**Finance Accounts of the Government of West Bengal for the year 1950-51 and
the Report of the Comptroller and Auditor General of India.**

Certificate of the Comptroller and Auditor General of India.

This compilation containing the Finance Accounts of the Government of West Bengal for the year 1950-51 and the report of the Comptroller and Auditor General of India presents the accounts of the receipts and outgoings of the Government of West Bengal for the year, together with a report on the financial results disclosed by the different accounts and other *data* coming under examination, that is to say, both the revenue and capital accounts, the accounts of the public debt and the liabilities and assets of the Government of West Bengal as deduced from the balances recorded in its books and other information. It supplements the report of the Comptroller and Auditor General of India on the accounts of the audited expenditure of the Government for the year, separately presented in the form of Appropriation Accounts for each Grant. In compliance with Article 151(2) of the Constitution of India the Comptroller and Auditor General's report on the accounts accompanied by the accounts themselves is submitted by the Comptroller and Auditor General to the Governor to be laid before the State Legislature.

Both the Finance Accounts and the Appropriation Accounts for 1950-51, which as Comptroller and Auditor General I am required to audit, have been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947, read with Article 149 of the Constitution of India. It is to be noted that the Comptroller and Auditor General's responsibility for the audit of the accounts of the Government does not extend in full to the audit of the accounts of revenue, but I am satisfied on the best information available that the accounts of revenue included in the Finance Accounts herewith presented give a correct statement of the sums brought to account. Subject to these observations and also to those contained in the detailed reports which follow and in the report on the Appropriation Accounts, the accounts now presented are correct statements of the receipts and outgoings of the Government of West Bengal for the year 1950-51.

NEW DELHI ;

The 4 MAR 1953

V. NARAHARI RAO,

Comptroller and Auditor General of India.

A.—GENERAL FINANCE ACCOUNTS.**I.—REPORT.****INTRODUCTORY.**

The Government accounts are kept in the following three parts :—

Part I.—Consolidated Fund of West Bengal.

Part II.—Contingency Fund of West Bengal.

Part III.—Public Account of West Bengal.

In Part I, there are three main divisions, namely :—

- (1) Revenue ;
- (2) Capital ; and
- (3) Debt (comprising Public Debt and Loans and Advances).

The first division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure therefrom, the net result of which represents the revenue surplus or deficit for the year. The second division deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing recurring liabilities, such as those for future pensions, by payment of the capitalised value. It also includes receipts of a capital nature intended to be applied as a set off to capital expenditure. The third division comprises loans raised by Government—loans of a purely temporary nature classed as “Floating Debt” (such as Treasury Bills and Ways and Means advances), as well as other loans classed as “Permanent Debt” and “Loans and Advances made by Government” together with repayments of the former and recoveries of the latter.

In Part II of the accounts are recorded the transactions connected with the Contingency Fund set up by the Government of West Bengal under Article 267 (2) of the Constitution of India.

In Part III of the accounts, there are two main divisions, namely :—

- (1) Debt (other than those included in Part I) and Deposits ; and
- (2) Remittances.

The first division comprises receipts and payments, other than those falling under Debt heads pertaining to Part I, in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with repayments of the former and recoveries of the latter. The second division embraces all merely adjusting heads, under which appear remittances of cash between treasuries and transfers between different accounting circles. The initial debits or credits to the heads in this division are cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March, as distinguished from the amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and for presenting the true state of affairs of Government undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and these accounts are subjected to a suitable audit check by the Indian Audit and Accounts Department.

2. *Sections and Heads of Accounts.*—Within each of the divisions mentioned above, the transactions are grouped into Sections which are further subdivided into Major heads of Account. The Sections are distinguished by letters of the alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions, e.g., Section A denotes the revenue (and expenditure) grouped as 'Principal Heads of Revenue' and Section AA denotes the capital expenditure on works connected therewith. The Major heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on the receipt side and Arabic on the disbursement side. No numbering is adopted for the Contingency Fund and for debt, deposit and remittance heads, though these are also arranged in Sections.

The Major heads are sub-divided into Minor heads and the Minor heads into Sub-heads and Detailed heads. Under each of these heads, the expenditure is shown distributed between Charged and Voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotments which are selected by the Finance Department for Demands for Grants and the Appropriation Accounts; but in general, a certain degree of correlation is maintained between the Demands for Grants and the Appropriation Accounts on the one hand, and the Finance Accounts on the other.

3. *Balances and Reserves.*—The accounts work from balance to balance, these balances working up to the general cash balances, a portion of which is kept in the treasuries within the State while the rest is deposited with the Reserve Bank of India. Apart from these cash balances are the Cash Balance Investment Account and other special Reserves invested outside the general cash balance of Government. Most of these Reserves are invested in treasury bills and other short-term securities of the Union Government. As it is a difficult and complicated process to split up the balances into 'Consolidated Fund' and 'Public Account', it has been decided for the present to have as hitherto one single balance for all the three parts, viz., Consolidated Fund, Contingency Fund and Public Account in so far as 1950-51 accounts are concerned.

(Throughout this part of the report the amounts shown represent thousands of rupees unless the contrary is specifically indicated.)

IMPORTANT VARIATIONS FROM THE BUDGET ESTIMATES.

5. Large and important variations between the budget figures and actuals both under receipts and disbursements as exhibited in the foregoing summary are briefly explained below :—

PART I.—CONSOLIDATED FUND.

RECEIPTS.

(1).—REVENUE.

Increases.

State Excise Duties (+32,48).—Increased sale of wines and country spirits (+33,92), sale of surplus stock of opium (+13,79) and resumption of import of Beer from March, 1950 (+4,72), partly off-set by smaller sale of hemp and other narcotic drugs (—18,99).

Stamps (+34,70).—Larger sale of non-judicial stamps in connection with the numerous purchases of land and house property by immigrants from East Pakistan.

Registration (+6,40).—Due to the reason stated under Stamps.

Other Taxes and Duties (+1,29,01).—(i) Improvement of administrative machinery for the collection and for checking evasion of Sale Tax (+1,19,97), (ii) increase in the number of cinema houses and (iii) extension with effect from 1st May, 1950 of the Bengal Amusement Tax Act, 1922, to certain areas in which the Act was previously not in force (+10,10).

Grants-in-aid from the Central Government (+1,16,98).—Grants in lieu of assignment of the share of Jute Export duty to the State (+1,04,98) and to fill the revenue gap due to merger of Cooch Behar (+12,00).

Decreases.

Customs (—1,05,00).—Grant in lieu of assignment of the share of Jute Export Duty to the State adjusted under “Grants-in-aid for Central Government”.

Forest (—8,47).—Suspension of despatch of timber to Railways and other bodies against accepted contracts owing to dislocation of transport caused by flood and land slides.

Irrigation (—6,69).—Increased working expenses due to heavy silt clearance of the Damodar Canal and repairs to breaches caused by flood (—2,44) and allocation of establishment and tools and plant charges for which provision was made in the expenditure side (—4,35).

Civil Works and Miscellaneous Public Improvements (—65,56).—Less transfers from the Central Road Fund within the year owing to delay in the receipt of sanction.

Miscellaneous (—35,40).—Adjustment of the amount reimbursed by the Central Government on account of expenditure for relief and rehabilitation of displaced persons incurred by the State Government in reduction of

expenditure instead of as receipts and sale of handloom cloth produced by the displaced persons in the open market instead of through Government agency.

Extraordinary Items (—84,89).—Transfer of the grant of food procurement bonus by the Central Government to the appropriate receipt heads.

(3) DEBT.

Increases.

Floating Debt (+2,34,31).—Larger requirements of cash credit advances from the Imperial Bank of India for financing food procurement operations.

Recoveries of Loans and Advances (+30,35).—Unforecast recovery of loans advanced to displaced persons (+18,54) and larger recoveries of (i) Loans to Cultivators (+5,48) and (ii) Miscellaneous loans and advances (+5,50).

Decreases.

Loans from the Central Government (—2,91,29).—Grant of smaller amounts for (i) financing the Mayurakshi Reservoir Project (—50,00), (ii) payment of loans to displaced persons (—1,50,00) and (iii) intensive food production campaign (—73,58) and smaller requirement of loan to meet the State Government's share of the capital expenditure of the Damodar Valley Corporation (—72,46), partly off-set by the grant of loans for financing the scheme for dispersal of college students from Calcutta (+50,00) and for improvement of the Bengal Engineering College (+4,75).

EXPENDITURE.

(1) REVENUE.

Increases.

Land Revenue (+9,59).—Mainly purchase of a zemindari estate (+3,00), repairs to roads and bridges in the Khasmahal area damaged by land slides (+1,00), improvements in the Khasmahals of a merged State (+68), publication and printing of settlement records of rights and maps of a certain area (+2,02), additional cost of new set-up (+1,50), acquisition of land for a Survey School (+93) and training of officers in survey and settlement (+30).

Debt Services (+14,07).—Change in the classification of interest on loans taken from the Central Government for the Damodar Valley Project originally provided under "51-A.—Interest on Multi-purpose River Schemes".

Miscellaneous (+2,79,57).—Increased expenditure on relief and rehabilitation of displaced persons (+1,92,55), appropriation to the Contingency Fund of West Bengal (+50,00), increased contribution to local bodies (+2,75), increased expenditure on (i) maintenance of Secretariat buildings and cost of postage stamps (+2,02), (ii) rents of requisitioned buildings (+3,26), and (iii) Volunteer Force (+4,50), (iv) allowances to the families of ex-Rulers of the merged States (+1,86), (v) increased expenditure on pensions (+14,81) and (vi) larger requirements of stationery and plain paper (+3,53).

Extraordinary charges (+61,71).—Payment of a large number of Pre-partition claims in respect of compensation for lands acquired prior to the Partition and payment of pre-partition dues of contractors.

Capital expenditure within the Revenue Account (+4,47).—Larger payment of commuted value of pensions.

Decreases.

Civil Administration (—67,39).—This is a group head and the decrease is the net effect of decreases and increases under its components. The more important decreases occurred under “General Administration” (—27,53), “Public Health” (—11,88) and “Agriculture” (—80,88), due mainly to postponement of the general elections to the following year, certain water supply and drainage schemes not being sanctioned during the year, debits for certain works executed by the Works and Buildings Department as well as payment for certain supplies deferred till the following year and smaller expenditure on Intensive Food Production Schemes owing to the distribution of manures, steel, etc., through normal trade channel. The decrease was partly off-set by increases under “Jails and Convict Settlements” (+6,16) and “Police” (+46,73) due to rise in dietary and clothing charges of prisoners and enhancement of the rate of diet allowance of certain detenus and reinforcement of the armed police.

Civil Works and Miscellaneous Public Improvements (—60,83).—The decrease occurred under “Civil works” (—53,21) due mainly to smaller outlay on road works and lesser purchase of tools and plant and under “Interest on Capital Outlay on Multi-purpose River Schemes” (—7,62) owing to the change in the classification of interest charges on loans taken from the Central Government on account of contribution to the Damodar Valley Project to the group head “Debt services”.

(2) CAPITAL.

Decreases.

Industries (—6,94).—Smaller outlay on certain schemes of industrial development.

Multi-purpose River Schemes (—1,12,63).—Curtailement of expenditure on the Mayurakshi Reservoir Project and smaller contribution required for the Damodar Valley Corporation.

Electricity Schemes (—5,49).—Smaller outlay in connection with the North Calcutta Rural Electrification Scheme.

Other State Works (—2,44,87).—Smaller outlay on certain land development schemes and schemes for housing and rehabilitation of displaced persons.

Schemes of State Trading (—4,59,19).—Larger sale-proceeds of foodgrains and grant of subsidy by the Central Government.

Road Transport Schemes (—20,37).—A smaller number of buses being purchased during the year and payment of the cost of certain buses and spare parts, etc., deferred till the following year.

(3) DEBT.

Increases.

REVENUE POSITION OF GOVERNMENT—GENERAL REMARKS.

6. It will be seen from the summary of transactions in paragraph 4 and that the revenue receipts came to 34,25,96 against an estimate of 33,89,80 while the revenue expenditure worked up to 37,58,16 against a budget provision of 35,22,87. The net result was a revenue deficit of 3,32,20 against an estimated deficit of 1,33,01, the increase over the estimated deficit of 1,99,19 being composed of an excess of 2,35,29 in revenue expenditure and an increase of 36,10 in revenue receipts.

The increase of 36,10 in revenue receipts was the net effect of increases aggregating 3,42,13 under certain heads, partly counterbalanced by a total decrease of 3,06,03 under others. The bulk of the increase occurred under State Excise Duties, Stamps and Other Taxes and Duties and was due to increase in the sale of wines and country spirits, larger sale of non-judicial stamps owing to large scale purchase of properties by immigrants from East Pakistan and more effective realisation of Sales Tax.

The bulk of the decrease occurred under 'Civil Works' and 'Miscellaneous Public Improvements' and 'Miscellaneous' due to less transfers from the Central Road Fund owing to delay in the receipt of sanction to certain schemes and contribution by the Central Government towards expenditure in connection with the displaced persons being adjusted as reduction of expenditure instead of as receipts.

On the expenditure side the bulk of the excess occurred under 'Miscellaneous' (2,79,57) due to increased expenditure on relief and rehabilitation of displaced persons. The excess was partly set-off by savings mainly under 'Civil Works' and 'Miscellaneous Public Improvements' (60,83) due to smaller outlay on road works and lesser purchase of tools and plant.

No new tax was levied during the year. The Bengal Amusement Tax Act, 1922 was, however, extended with effect from the 1st May, 1950 to certain areas in the districts in which the Act was not previously in force.

* Met from the Consolidated Fund.

(a) Excludes 3,00 met from contributions. The percentage of net loss in the year was 7.7 on the Capital Outlay to end of the year.

9. Works in the Irrigation Department are classified as 'Productive' or 'Unproductive' according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of ten years from the date of closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested. The rate of interest prescribed was 4 per cent. for work sanctioned before the 1st April, 1919, 5 per cent. for those sanctioned between the 1st April, 1919 and the 1st August, 1921, 6 per cent. for those sanctioned between the 2nd August, 1921 to the 31st March, 1941 and 4 per cent. for those sanctioned on or after the 1st April, 1941. With effect from the 1st April, 1949 the Government of India have fixed $3\frac{3}{4}$ per cent. as the productivity test rate in regard to all projects financed by the Central Government or such of the State works in the Development plans for which loans may be asked for from the Centre. The productivity test involves certain *pro forma* adjustments which do not appear in the regular Government Accounts. If a work classed as 'Productive' fails to yield the prescribed return for three successive years, it is transferred to the 'Unproductive' class. Similarly, if a work classed as 'Unproductive' succeeds in yielding for three successive years the prescribed return, it is transferred to the 'Productive' class.

There is no productive work in the State. None of the unproductive canals were also transferred to the productive class during the year.

EXPENDITURE ON IMPORTANT CAPITAL PROJECTS UNDER CONSTRUCTION.

10. A multi-purpose river scheme, the Damodar Valley Project, was undertaken by the Damodar Valley Corporation which was set up in July, 1948 under the Damodar Valley Corporation Act, 1948. The Project is being jointly financed by the Central Government and the Governments of West Bengal and Bihar. The contribution to end of 1950-51 paid by the Government of West Bengal was 6,90,58.

The Mayurakshi Reservoir Project which was classified as a productive irrigation scheme under the major head "68.—Construction of Irrigation, etc., Works" since its operation from 1945-46 had been reclassified as a multi-purpose river scheme under the major head '80-A' with effect from the year 1949-50. The expenditure on the scheme to end of 1950-51 amounted to 3,07,45.

COMMITMENTS.

11. The appendix at the end of this compilation gives a statement showing the extent to which the Government of West Bengal was committed at the end of 1950-51 in respect of sanctioned schemes debitible both to revenue and capital estimated in each case to cost Rs. 1 lakh or more. It would appear from the statement that Government stands committed at the end of the year to the extent of Rs. 1,76.38 lakhs in respect of schemes debitible to revenue account and to the extent of 27 lakh in respect of those which are debitible outside the revenue account.

(vi) The certificates regarding the correctness of the balances and the acceptances thereof by the authorities concerned have also been given in Part B, *vide* paragraph 2. SUMMARY OF GENERAL FINANCIAL POSITION.

14. As explained in paragraph 6 *ante* dealing with the revenue position of the State Government there was a revenue deficit of 3,32,20 against an estimated deficit of 1,33,01. The net transactions under Capital, Debt, Deposit and Remittance heads, however, showed an increase of 2,82,18. There was, however, an increase of 2,99,67 in the balance under Investments due to a part of the surplus cash balance being invested in short-term treasury bills issued by other States. The Cash balance of the State (including investments) was also reduced from 11,68,25 to 11,18,23. The above factors show that there was a deterioration in the cash position of the State to the extent of 50,02 which was made up of deficit of 3,32,20 in the revenue account and increase of 2,82,18 in the transactions under Capital, Debt, Deposit and Remittance heads.

The debt position shows an increase in the net liability of the State from 11,64,31 to 16,52,40 the increase being mainly on account of loans aggregating 5,38,54 taken from the Central Government to meet the State Government's share of contribution to the Damodar Valley Corporation and for expenditure of the Mayurakshi Reservoir Project. A part of the previous loan amounting to 80,42 was, however, repaid during the year. There was a credit balance of 23,15 in the Cash Credit Advance Account with the Imperial Bank of India for financing food procurement operations. The balance under Unfunded Debt was 4,01,53 while under Loans and Advances granted by the State Government the balance outstanding stood at 9,91,89.

The monthly cash balance in the Reserve Bank and at Treasuries remained satisfactory and no Ways and Means advance had to be taken during the year.

37618
3149

The net liability of the State on account of Public Debt, etc., at the close of the year was 18,02,45 as indicated in the following statement :—

ASSETS.		LIABILITIES.	
Loans and Advances by the State Government.	9,91,89	Public Debt	22,42,76
		Contingency Fund	50,00
Balance {	Investments	Unfunded Debt	4,01,53

		Remittances	78,59
	Total		Total
	21,10,12		39,12,57

	18,02,45		

The net liability on 31st March, 1950 was 8,12,98. There has thus been an increase of 9,89,47 in the liability of the State in the year under report.

In addition to the liability mentioned above Government were also committed to an expenditure of 1,76,65 in future years in respect of certain sanctioned schemes each costing Rs. 1 lakh or more debitable both to revenue and capital.

Against these liabilities and commitments, the State-owned assets of a capital nature in the shape of Irrigation Projects, Civil Works, Multi-purpose River Schemes, Schemes of Agricultural Improvement and Research, Industrial Development, Electricity and Road Transport, etc., in which Rs. 23,08.61 lakhs (including Rs. 70 thousand invested in shares of a Salt Company) had been invested up to the end of the year under review and also some stocks of foodgrains purchased in connection with Grain Purchase Scheme, the value of which could not be ascertained. Besides these there were various physical assets of the State, such as land, buildings, communications, etc., which have necessarily to be omitted from the review since their value cannot be properly assessed.

The details of the investment of Rs. 70,000 in the shares of a Salt Company are given below :—

- (a) Name of private company—The Bengal Salt Company.
- (b) Number and Type of shares purchased—2,800 ordinary shares of Rs. 25 each.

B.—DEBT, DEPOSITS, REMITTANCES AND CONTINGENCY FUND.**I.—REPORT.****INTRODUCTORY.**

1. Disbursements under Debt, Deposits and Remittance heads, although involving temporary appropriation of Government funds are not ordinarily regarded as expenditure within the meaning of Articles 203 and 204 of the Constitution of India and, except in the case of repayment of Public Debt and Loans and Advances by Government, are not included in the Appropriation Act passed under Article 204 quoted above. It is, however, obviously essential to maintain a complete and progressive record of the debt, deposit, advance, suspense and remittance transactions as they cannot be ignored when considering the financial position of Government. The management of various receipts and disbursements under these heads constitutes a vital part of the machinery of financial administration. That record is found in this part of the Report and its object is, in the first place, to give a complete enumeration of balances under Debt, Deposits and Remittance heads and, in the second place, to review the current state of the accounts under each head.

2. Except where stated otherwise, the balances in this part of the Report under each head have been duly verified and found to agree with those shown in the separate registers or other records maintained in the Account Office for the purpose in accordance with the prescribed rules, and have also been accepted as correct by the responsible officers concerned where necessary; and the debits and credits during the year to the various reserve funds and deposit accounts of grants, etc., were for amounts authorised by the relevant Acts or rules of the funds or accounts, and there were no diversions for purposes other than those for which the funds were constituted or the grants were made.

3. One important fact to be noted in connection with this Review is the incorporation of the pre-merger balances of the former Cooch Behar State into the accounts of the Government of West Bengal for the year 1950-51. The Cooch Behar State was first integrated with India on the 12th September, 1949, and thereafter merged with West Bengal on the 1st January, 1950. There were three sets of balances pertaining to the various Debt, Deposit, etc. heads which had to be brought forward as opening balances into the accounts of West Bengal as on the 1st April, 1950. They are indicated below :—

(i) The balances outstanding in the accounts of old Cooch Behar State on the 12th September, 1949 as worked out and communicated by the Cooch Behar Administration. The pre-merger accounts of the Cooch Behar State have been generally examined and no important irregularity has come to notice.

(ii) The net balances of the transactions from the 12th September to the 31st December, 1949 which would have been classified under "Provincial", but for the fact that the entire Cooch Behar State was during this period a centrally administered area.

[The combined figures of (i) and (ii) under the various heads are detailed in paragraph 7 (ii) at page 94 of this part of the Report.]

(iii) The transactions of Cooch Behar in the Provincial sphere during the period from the 1st January, 1950 to the 31st March, 1950, were all shown in lump under a deposit head "Cooch Behar Deposit Account" and were eventually cleared through actual account adjustment in the accounts of the year 1950-51, by transfer of the net amount of the Revenue and Service heads to the head "XLVI.—Miscellaneous" and the balances of the Debt, Deposit, etc. heads to the appropriate heads of account. A statement showing the amounts of balances under the various heads so transferred is given at the end of this paragraph. There was no system of preparation of Review of Balances in Cooch Behar prior to the date of integration.

Specific heads have been opened in the accounts to accommodate the transactions of the various Local Funds and Deposits, etc. relating to Cooch Behar and details are being collected for recording them in the registers maintained in the Accounts Office. Steps are also being taken to have the balances accepted by the proper authorities. Necessary reference has been made in the paragraphs relating to the respective heads. The balances under "Advances Repayable", "Permanent Advances" and "Suspense Accounts" have, however, been shown in lump under the ordinary account heads for want of full details on receipt of which they will be sub-divided under the relevant departmental heads in due course.

Although the process of determination of the assets and liabilities of the merged State of Cooch Behar has not yet been completed, it would appear from the details furnished by the Cooch Behar Administration that the cash balance of the Cooch Behar treasury as on the 31st December, 1949, amounted to Rs. 30,00,736, which was brought forward and included in the general cash balance of the Government of West Bengal. The verification of cash balance was made by the administrative authorities. Besides, there were certain investments in securities and shares of private companies as also certain amounts in deposit with the Cooch Behar State Bank and the Imperial Bank of India. All these assets have been constituted into a General Reserve Fund which is to be utilised for the benefit of the people of Cooch Behar (see paragraph 40 at page 108 of this part of the Report).

For further details see pages 1,37 and 38 of the Government of West Bengal Appropriation Accounts, 1950-51 and the Audit Report, 1952.

Statement of balances under various Debt, Deposit, etc. heads originally booked under the head "Cooch Behar Deposit Account" during the last three months of the year 1949-50 and subsequently transferred therefrom to the relevant heads during the year under report:—

5. It must be clearly understood that the balances of accounts shown in the statement above are not, and cannot be, regarded as a complete record of the state of affairs or the net financial position of the Government of West Bengal as it is not possible to take into account all the various physical assets of the State such as land, buildings, communications, etc., for which complete statistics are not available and the exact value of which is difficult to estimate. The statement shows the balances of those accounts only for which separate running accounts are kept within the Government books.

The above balances are reviewed in detail in the following paragraphs :—

SECTIONS A to M.—GOVERNMENT ACCOUNT . . . Dr. Rs. 18,02,45,803

6. This is the general closing head in the ledger. Under the system of book-keeping followed in Government Accounts, all balances which are not carried forward from year to year are closed to this head. It is also used as an adjusting head for the purpose of counterbalancing entries which have been included elsewhere in the accounts. The balance under this head, therefore, represents the cumulative results of revenue, capital and other transactions in respect of which no separate progressive balanced accounts are kept. The accounts for the year is given in the following table :—

7. The opening balance on the 1st April, 1950 is less than the previous year's closing balance by a sum of Rs. 5,04,847. This reduction is the net result of two different factors, viz. (i) revision of the opening balances as on the 15th August, 1947, under certain heads of accounts, the facts necessitating such revision, having come to light only after the closing of the previous year's accounts, and (ii) incorporation of the balances of the merged State of Cooh Behar in the accounts of Government of West Bengal.

The changes due to each factor are furnished below separately :—

It may be seen from the statements (i) and (ii) above that the cumulative effect of all the increases and decreases is a net increase of the debit balance by a sum of Rs. 5,04,847. The opening balance of Government Account has, therefore, been correspondingly reduced.

SECTION N.—PUBLIC DEBT **Cr. Rs. 22,42,76,394**

8. The term "Public Debt" as used in this report is confined to regular loans raised from the public or taken from the Central Government, and does not cover other obligations (whether bearing interest or not), such as State Provident Funds, Depreciation Reserve and other Funds which are dealt with in Sections O and P of this Report. A comparative statement showing the aggregate gross capital liabilities of the Government of West Bengal on the 31st March, 1951 and the capital and other disbursements which are treated as a set-off against these liabilities, will be found in Statement No. 2 of this part of the Report.

"Public Debt" is ordinarily divided into three categories, namely: (a) "Permanent Debt", (b) "Floating Debt", and (c) "Loans from the Central Government". The term "Permanent Debt" covers such of the loans borrowed by Government in the open market as are intended to have, at the time when they are raised, a currency of more than twelve months. The term "Floating Debt" is applied to borrowings of a purely temporary nature, such as treasury bills or ways and means advances from the Reserve Bank of India, which are to be repaid within twelve months. These balances, which represent the nominal value of outstanding debt on the 31st March, 1951, as distinct from the cash proceeds in respect of the outstanding loans, are reviewed in the following paragraphs. The head "Loans from the Central Government" includes (i) Share of the loans granted to Government of Bengal and taken over by the newly-formed Government of West Bengal on the 15th August 1947—as well as (ii) any new loans granted by the Central Government to the Government of West Bengal after that date.

The outstanding balance under "Public Debt" is composed of the following:—

<i>Floating Debt</i>	<i>Dr. Rs.</i>	23,14,652
<i>Loans from the Central Government</i>	<i>Cr. Rs.</i>	22,65,91,040
	Net Cr. Rs.	22,42,76,394

Floating Debt **Dr. Rs. 23,14,652**

9. The transactions under this major head pertain to the single minor head "Other Floating Loans" and represent cash credit advances taken by Government from the Imperial Bank of India, Calcutta, in connection with food procurement operations and their repayments. The balance under this head is usually a credit balance representing the amount due to the Bank from Government; but at the close of the year under report there was a debit balance due to the fact that Government had paid to the Bank amounts in excess of requirements. A sum of Rs. 1,18,201 was paid as interest on the advances outstanding from month to month.

Loans from the Central Government Cr. Rs. 22,65,91,046

10. The balance comprises (i) the proportionate share of the loans outstanding against the Government of Bengal on the date of partition taken over by the Government of West Bengal and (ii) loans taken from the Central Government after the partition. The details of the pre-partition loans are given below :—

	Rs.
Loans for Civil Defence Expenditure	62,21,460
Loans to finance the Grow More Food Schemes	6,89,110
Loans for financing Development Projects	55,36,000
Loans for Ways and Means Purposes	70,40,000
Loans for payment to Silk Filature Owners	17,476
Total	<u>1,95,04,046</u>

The above loans all remain outstanding and the terms of repayment have not yet been settled.

The position with regard to the post-partition loans is shown in the table below :—

Contingency Fund **Cr. Rs. 50,00,000**

23. The credit pertains to the minor head "Appropriation from the Consolidated Fund or from any Reserve Fund".

With a view to providing for the establishment and maintenance of a Contingency Fund under Article 267(2) of the Constitution of India the Contingency Fund of West Bengal Act, 1950 was passed by the State Legislature and a sum of Rs. 50,00,000 was credited to this fund out of the Consolidated Fund of West Bengal. The Fund is held on behalf of the Governor of West Bengal by the Secretary to the Government of West Bengal in the Finance Department.

SECTION O.—UNFUNDED DEBT **Cr. Rs. 4,01,53,290**

24. The term "Unfunded Debt" is used to describe a number of interest-bearing obligations of Government in respect of funds deposited with it for various purposes. The obligations in West Bengal are only on account of:—

State Provident Funds **Cr. Rs. 4,01,53,290**

25. These are Funds established for the benefit of Government servants contributions to which are, in certain cases, compulsory. Government pays interest on the sums deposited and, in some cases where the Funds in effect represent substitutes for pensions, supplements the deposits by contributions. The accumulated deposits are paid to the depositors on the termination of their service with Government. Temporary withdrawals are, however, permitted in the interval in certain circumstances. The details of these Funds are as shown in the following table:—

	Cr. Rs.
General Provident Fund	3,55,70,386
Indian Civil Service Provident Fund	15,39,484

Out of these, differences amounting to Rs. 26,85,079, Rs. 25,160, Rs.—904, and Rs. 1,93,402 respectively are due to segregation in the accounts of receipts and payments relating to pre-partition period under the head "Undivided Bengal Suspense" for settlement with East Pakistan. The remaining differences are mostly on account of unallocated net credits which are yet to be transferred to Pakistan or to be distributed to the ledger accounts of individual subscribers in West Bengal. This process of allocation is in progress and after the adjustments made to end of January, 1952, the unadjusted balances under the various heads stood as Rs. 73,305, Rs. —552, Rs. 451, and Rs. —6,995 respectively.

Leaving aside the unadjusted amounts mentioned in the preceding subparagraph and inherited from the pre-partition accounts, the postings relating to transactions of the post-partition period to end of 1950-51 resulted in the following discrepancies between the ledger and book balance as on the 31st March, 1951 :—

	Rs.
General Provident Fund	55
Contributory Provident Fund	819

The above discrepancies are under reconciliation.

The balances at credit of the individual subscribers on the 31st March, 1951 have been communicated to them.

26. Subscribers to this Fund include permanent Government servants in superior service except those who have been required or permitted to subscribe to a Contributory Provident Fund. 56. There are two entirely different systems of deposit accounts. The first may be called the detailed plan, in which every receipt is treated as a separate item and every payment charged against the relevant and particular receipt. The second is the ledger plan, that is, a running account is kept of receipts and payments on some particular account (an estate, an institution, etc.). To every ledger account there is an "Administrator" the person authorised to pay money into the treasury or draw it out. Deposits kept in the latter plan are termed "Personal Deposits".

The method of verification of the balance on the first plan is as follows :—

The receipts and payments which are recorded in detail in deposit registers are posted monthly by totals into a proof-sheet which provides columns for recording the repayment of deposits credited in the same year and in each of the three preceding years. At the end of the year, balances are struck upon the proof-sheet separately for the different districts for each of the four years. The balance of the first year is usually written off the deposit account as all balances unclaimed for more than three complete account years, are ordinarily credited to Government. The aggregate balance on the proof-sheet is then agreed with the balance on the general books of the class of deposit concerned and finally reconciled with the *plus* and *minus* memoranda received from the treasuries or, when necessary, with the accounts received from the civil and criminal courts. The verification of the ledger form of deposit account consists mainly in agreeing the balance with that claimed by the administrator.

	Cr. Rs.
(i) Revenue Deposits	1,88,98,610
(ii) Revenue Deposits in Cooch Behar	6,59,352
(iii) Cess collection for other districts	6,26,979

(viii) Small Cause Courts' Deposits	78,281
(ix) Criminal Courts' Deposits	15,15,950
(x) Criminal Courts' Deposits in Cooch Behar	1,16,250

57. As a result of verification of the balances shown against the items (i), (vi), (viii) and (ix) with those in the proof-sheets discrepancies amounting to Rs. 41,16,791, Rs. 48,39,822, Rs. 43,683, and Rs. 2,43,801, respectively have been noticed. The main reason for these discrepancies is that the debits amounting to Rs. 40,74,538, Rs. 48,41,898, Rs. 22,522 and Rs. 22,44,685 respectively representing repayments of pre-partition deposits have been kept segregated under the head "Undivided Bengal Suspense" as desired by the Government of West Bengal. Apart from these there are certain other discrepancies which are under reconciliation. The balances pertaining to items (iii) and (v) agree with those in the proof-sheets.

As regards items (ii), (vii) and (x) representing deposits in Cooch Behar, the balances could not be verified as proper details of the closing balances of the Cooch Behar State could not be available.

(iv) *Cooch Behar Debottar Fund* Cr. Rs. 68,369

58. This Fund was created by the former Cooch Behar State Government with a view to keep separate the Debottar income and expenditure from the general finances of the State, and for the purpose of efficient management of the temples and religious institutions. For the present the task of supervision has been entrusted to a Debottar Officer. Certificate of acceptance of balance has not been received as yet.

(xi) *Personal Deposits* Cr. Rs. 4,04,88,018

59. The balance is less than the aggregate amount outstanding in the proof-sheets by Rs. 1,93,298. Out of this difference a sum Rs. 6,702 only remains to be adjusted; the rest has been settled.

There were altogether four hundred and twenty-four Personal Ledger Accounts open in the various treasuries of West Bengal at the end of the year 1949-50. Four Personal Ledger Accounts were closed and seventeen new Accounts opened with the sanction of the competent authority during the year under review.

Balances of the various Personal Ledger Accounts as arrived at in the broadsheets agree with those shown in the treasury *plus* and *minus* memoranda in all cases except eighteen. Balances of the individual personal ledger accounts as worked out in the broadsheet agree with those shown in the treasury *plus* and *minus* memoranda in all cases. Certificates of acceptance of balance of the personal ledger accounts have not been received in five cases.
