23.54	+3.54

The net saving of Rs. 26.46 lakhs (53 per cent. of the original provision) was mainly due to payment of loans to less number of Home families owing to non-availability of homestead land and non-receipt of sanction of the Government of India for payment of loans to non-camp families and in respect of irrigation facilities under residuary schemes.

In the preceding three years also, substantial savings ranging between 58 per cent. and 70 per cent. occurred under this group-head.

(ii) The lump provision made under the following group-heads remained entirely unutilised :—

Grant	
(In lakhs of rupees)	
<b>“71—Miscellaneous.”</b>	
I—Lump provision for Additional Dearness Allowance—	5.27
J—Lump provision for Medical, House-rent and Children’s Education Allowances—	1.71

The non-utilisation of the entire provision in these cases was stated to be partly due to failure on the part of the Department to transfer funds to the appropriate group-heads by reappropriation and partly due to sanction of smaller amounts of additional dearness allowance and other allowances than anticipated.

(iii) The following is a case of wrong withdrawal of funds by reappropriation :—

The Department withdrew Rs. 5.00 lakhs on the last working day of the financial year on the ground of non-receipt of sanction of the Government of India for construction of new units in dilapidated Homes. This increased the final excess to Rs. 6.10 lakhs, which was attributed to increased price of commodities.

B(VI) (b) (iii)—Grants-in-aid (Education)—					
O	..	15·00	8·00	14·77	+6·77
R	..	—7·00			

The withdrawal of Rs. 7·00 lakhs by reappropriation was due to non-receipt of sanction of the Government of India to some of the schemes for grants at the time of framing revised estimates, though expenditure in this regard was incurred on the basis of sanctions of the Government of India received at the fag end of the financial year. This converted the saving of Rs. 0·23 lakh into the final excess of Rs. 6·77 lakhs.

(v) Substantial excess over the original provision remained uncovered under the following group-heads :—

			Total grant	Actual expenditure	Excess+ Saving—
			(In lakhs of rupees)		
B(I)—Expenditure on P. L. Homes—					
O	..	60·00	65·00	71·77	+6·77

The additional funds of Rs. 5·00 lakhs provided by reappropriation on the last working day of the financial year for meeting larger expenditure on special repairs to P. L. Homes failed to cover even half of the additional requirements of Rs. 11·77 lakhs. The final excess of Rs. 6·77 lakhs was due to post-budget revision of per capita rate for the inmates of the Homes, consequent on increased price of commodities.

In the previous year also, additional funds of Rs. 5·00 lakhs were provided by reappropriation under this group-head in connection with the increase in per capita expenditure and still there was a final excess of Rs. 4·97 lakhs, which was stated to be due to unanticipated purchases, repairs and additional dearness allowance to staff.

Rs. 32·00 lakhs. The additional funds of Rs. 20·08 lakhs provided by reappropriation on 30th March 1968 and the uncovered final excess of Rs. 11·92 lakhs were due to sanction and adjustment of larger number of cases of remission of loans.

(v) *Expenditure on Relief and Rehabilitation of Displaced Persons*: During 1967-68, Rs. 5·86 crores were spent on rehabilitation of displaced persons, the details of which together with the expenditure of the preceding five years are given below :—

**126 Grant No. 48—Capital Outlay on Multipurpose River Schemes—Damodar Valley Project (All voted)—contd.**

**Notes and comments—**

(i) The project is financed out of loans granted by the Union Government.

(ii) The excess of Rs. 30,96,160 over the grant requires regularisation.

(iii) The surrender of Rs. 77·89 lakhs on the last working day of the financial year proved wrong in view of the eventual excess of Rs. 30·96 lakhs in the grant.

(iv) The excess of Rs. 30·96 lakhs was the net result of an excess of Rs. 1,42·98 lakhs under a single sub-head, partly counterbalanced by savings of Rs. 34·13 lakhs under 4 other sub-heads and surrender of Rs. 77·89 lakhs.

The excess occurred under the following :—

(ii) The surrender of Rs. 5,85.66 lakhs made on the last working day of the financial year proved excessive as the eventual saving in the grant was Rs. 3,83.97 lakhs only.

In the preceding year also, substantial saving occurred under 15 out of 16 group-heads shown above (i.e. serial nos. 1 to 12 and 14 to 16); in 11 of these cases, the savings ranged from 56 per cent. to 100 per cent.

(iv) Substantial saving occurred under the following group-head also :—

			Total grant	Actual expenditure	Excess + Saving—
(In lakhs of rupees)					
E—Development Schemes—					
E(1)—Fourth Five-Year Plan—					
E(1)(a)—Development of State Roads—					
E(1)(a)5—Establishment for Special Road Development—					
O	..	20.64	18 64	17.95	-0.69
R	..	-2.00			

The total saving of Rs. 2.69 lakhs was due to—

- (a) cut in expenditure imposed by Government in view of deficit in the State finance (Rs. 2.00 lakhs), and
- (b) abolition of some posts and non-payment of arrear pay and travelling allowance bills (Rs. 0.69 lakh).

(v) Under the following group-heads, withdrawal of funds by reappropriation proved excessive :—

			Total grant	Actual expenditure	Excess + Saving—

E—Development Schemes—					
E(1)—Fourth Five-Year Plan—

R	..	-2,01.61			

The withdrawal of Rs. 2,01.61 lakhs (66 per cent. of the original provision) was made in the last few days of the financial year, mainly due to cut in expenditure imposed by Government in view of large deficit in the State finance.

The final excess of Rs. 1,69.92 lakhs was attributed partly to incurring of expenditure as per original budget during the first six months (i.e. before the cut in provision was imposed), and partly to unavoidable expenditure thereafter for meeting committed liabilities and for maintaining progress of bridge works and some other projects to avoid loss to Government.

E(1)(a)6—Tools and Plant—					
O	..	48.00	24.58	35.44	+10.86
R	..	-23.42			

Owing to cut in expenditure imposed by the Finance Department the original provision of Rs. 48 lakhs under this group-head was subsequently reduced to Rs. 24.58 lakhs. The reduced provision, however, proved inadequate in view of the actual expenditure of Rs. 35.44 lakhs.

E(1)(a)8—Suspense—					
O	..	2.00	-18.59	-2.57	+16.02
R	..	-20.59			

The Department have been following the net voting system for transactions under this group-head, although gross system of voting has been introduced in the State from 1963-64 for all expenditure, including suspense transactions. The minus expenditure of Rs. 2.57 lakhs represents net actuals and excess of credit over debit. Recoveries amounted to Rs. 2,30.72 lakhs for which no provision was made.

The surrender of Rs. 20.59 lakhs was due to cut in expenditure imposed by Government in view of large deficit in the State finance. The final excess of Rs. 16.02 lakhs was attributed to issue of less materials from stock and non-clearance of amount booked under "Miscellaneous Public Works Advances" by local officers.

(vii) *Review of establishment and tools and plant charges of the Public Works (Roads) Department*: The gross establishment and tools and plant charges booked under this grant during 1967-68 were Rs. 83·45 lakhs and Rs. 39·37 lakhs respectively which formed 30 per cent. and 14 per cent. respectively of the total works outlay of Rs. 2,74·82 lakhs.

Rs. 9·51 lakhs and Rs. 2·59 lakhs were recovered during the year as establishment and tools and plant charges respectively for works done for private bodies, other departments and Governments.

(i) Out of the saving of Rs. 7,22.45 lakhs (29 per cent. of the total grant), Rs. 4,75.62 lakhs only were surrendered and that too on the last working day of the financial year.

There were considerable savings under this grant during the preceding four years, as shown below :—

The total saving of Rs. 48.68 lakhs (88 per cent. of the original provision) was mainly due to—

- (a) non-finalisation of the schemes for establishment of Cellular Concrete Block Factory at Bandel (Rs. 7.00 lakhs) and Brick Factory at Kalyani (Rs. 1.00 lakh),
- (b) non-completion of the expansion work of Palta Brick Factory (Rs. 7.83 lakhs),

**Notes and comments—**

(i) In view of the saving of Rs. 12,57·24 lakhs (70 per cent. of the supplementary provision) the supplementary appropriation obtained in March 1968 proved largely excessive.

In the previous two years also, there were substantial savings under this appropriation ; the supplementary provision of Rs. 2,46·12 lakhs (1966-67) proved excessive and the supplementary provision of Rs. 1,20·55 lakhs (1965-66) proved entirely unnecessary.

(ii) Of the saving of Rs. 12,57·24 lakhs in 1967-68, Rs. 2,65·35 lakhs remained unsurrendered.

(iii) Substantial provision remained unutilised under the following :—

The total saving of Rs. 12,32.08 lakhs formed 57 per cent. of the total provision (original and supplementary) and was mainly due to less repayment of loans received from the Central Government for—

- (a) development projects (Rs. 7,58.50 lakhs), and  
 (b) sharing small savings and prize bond collections (Rs. 4,03.43 lakhs).

**(g) Loans from Heavy Engineering Corporation—**

<i>O</i>	..	28.00	}	..	..	..
<i>R</i>	..	—28.00				

The non-utilisation of the entire provision was attributed to non-repayment of loan to the Corporation.

In the previous three years also, the entire provision (Rs. 1.75 lakhs in each year) remained unutilised under this group-head.

(iv) The following is a case of excessive reappropriation of funds :—

Additional funds of Rs. 2,48.41 lakhs were provided by reappropriation on the last working day of the financial year on the ground of larger repayment of advance drawn from the Reserve Bank of India. This resulted in the final saving of Rs. 2,47.07 lakhs, reasons for which were not furnished by the controlling officer.

(v) Substantial excess over the original provision occurred under the following group-heads ; in none of these cases, reasons for the excess were furnished by the controlling officer :—

**Notes and comments—**

(i) The surrender of Rs. 3,71.76 lakhs on 30th March 1968 proved excessive, as the saving eventually available in the grant was Rs. 1,20.63 lakhs only.

(ii) In view of the saving of Rs. 1,20.63 lakhs, the supplementary grant of Rs. 1,08.84 lakhs obtained in March 1968 proved unnecessary.

(iii) Substantial provision remained unutilised under the following group-heads :—

R	..	—4,47.68			

The total saving of Rs. 8,08.57 lakhs formed 59 per cent. of the original provision and was attributed mainly to—

- (a) adjustment of loans paid to the State Electricity Board under a separate head "F—Advances under Special Laws" (outside "Development Schemes") in pursuance of a post-budget change in classification (Rs. 4,02.00 lakhs); the amount was however not appropriated to the relevant head and the expenditure under that head remained uncovered—cf. note (v) below,
- (b) Curtailment of loans to the State Electricity Board partly due to cut in the plan budget and partly due to post-budget decision not to grant the contemplated loan to enable the Board to contribute to its depreciation reserve fund (Rs. 2,98.00 lakhs),
- (c) less payment of loans to the Durgapur Projects Limited and Durgapur Chemicals Limited due to cut in expenditure imposed by the Finance Department (Rs. 74.60 lakhs),
- (d) non-payment of loans to Calcutta Corporation under "Water Supply and Drainage Augmentation Scheme" due to non-receipt of utilisation certificate for previous loans (Rs. 30.00 lakhs),
- (e) non-payment of loans for installation of powerlooms due to non-finalisation of policy for distribution of powerlooms (Rs. 23.75 lakhs), and
- (f) non-payment of loans under "Integrated Subsidised Housing Scheme for industrial workers and weaker section of the community" in the absence of progress of work by the loanees (Rs. 10.50 lakhs).

These savings were partly counterbalanced by excesses under certain other schemes.

In the preceding year, saving under this group-head formed 44 per cent. of the provision.

(iv) The following are cases of inadequate provision of funds by reappropriation. There was, however, scope for providing more funds by reappropriation to cover the entire additional requirements, in view of the overall saving of Rs 1,20.63 lakhs in the grant. In none of these cases, reasons for the final excess were furnished by the controlling officer.

In the preceding year also, substantial excess over the original provision occurred under this group-head.

The circumstances in which the department failed to reappropriate the provision to this group-head immediately after the post-budget decision to change the classification have not been intimated.
