**A.—GENERAL FINANCE ACCOUNTS.****I.—REPORT.****INTRODUCTORY.**

1. *Main Divisions of Accounts.*—There are four main divisions of Government accounts—

- (1) Revenue.
- (2) Capital.
- (3) Debt.
- (4) Remittance.

The first division deals with receipts from taxation and other sources of revenue and the expenditure therefrom, the net result of which represents the revenue surplus or deficit for the year. The second division deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing future recurring liabilities such as those for future pensions by payment of the capitalised value. It also includes receipts of a capital nature which can properly be applied as a set-off to capital expenditure. The third division comprises receipts and payments in respect of which Government incurs a liability to repay the money received or has a claim to recover the amounts paid, together with repayments of the former and recoveries of the latter. The fourth and last division embraces all merely adjusting heads: e.g., cash remittances from one treasury to another, transfers between different accounting circles and remittances between India and England. Credits and debits taken to the adjusting heads in the first instance are cleared eventually by adjustment under final heads.

The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the period from the 1st April 1947 to the 14th August 1947 as distinguished from amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government Commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and these accounts are subjected to a suitable audit check by the Indian Audit Department.

2. *Sections and Heads of Accounts.*—Within each of the four divisions mentioned above, the transactions are grouped into Sections which are further subdivided into Major heads of Account. The sections are distinguished by letters of the alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions e.g., Section A denotes the revenue (and expenditure) grouped as 'Principal Heads of Revenue' and Section AA denotes the capital expenditure on works connected therewith. The Major heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on the receipt side and Arabic on the disbursement side. No numbering is adopted for debt and remittance heads, though these are also arranged in Sections.

The Major heads are sub-divided into Minor heads and the Minor heads into Sub-heads and Detailed heads. Under each of these heads, the expenditure is shown distributed between Charged and Voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotments which are selected by the Finance Department for Demands for Grants and the Appropriation Accounts; but in general, a certain degree of correlation is maintained between the Demands for Grants and the Appropriation Accounts on the one hand and the Finance Accounts on the other.

3. *Balances and Reserves.*—The accounts work from balance to balance, these balances working up to the general cash balances, a portion of which is kept in the treasuries within the Province while the rest is deposited with the Reserve Bank of India. Apart from these cash balances are the Cash Balance Investment Account and other special Reserves invested outside the general cash balance of Government. Most of these Reserves are invested in treasury bills and other short-term securities of the Central Government.

## VARIATIONS FROM THE BUDGET ESTIMATES.

5. (b) The dredger was lost at sea in October 1942. Accounts kept open for certain adjustments.

(c) The dredger was sold during 1941-42. Accounts kept open for certain adjustments.

8. Works in the Irrigation Department are classified as "Productive" or "Unproductive" according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of ten years from the date of closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested. The rate of interest prescribed was 4 per cent. for work sanctioned before the 1st April 1919, 5 per cent. for those sanctioned between the 1st April 1919 and the 1st August 1921, and 6 per cent. for those sanctioned after the 1st August 1921. With effect from the year 1941-42 Government fixed 4 per cent. as the rate for the productivity test in respect of new works sanctioned on or after the 1st April 1941. The productivity test involves certain *pro forma* adjustments which do not appear in the regular Government accounts. If a work classed as "Productive" fails to yield the prescribed return for three successive years, it is transferred to the "Unproductive" class. Similarly, if a work, classed as "Unproductive" succeeds in yielding for three successive years the prescribed return, it is transferred to the "Productive" class.

There was no productive Irrigation work in the province except the "Mor Project" which has been sanctioned by Government as a productive scheme and was under execution during the period under review. None of the unproductive canals was transferred to the productive class during the period.

#### DEBT POSITION—GENERAL STATEMENT.

9. The debt position of the Government of Bengal at the commencement and also at the end of period under review is shown in the following statement:—

The above statement will show that there was a reduction of 2,14,01 in the net liability of Government on account of debts at the end of the period. The outstanding debt (gross) is composed of floating debt, loans from the Central Government and unfunded debt.

(i) *Floating Debt*.—This consists of 2,00,00 on account of treasury bills not matured during the period and 2,92,30 on account of cash credit advances taken from the Imperial Bank of India in connection with the procurement operations.

(ii) *Loans from the Central Government*.—A loan of Rs. 1,33.12 lakhs bearing interest at 2½ per cent. per annum, made available to the Province for financing Development Projects, was outstanding at the end of the period.

Out of the loan of Rs. 1 lakh taken during 1942-43 for the erection of silk filature, a sum of Rs. 82,524 was adjusted in the accounts of the period under review, leaving a balance of Rs. 17,476 on the 14th August 1947.

The following interest-free loans each being repayable in five equal instalments were taken to finance the provincial share of the Civil Defence Expenditure.

Year.	Amount of the loan.	Amount repaid up to 14th August 1947.	Balance.
1942-43 . . . . .	1,10,00	88,00	22,00
1943-44 . . . . .	65,51	39,30	26,21
1944-45 . . . . .	76,17	30,47	45,70
1945-46 . . . . .	1,03,55	20,71	82,84
Total . . . . .	3,55,23	1,78,48	1,76,75

It will be seen from the table that no new loan was obtained on this account during the period.

Three interest-free loans, taken from the Centre in respect of Grow More Food Schemes, aggregating Rs. 19.58 lakhs were outstanding at the end of the period. Ways and Means Loan of two crores, taken from the Centre during the period, was also outstanding.

Two interest-free loans aggregating Rs. 66.31 lakhs obtained during previous years, 1943-44 and 1944-45 for strengthening the Damodar left embankment and completely repayable by the year 1947-48 were outstanding at the end of the period.

(iii) *Unfunded Debt.*—This comprises the Provident Fund balances of Government servants.

(iv) *Loans and Advances made by Provincial Governments.*—The details of the transactions on account of the loans and advances made by Provincial Government are shown in statement No. 5 of Part B of this compilation (page 84). The interest received by Government during the period under review in respect of such loans and advances amounted to 3,56.

The outstanding balance under the head included a sum of 9,26 on account of a loan to the District Board of 24-Parganas for the Magrahat Drainage Scheme. A part of the loan was at first considered to be irrecoverable but Government subsequently ordered that the cess realised by the District Board should be adjusted against the outstanding loan and decided to postpone the question of write-off of the balance till 1954-55. In accordance with this decision a sum of 9 was adjusted during the period under review against this loan. See also paragraph 88 of Part B of this compilation (page 67).

Out of the loan of 7,58 on account of advances to ex-detenus in connection with the Detenue Training and Setting-up Scheme 5,74 was outstanding at the end of 1946-47. No adjustment was made during the period under review.

(viii) The certificates regarding the correctness of the balances and the acceptances thereof by the authorities concerned have also been given in Part B *vide* paragraph 2. The portion of the balances since allocated to West Bengal in the investment account of the Famine Insurance Fund and the 'Cash' Balance Investment Account have been accepted as correct by the State Government.

## SUMMARY OF GENERAL FINANCIAL POSITION.

11. There was a revenue deficit of 7,81,25 during the period against an estimated deficit of 6,20,14 for the whole year. The net transactions under the Capital, Debt, Deposit and Remittance accounts also registered a deficit of 2,57,71. The balance of the Province (including investments) therefore came down from 6,53,84 to (-)3,85,12. This shows that the position of the Cash balance of the Province suffered a set-back during the period under review to the extent of 10,38,96. The main factors that were responsible for this deterioration were deficit in revenue account and excess of disbursements over receipts under deposit and remittance heads.

The debt position showed improvement. The net liability of the Province in this respect was reduced from 13,00,47 to 10,86,46 and comprised Treasury bills of 2,00,00 not matured during the period and balance of other loans taken from the Centre amounting to 5,95,93. The balance on account of cash credit advances taken from the Imperial Bank of India for financing grain purchase scheme amounted to 2,92,30 and that relating to unfunded debt 5,54,87. Under "Loans and Advances" granted by Provincial Governments the total outstanding balance stood at 5,56,64.

The monthly cash balance in the Reserve Bank and at treasuries were also satisfactory except during the last month of the period under review when Government Account showed a debit balance. The debit balance was mainly due to heavy draws on the Reserve Bank and Treasuries under all the heads due to partition of the Province. Ways and Means advance of 91,00 taken was fully repaid during the period under review.

The net liability of the Province on account of Public Debt, Unfunded Debt, etc., at the close of the period was 22,93,32 as indicated in the following statement :—

ASSETS.		LIABILITIES.	
Loans and Advances by Provincial Governments . . . . .	5,56,64	Public Debt . . . . .	10,88,22
Balance { Investments . . . . .	58,95	Unfunded Debt . . . . .	5,54,87
{ Cash . . . . .	-4,44,07	Deposits and Advances . . . . .	7,83,21
		Remittances . . . . .	38,54
TOTAL . . . . .	1,71,52	TOTAL . . . . .	24,64,84
" Net liability . . . . .	22,93,32		

The net liability at the end of the year 1946-47 was 20,87,36. There was therefore an increase of 2,05,96 in the liability of Government during the period under review.

Against these liabilities the Province owned assets of a capital nature in the shape of Irrigation Projects, Civil Works, etc., in which Rs. 6,38,84 lakhs had been invested up to the end of the period under review, as also some stocks of foodgrains purchased in connection with Grain Purchase Schemes, the value of which could not be ascertained. Besides, there were various physical assets of the Province such as land, buildings, communications, etc., which have necessarily to be omitted from the review since their value cannot be properly assessed.

**B.—DEBT, DEPOSIT AND REMITTANCE ACCOUNTS.****I.—REPORT.****INTRODUCTORY.**

1. Disbursements under debt, deposit and remittance heads, although involving temporary appropriations of Government Funds, are not ordinarily regarded as expenditure within the meaning of Sections 79 and 80 of the Government of India Act, 1935 (now defunct), and except in a few specified cases, are not included in the Schedule of authorised expenditure authenticated under Section 80 (now defunct). It is, however, obviously essential to maintain a complete and progressive record of the debt, deposit, advance, suspense and remittance transactions as they cannot be ignored when considering the financial position of Government. The management of various receipts and disbursements under these heads constitutes a vital part of the machinery of financial administration. That record is found in this part of the report and its object is, in the first place, to give a complete enumeration of balances under debt, deposit and remittance heads and, in the second place, to review the current state of the accounts under each head.

2. The War had led to serious deterioration in the standard of maintenance of accounts and other records in Government offices. The Partition which came soon after the cessation of the War made confusion worse confounded and put grave difficulties in the way of completing and agreeing the accounts of past transactions. Hence it was found practically impossible in many cases to reconcile the book balances with those shown in the separate registers maintained by the accounts offices,—and in obtaining acceptances, where due, from the administrative officers.

The balances outstanding in the books of the Accountant General on the 14th August, 1947, had to be allocated between East and West Bengal in accordance with the decisions arrived at by the Separation Council and the Awards made by the Arbitration Tribunal. Before making the allocation all the balances were reconciled as far as practicable; but there were certain discrepancies which it was found impossible to reconcile for want of necessary details or records. The only method by which they could be removed was by closing them to 'Government Account'—and this was done under the orders of the competent authority.

As would appear from the details given in the relevant paragraphs, acceptances have been obtained in respect of most of the balances pertaining to the districts in West Bengal.

## REVIEW OF BALANCES.

3. The following is the general statement of balances of the Government of Bengal on the 14th August 1947 :—

(All figures are in unit of Rupees.)

29,59,93,027		Total . . . . .	..	29,59,93,027

4. It must be clearly understood that the balances of accounts shown in the statement above are not, and cannot be, regarded as a complete record of the state of affairs or the net financial position of the Government of Bengal as it is not possible to take into account all the various physical assets of the province such as land, buildings, communications, etc., for which complete statistics are not available and the exact value of which is difficult to estimate. The statement shows the balances of those accounts only for which separate running accounts are kept within the Government books.

The above balances are reviewed in detail in the following paragraphs :—

**SECTIONS A TO M.—GOVERNMENT ACCOUNT . . . . . Dr. Rs. 22,93,31,626**

5. This is the general closing head in the ledger. Under the system of book-keeping followed in Indian Government Accounts, all balances which are not carried forward from year to year are closed to this head. It is also used as an adjusting head for the purpose of counterbalancing entries which have been included elsewhere in the accounts. The balance under this head, therefore, represents the cumulative results of revenue, capital and other transactions in respect of which

no separate progressive balanced accounts are kept. The account for the period is given in the following table :—

Dr.	Details.	Cr.
Rs.		Rs.
20,87,36,304	A.—Opening Balance	
	B.—Revenue Receipts for the period from 1st April 1947 to 14th August 1947.	13,23,80,292
21,05,05,307	C.—Expenditure on Revenue Account for the period from 1st April 1947 to 14th August 1947.	
	D.—Capital Expenditure outside the Revenue Account for the period from 1st April 1947 to 14th August 1947.	5,59,93,194

	F.—Closing Balance, Dr. . . . .	22,93,31,626
41,92,41,611	Total . . . . .	41,92,41,611

6. Certain discrepancies in respect of the balances under various Deposits, Advance, Suspense and Remittance heads were found to be outstanding at the time of allocation of balances between the Governments of East and West Bengal after the Partition. These could not be reconciled in the ordinary way due to the impossibility (due to Partition) of obtaining the necessary details and records and had to be written off to "Miscellaneous—Government Account" under special orders. The amount shown against 'E.—Miscellaneous' above mainly represents writes-off of such irreconcilable differences in balanced heads.

#### SECTION N.—PUBLIC DEBT . . . . . Cr. Rs. 10,88,22,511

7. The term "Public Debt" as used in this report is confined to regular loans raised from the public or taken from the Central Government, and does not cover other obligations (whether bearing interest or not), such as State Provident Funds, Depreciation Reserve and other Funds which are dealt with in Sections O and P of this report. A comparative statement showing the aggregate gross capital liabilities of the Government of Bengal on the 14th August 1947 and the capital and other disbursements which are treated as a set-off against these liabilities, will be found in Statement No. 2 of this part of the report.

"Public Debt" is ordinarily divided into three categories namely, (a) "Permanent Debt", (b) "Floating Debt" and (c) "Loans from the Central Government". The term "Permanent Debt" covers such of the loans borrowed by Government in the open market as are intended to have, at the time when they are raised, a currency of more than twelve months. The term "Floating Debt" is applied to borrowings of a purely temporary nature, such as treasury bills or ways and means advances from the Reserve Bank of India, which are to be repaid within twelve months. These balances, which represent the nominal value of outstanding debt on the 14th August 1947, as distinct from the cash proceeds in respect of the outstanding loans, are reviewed in the following paragraphs. Loans granted by the Central Government to the Government of Bengal under Section 163 (2) of the Government of India Act, 1935 are recorded under the head "Loans from the Central Government". The outstanding balance under "Public Debt" is composed of the following :—

<i>Floating Debt</i>	. . . . .	<i>Cr. Rs. 4,92,29,735</i>
<i>Loans from the Central Government</i>	. . . . .	<i>Cr. Rs. 5,95,92,776</i>
<b>Floating Debt</b>	. . . . .	<b>Cr. Rs. 4,92,29,735</b>

8. The balance is composed of :—

<i>Treasury Bills</i>	. . . . .	<i>Cr. Rs. 2,00,00,000</i>
<i>Other Floating Loans</i>	. . . . .	<i>Cr. Rs. 2,92,29,735</i>

In addition to the Treasury Bills worth Rs. 8,00,00,000 floated but not matured during the year 1946-47, Bills worth Rs. 4,00,00,000 were floated by the Government during the period under report. Out of this total sum Bills for Rs. 10,00,00,000 matured and were discharged during the period. The balance represents the value of the Treasury Bills not matured. A sum of Rs. 86,824 was paid as discount on the Bills.

The balance under 'Other Floating Loans' represents cash credit advances taken by the Government of Bengal from the Imperial Bank of India, Calcutta, in connection with the *aus* and *aman* crop procurement scheme and allied food purchase operations of the Department of Civil Supplies. A sum of Rs. 1,88,677 was paid as interest on these advances.

A statement showing the details of "Floating Debt" has been inserted on pages 12-13 of part A of the report.

41. There are two entirely different systems of deposit accounts. The first may be called the detailed plan, in which every receipt is treated as a separate item and every payment charged against the relevant and particular receipt. The second is the ledger plan, that is, a running account is kept of receipts and payments on some particular account (an estate, an institution, etc.). To every ledger account there is an "Administrator", the person authorised to pay money into the treasury or draw it out. Deposits kept in the latter plan are termed "Personal Deposits".

The method of verification of the balance on the first plan is as follows :—

The receipts and payments which are recorded in detail in deposit registers are posted monthly by totals into a proof-sheet which provides columns for recording the repayment of deposits credited in the same year and in each of the three preceding years. At the end of the year, balances are struck upon the proof-sheet separately for the different districts for each of the four years. The balance of the first year is usually written off the deposit account as all balances unclaimed for more than three complete account years, are ordinarily credited to Government

The aggregate balance on the proof-sheet is then agreed with the balance on the general books of the class of deposits concerned and finally reconciled with the *plus* and *minus* memoranda received from treasuries or when necessary, with the accounts received from the civil and criminal courts. The verification of the ledger form of Deposit account consists mainly in agreeing the balance with that claimed by the administrator.

	Net Cr. Rs.	38,53,539

**Cash Remittances and Adjustments between officers rendering accounts to the same Accountant General or Comptroller Cr. Rs. 40,58,303**

98. The following are the details :—

1. Forest Remittances . . . . .	Cr. Rs.	6,66,937
2. Public Works Remittances . . . . .	" "	31,93,282
3. Sanitary Works Remittances . . . . .	" "	1,98,172
4. Judicial Remittances . . . . .	Dr. Rs.	88

(Net) Total Cr. Rs. 40,58,303

99. This head covers two different kinds of transactions, one being remittance in actual cash between treasuries and departments rendering accounts to the same Accounts Office. Each separate remittance of this kind is watched through a remittance register. The transactions of the other class are purely book adjustments made within the accounts of the same Accounts Office, which are watched through separate registers maintained for the purpose. There were certain discrepancies in respect of the above heads which have since been reconciled in the post-partition accounts of West Bengal.

**Reserve Bank of India Remittances . . . . . Cr. Rs. 6,68,982**

100. A scheme was introduced by the Reserve Bank of India with effect from 1st October 1940 to standardise and extend remittance facilities throughout India and Burma. At places where the Reserve Bank has no offices of its own or is not represented by offices or branches of the Imperial Bank, the issue and payment of telegraphic transfers and drafts on Reserve Bank account is undertaken by Government treasuries and sub-treasuries as "Treasury Agencies" of the Bank. Receipts and payments taking place in treasuries on this account are accounted for under this head, and are initially carried against Government balances until cleared with the Bank through daily advices of drawings and encashments. The debits and credits booked under this head are ultimately cleared by corresponding adjustments under the head "Reserve Bank Deposits".

The balance which represents the amount not settled with the Reserve Bank within the year for want of full particulars or due to delayed intimation is in course of settlement.

<b>Adjusting Account between Central and Provincial Govern- ments</b> . . . . .	<b>Cr. Rs. 2,01,972</b>
<b>Adjusting Account with Railways</b> . . . . .	<b>Dr. Rs. 10,01,254</b>
<b>Inter-provincial Suspense Account</b> . . . . .	<b>Dr. Rs. 74,464</b>

101. The first head records transactions between the Central Government and the Government of Bengal, the second between the Government of Bengal and the Railways and the third between the Government of Bengal and other Provincial Governments requiring settlement through the Reserve Bank of India, Calcutta. The balances represent the outstanding amounts for which settlement could not be carried out in the Reserve Bank's accounts up to the end of the period under review. Portions of the outstanding balances pertaining to West Bengal are under adjustment.

**SECTION V.—CASH BALANCE** . . . . . **Cr. Rs. 4,44,06,755**

102. The following are the details of the closing cash balance :—

	Rs.
Cash in Treasuries . . . . .	91,60,254
Deposits with the Reserve Bank . . . . .	— 5,21,92,071
Remittances in transit . . . . .	—13,74,938

Certain discrepancies occurred between the balance shown against "Remittances in transit" and that certified by the Currency Officer on the Cash Balance Report for the period ending 14th August 1947 and also between the balance of "Deposits with the Reserve Bank" and that shown in the statement of balance received from the Central Accounts Office of the Reserve Bank of India. The discrepancies are being reconciled in the post-partition accounts of West Bengal.
