GOVERNMENT OF BENGAL.

CIRCULAR ORDERS

OF THE

ACCOUNTANT GENERAL, BENGAL,

FROM THE

INTRODUCTION OF THE PRESENT SYSTEM OF ACCOUNTS IN 1864.

Circular No. 1, dated 26th November 1864.

Superseded by the "Rules for the guidance of Treasury Officers," published separately.

Circular No. 2, dated 16th December 1864.*

With reference to the changes to be introduced into the system of account referred to in my letter of 26th ultimo, I have the honor to forward, for your information and guidance, the annexed instructions regarding the mode of paying claimants under Permanent Payable Orders in your Treasury, and to request that your careful attention may be given to the observance of these rules from the date of receipt of this communication.

Payment of Pensions,
&c, by Permanent
Payable Orders.

HUGH SANDEMAN.

Rules for the guidance of Collectors in making payments.

1. Collectors are personally responsible for the payment of claims to the right persons. Great vigilance is necessary to prevent impositions in this respect, and specially to provide, as regards pensioners, that the lapses of life be punctually reported to the Accountant General, Bengal.

Responsibility for
payment of claims to
right persons.

* See Circulars Nos. 6 and 82.

Permanent Pay
Orders will be issued
to meet fixed claims.

2. When special salaries, pensions, allowances, &c., payable monthly at fixed rates, are granted, the Accountant General, Bengal, will issue Permanent Payable Orders to the Disbursing Officer of the station in which the claimant resides, directing him to pay monthly, until further notice, the amount of the claim, upon the production of the counterpart of the order, and a separate receipt according to the prescribed form.

Register thereof to
be kept,
Appendix I.

3. For purposes of easy reference, each Collector or Disbursing Officer shall keep a separate Register of Permanent Orders according to form attached.

Course to be pursued
in payment of a
claim.

4. Upon presentation of a claim for payment, the Collector should at once record the sum paid upon the Permanent Order and enter the amount in the Cash Book, and submit the separate receipt with his Treasury Account to the Accountant General as a voucher in support of the charge.

Identification of
pensioners.

5. As a general rule, all male pensioners should appear and be identified by comparison with the Descriptive Roll at the head of the Permanent Order; but in cases where men of rank object to appearing in public for the purpose of identification, this may be effected in private or at the Collector's house; female pensioners who cannot appear in public, or male pensioners who are disabled from appearing by illness or bodily infirmity, may be paid upon the production of a life-certificate signed by an Officer of Government or some other well known and trustworthy person.

Care to be taken to
prevent imposition.

6. In such cases the Collector must take such precautions as he may deem advisable to prevent imposition, and must periodically require proof not only of the existence of the pensioner, but also of his inability to attend at the Collectorate.

Payments to
political pensioners
of high rank.

7. Political pensioners of high rank who may be exempted from appearing personally before a Collector may depute an Agent by Power of Attorney to receive their pensions, upon the production of the Permanent Pay Order and separate receipt, and subject to the checks in Rule 6.

Unclaimed pensions
of six months'
standing.

8. Should a pension not be claimed for six months, the counterpart of the Permanent Order is to be returned to the Accountant General, Bengal, and the claimant, should he apply for payment, must be referred to that Officer for the issue of a fresh order.

9. In case a pensioner desires to change his place of residence to another district, he must return his Permanent Pay Order to the Accountant General, with a request that he will issue a fresh one upon the Collector in whose jurisdiction the pensioner is about to reside.

Return of Permanent Pay Order on change of residence of pensioner.

10. Upon the death of a claimant, the Collector should at once report the circumstance to the Accountant General, and return the original Permanent Order to his Office.

Death of pensioner to be reported.

11. In cases where the Collector feels any doubt as to the identity of a claimant or the correct amount payable, he should refer to the Accountant General, Bengal, for instructions.

Doubt as to identity of pensioner.

Circular No. 3, dated 23rd December 1864.*

Copy of Government of India, Financial Department, Resolution, No. 4082, dated 21st December 1864.

The following procedure will be observed by all Officers serving under the Government of Bengal in the payment and adjustment of contingent charges under the new system of Accounts.

Payment of contingent charges and permanent advances for petty contingencies.

2. Every Officer who regularly incurs contingent expenses on the public service will, at the beginning of each year, obtain from the proper Controlling Authority a general sanction to the scale of his expenditure for the year, limited in regard to numbers, rates, or aggregate amount as the Controlling Officer may consider expedient. This sanction will be communicated to the Treasury Officer as well as to the Officer concerned; and the latter will then be paid the amount of his monthly bills for contingent expenses, within the sanctioned limit, without pre-audit and without the previous countersignature of the bills by the Controlling Officer of his Department.

General sanction of Controlling Officers required for payment of contingencies.

3. An abstract of the bill, showing the different heads of service, duly receipted, will be furnished to the Treasury Officer, who, after payment, will forward it as a voucher with his Treasury Accounts to the Accountant General.

Abstract bill for contingencies.

4. The bill in detail will be forwarded by the Officer incurring the charges to the Controlling Officer of the Department, who should, without delay, examine, countersign, and transmit it to the Accountant General, Bengal, for comparison of the charges in the bill with the Treasury Accounts, and for recovery of any retrenchments which the Controlling Officer may have noted on the bill.

Countersignature of detailed bills.

5. The retrenchment will, under instructions from the Accountant General, be deducted by the Disbursing Officer from the succeeding payment, or will be otherwise recovered.

Recovery of retrenchments.

* See Circulars Nos. 24, 25 and 39.

Contingent bills to be paid on presentation.
Permanent advances for petty contingencies.

6. Under this system, contingent bills will be payable on presentation.
7. In regard to petty expenses which require to be disbursed as the occasion for them arises, *i. e.*, before the money for paying them can be obtained on the usual contingent bill, the Governor General in Council is pleased to direct the adoption of the expedient of permanent advances recommended by the English Commissioners on Indian Accounts.

Permanent advances.

8. Officers incurring petty charges will accordingly be allowed permanent advances* as per scale in the margin, for the districts shown in the annexed list.

	1st Class District.	2nd Class District.
Collectors ...	50	25
Magistrates :	100	50
Officers in charge of Jails	100	50

Expenditure from permanent advances how to be recovered.

9. Out of this sum, Officers will pay petty expenses, and will recover the amount thus paid monthly, or oftener, if necessary, by submitting a bill to the Treasury Officer.

10. *Out of date.*

Circular No. 4, dated 24th December 1864.

It being important, under the newly introduced system of ^{Separate bills for different heads of service.} Account, that bills or vouchers should be, as far as possible, made out according to the heads of service to which they respectively belong, I have the honor to request that you will, in future, pass the following items of expenditure upon separate bills, instead of including them, as is now done, in establishment or contingent bills:—

- 1.—Salary of Civil Surgeon, and of Native Doctors in charge of Subdivisions (if any).
- 2.—Establishment and Contingencies of the Abkaree Department.
- 3.—Salary of Jail Establishment, including Native Doctors attached to Jail.
- 4.—Burial Ground Charges, in cases where there is no Chaplain.
- 5.—Peons' Fee Fund (Collector's Office).
- 6.—Peons' Fee Fund (Judge's Court).
- 7.—Peons' Fee Fund (Small Cause Court Judge's).
- 8.—Registration Department.

A separate bill should likewise be made out for charges debitable to any other Local Fund which may exist in your district. ^{Separate bill required for each Local Fund.}

HUGH SANDEMAN.

Circular No. 5, dated 29th December 1864.

I have the honor to request that you will observe the following instructions in the preparation of bills on account of future payments of Malikana from your Treasury. It is not necessary, for the purposes of this office, that bills in the voluminous detail which has hitherto appeared should be submitted in support of the entries in your lists of Payments, and you will therefore discontinue their submission. A bill in abstract form on a single sheet of paper, bearing the countersignature of the Commissioner of the Division, will be sufficient; but to enable the Commissioner to pass the charges, a separate statement should be submitted to him with each bill, in such detail as may be necessary. This statement will be recorded in the office of the Commissioner, but he will sign and return the abstract bill, in order that it may be transmitted as a voucher with your accounts. ^{Bills for payments of Malikana.}

HUGH SANDEMAN.

Circular No. 6, dated 6th January 1865.*

Headings on permanent orders for payment of pensions.

In many of the permanent orders for the payment of pensions, which have been issued from this office, some of the headings were left blank owing to the absence of data by which they could be filled up. I have now the honor to request that you will in all such cases supply these omissions, and furnish me with copies of the headings so filled in, in order that the Pension Register in the Accountant General's Office may be rendered complete. I take this opportunity of remarking, with reference to para. 9 of my Circular No. 2, on the subject of the payment of pensions, that nothing in that Circular was intended to override existing rules respecting the transfer of pensions, and that such transfers must be regularly authorized as heretofore, the only additional condition being that the permanent order must, upon the receipt of authority for transfer, be at once transmitted to the Accountant General, with a note of last payment, in order that a fresh permanent order may be issued upon the Collector in whose jurisdiction the pensioner may have taken up his residence.

Rules for transfer of pensions not affected.

Precautions for identification of pensioners.

I may also mention, that the space at the top of the Collector's bill in the permanent orders is intended for the signature of the pensioner, in order that on the occasion of each payment, the Collector may have an opportunity of comparing it with the signature upon the separate receipt. The object of this precaution is to prevent fraud. When a pensioner is unable to write, and so fulfil this condition, additional precaution should be used in noting his personal identification, and he should of course not be made aware of what has been entered under this head in his descriptive roll.

HUGH SANDEMAN.

the responsibility of initiating and making the proper deductions from Pay Bills on account of subscriptions for the Annuity and Civil Funds. The drawers of the bills should themselves note the proper deductions which the Treasury Officer is to make.

2. To enable them to do this, it is only requisite that, in future, when a Subscriber informs the Fund Officer of any change in his family, your Secretary should inform him how his subscriptions are hereby affected, and that whenever an Officer is transferred from one district to another, he should take with him to the new station a last Pay Certificate, showing the proper deductions in the following form :—

Letters of Credit
(now Credit Orders)
for the P. W. Department.

Under orders of the Government of India, in the Financial Department, No. 47, of the 3rd instant, I have the honor to prescribe the following amended rules for your observance in bringing to account, under the new system, the amount of Letters of Credit issued upon your Treasury in favor of the Public Works Department, and in dealing with the cheques issued against such credits by the Executive Engineers.

2. Letters of Credit in the form heretofore in use will be issued in favor of Officers of the Public Works Department, against which they will draw upon Treasuries for all Public Works Expenditure.

3. On receipt of such Letters of Credit you will cause the full amount to be charged in your Cash Book as a final payment to the Public Works Department, and the entry of the charge in your list of Payments must be supported as a voucher by the original Letter of Credit. With this entry the record of the transaction in your Treasury Books must be considered as complete, and you will discontinue the present practice of recrediting the amount of the Letter of Credit by transfer under "Drawing Account" and of debiting to the latter head the cheques presented and cashed by you in the course of the month.

4. You will continue to hold in your custody, however, the full amount of the cash thus placed at the disposal of the Executive Engineer until cashed by his cheques on presentation as heretofore. But it is the desire of Government that this progressive withdrawal of his funds by the Executive Engineer, shall not be exhibited in the accounts of your Treasury, and that they shall be shewn apart from all other transactions in a separate Account Current to be opened by you with that Officer.

5. The most convenient form in which this Account Current may be kept by you, is that of an ordinary Bank Pass Book, of which a copy is transmitted herewith for your use. The amount of every Letter of Credit will be posted in this Pass Book, to the Credit of the Executive Engineer, simultaneously with the entry of the charge in your Cash Book to debit of the Public Works Department, as before described; and the amount of every cheque

cashd will be entered only in the Pass Book, in reduction of the original credit.

6. This account* will be kept by you merely as an office record, and it is not intended that either extracts or copies of the entries should be submitted to this office.

7. The Pass Book will be sent daily, or at short intervals never exceeding a week, to the Executive Engineer, to enable him to verify the entries with his own Cash Book, and check off the cheques paid. The book should be carefully examined by Superintending Engineers at their inspections.

8. Cheques *post dated*, i. e., bearing a date subsequent to the date of presentation, will not be paid.

9. Payment will be refused on Cheques drawn in excess of the balance at credit.

10. Cheques which may have been in any way altered will not be paid unless the alteration be verified by the Drawer's signature.

11. In drawing Cheque. the amount both in words and figures should be written distinctly, and in a way to prevent the insertion of any other words, a line drawn _____ or the word "only," should be added after the amount expressed in words.

12. No money should be received or paid at the Treasury after 3 P. M.

13. At the end of every month you will forward to the Executive Engineer a certificate in duplicate in the following form.—

"I hereby certify that the balance at the credit of A. B., Executive Engineer, is Rs. 2,000."

The one copy of this certificate will accompany his Public Works Account Current, and the duplicate is to be returned to you immediately by the Executive Engineer with a memorandum subjoined to it, under his signature, as follows:—

"Balance at credit of A. B., Executive Engineer ... Rs 2,000

Deduct Cheques unpaid, *viz.*:—

No. 19	Rs 150	0	0	
" 26	" 50	0	0	
" 15	" 70	0	0	
						270

Balance as per Cash Book Rs 1,730"

* See Circulars Nos 59 and 78.

This duplicate certificate must be submitted by you to this office with your Monthly Cash Balance Report, which is to be drawn up in future in the amended form prescribed in Circular No. 9, dated 18th January 1864.

14. Letters of Credit of the Public Works Department will hold good under this system till they are exhausted, and payments will be made only on Cheques issued against such credits. No sums received by the Executive Engineer himself can be appropriated by him for Departmental expenditure, but must be paid into your Treasury. When, for the sake of convenience, however, the Executive Engineer desires to make use of his own receipts, it is competent to him to do so, provided he makes a corresponding payment into your Treasury in lieu of the sum so taken. In this case he should, at the end of the month, send to your Treasury a Cheque drawn in your favor for the amount thus made use of, and obtain a receipt for that sum from you on account of "Receipts from the Public Works Department."

15. It will be apparent to you that under the operation of the above system, the Cash Balance of your Treasury, as shewn in your Monthly Cash Account with this office, will not represent the amount of Cash actually remaining in your custody, inasmuch as the Cash Balance of your account will be reduced by the amount of the Letter of Credit, although the money represented by the undrawn portion of the Letter of Credit will be actually in the Treasury.

16. Provision has accordingly been made in the new form of Cash Balance Report for the separate exhibition of these two divisions of your balance. The proportion available for Treasury purposes, as shewn in the Monthly Cash Account, will appear separately, and the balance at the disposal of the Executive Engineer will be added to it as "Appropriated Balance for the Public Works Department," the two sums making up the total amount of Balance in the Treasury as shewn in the Cash Balance Return.

17. Any Balance remaining on the 31st January in your General Treasury Account under the head "Drawing Account of the Public Works Department," must, at the close of that day, be written off as a transfer to the separate Drawing Account of the Executive Engineer to be operated upon in the manner described above.

18. This Circular is intended to supersede all former instructions on the subject, and should be carried into effect from and after the 31st Instant.

Cash Balance Report
how to be prepared.
Appendix III.

The form of Cash Balance Report, issued with my Circular No. 9, having been in many instances misunderstood, I have the honor to annex a specimen copy filled in, in order to shew clearly how it should be prepared.

I beg to solicit your attention to the following points:—

1st.—The Cash Balance Reports must be despatched, *without fail*, on the 1st and 16th of every month; it is of the greatest importance that this rule should not be infringed under any circumstances.

2nd.—The tale or number of Currency Notes of each denomination should be exhibited, and the aggregate of Notes shewn as in the specimen.

3rd.—The tale and rate of conversion should be clearly shown opposite all uncurrent coins.

4th.—The aggregate of current and uncurrent coins must equal the aggregate of Available and Appropriated Balances, which are shewn in an inner column and brought down to the same total at foot of the tabulated portion of the return.

Estimate of probable
Receipts and
Disbursements.

I take this opportunity of requesting that your estimate of probable Receipts and Disbursements may be despatched always on the 3rd day of every month; your attention is solicited to the instructions regarding this Return, which were issued by me, as Civil Paymaster in charge of the Resource Department, and which may be found by a reference to pages 2695 and 2821 of the *Calcutta Gazette* of 1861.

Your especial attention is solicited to the following points:—

1st.—Cash Remittances should never be estimated unless they have been ordered by this office, and in each case the name of the Treasury, to or from which the remittance is to be made, should appear in the column of remarks.

2nd.—The opening Balance of the sheet should correspond with the Cash Balance Report of the close of the preceding month; with this exception only, that, whereas the latter gives the *exact*

sum in a Treasury, so as to tally with the Treasury Account, the estimate should shew even hundreds only, thus :—

For Rs. 55,916 10 6,	Say Rs. 55,900 0 0
" " 70,876 3 7,	" " 70,900 0 0

3rd.—The totals on both sides of the Returns must always tally.

4th.—The Return should bear the date, not of preparation but of despatch.

In conclusion, I would impress upon you the great importance of submitting Estimates punctually, as in their absence this office is without any information as to the requirements of the several Treasuries.

HUGH SANDEMAN.

Circular No. 17, dated 28th March 1865.

It is now the practice, in conformity with instructions issued from this office, for Treasury Officers, on all occasions of making Remittances, to furnish a copy of the Chalan or Invoice to the Consignee, and a second copy to the Accountant, by the *dāk* of the day on which the Remittance starts, the original being delivered to the Officer in charge of the escort, who makes ~~it~~ over with the treasure to the Consignee.

Copy of Chalan for Specie Remittances not to be sent to the Accountant General.

2. I have the honor to request that you will, on future occasions of making Specie Remittances, dispense with the custom of sending me a copy of the Chalan. All that I require is the return of the "Order for Cash Remittance," which issues from this office, with the form on the reverse filled up. The detail of the contents of the boxes, and of the weight of the several bags, are matters which concern the Remitter and Consignee only.

3. In cases where any delay is likely to occur in complying with Remittance orders, the cause of delay should be at once reported to this office.

Circular No. 19, dated 22nd April 1865.

Transfer of deposits of more than three years' standing to credit of Government.

I have the honor to transmit copy of a Resolution of the Government of India, Financial Department, No. 1506, dated 31st March 1865, on the subject of deposits, and to request your attention to the following instructions.

2. All deposits outstanding of the year 1844-45, that is to say of more than twenty years' standing, are to be transferred to the account of Revenue in the current month in the usual manner.

3. Complete lists of all deposits received between 1st May 1845 and 30th April 1865, and which may be outstanding on the latter date, are to be prepared as follows.

Appendices IV and V.

4. All deposits received before May 1862, and outstanding on 30th April 1865, should be comprised in one list in the Form marked A, and those made since the 1st May 1862, or of less than three years' standing, in the Form marked B. The numbers and amounts only of the several deposits need be given.

5. On receipt of these lists, I shall be prepared to give immediate effect to the orders of the Government of India, by transferring to Revenue the whole amount of deposits of more than three years' standing, as shown in the first list.

6. You are requested to *make no entry in your Cash Account*, but simply to alter your plus and minus, or running, memorandum by bringing forward on the 1st May the balance only of the deposits

of the last three years, as detailed in List B, and to cause a note to be made in the original Deposit Registers against every number included in the List A, as follows:—"Transfer List 1-5-65."

7. If you are unable to do this by the 1st May, you are requested to intimate the same to me, stating the cause of your inability to do so.

8. No deposit of an earlier date than 1st May 1862, can be repaid after the close of the current month, except under the authority of this office; * and when such deposits are re-paid under that authority, the amount so paid *should not be included* in the amount shown as paid in the running memorandum of deposits, which will only comprise items of less than three years' standing.

Refund of deposits transferred to credit of Government.

9. The preparation of the Lists A and B should be commenced *at once*, and the work pushed forward with all possible despatch.

10. In March 1866, you should prepare a list of outstanding deposits of the year 1862-63, and despatch it when complete with your Cash Account for April 1866, deducting the amount of such list from your memorandum of deposits, and pursue a similar course year by year.

11. When deposits are recorded in a personal Ledger under the 3rd para. of the Financial Resolution, the following procedure will be observed:—

Personal Ledger Account of deposits.

The deposits will be entered on receipt in the Register of Deposits received, but without being numbered, and from this Register the personal Ledger will be posted.

In making the Extract Register for this office, the detail of such deposits will be omitted, and the total received on each personal account will be entered from the Ledger, at the end of the month, at foot of the Extract Register.

A similar course will be observed in recording re-payments of deposits on the personal Ledger.

12. A form of letter to be used in applying for authority to repay deposits is annexed.

Appendix VI.

* See Circular No. 56.

13. A copy of this Circular has been forwarded for observance to the Judge and also to the Magistrate of your district, and you will receive from each of those Officers a list of the Dewanny and Fouzdary Deposits liable to transfer under the orders of Government. I request you will deal with their lists also in the manner pointed out in para. 6.

HUGH SANDEMAN.

Copy of Government of India, Financial Department, Resolution, No. 1506, dated Fort William, 31st March 1865.

In order to reduce the number of deposits on the Registers of the several Revenue Treasuries, the following Rules are to be strictly observed:—

No sums are to be entered in the Deposit Books which can properly be credited to any other head of account.

Collections made from the estates of minors under the Court of Wards, and generally numerous deposits on one account or payable to one person, are to be recorded in a personal Ledger.

A transfer to the account of Revenue, as-Miscellaneous Receipts, is to be made annually of the amount of all deposits remaining unclaimed, without sufficient cause, for three years. Deposits which have been credited to Government under this rule cannot be repaid without the sanction of the Accountant General of the Government or Administration to which the Treasury is subordinate. Sums not exceeding one Rupee, lying unclaimed for more than twelve months, and the balances of deposits which have been partially repaid during the year, if not more than one Rupee in amount, may be included in the transfer.

Every public Officer having an account in the personal Deposit Ledger, will annually furnish the Officer in charge of the Treasury with an account of the particulars of outstanding deposits, in order that such as may be of more than three years' standing may be dealt with in the above manner.

The existing rules which require that each item of receipt be numbered in an annual consecutive series, beginning with the 1st May (now 1st April) of each official year, and that no re-payment be made without reference to the Receipt Register and to the particular item at credit therein, and that the amount of every payment be entered in the Register against the credit item, must be strictly observed in respect of all deposits not recorded in the personal Ledger.

All Collectors or Deputy Commissioners of districts, in which the executive duties of the Treasury Department are conducted by some subordinate Officer, are required personally to examine their Deposit Registers at least once a quarter, and to satisfy themselves that they have been kept with the utmost care and regularity.

A certificate* to the effect that this examination has been made is to be entered at the time on the Extract Register of receipts under preparation for the Accountant General.

E. H. LUSHINGTON,

Secy. to Govt. of India.

Circular No. 20, dated 20th April 1865.

I have the honor to annex, for your information and guidance, a copy of a Resolution of the Government of India, in the Financial Department, No. 1979, dated 10th Instant, with a list of the Vernacular Accounts and Returns, which are dispensed with under the newly introduced system of Account. A further communication will be made to you regarding English Returns and Forms of Account, which may be dispensed with under the new system, and I would be glad if you would, in the meantime, furnish me with a list of all Accounts, Returns, and Statements, now kept up in the Treasury under your control, accompanied by any suggestions that you may like to submit.

Vernacular Accounts
abolished.

The biglot vouchers alluded to in the 4th para. are those which have been already issued with my Circular No. 14 of 20th February.

You should place yourself in communication with the Commissioner of your division upon the subject of paragraph 5, should any difficulty of the nature there referred to be felt in your office, which, however, I do not anticipate. I solicit your particular attention to paragraph 10. The system of keeping copies of receipts, granted to public officers and private individuals, is one that is scarcely ever necessary, and should there be any exceptions to this rule in your office, I request the favor of your reporting them to me, with a view to my suggesting a remedy.

Duplicate receipts
discontinued.

The practice of requiring duplicate receipts from payees has already been prohibited in the 7th instruction appended to my Circular No. 1 of the 26th November 1864, and I trust that it has been discontinued in your office. The rule applies equally to

* See Circular No 97, dated 29th July 1867.

the re-payments of deposits as to all other classes of payments. I request that you will, by the 1st day of July next, report to me, for the information of the Supreme Government, how far the instructions conveyed in the Resolution under notice have been carried out.

HUGH SANDEMAN.

Extract from the Proceedings of the Government of India, in the Financial Department, Resolution No. 1979, dated 10th April 1865.

Read again paragraphs 248 to 258 of the English Commissioner's Report on the Indian Civil Accounts.

In these paragraphs it is pointed out that the Accounts of Civil Treasuries are rendered more voluminous and intricate than necessary by the practice which is in force in many Treasuries of keeping the Accounts in two languages, and the changes in this respect, recommended by the Commissioners, are in general approved by the Local Governments and the Officers of Account.

2. In the Punjab and North-West Provinces, the original Accounts are chiefly kept in Oordoo, written in the Persian character, and these are translated into English for the General Books. The Treasurer's Accounts are in the Hindee, and in many Treasuries the complex Rukkum symbols are in use in place of the simple Persian or English figures.

3. Vernacular Accounts at Tehseel Treasuries must continue, and the reception at the Sudder Treasuries of vouchers and documents written in the Vernacular may to some extent be unavoidable; but at this stage, the use of the Vernacular in the Accounts Branch of the Sudder Treasury should entirely cease, except that the Treasurer, who generally does not understand English, may be allowed to keep his record of receipts and payments in his own characters. Even here, however, the use of English figures should be encouraged.

4. The direct posting of the vouchers into the English Accounts can be much facilitated by the use of biglot vouchers as shown in the specimens attached. By having the substance of the vouchers printed in the Vernacular on one side, and in English on the opposite side of the page, there remain only the blanks to be filled up, and this can readily be done in both languages, so that whilst serving the purpose of a Vernacular voucher, the materials are there for posting it direct into the English Accounts. The simplicity which will follow the introduction of the new system, will also add facilities to the abolition of the double Accounts in two different languages.

5. There may be, in some cases, a difficulty in obtaining clerks competent to conduct the English Accounts, but by the reduction of the Vernacular Office, a saving of expenditure will arise which can be appropriated to meet any additional remuneration which it may be necessary to grant, in order to secure a better qualified class of clerks in the English Branch of the Office.

6. His Excellency the Governor General in Council is therefore pleased to Account direct that measures be at once taken to confine the Accounts kept in the Branch of the several Sudder Treasuries of India to the English language, and that all Vernacular Accounts now in use in that branch shall cease on the 1st May next, or as soon as it is practicable to carry out the necessary arrangements; the several Accountants General reporting through the Local Governments to the Financial Department all cases where the obstacles to the course laid down are such as to render delays in carrying out these orders desirable. Such increase of charge in the English Offices as may be necessary will be sanctioned by Government out of the savings caused by the reduction of the Vernacular Offices.

7. The success with which the Vernacular Accounts have lately been abolished in the Treasuries of the Central Provinces shows that the difficulties to be overcome are not so great as might have been anticipated.

8. A list of the Accounts and Returns that may be dispensed with in the vernacular is appended; such as are necessarily retained being kept in English only.

9. The above orders apply solely to the Account Branch of the Treasuries; but a reduction of the Vernacular Accounts and Returns in the Revenue Branch also should be encouraged, as the knowledge of the English language advances.

10. A practice obtains in some Treasuries of keeping exact copies of receipts granted by the Treasuries to public officers and private individuals. With rare exceptions, the record of the transaction in the official books is quite sufficient, and the discontinuance of this useless practice is strongly insisted upon in all such Treasuries where it prevails.

11. The Deputy Auditor and Accountant General in each province will report, at the end of three months, how far these instructions have been acted upon, and what further arrangements he would recommend to give effect to them.

Salary,
Establishment, and
Contingent Bill
Forms.

I have the honor to forward herewith, for your information, specimen copies of revised forms of salary and establishment, of detailed contingent bills, and of the abstracts of contingent charges,

* See Circular No. 121, dated 16th March 1868.

† See Circulars Nos. 3 and 39.

and to request that you will adopt them in substitution of any other forms now employed. * * * * *

2. I beg, at the same time, to draw your particular attention to the following points connected with the procedure to be observed in the preparation and discharge of the abstracts in question.

3. The salaries of Gazetted Officers who hold their appointments direct from Government must not be drawn, as at present, in the general establishment bill of the office or department to which they are attached ; nor, on the other hand, should each Officer draw his own salary on a separate bill.

Salary List of
Gazetted
Officers.
Appendix VIII.

4. The salaries of all Gazetted Officers of each department must be drawn together in a separate bill (Form A) under the signature of the head of the department, who has heretofore signed the general salary and establishment bill, so that in lieu of the one general bill, there will now be two bills drawn by the same Officer, the one for salaries of Gazetted Officers (Form A), and the other for the salaries of the Ministerial and other Departmental Establishments (Form B).

Establishment List.
Appendix IX.

5. Neither of these bills is to be stamped or receipted by the parties named in it when presented for discharge at the Local Treasury, the head of every establishment being responsible, under the orders of Government, for the due distribution of the amount among his subordinates.

6. It is necessary, therefore, that the head of every establishment should keep in his office an Acquittance Roll in the form of the Monthly Abstract, which should, on the issue of the monthly pay, be receipted by every officer or employee, a stamp being affixed for all sums above Rs. 20 in amount. You are particularly requested to secure the observance of this rule.

7. The present practice of including in the establishment bill the salaries of all absentees except those on privilege leave, and placing the amount in deposit at the Treasury when not disbursed at once, must be discontinued.

8. In future, in cases of absence for short periods, the absentee's salary may be drawn in the bill, but should be held in the personal custody of the head of the office, pending disbursements ;

but, as at present, the pay of absentees on privilege leave must not be drawn until they return to duty.

9. When it is known, however, that the absence is likely to be prolonged, and no arrangements for monthly payments are made by the absentee, the salary of the absentee should be excluded from the bill, and arrears should be drawn in a subsequent or supplemental bill when actually required for disbursement.

10. In cases in which absence has been unexpectedly prolonged, and the absentee's salary remains with the head of the office till the next month's bill is due, the sum may be deducted from the total amount of the bill, and the particulars of the unpaid arrears detailed in the certificate at the foot of the bill under the signature of the head of the office. The salary charge thus cancelled can be re-inserted in any subsequent bill, or in a supplemental bill when payment has to be made.

11. It is no longer necessary that bills for fixed expenditure of the nature of salaries or establishments should appear charged (through the medium of a transfer receipt) in the accounts of one district, although payments be actually made at the Treasury of another district. The practice, therefore, of exchanging Transfer Receipts between districts in reimbursement of such payments, is dispensed with for the future.

12. Whenever, under the exigencies of the public service,

Certified that the Bill of Mr. _____

for the net sum of _____
on account of _____ has been
paid at this Treasury for the month of _____
inclusive, and for no later period.

Dated _____

Treasury Officer.

it is necessary that a salary or establishment list should be cashed at a Treasury other than that at which it is ordinarily payable, there is no objection to its being so discharged, provided the head of the establishment concerned produces to the

Disbursing Officer a certificate showing the last payment made to him in the form given in the margin. Subscribers to the Civil and Annuity Funds should be also furnished with last Pay Certificates in the form prescribed in my Circular No. 15. *

* See Circulars Nos. 31, 119 and 138.

13. Abstracts of the contingencies of such establishments may also be cashed at such Treasuries on presentation, on a certificate being furnished from the Treasury Officer of the district from which the transfer is made, showing the scale of contingent allowance for the year sanctioned by the Controlling Officer, and the amount cashed up to the date of the last abstract. The additional amount paid at each Treasury should be certified by the several Treasury Officers, and the same certificate may be made use of successively at several Treasuries.

Abstract of
Contingencies.
Appendix X.

14. The bills so discharged will be included in the Disbursing Officer's list of payments as charges of his own, and should be forwarded therewith as vouchers to this office, accompanied by the last Pay Certificates.

15. Similarly as regards contingent charges incurred by one District Officer on account of, and on the requisition of, another District Officer, they must be dealt with as charges of the disbursing district, and be included in the contingent bill of that district as final payments of its own. The Commissioner or other Controlling Officer, before admitting such charges in the contingent bills submitted for his countersignature, will take such measures as he may deem advisable to ascertain the validity of the charges, after reference, if necessary, to other Commissioners when the districts of other divisions are concerned in such transactions.

16. In the preparation of abstracts of contingent charges (Form C) for payment at Treasuries, and of the detailed bills (Form D) for the countersignature of Controlling Officers, care should be taken that the sub-vouchers for contingent charges are numbered in a monthly consecutive series of numbers, which should be entered without alteration both in the abstracts and detailed contingent bills, and the detailed bill should give the dates of the abstracts on which payment is made, to maintain a connection between the documents and to facilitate reference in this office. Care should be taken that the monthly detailed contingent bill contains all amounts drawn from the Treasury during the month on abstract bills, and that it represents *exactly* the aggregate amount of the abstract bills.

Detailed Contingent
Bills for
countersignature.
Appendix XI.

17. Retrenchments made from the detailed bill by the Controlling Officer must be noted at the foot of the bill, and the numbers of the sub-vouchers disallowed should be specified.

instructions
regarding
payments to be made
on account of Police

In continuation of my Circular No. 3 of the 23rd December last, I have the honor to inform you that under orders of the Government of India in the Financial Department, No. 460, dated 26th May 1865, District Superintendents of Police in Bengal have been authorized to draw, in 1st Class Districts, Rs. 100, and in 2nd Class Districts Rs. 50 each, as a permanent advance for the payment of contingent charges.

2. You will be good enough to make these advances on application, with special reference to the position of your district in the classified list of districts appended to my Circular above quoted.

3. I request your attention at the same time to the following instructions regarding payments to be made by you on account of the Police.

4. Pay Abstracts must be discharged on presentation under the signature of the District Superintendent of Police, who is responsible for the accuracy of the abstracts signed by him. Traveling Allowances may also be paid under the countersignature of the District Superintendent. Contingent Charges will be paid on Abstracts of Contingencies prepared by District Superintendents in the Form appended to my Circular No. 24 of the 28th ultimo; the instructions contained in which regarding the payment of these Abstracts apply to the Police as well as to all other departments.

5. In regard to charges for the erection and repair of Police buildings, it has been decided by the Government of Bengal in the Public Works Department that, like all other departments, the Police Department shall itself erect and keep in repair all Police buildings of a temporary character, only permanent buildings

being erected and repaired by the Officers of the Public Works Department. You will be good enough accordingly to pass all charges for the erection and repair of temporary Police buildings when included by District Superintendents in their Abstracts of Contingencies within the limit assigned to such charges by the Inspector General in the Annual Estimate of Police Contingencies. Amounts will be drawn for building purposes by District Superintendents, like any other contingencies, as they require funds, and no special authority for payment will hereafter be issued.

Bill and Transfer
Receipt transactions
with the Bank of
Bengal transferred to
Local Remittances.

In continuation of my Circular No. 22, dated 12th May last, I have the honor to request that all your Bill and Transfer Receipt transactions with the Bank of Bengal, Calcutta, may in future be dealt with as "Local Remittances."

2. Bills and Transfer Receipts, issued by you on the Bank, should be included in your "List of Bills issued Local" (specimen Form No. 23 of the revised Treasury Rules) in common with

has been drawn on other Treasuries in Bengal, while the Bank's Transfer Receipts and the Supply Bills issued on your Treasury by the Assistant Accountant General at Calcutta, should be included, on payment, in your general list of Local Bills and Transfer Receipts discharged (specimen Form No. 25 of the Rules).

3. The Bills and Transfer Receipts of other Governments will continue to be dealt with in conformity with the above Circular.

HUGH SANDEMAN.

Circular No. 30, dated 2nd September 1865.

I have the honor to request that, in supersession of all former orders on the subject, you will, from the 1st October next, carefully observe the following instructions regarding the adjustment of all payments made from your Treasury on account of the Military Department.

Receipts and Charges
of the Military
Department.

2. The Military payments which you may be called upon to make may be classified as follows:—

1st.—Payments on Cheques drawn against Letters of Credit (now assignment Estimates).*

2nd.—The discharge of Public Service, Privilege Transfer and Sepoys' Family Remittance Receipts drawn by Military Pay Masters.

3rd.—Emergent Advances.†

4th.—Pension and Family Assigned Payments.‡

5th.—Refund of Deposits.

6th.—Expenditure connected with the purchase and compensation for lands taken for Military purposes; compensation for loss of crops and damage to lands; and local supplies (Russud) procured for the Military Department.§

7th.—Rent and other fixed recurring expenditure disbursed under special orders.§

3 to 12—*Supply of Funds to Military Disbursing Officers*—
Superseded by Circular No. 64, dated 22nd August 1866.

13. The various descriptions of Transfer Receipts which Military Officers are authorized to issue on Civil Treasuries will con-

tinue to be discharged in conformity with rule ; these documents, after payment, being forwarded as vouchers with each list of payments.

Emergent Advances,

14. As regards Emergent Advances* to Military Disbursing Officers, the rules remain unaltered ; the original bills and receipts of the payees, accompanied by the Brigade or Station Order or certified extract thereof authorizing the advance in each case, must be forwarded to this office in support of each payment.

15. Emergent Advances to Military Officers (exclusive of those attached to Regiments) on account of Pay and Allowances, will only be made on the authority of Station Orders, or under special instructions of Government, the receipted bill† * * * * * as well as the Station Order, or a reference to the letter directing the advance, must be furnished in each case to support the charge. On making the advance, a certificate in the annexed form must be granted to the Receiving Officer :—

Collector.

16. Under arrangement in course of introduction in the Military Department, Regimental Officers absent on leave will henceforth receive no advances of pay from Civil Treasuries ; they will make their own arrangements with the Officers Commanding their Regiments, or with Pay Masters, for the remittance to them, during their absence, of such pay and allowances as they may be entitled to.

17.—*Payments of Pensions to Native Military Pensioners.*—See Circular No. 71, dated 6th October 1866.

18. In exceptional cases, when you may be especially authorized to disburse Military Stipends‡ directly on the pensioner's Bills

or Rolls, such payments, provided the pensioners are not on the Roll of a Pension Pay Master, must be brought to account for adjustment with the Military Department; the original bills and receipts being forwarded to this office for transmission to the Military Accountant in support of the charge. In such special cases you will demand no re-imbusement from Pension or Circle Pay Masters on account of these payments.

19. Military Deposits will continue to be repaid by you on production of your receipt for the amount of the deposit when originally paid into your Treasury. This receipt should be presented for payment by the depositor in person, who should receipt it, and an order for the refund of the amount to the depositor should be clearly entered on the reverse under the signature of the Military Disbursing Officer concerned. Refund of Deposits.

20. The Disbursements which you may be called upon to make for the purchase and compensation for lands taken for Military purposes and for compensation for loss of crops and damage to lands, will require to be vouched by the bills and receipts of the payees and the original authorities (or certified extracts thereof) under which the expenditure is incurred.* Purchase and compensation for lands, and compensation for loss of crops and damage to lands.

21. The local supplies (Russud) procured, through your intervention, for the Military Department, and the contingent charges in connection with the conveyance of Troops, &c., must be shown in separate detailed bills under your signature. You will append the usual declaration of honor at the foot of each bill in conformity with the present practice, and will forward the bill to this office as a voucher in support of the charge in your list of payments.* Local supplies procured for the Military Department.

22. You will be especially careful in submitting bills of the above nature to this office, to attach to each the original requisition of the Commanding Officer of the Regiment or Detachment, and, in the case of supplies, the acknowledgment of the party or parties authorised to receive the stores. The transmission of

Military Receipts,

24. Payments made into Civil Treasuries on account of the Military Department, such as Cash Recoveries, Deposits, Stamp Fees, &c., will be governed by the rules at present in force ; and you will continue to specify in each case the name of the Depositing Officer and the nature of the receipt for the information of this office. It is not intended, however, that the particulars of either your receipts or payments on account of the Military Department, should be given in the body of your Cash Account Current or in your bi-monthly lists of payments. Separate Schedules have been provided, as per specimen forms annexed, in which all such details should appear, only the totals being shown in the usual manner at the foot of the Cash Account Current and lists.

Appendices XII
& XIII.

Registers of Military
Receipts and
Payments,

25. Registers in corresponding form should be opened in your office under the provisions of para. 9 of the revised Treasury Rules, and all Military transactions should be recorded as they occur in these Registers, of which the daily totals only should be carried to the Cash Book. The whole of the chalans and vouchers should be numbered on entry in a distinct monthly series in each Register, and the number should be prominently marked on the vouchers before transmission to this office.

26. In regard to the form of Payment Schedule, I would observe that the column "Miscellaneous" is intended to show all payments other than those for which special provision has been made in the other columns of the form.

27. When transactions occur on account of the Military Department of more than one Presidency, there should be separate Registers and Schedules for each of the Presidencies concerned.

† See Circular No. 141, dated 12th August 1868.

28. Payments to men of the Madras and Bombay Armies on leave in Bengal, will be made under the Rules printed at page 54 of the amended Bill Rules, which continue in force.

HUGH SANDEMAN.

Circular No. 31, dated 21st September 1865.*

In continuation of my Circulars Nos. 7 and 15 of the 11th January and 4th February 1865, I have the honor to request that, in issuing the last Pay Certificates therein prescribed, you will add the following clause thereto after ascertaining the necessary particulars from the Officers concerned :—

Additions to last
Pay Certificate

Currency Notes of
other Circles,

I have the honor, in supersession of my Circular No. 21, dated 3rd May last, to request that, whenever you receive Notes of other Circles which you cannot readily re-issue, you will forward them to the Secretary and Treasurer, Bank of Bengal, charging them at once in your lists of payments as Cash Remittance, and forwarding the receipt of the Bank to this office as it reaches you.

The Notes should be remitted in halves, the second halves not being despatched till the receipt of the first halves is acknowledged.

The Supreme Government having directed that all deposits payable on demand shall in future be included in the Quarterly Statement of Liabilities, I have the honor to request that, from the ensuing quarter, you will submit the Return in the annexed revised form, in which an additional column has been provided for the exhibition of the deposits mentioned above.

HUGH SANDEMAN.

Circular No. 37, dated 21st October 1865.

I have the honor to request your attention to a very irregular practice which obtains at some District Treasuries, of allowing an Officer, when transferred from one district to another before the expiration of a calendar month, to draw his salary from the Treasury of the district which he leaves up to the day on which he makes over charge of his duties to his successor.

2. This practice is inconvenient and contrary to rule, inasmuch as no portion of a month's salary is due till the 1st day of the following month. Salaries should not be drawn for broken periods, nor should they be paid until after the expiration of the month to which they relate. In all cases of transfer from one district to another the last Pay Certificate should specify the last regular or *monthly* payment, and the *entire salary for the month in which transfer has been made* should be paid in the new district.

HUGH SANDEMAN.

Circular No. 38, dated 23rd October 1865.

Out of date.

Circular No. 39, dated 3rd December 1865.*

In continuation of my Circulars Nos. 3 and 24, of the 21st December and 28th June last, respectively, I have the honor to request your particular attention to the following instructions regarding the issue of permanent advances and the payment of contingent charges.

* See Circulars Nos. 3 and 24.

2nd.—Permanent advances have been authorized by the Government, to obviate the payment from the District Treasuries of petty items of contingent expenditure as they are incurred. These advances, therefore, should invariably be drawn by all Officers who have been authorized by the Government to obtain them and who incur petty charges constantly, and require funds to pay for the same as soon as incurred.

3rd.—The practice which at present obtains in many office of drawing every trifling amount from the District Treasury, notwithstanding the issue of a permanent advance, must cease; and Treasury Officers are prohibited, except at the end of each month, from paying to an Officer, who is authorized to draw a permanent advance, any sum on account of contingent expenditure of a smaller amount than that of the advance which he is entitled to receive. If, therefore, an Officer has expended a portion of his permanent advance, and requires further funds for immediate expenditure of less amount than his permanent advance, but in excess of the balance of cash in his possession, he should submit an abstract inclusive of the amount required and that already expended, so that a Magistrate of a 1st Class District should not, except at the end of a month, present at the Treasury an Abstract of Contingencies for payment of a smaller amount than Rs. 100, while in a 2nd Class District the limit will be Rs. 50, and so forth.

4th.—On the last day of each month, however, the amount expended out of the permanent advance will always be made up by cashing at the District Treasury an abstract detailing the charges incurred, however small the amount.

5th.—Payment from the Treasury must on no account be made on *mere receipts*, but Abstracts of Contingencies, in Form C of Circular No. 24, must invariably be used. Nor must the description of the charges in these abstracts be confined to a mere general expression, such as "*Contingencies, Rs. 25,*" but each item of contingency, as it is incurred, and as it will eventually appear in the detailed bill, must be distinctly set forth in the abstract, to admit of a ready comparison of the abstract with the bill, when the latter is received in this office from the Controlling Officer.

6th.—The subsidiary vouchers, *i. e.*, the documents on which payment is made within each office, and which accompany the

detailed bill to the Controlling Officer, must also be numbered in a monthly consecutive series, and these numbers should be entered both in the abstract and the detailed bill.

7th.—Petty charges should thus in the first instance be met, as far as practicable, in cash by every officer out of his permanent advance, and the amount of the advance should be made up when exhausted by cashing at the Treasury an Abstract of Contingencies representing expenditure actually incurred. If the expenditure relates to more than one head of service, the aggregate amount may be drawn in two or more abstracts according to the number of heads of service concerned.

8th.—Contingent expenditure of large amount, and which cannot be met from the permanent advance, should be detailed in the same manner in an Abstract of Contingencies, and cash should be obtained for the amount of the abstract from the District Treasury.

9th.—As actual payment, however, must in this case be made *after* the withdrawal of the money from the Treasury, care should be taken that no sums are included in an abstract, except those required for immediate disbursement, and that the amount of each charge is accurately stated in it.

10th.—In preparing the monthly detailed bill, care should be taken that it includes only the amounts of abstracts actually cashed at the Treasury in the course of the month.

11th.—Permanent advances, as the name implies, are intended to be held by the Officers who receive them, as a *permanent* fund, and they should therefore *never be re-paid*. When an Officer is relieved of his duties, he should account for his permanent advance to his successor, and the fact of his having done so, must be clearly stated in the certificates of the transfer of duties, signed by both Officers, which are furnished to this office and to the Controlling Officer of the departments concerned.

Last Pay Certificates
of Military Officers
not to be attached
to the receipts for
pay.

In modification of the instructions conveyed in para. 15 of Circular No. 30, dated 2nd September last, I have the honor to request that, when payments are made by you to Military Officers on account of their pay and allowances, on the authority of Station Orders, you will not require the surrender by such Officers of the last Certificates which they hold from Military Disbursing Officers.

2. These Certificates will be produced for your inspection, and you will be careful to enter, on the back of each, the particulars of the payment that you make to the Officer who holds it, adding a note of the number and date of the Station Order, or other authority for the payment.

3. The only documents which you need forward to this office in support of the charge in your list of payments are, the receipt of the payee and the original or a certified extract of the Station Order or other authority on which the payment is made.

I have the honor to annex, for your information and guidance, the following copy of a letter from the Comptroller General of Accounts.

HUGH SANDEMAN.

Copy of letter No. 907, dated 24th November 1865, from the Comptroller General of Accounts.

Great inconvenience is caused to the Bank of Bengal and to this office in consequence of the irregularity with which advices of Supply Bills, drawn by local Treasuries upon the General Treasury, are received; and as it is believed that advices stated to have been punctually despatched frequently miscarry, or are delayed, owing to their being sent without envelopes, in accordance with Section 17 of the Rules for Bills of Exchange issued by the late Board of Audit, I have the honor to request that you will direct the Treasury Officers

under your control, drawing on the General Treasury, to send daily advices of all bills drawn by them, to the Bank, in an envelope addressed as follows :—

Military Miscellane-
ous Deposits in
Government Savings'
Bank.

The Government of India, in the Financial Department, has ruled that Military Miscellaneous Deposits in the Government Savings' Bank, shall in future be dealt with as Civil Deposits.

2. Divisional Pay Masters will accordingly remit, in cash, to Treasury Officers, the amount received by them on account of Military Miscellaneous Deposits, whether that amount be received in cash or by deductions from pay, &c.

3. Officers in charge of Treasuries will forward all sums so received to the Secretary to the Government Savings' Bank, at the Bank of Bengal, including the amount in the Public Service Transfer Receipt issued in favor of that Officer, on account of the other Civil Deposits received into their Treasuries.

4. When the depositors wish to withdraw their respective deposits, they must draw cheques on the Secretary to the Government Savings' Bank. These cheques will be forwarded by the Divisional Pay Master* to the Treasury Officers, after countersignature, and the latter will send them on to the Secretary to the Bank, who will furnish the Treasury Officers with Transfer Receipts in favor of the depositors. These receipts will be discharged in cash by the Treasury Officers for payment to the depositors by the Divisional Pay Masters concerned.

Remuneration of Deputy Registrars by commission.

With reference to the revised arrangements that have recently been sanctioned by the Government of India for the remuneration of Deputy Registrars of Assurances, I have the honor to request that you will consider the orders of this office for the payment of fixed salaries to Deputy Registrars, dated 3rd March 1865, as cancelled.

2. All Deputy Registrars, whether at sub-divisions or at the sudder station, will in future be entitled to a commission of 25 per cent. on the amount of fees realized by them and paid into the Treasury in the course of each month, and payment should be made by you accordingly to the District Registrar on presentation of a list under his signature, showing the commission payable to the several Deputy Registrars in the district, in the form annexed.

Appendix XV.

3. These commission lists will not require to be stamped before payment, as District Registrars are responsible, under Departmental instructions, for the due distribution of the several sums drawn by them among their subordinates, and for obtaining stamped receipts for all sums in excess of Rs. 20.

4. It should be carefully ascertained at the Treasury, however, before payment is made, that all the particulars required in the form of commission list have been properly inserted.

Bills to the Bank of
Bengal.

The Secretary and Treasurer of the Bank of Bengal having represented that much inconvenience is caused to the Bank and to the holders of Bills, owing to delay on the part of Treasury Officers in forwarding to the Bank advices of Bills drawn by them upon the General Treasury, I have the honor to call your particular attention to this subject, and to enjoin upon you the necessity of seeing that the advices of Bills granted by you, are invariably prepared and despatched by the post of the day on which the Bills are issued.

2. The Secretary and Treasurer of the Bank of Bengal has been requested to report all instances where this most important rule is contravened.

Supply of Funds to
Disbursing Officers
of the Military De-
partment.
Appendix XVIII.

In supersession of paras. 3 to 12 of this Office Circular, No. 30 of the 2nd September 1865, I have the honor to request your observance of the following instructions for the supply of Funds to Disbursing Officers of the Military Department.

2. The monthly Letters of Credit which have heretofore been issued upon your Treasury by the Military Accountant will henceforward be discontinued, and you will receive in lieu thereof, from this office, at the commencement of each official year, an intimation of the amounts that will probably be required from your Treasury in the course of the year by the several Military Disbursing Officers who are dependent upon you for funds.

3. These assignment estimates will specify the probable requirements of each Disbursing Officer for each month of the year, but it is not intended that the monthly distribution shall be strictly adhered to. The maximum amount of the estimate for the year must in no case be exceeded, but monthly payments may be made by you as required, provided that no demand during any month exceeds the amount for which provision has been made up to that period in the annual estimate.

4. For example, if the total provision of funds for any Officer from May to December inclusive, be at the rate of one lakh of Rupees per month, or eight lakhs in the aggregate, and if the amount drawn up to November preceding be only six lakhs, the difference of two lakhs may be drawn in December under the operation of the system of annual estimates.

5. The balance of each assignment estimate, however, remaining unpaid on the last day of each official year, will absolutely lapse.

6. Military Disbursing Officers will continue to draw against their credits by means of cheques under the rules in force, and the cheques discharged will be forwarded by you as vouchers with your bi-monthly lists of payments.

7. Cheques must be presented for payment within three months from the date of issue. Those of older dates should not be discharged.

8. At Treasuries under the management of branches of the Bank of Bengal, the existing practice of charging the amount of the monthly estimate in the daily sheets of the Government Treasury at the Bank, and transferring it to credit of a private account of the drawing Officer on the Bank's books, must be discontinued.

honor again to draw your attention to the importance of drawing in your Establishment List only the net sum actually due and payable at the end of each month to each individual employed on your Establishment, under the operation of the Circular above referred to, and in conformity with the Rules laid down in Circular No. 24, dated 28th June 1865, and Form B, "Salary List of sanctioned Establishment," from which it will be seen that after all deductions are made for adjustment in this office, the final column represents the net amount payable to each individual in the list.

The Comptroller General of Accounts having authorized the substitution of quarterly for annual assignments for the supply of Funds to Post Masters, I have the honor to inform you that in future Letters of Credit will be issued accordingly, and upon these advances should be made by you to Post Masters under existing Rules.

Quarterly substituted for annual assignments for supply of Funds to Post Masters.

2. The quarterly Letter of Credit will show the probable cash requirement of each Disbursing Officer for the whole year, as well as that of the three months for which it may be issued; and whenever the intimation of credit for any quarter may not reach you in due time, you are authorized, on the urgent requisition of the Post Master General, to advance Funds to the Post Master of your district within the limit of the balance of the sum assigned to him for the whole year.

*From the Comptroller General of Accounts, to all Accountants General,
Circular No. 36, dated 10th September 1866.*

I have the honor to inform you, that the following Rules have been determined on with the concurrence of the Controller General of Military Expenditure, for the half-yearly payment of pensions to Native Military Pensioners, who receive their stipends at Civil Treasuries. These Rules must be considered as superseding the instructions contained in paragraph 17 of the Circular of the Accountant General, Bengal, No. 30 of 2nd September 1865, issued with my concurrence and annexed to my Circular No. 12 of the 4th Idem.

2. On the 1st of the month, the Pension Pay Master will forward to each Treasury Officer who may have to disburse such pensions, a list shewing the amount to which each pensioner is entitled, together with a cheque for the total amount of pensions to be paid.

* See Circular No. 74, dated 13th October 1866.

3. The Treasury Officer will, on receipt of the list and cheque, disburse the amount, and pay to each pensioner in attendance, the sum to which he is entitled, and require him to sign or place his mark in the presence of a competent witness; the unpaid balance of the cheque being transferred to credit of "Deposits" in his Treasury Accounts.

4. The Treasury Officer will continue to make payments to pensioners out of his Deposit Account up to the 25th of the month in which the cheque is forwarded to him, and on that day will forward to the Pension Pay Master the Acquittance Roll, shewing the payments which have been made.

5. Payments will also continue to be made to the 25th of the following month, on which date a second Acquittance Roll will be forwarded to the Pension Pay Master, with a receipt for the amount remaining unpaid in consequence of pensioners having failed to present themselves, the remittance being debited in account to "Deposits," under which head there will thus be no balance on this account in the second month.

6. Payments to pensioners who fail to attend on or before the 25th of the second month, will be deferred to the next half year, unless the Treasury Officer sends in to the Pension Pay Master duly attested and receipted bills for the amounts of their pensions for the preceding half year, in which case the pensioner will be required to wait till a cheque for the amount is returned to the Treasury Officer by the Pension Pay Master. .

7. The requisite instructions will be issued on the subject to the Pension Pay Master by the Military Department.

HUGH SANDEMAN.

Circular No. 39, from the Comptroller General of Accounts, to all Accountants General,—(dated 10th November 1866).

As some misapprehension seems to prevail respecting the mode in which payments on account of compensation for lands taken up for Public Works should be made and adjusted by the Civil Department, I have the honor to request your attention to the following instructions.

2. In all ordinary cases, claims on account of compensation for lands taken up for Public Works, authorized to be met out of the Annual Public Works Budget Grant, should, as a rule, be discharged by Officers in charge of Civil Treasuries out of their Cash Balances, on presentation of bills audited by the Controller of Public Works Accounts of the presidency or province concerned, and the payments should be debited as remittance from the Civil to the Public Works Department, vouched by the audited bills—the amounts being included in the Accounts Current furnished by the Civil to the Public Works Department, and the bills, duly receipted by the payees, forwarded simultaneously to the Controller of Public Works Accounts as vouchers in support of the payments.

3. When, however, land is taken by compulsory process under Act VI of 1857, or the claim for compensation is settled by private arbitration, payment may be made by the Civil Department prior to audit by the Controller, on presentation of the judicial award or award given by private arbitration. In such cases, the Treasury Officer making the payment should debit the amount in his list of Payments, and forward a bill for the same to the Controller of Public Works Accounts, in order that the latter may record the expenditure against the proper estimate and head of service; but the audit of the Civil Department will be accepted by the Public Works Department as sufficient evidence of payment, and no vouchers will be required by the latter.

4. The Public Works Department is not required to supply the Civil Department with funds to enable the latter to discharge claims of the above description.

Governor General in Council for adoption, in modification of the form approved in orders of the Financial Department, dated 29th April 1865, No. 2129.

HUGH SANDEMAN.

Circular No. 83, dated 7th March 1867.*

I have the honor to direct your attention to the Circular which I issued as Civil Pay Master in September 1862, on the subject of the introduction of the Money Order system into Bengal, and especially to those portions of it which referred to the control which Collectors are expected to exercise over Money Order Agents.

Supervision to be exercised by Collectors and Treasury Officers over Money Order Agents.

2. The fact that frauds have taken place, which would not have been possible had an ordinary and proper vigilance been exercised by Collectors, renders this necessary; and while, therefore, I have to request on your part a careful consideration of the Circular under notice, I would particularly draw your attention to the paragraphs which were intended to prevent the very possibility of such frauds as those which have occurred.

3. Paragraphs 21 to 28, which refer to the general control you are expected to exercise over the cash in the hands of the Money Order Agent, have been in some instances disregarded. They recite—*1st*, that Agents are never to retain in hand a larger sum than Rs. 500 at the close of each day's business; *2ndly*, that any sum *under* Rs. 500 is to be deposited in your Treasury in a sealed bag (which you should occasionally examine) at the close of each day's business; and *3rdly*, that the Money Order Agent should, on the last day of each month, hand over to you his *whole* balance, in order that the amount may be included in your general Cash Balance Report.

4. I need scarcely observe that, while a due attention to these very plain rules would render any large fraud impossible, a disregard of them leaves a dangerous power in the hands of an Agent.

* See Circular No. 110, dated 4th January 1868.

5. With Remittance Receipts, or Supply Bills, it is, or is supposed to be, the practice for every Treasury Officer to initial the Cheque margin of the Bill which he issues, in order that he may be able to see that no Bill is issued for which money has not been received into his Treasury. A similar precaution should be taken in the matter of Money Orders, and the Register of Orders issued should be daily examined by the Collector or Treasury Officer, with a view to ascertain that the sequence of numbers is not broken, that the amounts of the orders issued tally with those given in the advices, and that the blank form bearing the number immediately following the last which is entered in the Register as drawn, is in hand. Were this done, any such fraud on the part of an Agent as the issue of orders for which he does not lodge the amount represented, is put beyond the bounds of possibility.

6. That the blank forms should be kept in safe and proper custody is another provision of my Circular under notice, and your particular attention is solicited to this point. After each day's business, the forms should be deposited in a safe place in your Treasury under the charge either of yourself or of the Officer in charge of the Treasury, and it should be your or his duty *daily* to examine and sign both the Registers of Orders Issued and Paid, and to see that no forms have been used but those accounted for in the first of those registers.

7. These and other similar precautions against fraud are not only simple in themselves, but are such as need involve very little time or trouble; they do not at any rate exceed the trouble which it was the duty of every Collector to take under the system of Privilege Remittance Receipts which obtained before the introduction of the Money Order system now existing.

2. The following Table shows the extent to which each Officer is entitled to make his remittance *annually* :—

	Rs.
Colonel	3,000
Lieutenant Colonel	2,000
Major	1,500
Captain	1,000
Lieutenant	700
Ensign	500

Chaplains and Surgeons are allowed to remit according to their relative rank.

3. The Military Pay Department is the only agency through which such remittances can be made; and an Officer desirous of making a remittance by it must, after obtaining the authority of the Circle Pay Master, pay the amount to be remitted into the Civil Treasury, where it should be distinctly credited in the Register and Schedule of "Military Receipts," and a receipt for the amount granted to the remitter.

4. The arrangement for remittance will then be made by the Military Pay Master on being furnished with the receipt in question and the particulars of the remittance.

Circular No. 99, dated 14th August 1867.

I have the honor to request that you will be good enough in future to observe the following instructions in indenting for forms on the Alipore Jail Press, and passing the bills for the cost of the supplies forwarded to you by the Superintendent.

Cost of printing at
the Alipore Jail
Press for Local
Funds.

2. Forms and other printed documents which are required exclusively for Government purposes, and those which relate to the transactions of Local Funds, should be carefully distinguished.

3. Separate indents should be prepared for these two classes of documents, and in the indent for Local Fund Forms, the Fund to which each item relates should be marked against it for the guidance of the Superintendent in preparing bills.

4. These bills will, in future, be prepared with due regard to the distinction herein prescribed, and the form of bill for the cost of Government printing work will be provided with a certificate for your signature, to the effect that no portion of the amount included in it is chargeable to any Local Fund.

5. You will also be furnished with a separate bill, in duplicate, for the amount chargeable to each Local Fund on account of printing executed on its behalf.

6. The Government bill and the original of each of the Local Fund Bills should be returned to the Superintendent of the press after signature. The duplicate bill for Local Fund charges is intended to be retained by you as authority for charging the amount to the Local Fund concerned, and paying it into the Treasury to be credited to the Government. This should always be done with as little delay as possible.

Circular No. 103, dated 13th September 1867.

Payment of salary, establishment and contingent charges of Topographical and Trigonometrical Surveys from Civil Treasuries

I have the honor to request your observance of the following Rules, which have been prescribed by the Comptroller General of Accounts, for the payment of charges on account of the Trigonometrical and Topographical Surveys of India, in consequence of the transfer of the payment of such charges, under orders from the Government of India in the Financial Department, from the Military to the Civil Department.

2. At the commencement of each official year, intimation will be conveyed from this office to the Treasury Officers concerned, of the aggregate amount which they will be required to pay on account of the salaries of Surveyors and their Establishments in the course of the year ; and within the amount so advised, the pay bills of the Survey Officers should be cashed without objection.

3. Any variations subsequently taking place will in like manner be communicated for guidance to Treasury Officers.

4. Should a Survey Party or a Surveyor be transferred from one district to another, and no notice of such transfer have been given to the Treasury Officer of the new district, he is authorized, nevertheless, to cash the pay bills of such Survey Party or Officer when accompanied by a last Pay Certificate.

5. In regard to contingent charges,* Letters of Credit will be issued direct to the Treasury Officers concerned, by the Comptroller General of Accounts, in favor of Survey Officers, who will draw cheques against those credits as they require funds. The cheques should be cashed on presentation and charged in the Lists of Payments rendered to this office.

I have the honor to inform you that Government have been pleased, in orders of the 28th August last, to invest District Judges with the control of expenditure connected with the construction and repair of Moonsiffs' Cutcheries, for which provision is already made in the Civil Budget, as a contingency of the Judicial Department.

Construction and
repair of Moonsiffs'
Cutcheries.

The limit of Rs. 100 up to which Judges can now sanction specific contingent charges, has been raised to Rs. 300 in respect to this particular class of expenditure, which should in future be included in the contingent bills of the Judges' Courts.

When such advances are made, receipts in duplicate should be taken by you,—one copy of the receipt, together with a copy of the Station Order, being transmitted to the Military Accountant concerned, *on the day on which the advance is made*, and the other copy, together with a copy of the Station Order, forwarded to this office in support of the charge in your List of Payments.

I have the honor to request that you will report to me how far the provisions of my Circular No. 83 of 7th March last have been carried out in your district, both as regards the amount of cash held at any one time by the Money Order Agent, and the examination by yourself or the Treasury Officer of the Daily Journals, as well as the safe custody of the Money Order Forms. I have further the honor to request that Money Orders may never be granted except upon regular requisition forms. In cases, for instance, of verbal applications made by illiterate persons, the Agent should first fill up a requisition form, and then issue the order, and a similar process should be gone through in the case of persons applying for orders by private chit or letter, or whenever a requisition form is not used by the applicant, and inconvenience may result from delay in sending a form to be filled up.

It is very important that the Money Order Agent should have his seat in your office in some place where he is easily accessible to the general public.

HUGH SANDEMAN.

Circular No. 111, dated 4th January 1868.

Office copies of Cash
Account and Lists of
Payments prohibited

It is the custom in some Treasuries to retain copies of the Cash Account and Lists of Payments which are transmitted periodically to the Accountant General. Should the practice obtain in the Treasury under your control, I have the honor to request that you will discontinue it, as involving unnecessary clerical labour.

2. As the Cash Account and Lists of Payments are prepared by transcribing the entries in the Accountant's Cash Book, there can be no possible object in keeping copies of them for office record, and the Cash Book, with its subsidiary Register of Receipts and Payments, should form the sole local record of money transactions in a Treasury.

3. I take this opportunity of again directing your attention to the necessity of writing up your Cash Account and Lists of Payments *daily*. The Schedules to accompany the latter should also be transcribed from the Registers day by day as the entries for the day are completed ; no Schedules are required for Budget heads on the Receipt side of the Cash Account, with the exception of the Stamp Schedule (see paragraph 46 of the Treasury Rules).

4. The injunction to have these Returns written up daily was given in my Circular No. 1, dated 26th November 1864, (see paras. 45 and 46 of the Treasury Rules), which was issued with the approval of Government, and in my Circular No. 38, dated 23rd October 1856, Collectors were requested to ascertain personally that the injunction has been attended to.

5. I have now the honor to request that you will do me the favor of reporting whether your Cash Books (Treasurer's and Accountant's), your Cash Account and Lists of Payments, with their Registers and Schedules, are written up day by day, as required

under the new system of Accounts, and that if such is not the case, you will at once take steps to see that it is done, and report to me accordingly.

HUGH SANDEMAN.

Circular No. 112, dated 4th January 1868.

Paras. 49 and 50 of the Treasury Rules direct that lists of Bills and Remittance Transfer Receipts issued and payable shall be forwarded to the Accountant General with the Monthly Cash Account and Lists of Payments respectively; they further direct that office copies of the former "should not be kept, as the Register itself will afford all necessary information," but that a transcript of the latter must be retained in the Treasury record for reference.

Copies of lists of Bills and Remittance Transfer Receipts discharged not to be kept at the Treasury.

2. This precaution seems unnecessary, as the Register of Bills payable can afford all information that may be needed, in the same manner as can be done by the Registers on the Receipt side, and I have therefore the honor to request that you will discontinue the practice of retaining copies, as involving unnecessary clerical labour.

3. You are requested to alter your office copy of the Treasury Rules by erasing the concluding sentence of paragraph 50, and substituting in its place a paragraph similar to that which ends the paragraph preceding it.

Circular No. 118, dated 7th March 1868.

I have the honor to request, under instructions from the Comptroller General of Accounts, that you will be good enough, from the 1st of April next, to discontinue the practice of granting separate receipts for Cash Remittances paid either into the Sudder Treasury or into Sub-Divisional Treasure Chests by Post Masters or Deputy Post Masters.

Consolidated receipt for Cash Remittances from Post Masters.

2. Every such Remittance will in future be accompanied, in addition to the usual Chalan, by a Remittance Book, in which the amount will be entered by the Officer who forwards the money; and this book will be receipted in acknowledgment of the Remittance at Sub-divisions by the Officer in charge of the Sub-divisional Treasure Chest in every case, and at the Sudder Treasury by the Accountant and Treasurer for Remittances of less than Rs. 500, and by the Treasury Officer for larger amounts.

3. At the close of the month every Postal Officer other than the Post Master of the district, from whom Cash Remittances are

received under the above arrangement, should be furnished with a receipt for the total amount remitted by him in the course of the month, while the Post Master of the district should obtain from the District Treasury a consolidated receipt for all the Postal Remittances of the District, as credited in the Cash Book of the Sudder Treasury.

4. Accordingly, on the 27th of every month, when the accounts of Sub-divisions are closed (except in February when the date will be the 25th), the Remittance Books of minor Post Offices will be forwarded to Sub-divisional Treasure Chests, accompanied in each case by a form of receipt duly filled up and prepared for the amount acknowledged in the Remittance Book to have been paid at the Treasure Chest since the 27th of the previous month. This receipt will be signed by the Sub-divisional Officer after comparison with his Cash Book and with the Remittance Book, and will be returned with the latter to the Remitting Officer.

5. The District Post Master, to whom these Sub-divisional receipts will be at once forwarded by his subordinates, will, on the last day of the month, prepare from them and his own Remittance Book a consolidated receipt for the Remittances of the whole district, distinguishing in it the amount paid into the Sudder Treasury and into each Sub-division. He will forward this receipt and his own Remittance Book to the Sudder Treasury, where the figures will be duly compared, and both Receipt and Remittance Book signed by the Treasury Officer, if found correct.

6. Care should be taken, in order to obviate confusion, that Sub-divisional Remittance Books are closed monthly after the entry of the transactions of the 27th in accordance with rule, and that amounts remitted between that date and the end of the month are entered as though received on the 1st of the following month.

7. Measures should be adopted, as directed in the Sub-divisional Rules, to secure the incorporation in the accounts of the Sudder Treasury of the transactions of every Sub-division up to the 27th inclusive.

Last Pay Certificates of Officers of other Provinces to be countersigned by the Accountant General.

In like manner, if an Officer of your district proceeds on deputation or on leave to another presidency or province, the last Pay Certificate required to be produced by him there, should be prepared and signed by the Treasury Officer and then forwarded to this office for countersignature and transmission to the Officer concerned.

Circular No. O, dated 9th December 1867, from the Comptroller General of Accounts, Treasury and Departmental Accounts Branch, to all Accountants General.

In calling your attention to this Office Circular No. 27, dated 27th March 1866, I have to observe that the irregularity in the transmission of Form B and its accompaniments by some Officers, and the want of care observable in the preparation of the Interest Registers sent by others, having formed the subject of serious complaint by the Bank of Bengal in the Public Debt Office, I have the honor to request your special attention to the following Rules for the guidance of your office, and beg you will be careful to enjoin on your subordinate Treasury Officers the necessity of fully acting up to the instructions hereto appended for their guidance.

Rules for payment of Interest, &c, on Government Promissory Notes.

RULES.

1. Bearing in mind that the check of Interest Registers exercised by the Bank is confined to the correctness of the principal sum of the Government Promissory Note quoted against each number and to the number of the half-year stated to have been paid, but does not extend to the amount of interest paid or to the totals cast up, it will be necessary for you, on receipt of monthly

Cash Account from a Treasury Officer, to have the several payments in his Interest Register fully tested, and, when found correct, verified with the sums charged.

2. A separate monthly Register on distinct papers for each loan should be required.

3. Registers without the signature of either the Disbursing Officer or the Payee, or which have not been properly filled up as to the number of the half-year's interest paid, the loan, or amount of the principal sum against each Note, should be returned for amendment.

4. All the Interest Registers received by you during the month should, as soon as possible after its close, be transmitted to the Public Debt Office, Bank of Bengal, with Form B. Printed forms of Interest Register (Form A) should be kept at your office for distribution to Treasury Officers.

5. To facilitate reference, the Bank of Bengal will communicate directly with Disbursing Officers regarding *errors* in the 2nd, 3rd, and 5th columns of the Interest Registers, but omissions in the Register should be detected and attended to in your office.

RULES FOR THE GUIDANCE OF THE DISTRICT TREASURY OFFICERS.

Interest Registers.

6. All payments on account of interest on Government Securities will be entered in order of presentation of Notes in an original Register kept separately for *each loan*, and for *each month*.

7. This Register, duly authenticated by the signature of the Disbursing Officer, will be forwarded to the local Accountant General with the lists of payments; an office copy of the Register being retained for record.

8. The signature of Payees will be taken at the time of payment on the original Register and on the back of the Notes. Receipts for interest on separate pieces of paper, or on the office copy of the Register, are unnecessary.

9. In the preparation of Interest Registers, be careful to observe that all details, especially the numbers, amounts, and the numbers of the half-years or the periods for which interest is paid, are correctly filled in; due attention to this will save much needless correspondence.

10. There being six different classes of debentures described below, separate Registers of interest paid should be furnished for each class.

11. Subjoined is a list of the several existing loans—(*See Appendix.*)

GOVERNMENT SECURITIES AND THEIR ENDORSEMENTS.

12. On presentation of a Government Security for the realization of interest due, you will see that it has been duly enfaced for the payment of interest

at your Treasury, and that advice of the same has been received and registered.* Interest should not be paid on a Government Security unless duly enfaced.

13. Interest on the Note having been thus made payable from your

Endorsements to be examined.

Registration of Transfers.

2. When a proprietor of a Promissory Note, wishing to have his transfer registered, shall appear before you, it will be necessary for you to ascertain that the individual is the person he represents himself to be, making such enquiries as you may deem requisite for the purpose.

3. Having registered the transfer, you will, on the back of the Promissory Note, immediately under the endorsement of the individual, sign your name at full length to the words "transfers registered".

4. You will be pleased to cause to be stuck up at your office a notice that the transfer of Promissory Notes will be registered by you on the personal application of the parties or their attorneys every day (Sundays and holidays excepted).

Treasury, you will next examine the endorsements on the Note; and should any of these have been made subsequent to the last payment of interest on the Note, you will afford every facility for the registration of the transfer of property in the Note involved in such endorsement, in the manner laid down in paragraphs 2, 3, and 4 of the Circular of the Accountant General, dated 26th January 1824, given in the margin.

The blanks being filled up with the No. of the Register, the name of the Zillah, and the date of Registry. The letter under which each document is to be registered will be the surname of the grantor of the document in the case of a Power of Attorney, and with respect to estates, in that of the name of the deceased : in cases of Certificates of death or marriage, in the names of the persons whom they may respectively affect, and in the Register of Transfers in the name of the endorsee.

24. Every erasure of an endorsement should be accompanied by an explanation in writing, to be produced by the Erasures in endorsements, proprietor of the Note at the time of its presentation at the Collector’s Office, and every cancellation of an endorsement would be made under the signature of the proprietor of the Note for the time being.

25. Attention is required to the following Rules with reference to Powers of Attorney :—
Rules regarding Powers.

26. Powers in favor of a house of business, without specifying the individual members at the time composing Powers to a Firm. the house, are inadmissible.

27. Powers, not in favor of A. and B, “ jointly and severally,” require Powers, joint. that both A. and B. should sign in any transactions done in virtue of such Powers.

28. General Powers, *i. e.*, Powers relating to all Notes standing in the name of the grantor, are not supposed to apply to Promissory Notes in which General Powers. the grantor is interested jointly with others, unless they contain a special clause to the effect, or specification of the Notes.

29. Endorsements, whether for sale or for the receipt of interest on Government Securities made by Native females, must be attested by the signatures of two respectable witnesses, who should appear before the Treasury

Officer to testify to the correctness of the endorsements. Such Officer should attest the examination in the following form :—

“ Examined before me.”

A. B.,
Collector.

30. No interest should be paid without the receipt of the proprietor or that of his agent on the Note to the following effect :—

“ Received _____ half year’s interest from _____ to _____
Rs. _____ ”

Y. Z.

And underneath this receipt the Disbursing Officer should write as follows :—

“ Paid _____ ” 186 .

A. B.,
Collector.

The blanks in the first form will be filled up by the number of the half year’s interest due (*vide* Table annexed), the dates from which and to which such interest is due, and the amount in Government Rupees or in Sicca Rupees converted into Government Rupees.

31. The signature of a proprietor or of an agent, whether for interest or sale, given on paper pasted to a Government Security, is inadmissible; the signature must be entered on the back of the *Security itself*; the only exception allowed is in the case of an allonge attached by the Public Debt Office (*vide* Section 46) to a Promissory Note.

32. Before the first payment of interest is made on a renewed Government Security, attention should be directed to the Certificate of the last payment of interest made on the old Note which is entered on the back of the new Note in the following form, and authenticated by the initials of the Superintendent of the Public Debt Office :—

“ Interest for the _____ half or up to _____ paid on this Note.”

A. B.,
Superintendent.

33. A similar Certificate is required before payment of interest is made on a Note, on which interest has before been paid from another Treasury; such certification will be the Collector’s guide as to the period from which interest is payable on the Note; and in the event of such Certificate having been omitted, the Note must be returned to the Public Debt Office to have the omission supplied.

34. The rate of *batta* on Sicca Rupee Notes will be calculated at Rs. 6-10-8 per cent. in all Treasuries in Bengal, Behar, and Orissa, and Rs. 4-8

per cent. in all Treasuries in the North-West and the Punjab, and Rs. 6-8 per cent. in all Treasuries in Madras and Bombay.

35. On the presentation of Notes for transmission for renewal, the proprietor should be required to receipt them in the following form :—

“ Received a renewed Note in lieu of this in my name.”

A. B.

And when despatching the Notes to the Public Debt Office, care should be taken that the due registry in your office of all documents connected with transactions entered on the back of the Notes is correctly certified to by you against each transaction.

36. In the receipt for renewal, the name of the payee of the new Note should be correctly and legibly written.

37. In the case of Notes required in favor of a European female, her condition in life (unmarried, married, or widow) should be stated.

In the cases of married women whose marriages were solemnized before 1st January 1866, the consent of the husband should be obtained and duly certified on the Notes by the Treasury Officer.

38. A renewal favoring an office holder, except in the case of Government Security Deposits for the fulfilment of contracts, &c., is inadmissible, the name of the person in whose favor the renewed Note is required must be supplied.

39. But in the case of Government aided institutions, the application for renewal should, under orders of Government, favor the Collector of the district.

40. A fee of one Rupee is leviable on the renewal of every Promissory Note, which should be transmitted by a non-transferable receipt favoring the Bank of Bengal with the Note when sent for renewal.

Fees.

Postage Stamps are not received.

The cancellation of coupons attached to a Note in view to re-issue of the Note without coupons involves a fee of Rupces 5.

41. Notes of the same loan, on which interest has been paid up to the same date, may be consolidated or sub-divided at the option of the proprietors, and every Note so to be consolidated or sub-divided should be endorsed by the proprietor in one of the following forms :—

“ Received in lieu of the within a new Note for Rs. _____ by consolidation with Promissory Note No. _____ ” (mentioning the numbers and amounts of the other Notes desired to be consolidated with it).

Or —“ Received two (or more) Notes in lieu of the within for Rs. _____ respectively.”

The usual fee of one Rupee is leviable upon each *new* Note issued in consolidation or sub-division.

42. Debentures repayable on different dates or at different Treasuries cannot be consolidated; thus a debenture repayable at Madras in 1872 cannot be consolidated with one repayable at Calcutta in the same year, nor can one repayable in 1872 be consolidated with one repayable in 1877.

43. Under every endorsement in a Native language, should be written
Native endorsements to be translated. full and literal translation in English of such endorsement.

44. No document in any Native character will be received by the Public Debt Office unless accompanied by a translation in English authenticated by a responsible Officer.

45. Crossed receipts being inadmissible on the backs of Government Securities with reference to the subjoined Notice, care should be taken that every entry on the backs of Government Securities is made to take up as little space as possible.

NOTIFICATION.

Whereas much inconvenience and difficulty is experienced in the Loan and Interest Departments of this office in tracing endorsements and receipts for interest written across the reverse of Government Promissory Notes presented for renewal or interest, notice is hereby given, with the sanction of Government, that in future cross receipts for interest will not be accepted, or further interest paid upon any Note the reverse of which is filled up. The holders of Notes so filled up can obtain new Notes on application to the Loan Office and on payment of the usual fees.

LOAN DEPARTMENT, }
The 18th February 1865. }

R. P. HARRISON,
Acct. Genl. to the Govt. of India.

46. Notes the property of minors or belonging to an estate, in which the Certificate of Administration is limited to the realization of the interest, and the backs of which are filled up, should be sent with an application to the Public Debt Office for allonges to be attached. In no case is an allonge to be attached by a Treasury Officer.

47. When a Promissory Note is said to have been lost, and the alleged proprietor is desirous of applying for the issue of a duplicate, he should be directed to advertise the loss of the Note, without delay, in three successive issues of the *Gazette of India*, and also in the local *Government Gazette*. He should further address the Secretary and Treasurer, Bank of Bengal, on the subject, fully detailing the circumstances attending the loss of the Note, and the

dates and pages of the *Gazette of India* in which his notice appeared, at the same time furnishing any proof he may possess of the Note having been his property.

48. Proprietors of Notes of the Sicca Rupee Loans desirous of converting them into the Government Rupee Loan of 1865, or proprietors who may wish to consolidate their several 4 per cent. Loan Notes into the above Loan, may effect the same through a duly appointed Agent at Calcutta; *vide* paragraph 7 of the annexed Government Notification in the Financial Department, No. 44, dated 10th January 1867.

49. All communications on matters of detail relating to the subject of this Circular should be addressed to

THE SECRETARY AND TREASURER, BANK OF BENGAL,
Public Debt Office.

50 Interest will be calculated according to the following Rules sanctioned by the Government of India in the Financial Department on the 11th of May 1854:—

Calculation of interest.

I.—Interest to be paid by the month; each month to be taken as one-twelfth of a year and to consist of thirty days or parts.

II.—In cases where it may be necessary to calculate interest on the fractional parts of a month of thirty-one days, the extra day is to be struck out.

III.—Application of above rule to present four per cent. Loan of 1854-55 on which the half-yearly interest falls due on the 31st December and 30th June of each year.

Fractional interest

IV.—A person subscribing on the 27th October would be entitled to anticipation interest from 27th October to 30th December, for two months and three days; thus—

V.—From 27th October to 26th December, two months or two-twelfths of a year.

VI.—From 27th to 30th December, three days or three-thirtieths of one-twelfth.

VII.—A person subscribing to the Loan on the 29th of December would be entitled to only one day's anticipation interest; on the 30th he would not be entitled to any.

Example.

VIII.—A person subscribing to the three and a half per cent. Loan on any day in that month previous to the 28th February 1854, is entitled to interest from the day of subscription to the 27th February, both days inclusive, and for each day he will receive one-thirtieth of one-twelfth; thus, if

Example

he subscribes on the 3rd February he will receive twenty-five-thirtieths, and if on the 1st February twenty-seven-thirtieths of a month's interest.

NOTICE.

With a view to extend to the holders in India of Government Promissory Notes, the advantages enjoyed in London of having their property registered in the form of a Book Debt, notice is hereby given that on and after 1st February 1867, it will be optional on the part of the holders of Government Promissory Notes of the various Loans to register them at the Bank in Book Debt Account and receive Stock Certificates.

Stock so registered may, on the application of the proprietor, be sold or transferred in whole or in part, or be re-converted into the ordinary Promissory Notes of this Government in sums of Rs. 500 and upwards in even hundreds of Rupees.

Promissory Notes intended for conversion into Book Debts must be surrendered along with written application, forms of which will always be available at the Bank.

Holders of Notes of the various 4 per cent. Loans, who may be desirous of registering them at the Bank in Book Debt Account, will receive, in exchange for the consolidated amount of such Notes, a Stock Certificate not transferable by endorsement of the 4 per cent. Loan of 1st May 1865.

Accrued interest to the date of registry, as well as anticipation interest on the registered stock to the close of the half-year then current, will be paid before issue of the Certificate.

On Notes of the Sicca Loans fractional parts under one hundred Rupees will, as at present, be either paid in cash by the Bank or be made up to even hundreds on payment of the difference by the holders.

Government Promissory Notes of the various 4 per cent. Loans may also be consolidated at the option of the holders into Notes of a corresponding amount in the 4 per cent. Transfer Loan of the 1st May 1865.

Holders of Book Debt Certificates wishing to re-convert the whole or any portion of the sums they represent, into Promissory Notes of the relative Loans, may do so by tendering them to the Bank endorsed thus—

Received in lieu of this Stock Certificate Government Promissory Notes of Rs. _____ each in the _____ per cent. Loan (together with a new Stock Certificate for the balance amounting to Rs. _____).

All sales or transfers of Government Stock registered in the Book Debt Account must be made in even hundreds of Rupees from 500

upwards and by transfer to be executed in the Books of the Bank by the registered holder or his duly constituted Attorney. Such transfer is exempt from Stamp Duty.

When the transfer has been duly executed and the original Certificate lodged at the Bank, the transferee will be entitled to and receive a new Certificate.

In cases where only a portion of the Stock is transferred, such portion so conveyed will be noted on the back of the original Certificate, and the purchaser will receive a Certificate for an amount corresponding to the portion transferred.

In order to obviate the necessity of enfacing Government Promissory Notes for payment of interest in London, and to lessen the risk and inconvenience attending their transmission by post, holders of registered Stock who may be desirous of transferring the whole or any portion of the amount to England with a view to sale, payment of interest there, or of being held continuously as an investment, will, on application, obtain from the Bank a non-transferable Certificate in duplicate, on production of which at the Bank of England the amount of Stock so advised and certified will be registered in name of the payee and a Certificate issued for the same.

As no enfacement or renewal fees will be levied, each non-transferable Certificate issued by the Bank of Bengal will be chargeable as under, *viz.*, one Rupee for sums not exceeding Rupees five thousand, two Rupees on sums not exceeding Rupees ten thousand, and an additional Rupee for every sum of Rupees five thousand above that amount.

Forms of Transfer, special Powers of Attorney for effecting sales or purchases, will always be available at the Bank on payment of a trifling fee.

E. H. LUSHINGTON,
Secy. to Govt. of India.

Purchase and
Registration Fees of
publications under
Act XXV of 1867.

I have the honor to request that you will be good enough to pay, on presentation by Sub-Registrars of Assurances in your district, such sums as they may require for the purchase of Publications under Sections 9 and 10 of Act XXV of 1867 within a limit of Rs. 200 in each case.

Appendix XXI.

2 A special form of bill, as per specimen attached, has been prescribed of such payments and should invariably be used ; and you will be careful to see that the foot-note showing the progressive expenditure from the sanctioned allowance is duly filled in.

3. The final adjustment of this expenditure will be effected through the Registrar General of Assurances in communication with this office.

4. Fees realized by Sub-Registrars under the above Act will be paid into the Treasury by those Officers, and should be credited in your Cash Book and Cash Account, either as " Fees for the Registration of Copyrights under Section 18, Act XXV of 1867," or as " Fees for copying and inspecting declarations under Section 6 of Act XXV of 1867."

Circular No. 125, dated 16th April 1868.

I have the honor to forward, for your information, the annexed *Extract para. 2 of a Resolution of the Government of India, in the Financial Department, No. 2076, dated 13th April 1865.*

Age of Uncovenanted Servants to be noted when first appointed on the Pay Lists.

With regard to the enquiry whether any record should be kept of the age of Uncovenanted Servants (European, East Indian, and Native), the Governor General in Council observes that it should be kept in the Leave Registers in the Civil Pay Master's Office from information furnished by Heads of Offices, who should be careful to note in the Pay Abstract, in which pay may for the first time be drawn for an Uncovenanted Officer eligible to pension, his age on his first admission into the Service.

extract, para. 2, of a Resolution of the Government of India, in the Financial Department, No. 2076, dated 13th April 1865, and to request that in future Pay Abstracts of your office in which pay may for the first time be drawn for Uncovenanted Servants on salaries exceeding 10 Rupees per month, their age on their first admis-

sion into the service of Government may invariably be noted.

2. I have further to request that you will forward to me, at your earliest convenience, a list of all such Uncovenanted Servants, who have been employed in your Office Establishment since the 1st May 1865 to end of last month, with their respective ages on joining the Government Service.

Travelling allowance bills of Trigonometrical and Topographical Surveys to be paid like salary bills

In modification of my Circular No. 103, dated 13th September last, I have the honor to inform you, under instructions from the Comptroller General of Accounts, that the Officers of the Trigonometrical and Topographical Survey Departments are allowed to draw their mileage and travelling allowances from the Treasury on presentation of bills in the same way as they draw their salaries and establishment charges, instead of obtaining the money on cheques as at present.

Conveyance charges of Copper Coins to be drawn in a separate bill

I have the honor to request, under instructions from the Comptroller General of Accounts, that you will be good enough in future to draw charges for the remittance of Copper Coin from one Treasury to another distinctly and in a separate bill in Form No. 156, which may be obtained on indent from the Superintendent of Stationery.

Circular No. 128, dated 25th April 1868.

District Superintendents of Police may keep their cash for safe custody at the Treasury

I have the honor to request, under instructions from the Government of Bengal, that you will be good enough to receive for safe custody in your Treasury any sums that may be forwarded to you for the purpose by the District Superintendent of Police, put up in a sealed bag and accompanied by a *beechnuck* or slip, stating the contents, under the signature of the District Superintendent.

2. The seals of the bag should be carefully examined by the Treasury Officer, and the bag should at once be placed under double lock and key in the presence of the Treasurer and of the Police Officer who conveys it to the Treasury.

3. A receipt may be granted, if desired, for "a bag said to contain" the amount specified in the slip, and the bag should, on application, be delivered out of the Treasury in the presence of the Treasurer and the Officer deputed to receive it, who should be required to acknowledge its return on the reverse of the receipt originally granted for it, which should be surrendered.

4. Money received and returned under this procedure will not, of course, be entered in the books of the Treasury or in the accounts rendered to this office.

5. The Government desire, however, that this course shall be followed in those cases only in which the amount remaining in the hands of the District Superintendent on account of undistributed pay, and in exceptional cases on account of undisbursed contingent money, is too large to allow of his providing personally for its safe custody.

6. It is not intended in any way to interfere with the operation of the Circulars of this office under which only money actually required for immediate disbursement should be drawn from the Treasury by Departmental Officers; and you will, therefore, be good enough to bring specially to notice any cases in which the procedure herein prescribed is too frequently resorted to by the District Superintendent of Police, either by the withdrawal of needlessly large amounts from the Treasury in the first instance, or the deposit of small sums for the safety of which he can himself provide without risk or inconvenience.

HUGH SANDEMAN.

Circular No. 129, dated 20th April 1868.

I have the honor to inform you that the Government have authorized the formation of a "*Police Clothing Fund*," to be made up of the fixed Government clothing allowance and such further contributions towards the cost of their clothing as may be realized from Policemen by District Superintendents acting under departmental instructions. Police Clothing Fund.

2. These contributions will ordinarily be deducted from the pay of the Force in the Monthly Establishment Lists, and you will

continue in such cases to charge only the net amounts of the bills without recording the deductions in your Accounts. When cash is remitted to the Treasury to be credited to the "Police Clothing Fund," it should be distinctly entered as a receipt of the fund in the body of the Cash Book and Cash Account now Local Fund Register and Schedule.

3. Payments on account of the "Police Clothing Fund" may be made from the Treasury on bills drawn by the District Superintendent, which should be submitted in support of the charges to this office.

4. The expenditure will be finally admitted on bills countersigned by Deputy Inspectors General.

3 per cent on
collections from
Government Estates
for the improvement
of the Estates.

In supersession of this Office Circular No. 77, dated 16th July 1863 (Old Series), I have the honor to request, at the instance of the Board of Revenue, that the rate of 3 per cent. which is levied on the collections from Government Estates, and credited to the "Fund for the improvement of Government Estates," may be realized in instalments in the course of the year as the collections are paid into the Treasury.

2. The full amount of the collections will be credited as heretofore as a Land Revenue Receipt, and at the same time 3 per cent. on the amount should be charged by transfer in the Cash Book and Lists of Payments (or in a separate Register and Schedule if the transactions are numerous), and credited in a lump sum to the "Fund for the improvement of Government Estates."

3. The voucher to be forwarded to this office will be an abstract showing the nature of the charge, but without details; and at the end of the month a consolidated bill for the total amount thus transferred will be prepared and submitted to the Commissioner for countersignature and transmission to this office.

4. Applications for expenditure from the "Fund for the improvement of Government Estates" should be made in the course of each year within the limit of the sums realized during the year

as no portion of the year's realizations will be available for expenditure after the close of the year, when the unexpended balance will be transferred to credit of the "Amalgamated District Roads' Fund."

HUGH SANDEMAN.

Circular No. 131, dated 27th April 1868.

The Board of Revenue, under the authority vested in them by Section 40, Act VII (B. C.) of 1864, have decided that all fines and penalties for the infringement of the Salt Laws, which are levied by Magistrates under the Act cited, as well as the proceeds of all confiscations for the illicit manufacture of, or dealing in, Salt shall be formed into a fund for the payment of rewards to informers and seizing Officers in Salt cases.

2. I request the favor, therefore, of your crediting such realizations in future under a distinct heading, "Salt Reward Fund, under Act VII (B. C.) of 1864," to be opened in the Register and Schedule of Local Funds. Payments of rewards and of compensation money under Section 40 of the Act should also be charged to the fund in the Local Fund Register and Schedule.

3. The reward in each case may, if less than Rs. 20 in amount, be paid by you without reference to the Commissioner, on production of the formal proceedings of the Court which disposed of the case. But should the amount of the reward exceed Rs. 20, the sanction of the Commissioner should be obtained before payment.

4. A heading should be opened in the Collector's Plus and Minus Memo. for the record of the monthly transactions of the fund, with opening and closing balances in the usual manner.

An extract from the Register of Local Fund payments should be submitted to this office in the same form, with your bi-monthly Lists of Payments, but for Local Fund Receipts a Schedule should be submitted monthly with your Cash Account in the separate form annexed, showing only the total amount received on account of each fund in the course of the month.

Appendix XXIV.

3. The forms have been registered in the office of the Superintendent of Stationery as Nos. 161, 162 and 163, and may

be obtained on indent; but for present use 25 copies of each Register and 6 copies of the Schedule of Local Fund Receipts are now forwarded to you.

4. The Plus and Minus Memo., submitted by yourself and other Departmental Officers, will henceforward include only the cash transactions of Local Funds, showing, as before, the sums received and paid during the month with opening and closing balances. These particulars will also be required regarding the Deposit Account of each department, but they should be entered in manuscript at foot of the Monthly Extract Register of Deposit Receipts, while the Plus and Minus Memo. of Stamps, Opium, &c., will appear at foot of the Monthly Treasury Account, and should also be entered by you in manuscript until your present stock of account forms is exhausted. The form of account has been altered to include these particulars in future.

cy Notes how to be
paid.

OPINION.

If any Government Treasury Officer receives a Currency Note of the alleged loss of which he has received notice from the Issue Department, he should enquire of the person tendering it in payment as to the circumstances under which he got the Note. If he gave value for it, and there is no reason to suppose from his statement that he received it otherwise than in good faith, it should be accepted by the Government Officer as a good legal tender.

2. I think that the Head Commissioner of Paper Currency should satisfy himself, as far as he can, by enquiring from the person who alleges a Note to have been stolen or lost, whether such is really the case, and should ask the alleged owner to produce any evidence he can of his former possession of the Note. Having satisfied himself of the probability of the story as to the alleged stealing or loss, the Commissioner will be quite justified in inserting the Note in his list.

3. A person who takes a Note in good faith and for consideration, will have a title to it, notwithstanding he may have seen it enumerated in the list of lost or stolen Notes. But if he takes the Note with knowledge of its having been advertized, and does not make reasonable enquiry, that is, if he takes it under such circumstances as would fix on him the suspicion of participation in the fraud, he could not make a good title to the Note. And it follows that if he takes the Note otherwise than in good faith, it is not a good payment, and he may and ought to refuse it as a legal tender, unless he has reason to believe that the person tendering it to him come by it honestly.
